The Secretary is authorized to prescribe such terms and conditions for contracts entered into under this section pursuant to this paragraph as the Secretary determines to be necessary and appropriate, except that such terms and conditions, to the maximum extent feasible, shall be consistent with terms and conditions otherwise applicable with respect to other dwelling units assisted under this section. Notwithstanding subsection (c)(1) of this section, the Secretary may, in carrying out the preceding sentence, establish a maximum monthly rent (for units upgraded pursuant to this paragraph) which exceeds the fair market rental by not more than 20 per centum if such units are located in an area where the Secretary finds cost levels so require, except that the Secretary may approve maximum monthly rents which exceed the fair market rentals by more than 20 but not more than 30 per centum where the Secretary determines that special circumstances warrant such higher rent or where necessary to the implementation of a local housing assistance plan. The Secretary shall increase the amount of assistance pro-

For each fiscal year, the Secretary may not provide assistance pursuant to this paragraph to any project for rehabilitation of more than 100 units. “(2) ESTABLISHMENT OF CRITERIA.—Each public housing agency shall establish criteria for participation of families in the demonstration program. The criteria shall be based on factors that may reasonably be expected to predict the family's ability to successfully complete the requirements of the demonstration program. The criteria shall include—

“(A) the status and history of employment of family members;

“(B) enrollment of the children in the family in an educational program;

“(C) maintenance by the family of the family's previous dwelling;

“(D) ability of adult family members to complete training for long-term employment;

“(E) the existence and seriousness of any criminal records of family members; and

“(i) ECONOMIC ADVANCEMENT OF PARTICIPATING FAMILIES.—

“(1) EMPLOYMENT.—Under the demonstration program, for the entire term of residency of each participating family in housing provided under subsection (e)—

“(A) the head of the family shall be required to be employed on a full-time basis, except that if the

head of the family becomes unemployed, the public housing agency shall review the individual case to determine if mitigating factors, such as involuntary loss of employment, warrant continuing the family's participation in the demonstration program; and

“(B) the public housing agency shall ensure the provision of counseling to assist family members in gaining, advancing in, and retaining employment.

“(2) RENT INCREASES.—During the 1-year period beginning upon the residency of a participating family in housing provided under subsection (e), the amount of rent charged the participating family may not be increased on the basis of any increase in the earned income of the family, until such earned income exceeds 80 percent of the median family income for the area.

“(3) ESCROW SAVINGS ACCOUNTS.—

“(A) PURPOSE AND ESTABLISHMENT.—To ensure that participating families acquire the financial resources necessary to complete a successful transition from assisted rental housing to homeownership or other private housing, under the demonstration program each participating public housing agency shall establish for each participating family an interest-bearing escrow savings account held by the agency in the family's name.

“(B) PERIODIC DEPOSITS.—For the entire term of a participating family's residency in housing provided under subsection (e) the public housing agency shall deposit in the account established for the family under subparagraph (A) a percentage of the monthly rent charged the family, which percentage shall be established in the contract of participation under subsection (g)(1). “(C) ACCESS TO AMOUNTS.—A participating family may withdraw amounts in the family's escrow account only upon successful completion of participation in the demonstration program, for purchase of a home, for contribution toward college tuition, or other good cause determined by the participating public housing agency. A participating family that has committed violations referred to under subsection (j)(2)(B) shall forfeit access to such amounts.

“(4) TREATMENT OF INCREASED INCOME.—Any increase in the earned income of a participating family during residency in housing provided under subsection (e) may not be considered as income or a resource for the purpose of the family for benefits, or amount of benefits payable to the family, under any other Federal law, unless the income of the family equals or exceeds 80 percent of the median income of the area (as determined by the Secretary with adjustments for smaller and larger families).

