(b) Section 25(a) of the Federal Reserve Act is amended by adding after the first paragraph (12 U.S.C. 611), the following new paragraph:

States commerce, industry, and agriculture in general, at all times a means of financing international trade, especially United States exports; to foster the participation by regional and smaller banks throughout the United States in the provision of international banking and financing services to all segments of United States agriculture, commerce, and industry, and, in particular small business and farming concerns; to stimulate competition in the provision of international banking and financing services throughout the United States; and, in conjunction with each of the preceding purposes, to facilitate and stimulate the export of United States goods, wares, merchandise, commodities, and services to achieve a sound United States international trade position. ## FEDERAL BRANCHES AND AGENCIES

- 12 USC 3102.
- SEC. 4. (a) Except as provided in section 5, a foreign bank which engages directly in a banking business outside the United States may, with the approval of the Comptroller, establish one or more Federal branches or agencies in any State in which (1) it is not operating a branch or agency pursuant to State law and (2) the establishment of a branch or agency, as the case may be, by a foreign bank is not prohibited by State law.
- Regulations.
- (b) In establishing and operating a Federal branch or agency, a foreign bank shall be subject to such rules, regulations, and orders as the Comptroller considers appropriate to carry out this section, which shall include provisions for service of process and maintenance of branch and agency accounts separate from those of the parent bank. Except as otherwise specifically provided in this Act or in rules, regulations, or orders adopted by the Comptroller under this section, operations of a foreign bank at a Federal branch or agency shall be conducted with the same rights and privileges as a national bank at the same location and shall be subject to all the same duties, restrictions, penalties, liabilities, conditions, and limitations that would apply under the National Bank Act to a national bank doing business at the same location, except that (1) the requirements of section 5240 of the Revised Statutes (12 U.S.C. 481) shall be met with respect to a Federal branch or agency if it is examined at least once in each calendar year; (2) any limitation or restriction based on the capital stock and surplus of a national bank shall be deemed to refer, as applied to a Federal branch or agency, to the dollar equivalent of the capital stock and surplus of the foreign bank, and if the foreign bank has more than one Federal branch or agency the business transacted by all such branches and agencies shall be aggregated in determining compliance with the limitation; (3) a Federal branch or agency shall not be required to become a member bank, as that term is defined in section 1 of the Federal Reserve Act; and (4) a Federal agency shall not be required to become an insured bank as that term is defined in section 3(h) of the Federal Deposit Insurance Act.
- 12 USC 38.
- 12 USC 221.
- 12 USC 1813.

(c) In acting on any application to establish a Federal branch or agency, the Comptroller shall take into account the effects of the proposal on competition in the domestic and foreign commerce of the United States, the financial and managerial resources and future prospects of the applicant foreign bank and the branch or agency, and the convenience and needs of the community to be served.

(d) Notwithstanding any other provision of this section, a foreign bank shall not receive deposits or exercise fiduciary powers at any Federal agency. A foreign bank may, however, maintain at a Federal agency for the account of others credit balances incidental to, or arising out of, the exercise of its lawful powers.

(e) No foreign bank may maintain both a Federal branch and a Federal agency in the same State.

(f) Any branch or agency operated by a foreign bank in a State pursuant to State law and any commercial lending company controlled by a foreign bank may be converted into a Federal branch or agency with the approval of the Comptroller. In the event of any conversion pursuant to this subsection, all of the liabilities of such foreign bank previously payable at the State branch or agency, or all of the liabilities of the commercial lending company, shall thereafter be payable by such foreign bank at the branch or agency established under this subsection.

(g) (1) Upon the opening of a Federal branch or agency in any State and thereafter, a foreign bank, in addition to any deposit requirements imposed under section 6 of this Act, shall keep on deposit, in accordance with such rules and regulations as the Comptroller may prescribe, with a member bank designated by such foreign bank, dollar deposits or investment securities of the type that may be held by national banks for their own accounts pursuant to paragraph "Seventh" of section 5136 of the Revised Statutes, as amended, in an amount as hereinafter set forth. Such depository bank shall be located in the State where such branch or agency is located and shall be approved by the Comptroller if it is a national bank and by the Board of Governors of the Federal Reserve System if it is a State Bank.

Regulations.

