Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the National Trails System Act (82 Stat. 919), as amended, is further amended as follows: Section 5(a) is amended to insert the following new paragraph:

“(14) The Nez Perce National Historic Trail, a route of approximately eleven hundred and seventy miles extending from the vicinity of Wallowa Lake, Oregon, to Bear Paw Mountain, Montana, as generally depicted in ‘Nez Perce (Nee-Me-Poo) Trail Study Report’ prepared by the Department of Agriculture and dated March 1982. The report shall be on file and available for public inspection in the Office of the Chief of the Forest Service, Washington, District of Columbia. The trail shall be administered by the Secretary of Agriculture. No lands or interests therein outside the exterior boundaries of any federally administered area may be acquired by the Federal Government for the Nez Perce National Historic Trail. The Secretary of Agriculture may designate lands outside of federally administered areas as segments of the trail upon application from the States or local governmental agencies involved if such segments meet the criteria established in this Act and are administered by such agencies without expense to the United States. So that significant route segments and sites recognized as associated with the Nez Perce Trail may be distinguished by suitable markers, the Secretary of Agriculture is authorized to accept the donation of suitable markers for placement at appropriate locations. Any such markers associated with the Nez Perce Trail which are to be located on lands administered by any other department or agency of the United States may be placed on such lands only with the concurrence of the head of such department or agency.”

AUTHORIZATION OF APPROPRIATIONS

SEC. 2. There are authorized to be appropriated \$550,000 to carry out the purposes of this Act.

Approved October 6, 1986.

Whereas the illicit drug trade consists of approximately \$100 billion in annual business each year; whereas the demand for drugs would reduce the illicit drug trade; whereas drug abuse has caused the death of many of the young people and youth in the Nation; whereas the expansion of drug abuse requires a coordinated multi-agency effort of national resources, including law enforcement and educational efforts; whereas the most effective means to drug abuse is education of parents and children in the home, classroom, and community; Now, therefore, be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the work of October 6, 1986 through October 31, 1986, is designated as "National Drug Abuse Education and Prevention Week", and the President is authorized and requested to issue a proclamation calling upon the people of the United States to participate in drug abuse education and prevention programs in their communities and encourage parents and children to investigate and discuss drug abuse problems and possible solutions.

Approved October 6, 1986.