“(j) CONCLUSION OF PARTICIPATION.—

“(1) 7-YEAR TERM.—Each family residing in housing provided under subsection (e) or (f) shall terminate residency in housing not later than the expiration of the 7-year period beginning on the commencement of such residency. Notwithstanding the preceding sentence, a public housing agency shall extend the period for any family that requests extension of the period—

“(A) because the family is not prepared to enter a program for homeownership or to secure any other form of private housing; or

“(B) for other good cause.

“(2) INCOMPLETION.—

“(A) IN GENERAL.—Except as provided in subparagraph (B), if a participating family is unable to successfully fulfill the requirements under the demonstration program, the public housing agency shall offer the family a comparable public housing unit in a project administered by the agency (notwithstanding any preference for residency in public housing under section 6(c)(4)(A)(i) of the United

“(B) an assistance contract requires a project owner to make a request before becoming eligible for a rent adjustment under the annual adjustment factor and the project owner certifies that such a request was not made because of anticipated negative adjustment to the project rents,

for fiscal year 1980, and annually thereafter until regulations implementing this section take effect, rental adjustments shall be calculated as an amount equal to the annual adjustment factor multiplied by a figure equal to the contract rent minus the amount of contract rent attributable to debt service. Upon the request of the project owner, the Secretary shall pay to the project owner the amount, if any, by which the total rental adjustment calculated under the preceding sentence exceeds the total adjustments the Sec-

retary or appropriate State agency actually approved, except that solely for purposes of calculating retroactive payments under this subsection, in no event shall any project owner be paid an amount less than 30 percent of a figure equal to the aggregate of the annual adjustment factor multiplied by the full contract rent for each year on or after fiscal year 1980, minus the sum of the rental payments the Secretary or appropriate State agency actually approved for those years. The method provided by this subsection shall be the exclusive method by which retroactive payments, whether or not requested, may be made for projects subject to this subsection for the period from fiscal year 1980 until the regulations issued under subsection (e) take effect. For purposes of this paragraph, ‘debt service’ shall include interest, principal, and mortgage insurance premium if any.

“(b) 3-YEAR PAYMENTS.—The Secretary shall provide the amounts under subsection (a) over the 3-year period beginning on the effective date of the regulations issued under subsection (e). The Secretary shall provide the payments authorized under subsection (a) only to the extent approved in subsequent appropriations Acts. There are authorized to be appropriated such sums as may be necessary for this purpose.

“(d) DETERMINATION OF CONTRACT RENT.—(1) The Secretary shall upon the request of the project owner, make a one-time determination of the contract rent for each project owner referred to in subsection (a). The contract rent shall be the greater of the contract rent—

“(A) currently approved by the Secretary under section 8(c)(2) of the United States Housing Act of 1937 [42 U.S.C. 1437f(c)(2)], or

“(B) calculated in accordance with the first sentence of subsection (a)(1).

“(2) All adjustments in contract rents under section 8(c)(2) of the United States Housing Act of 1937, including adjustments involving projects referred to in subsection (a), that occur beginning with the first anniversary date of the contract after the regulations issued under subsection (e) take effect shall be made in accordance with the annual adjustment and comparability provisions of sections 8(c)(2)(A) and 8(c)(2)(C) of such Act, respectively, using the one-time contract rent determination under paragraph (1).

“(e) REGULATIONS.—The Secretary shall issue regulations to carry out this section and the amendments made by this section [amending this section], including the amendments made by subsection (c) with regard to annual adjustment factors and comparability studies. The Secretary shall issue such regulations not later than the expiration of the 180-day period beginning on the date of the enactment of this Act [Dec. 15, 1989].”