12 USC 24.

(2) The aggregate amount of deposited investment securities (calculated on the basis of principal amount or market value, whichever is lower) and dollar deposits for each branch or agency established and operating under this section shall be not less than the greater of (1) that amount of capital (but not surplus) which would be required of a national bank being organized at this location, or (2) 5 per centum of the total liabilities of such branch or agency, including acceptances, but excluding (A) accrued expenses, and (B) amounts due and other liabilities to offices, branches, agencies, and subsidiaries of such foreign bank. The Comptroller may require that the assets deposited pursuant to this subsection shall be maintained in such amounts as he may from time to time deem necessary or desirable, for the maintenance of a sound financial condition, the protection of depositors, and the public interest, but such additional amount shall in no event be greater than would be required to conform to generally accepted banking practices as manifested by banks in the area in which the branch or agency is located.

(3) The deposit shall be maintained with any such member bank pursuant to a deposit agreement in such form and containing such limitations and conditions as the Comptroller may prescribe. So long

as it continues business in the ordinary course such foreign bank shall, however, be permitted to collect income on the securities and funds so deposited and from time to time examine and exchange such securities.

**Conditions and requirements.**

(4) Subject to such conditions and requirements as may be prescribed by the Comptroller, each foreign bank shall hold in each State in which it has a Federal branch or agency, assets of such types and in such amount as the Comptroller may prescribe by general or specific regulation or ruling as necessary or desirable for the maintenance of a sound financial condition, the protection of depositors, creditors and the public interest. In determining compliance with any such prescribed asset requirements, the Comptroller shall give credit to (A) assets required to be maintained pursuant to paragraphs (1) and (2) of this subsection, (B) reserves required to be maintained pursuant to section 7(a) of this Act, and (C) assets pledged, and surety bonds payable, to the Federal Deposit Insurance Corporation to secure the payment of domestic deposits. The Comptroller may prescribe different asset requirements for branches or agencies in different States, in order to ensure competitive equality of Federal branches and agencies with State branches and agencies and domestic banks in those States.

(h) A foreign bank with a Federal branch or agency operating in any State may (1) with the prior approval of the Comptroller establish and operate additional branches or agencies in the State in which such branch or agency is located on the same terms and conditions and subject to the same limitations and restrictions as are applicable to the establishment of branches by a national bank if the principal office of such national bank were located at the same place as the initial branch or agency in such State of such foreign bank and (2) change the designation of its initial branch or agency to any other branch or agency subject to the same limitations and restrictions as are applicable to a change in the designation of the principal office of a national bank if such principal office were located at the same place as such initial branch or agency.

(i) Authority to operate a Federal branch or agency shall terminate when the parent foreign bank voluntarily relinquishes it or when such parent foreign bank is dissolved or its authority or existence is otherwise terminated or canceled in the country of its organization. If (1) at any time the Comptroller is of the opinion or has reasonable cause to believe that such foreign bank has violated or failed to comply with any of the provisions of this section or any of the rules, regulations, or orders of the Comptroller made pursuant to this section, or (2) a conservator is appointed for such foreign bank or a similar proceeding is initiated in the foreign bank's country of organization, the Comptroller shall have the power, after opportunity for hearing, to revoke the foreign bank's authority to operate a Federal branch or agency. The Comptroller may, in his discretion, deny such opportunity for hearing if he determines such denial to be in the public interest. The Comptroller may restore any such authority upon due proof of compliance with the provisions of this section and the rules, regulations, or orders of the Comptroller made pursuant to this section.

**Hearing.**

(j)(1) Whenever the Comptroller revokes a foreign bank's authority to operate a Federal branch or agency or whenever any creditor of any such foreign bank shall have obtained a judgment against it arising out of a transaction with a Federal branch or agency in any court of record of the United States or any State of

the United States and made application, accompanied by a certificate from the clerk of the court stating that such judgment has been rendered and has remained unpaid for the space of thirty days, or whenever the Comptroller shall become satisfied that such foreign bank is insolvent, he may, after due consideration of its affairs, in any such case, appoint a receiver who shall take possession of all the property and assets of such foreign bank in the United States and exercise the same rights, privileges, powers, and authority with respect thereto as are now exercised by receivers of national banks appointed by the Comptroller.

(2) In any receivership proceeding ordered pursuant to this subsection (j), whenever there has been paid to each and every depositor and creditor of such foreign bank whose claim or claims shall have been proved or allowed, the full amount of such claims arising out of transactions had by them with any branch or agency of such foreign bank located in any State of the United States, except (A) claims that would not represent an enforceable legal obligation against such branch or agency if such branch or agency were a separate legal entity, and (B) amounts due and other liabilities to other offices or branches or agencies of, and wholly owned (except for a nominal number of directors' shares) subsidiaries of, such foreign bank, and all expenses of the receivership, the Comptroller or the Federal Deposit Insurance Corporation, where that Corporation has been appointed receiver of the foreign bank, shall turn over the remainder, if any, of the assets and proceeds of such foreign bank to the head office of such foreign bank, or to the duly appointed domiciliary liquidator or receiver of such foreign bank.

