For purposes of this subsection, an officer is considered as serving in the grade of captain in the Navy or colonel in the Marine Corps from the date of rank assigned him upon appointment to that grade under chapter 539 or 545 of title 10, United States Code, until the effective date of his appointment in the next higher grade under chapter 545 of title 10, United States Code.

(d) When the Secretary convenes a board under this section to consider any category of officers described in subsection (c) or (e), he shall establish a continuation zone for that category. Of the officers considered for continuation by each selection board, the board shall recommend those officers whom the board considers best qualified for continuation on the active list. Each board shall certify in its written report that in the opinion of at least two-thirds of the acting members of the board the officers recommended are selected as best qualified for continued service on the active list. SEC. 2. (a) An officer who is retired under this Act, unless otherwise entitled to a higher retired grade or higher retired pay, shall be retired in the grade in which he was serving at the time of retirement and is entitled to retired pay at the rate of 2½ percent of the basic pay to which he would be entitled if serving on active duty in the grade in which retired multiplied by the number of years of service that may be credited to him under section 1405 of title 10, United States Code.

(b) The retired pay of any officer retired under this Act may not be less than 50 percent or more than 75 percent of the basic pay upon which the computation of retired pay is based.

(c) In determining the total number of years of service to be used as a multiplier in computing retired pay under subsection (b), and in determining the resultant number of years of early retirement under subsection (d), a part of a year that is six months or more is counted as a whole year and a part of a year that is less than six months is disregarded.

(d) An officer who on the date of enactment of this Act is serving in the grade of captain or commander in the Regular Navy or colonel or lieutenant colonel in the Regular Marine Corps or is on a promotion list for promotion to one of those grades, who is not thereafter recommended for promotion to a higher grade, and whose name has not been reported in the approved report of a board in compliance with subsection 1(h) of this Act, and who is retired under this Act shall be paid, in addition to his retired pay, a lump-sum payment of \$2,000, effective on the date of his retirement.