§ 1437g. Annual contributions for operation of low-income housing

(a) Determination of amounts; contract authorization; standards for payments; necessity of contribution contracts; performance funding system; audit

(1)(A) In addition to the contributions authorized to be made for the purposes specified in section 1437c of this title, the Secretary may make annual contributions to public housing agencies for the operation of low-income housing projects. The contributions payable annually under this section shall not exceed the amounts which the Secretary determines are required (i) to assure the lower income character of the

projects involved, (ii) to achieve and maintain adequate operating services and reserve funds, and (iii) with respect to housing projects developed under the Indian and Alaskan Native housing program assisted under this chapter, to provide funds (in addition to any other operating costs contributions approved by the Secretary under this section) as determined by the Secretary to be required to cover the administrative costs to an Indian housing authority during the development period of a project approved pursuant to section 1437c of this title and until such time as the project is occupied. The Secretary shall embody the provisions for such annual contributions in a contract guaranteeing their payment subject to the availability of funds, and such contract shall provide that no disposition of the low-income housing project, with respect to which the contract is entered into, shall occur during and for ten years after the period when contributions were made pursuant to such contract unless approved by the Secretary. If the Secretary determines that a public housing agency has failed to take the actions required to submit an acceptable audit on a timely basis in accordance with chapter 75 of title 31, the Secretary may arrange for, and pay the costs of, the audit. In such circumstances, the Secretary may withhold, from assistance otherwise payable to the agency under this section, amounts sufficient to pay for the reasonable costs of conducting an acceptable audit, including, when appropriate, the reasonable costs of accounting services necessary to place the agency's books and records in auditable condition.

(B)(i) Annual contributions under this section to any public housing agency for any project with a sufficient number of residents who are frail elderly or persons with disabilities may be used, with respect to such project, for (I) the cost of a management staff member to coordinate the provision of any services within the project provided through any agency of the Federal Government or any other public or private department, agency, or organization to residents of the project who are frail elderly or persons with disabilities to enable such residents to live independently and prevent placement in nursing homes or institutions; and (II) expenses for the provision of services for such residents of the project to enable such residents to live independently and prevent placement in nursing homes or institutions, which may include meal services, housekeeping and chore assistance, personal care, laundry assistance, transportation services, and health-related services, except that not more than 15 percent of the cost of the provision of such services may be provided under this section. For purposes of this clause, the term "frail elderly" shall have the meaning given the term under section 1701q(d) of title 12, except that such term does not include any person receiving assistance provided under the Congregate Housing Services Act of 1978 [42 U.S.C. 8001 et seq.] or section 8011 of this title, and the term "persons with disabilities" shall have the meaning given the term under section 8013 of this title.

(ii) Annual contributions under this section to any public housing agency for any project may be used, with respect to such project, for (I) the

cost of employing or otherwise retaining the services of one or more service coordinators under section 661¹ of the Housing and Community Development Act of 1992 [42 U.S.C. 13631] to coordinate the provision of any supportive services within the project for residents of the project who are elderly families and disabled families, and (II) expenses for the provision of such services for such residents of the project. Not more than 15 percent of the cost of the provision of such services may be provided under this section. Services may not be provided under this clause for any person receiving assistance under the Congregate Housing Services Act of 1978 [42 U.S.C. 8001 et seq.] or section 8011 of this title. The budget authority available under section 1437c(c) of this title for assistance under this section is authorized to be increased by \$30,000,000 on or after October 1, 1992, and by \$30,000,000 on or after October 1, 1993. Amounts made available under this clause shall be used to provide additional annual contributions to public housing agencies only for the purpose of providing service coordinators and services under this clause for public housing projects.

(2) The Secretary may not make assistance available under this section for any low-income housing project unless such project is one developed pursuant to a contributions contract authorized by section 1437c of this title but not subject to section 1437f of this title, except that after the duration of any such contributions contract with respect to a low-income housing project, the Secretary may provide assistance under this section with respect to such project as long as the lower income nature of such project is maintained.