#### INTERSTATE BANKING OPERATIONS

SEC. 5. (a) Except as provided by subsection (b), (1) no foreign bank may directly or indirectly establish and operate a Federal branch outside of its home State unless (A) its operation is expressly permitted by the State in which it is to be operated, and (B) the foreign bank shall enter into an agreement or undertaking with the Board to receive only such deposits at the place of operation of such Federal branch as would be permissible for a corporation organized under section 25(a) of the Federal Reserve Act under rules and regulations administered by the Board; (2) no foreign bank may directly or indirectly establish and operate a State branch outside of its home State unless (A) it is approved by the bank regulatory authority of the State in which such branch is to be operated, and (B) the foreign bank shall enter into an agreement or undertaking with the Board to receive only such deposits at the place of operation of such State branch as would be permissible for a corporation organized under section 25(a) of the Federal Reserve Act under rules and regulations administered by the Board; (3) no foreign bank may directly or indirectly establish and operate a Federal agency outside of its home State unless its operation is expressly permitted by the State in which it is to be operated; (4) no foreign bank may directly or indirectly establish and operate a State agency or commercial lending company subsidiary outside of its home State, unless its establishment and operation is approved by the bank regulatory authority of the State in which it is to be operated; and (5) no foreign bank may directly or indirectly acquire any voting shares of, interest in, or substantially all of the assets of a bank

located outside of its home State if such acquisition would be prohibited under section 3(d) of the Bank Holding Company Act of 1956 if the foreign bank were a bank holding company the operations of whose banking subsidiaries were principally conducted in the foreign bank's home State. Notwithstanding any other provisions of Federal or State law, deposits received by any Federal or State branch subject to the limitations of an agreement or undertaking imposed under this subsection shall not be subject to any requirement of mandatory insurance by the Federal Deposit Insurance Corporation.

(b) Unless its authority to do so is lawfully revoked otherwise than pursuant to this section, a foreign bank, notwithstanding any restriction or limitation imposed under subsection (a) of this section, may establish and operate, outside its home State, any State branch, State agency, or bank or commercial lending company subsidiary which commenced lawful operation or for which an application to commence business had been lawfully filed with the appropriate State or Federal authority, as the case may be, on or before July 27, 1978.

(c) For the purposes of this section, the home State of a foreign bank that has branches, agencies, subsidiary commercial lending companies, or subsidiary banks, or any combination thereof, in more than one State, is whichever of such States is so determined by election of the foreign bank, or, in default of such election, by the Board.

12 USC 3104.

SEC. 6. (a) No foreign bank may establish or operate a Federal branch which receives deposits of less than \$100,000 unless the branch is an insured branch as defined in section 3(s) of the Federal Deposit Insurance Act, or unless the Comptroller determines by order or regulation that the branch is not engaged in domestic retail deposit activities requiring deposit insurance protection, taking account of the size and nature of depositors and deposit accounts.

12 USC 1813.

(b) After the date of enactment of this Act no foreign bank may establish a branch, and after one year following such date no foreign bank may operate a branch, in any State in which the deposits of a bank organized and existing under the laws of that State would be required to be insured, unless the branch is an insured branch as defined in section 3(s) of the Federal Deposit Insurance Act, or unless the branch will not thereafter accept deposits of less than \$100,000, or unless the Federal Deposit Insurance Corporation determines by order or regulation that the branch is not engaged in domestic retail deposit activities requiring deposit insurance protection, taking account of the size and nature of depositors and deposit accounts.

(c) (1) The Federal Deposit Insurance Act (12 U.S.C. 1811-1832) is amended as set forth hereinafter in this subsection, in which section numbers not otherwise identified refer to sections of that Act.

and

“(B) meets any other criteria prescribed by the Board of Directors by regulation as necessary or appropriate in its judgment to carry out the purposes of this Act or to facilitate the administration thereof.”

(5) Section 3 (q) is amended to read as follows:

bank.

(6) Section 3 is amended by adding at the end thereof the following new subsections:

Definitions.

“(s) The term ‘insured branch’ means a branch of a foreign bank any deposits in which are insured in accordance with the provisions of this Act.”.