(3)(A) For purposes of making payments under this section (except for payments under paragraph (1)(B)), the Secretary shall utilize a performance funding system that is substantially based on the system defined in regulations and in effect on February 5, 1988 (as modified by this paragraph), and that establishes standards for costs of operation and reasonable projections of income, taking into account the character and location of the project and the characteristics of the families served, in accordance with a formula representing the operations of a prototype well-managed project. Such performance funding system shall be established in consultation with public housing agencies and their associations, be contained in a regulation promulgated by the Secretary prior to the start of any fiscal year to which it applies, and remain in effect for the duration of such fiscal year without change. Notwithstanding the preceding sentences, the Secretary shall revise the performance funding system by June 15, 1988, to accurately reflect the increase in insurance costs incurred by public housing agencies. Notwithstanding sections 583(a) and 585(a)² of title 5 (as added by section 3(a) of the Negotiated Rulemaking Act of 1990), any proposed regulation providing for amendment, alteration, adjustment, or other change to the performance funding system relating to vacant public housing units shall be issued pursuant to a negotiated rulemaking procedure

under subchapter IV² of chapter 5 of such title (as added by section 3(a) of the Negotiated Rulemaking Act of 1990), and the Secretary shall establish a negotiated rulemaking committee for development of any such proposed regulations.

(B) Under the performance funding system established under this paragraph—

(i) in the first year that the reductions occur, any public housing agency shall share equally with the Secretary any cost reductions due to the differences between projected and actual utility rates attributable to actions taken by the agency which lead to such reductions, and in subsequent years, if the energy savings are cost-effective, the Secretary may continue the sharing arrangement with the public housing agency for a period not to exceed 6 years;

(ii) in the case of any public housing agency that receives financing (from a person other than the Secretary) or enters into a performance contract to undertake energy conservation improvements in a public housing project, under which payment does not exceed the cost of the energy saved as a result of the improvements during a negotiated contract period of not more than 12 years that is approved by the Secretary—

(I) the public housing agency shall retain 100 percent of any cost avoidance due to differences between projected and actual utility consumption (adjusted for heating degree days) attributable to the improvements, until the term of the financing agreement is completed, at which time the annual utility expense level 3-year rolling base procedures shall be applied using—

(a) in the first year following the end of the contract period, the energy use during the 2 years prior to installation of the energy conservation improvements and the last contract year;

(b) in the second year following the end of the contract period, the energy use during the 1 year prior to installation of the energy conservation improvements and the 2 years following the end of the contract period; and

(c) in the third year following the end of the contract period, the energy use in the 3 years following the end of the contract period; or

(II) the Secretary shall provide an additional operating subsidy above the current allowable utility expense level equivalent to the cost of the energy saved as a result of the improvements and sufficient to cover payments for the improvements through the term of the contract or agreement;

(iii) there shall be a formal review process for the purpose of providing such revisions (either increases or reductions) to the allowable expense level of a public housing agency as necessary—

(I) to correct inequities and abnormalities that exist in the base year expense level of such public housing agency;

(II) to accurately reflect changes in operating circumstances since the initial determination of such base year expense level; and

¹ So in original. Probably should be section "671".

² See References in Text note below.

(III) to ensure that the allowable expense limit accurately reflects the higher cost of operating the project in an economically distressed unit of local government and the lower cost of operating the project in an economically prosperous unit of local government;

(iv) if a public housing agency redesigns or substantially rehabilitates a public housing project so that 2 or more dwelling units are combined to create a single larger dwelling unit, the payments received under this section shall not be reduced solely because of the resulting reduction in the number of dwelling units if not less than the same number of individuals will reside in the new larger dwelling unit as resided in the dwelling units that were combined to form such larger dwelling unit; and

(v) if a public housing agency renovates, converts, or combines one or more dwelling units in a public housing project to create congregate space to accommodate the provision of supportive services in accordance with section 1437t of this title and section 8011 of this title, the payments received under this section shall not be reduced because of the resulting reduction in the number of dwelling units.

(4) Adjustments to a public housing agency's operating subsidy made by the Secretary under this section shall reflect actual changes in rental income collections resulting from the application of section 3544 of this title.