12 USC 1815.

(7) Section 5 is amended (A) by changing “SEC. 5.” to read “SEC. 5. (a)” and (B) by adding at the end thereof the following new subsections:

“(b) Subject to the provisions of this Act and to such terms and conditions as the Board of Directors may impose, any branch of a foreign bank, upon application by the bank to the Corporation, and examination by the Corporation of the branch, and approval by the Board of Directors, may become an insured branch. Before approving any such application, the Board of Directors shall give consideration to—

“(1) the financial history and condition of the bank,  
 “(2) the adequacy of its capital structure,  
 “(3) its future earnings prospects,  
 “(4) the general character of its management, including but not limited to the management of the branch proposed to be insured,

“(5) the convenience and needs of the community to be served by the branch,

“(6) whether or not its corporate powers, insofar as they will be exercised through the proposed insured branch, are consistent with the purposes of this Act, and

“(7) the probable adequacy and reliability of information supplied and to be supplied by the bank to the Corporation to enable it to carry out its functions under this Act.

“(c) (1) Before any branch of a foreign bank becomes an insured branch, the bank shall deliver to the Corporation or as the Corporation may direct a surety bond, a pledge of assets, or both, in such amounts and of such types as the Corporation may require or approve, for the purpose set forth in paragraph (4) of this subsection.

Regulations.

“(2) After any branch of a foreign bank becomes an insured branch, the bank shall maintain on deposit with the Corporation, or as the Corporation may direct, surety bonds or assets or both, in such amounts and of such types as shall be determined from time to time in accordance with such regulations as the Board of Directors may prescribe. Such regulations may impose differing requirements on the basis of any factors which in the judgment of the Board of Directors are reasonably related to the purpose set forth in paragraph (4).

“(3) The Corporation may require of any given bank larger deposits of bonds and assets than required under paragraph (2) of this subsection if, in the judgment of the Corporation, the situation of that bank or any branch thereof is or becomes such that the deposits of bonds and assets otherwise required under this section would not adequately fulfill the purpose set forth in paragraph (4). The imposition of any such additional requirements may be without notice or opportunity for hearing, but the Corporation shall afford an opportunity to any such bank to apply for a reduction or removal of any such additional requirements so imposed.

“(4) The purpose of the surety bonds and pledges of assets required under this subsection is to provide protection to the deposit insurance fund against the risks entailed in insuring the domestic deposits of a foreign bank whose activities, assets, and personnel are in large part outside the jurisdiction of the United States. In the implementation of its authority under this subsection, however, the Corporation shall endeavor to avoid imposing requirements on such banks which would

unnecessarily place them at a competitive disadvantage in relation to domestically incorporated banks.

“(5) In the case of any failure or threatened failure of a foreign bank to comply with any requirement imposed under this subsection (c), the Corporation, in addition to all other administrative and judicial remedies, may apply to any United States district court, or United States court of any territory, within the jurisdiction of which any branch of the bank is located, for an injunction to compel such bank and any officer, employee, or agent thereof, or any other person having custody or control of any of its assets, to deliver to the Corporation such assets as may be necessary to meet such requirement, and to take any other action necessary to vest the Corporation with control of assets so delivered. If the court shall determine that there has been any such failure or threatened failure to comply with any such requirement, it shall be the duty of the court to issue such injunction. The propriety of the requirement may be litigated only as provided in chapter 7 of title 5 of the United States Code, and may not be made an issue in an action for an injunction under this paragraph.”

**Injunction.**

(8) The first sentence of section 7(a)(1) is amended by inserting “and each foreign bank having an insured branch which is not a Federal branch” immediately before “shall make to the Corporation”.

et seq.

(9) The first sentence of section 7(a)(3) is amended (A) by inserting “and each foreign bank having an insured branch (other than a Federal branch)” immediately before “shall make to the Corporation” and (B) by inserting “, each foreign bank having an insured branch which is a Federal branch,” immediately before “and each insured district”.

(10) Section 7(a) is amended by adding at the end thereof the following new paragraph:

“(7) In respect of any report required or authorized to be supplied or published pursuant to this subsection or any other provision of law, the Board of Directors or the Comptroller of the Currency, as the case may be, may differentiate between domestic banks and foreign banks to such extent as, in their judgment, may be reasonably required to avoid hardship and can be done without substantial compromise of insurance risk or supervisory and regulatory effectiveness.”

(11) Section 7(b) is amended (A) by changing “(4) A bank’s assessment base” to read “(4) (A) Except as provided in subparagraph (B) of this paragraph, a bank’s assessment base” and (B) by adding at the end thereof the following new subparagraph:

“(B) In determining the assessment base and assessment base additions and deductions of a foreign bank having an insured branch, such adjustments shall be made as the Board of Directors may by regulation prescribe in order to provide equitable treatment for domestic and foreign banks.”