(b) Limitation on amount of aggregate rentals paid by families residing in dwelling units receiving annual contributions

The aggregate rentals required to be paid in any year by families residing in the dwelling units administered by a public housing agency receiving annual contributions under this section shall not be less than an amount equal to one-fifth of the sum of the incomes of all such families.

(c) Authorization of appropriations

(1) There are authorized to be appropriated for purposes of providing annual contributions under this section \$2,282,436,000 for fiscal year 1993 and \$2,378,298,312 for fiscal year 1994.

(2) There are also authorized to be appropriated to provide annual contributions under this section, in addition to amounts under paragraph (1), such sums as may be necessary for each of fiscal years 1993 and 1994, to provide each public housing agency with the difference between (A) the amount provided to the agency from amounts appropriated pursuant to paragraph (1), and (B) all funds for which the agency is eligible under the performance funding system without adjustments for estimated or unrealized savings.

(3) In addition to amounts under paragraphs (1) and (2), there are authorized to be appropriated for annual contributions under this section to provide for the costs of the adjustments to income and adjusted income under the amendments made by sections³ 573(b) and (c) of the Cranston-Gonzalez National Affordable

Housing Act such sums as may be necessary for fiscal years 1993 and 1994.

(d) Distribution of remaining appropriated funds to housing projects incurring excessive costs

If, in any fiscal year beginning after September 30, 1979, any funds which have been appropriated for such year remain after applying the provisions of the second and fourth sentences of subsection (a)(1) of this section, the Secretary shall distribute such funds to low-income housing projects which incurred excessive costs which were beyond their control and the full extent of which was not taken into account in the original distribution of funds for such fiscal year.

(e) Time of payment

In the case of any public housing agency that submits its budget for any fiscal year of such agency to the Secretary in a timely manner in accordance with the regulations issued by the Secretary under this section, assistance to be provided to such agency under this section for such fiscal year shall commence not later than the 1st month of such fiscal year, and shall be paid in accordance with such payment schedule as may be agreed upon by the Secretary and such agency.

(C) an analysis, made on a project-by-project basis in accordance with standards and criteria prescribed by the Secretary, demonstrating that completion of the improvements and

replacements identified under subparagraphs (A) and (B) will reasonably ensure the long-term physical and social viability of each such project at a reasonable cost;

(D) an action plan for making the improvements and replacements identified under subparagraphs (A) and (B) that are determined under the analysis described in subparagraph (C) to reasonably ensure long-term viability of each such project at a reasonable cost, which action plan shall include at least a schedule, in order of priority established by the public housing agency, of the actions that are to be completed over a period of 5 years from the date of approval of the comprehensive plan by the Secretary (or any longer period reasonably needed to make the improvements and replacements, considering the scope of the improvements and replacements and the amount of funding provided) and that are necessary—

(i) to make the improvements and replacements identified under subparagraph (A) for each project expected to receive capital improvements or replacements (with priority to improvements and replacements required to correct any life threatening condition); and

(ii) to upgrade the management and operation of the public housing agency and its public housing projects as described in subparagraph (B);

(E) a statement, to be signed by the chief local government official (or Indian tribal official, if appropriate), certifying that—

(i) the comprehensive plan was developed by the public housing agency in consultation with appropriate local government officials (or Indian tribal officials) and with tenants of the housing projects (or tenants of the Indian housing projects) eligible for assistance under this section, which shall include at least one public hearing that shall be held prior to the initial adoption of any plan by the public housing agency for use of such assistance, and afford tenants and interested parties an opportunity to summarize their priorities and concerns, to ensure their due consideration in the planning process of the public housing agency; and

(ii) the comprehensive plan is consistent with the assessment of the community of its low-income housing needs and that the unit of general local government (or Indian tribe) will cooperate in the provision of tenant programs and services (as defined in section 1437a(c)(2) of this title);

(F) a statement, to be signed by the chief public housing official, certifying that the public housing agency will carry out the comprehensive plan in conformity with title VI of the Civil Rights Act of 1964 [42 U.S.C. 2000d et seq.], title VIII of the Act of April 11, 1968 (commonly known as the Civil Rights Act of 1968) [42 U.S.C. 3601 et seq.], and section 794 of title 29;

(G) a preliminary estimate of the total cost of the items identified in subparagraphs (A) and (B), including a preliminary estimate of the funds that will be required during each year covered by the comprehensive plan to ac-

complish the work pursuant to the action plan; and

(H) such other information as the Secretary may require.

(2)(A) The Secretary shall approve a comprehensive plan unless—

(i) the comprehensive plan is incomplete in significant matters;

(ii) on the basis of available significant facts and data pertaining to the physical and operational condition of the public housing projects of the public housing agency or the management and operations of the public housing agency, the Secretary determines that the identification by the public housing agency of needs is plainly inconsistent with such facts and data;

(iii) on the basis of the comprehensive plan, the Secretary determines that the action plan described in paragraph (1)(D) is plainly inappropriate to meeting the needs identified in the comprehensive plan, or that the public housing agency has failed to demonstrate that completion of improvements and replacements identified under subparagraphs (A) and (B) of paragraph (1) will reasonably ensure long-term viability of one or more public housing projects to which they relate at a reasonable cost; or

(iv) there is evidence available to the Secretary that tends to challenge in a substantial manner any certification contained in the comprehensive plan.

(B) The comprehensive plan shall be considered to be approved, unless the Secretary notifies the public housing agency in writing within 75 calendar days of submission that the Secretary has disapproved the comprehensive plan as submitted, indicating the reasons for disapproval and modifications required to make the comprehensive plan approvable.

(3)(A) Each public housing agency that owns or operates 250 or more public housing dwelling units shall, after being advised by the Secretary of the estimated assistance it will receive under this section in any fiscal year, submit to the Secretary, at a date determined by the Secretary, an annual statement of the activities and expenditures projected to be undertaken, in whole or in part, by such assistance during the 12-month period immediately following the execution of the contract for such assistance. As long as the activities and expenditures are consistent with the approved plan, the public housing agency shall have total discretion in expending assistance for any activity or work set forth in the plan. The annual statement shall include a certification by the public housing agency that the proposed activities and expenditures are consistent with the approved comprehensive plan of the public housing agency. The annual statement also shall include a certification that the public housing agency has provided the tenants of the public housing affected by the planned activities the opportunity to review the annual statement and comment on it, and that such comments have been taken into account in formulating the annual statement as submitted to the Secretary.

(B) A public housing agency may propose an amendment to its comprehensive plan under

paragraph (1) in any annual statement. Any such proposed amendment shall be reviewed in accordance with paragraph (2), and shall include a certification that (i) the proposed amendment has been made publicly available for comment prior to its submission; (ii) affected tenants have been given sufficient time to review and comment on it; and (iii) such comments have been taken into consideration in the preparation and submission of the amendment. A public housing agency shall have a right to amend its comprehensive plan and related statements to extend the time for performance whenever the Secretary has not provided the amount of assistance set forth in the plan or has not provided the assistance in a timely manner.

(C) The Secretary shall approve the annual statement and any amendment to it or the comprehensive plan unless the Secretary determines that the statement or amendment is plainly inconsistent with the activities specified in the comprehensive plan. The statement or amendment shall be considered to be approved, unless the Secretary notifies the public housing agency in writing before the expiration of the 75-day period following its submission that the Secretary has disapproved it as submitted, indicating the reasons for disapproval and the modifications required to make it approvable.

(4)(A) Each public housing agency that owns or operates 250 or more public housing dwelling units shall submit to the Secretary, on a date determined by the Secretary, a performance and evaluation report concerning the use of funds made available under this section. The report of the public housing agency shall include an assessment by the public housing agency of the relationship of such use of funds made available under this section, as well as the use of other funds, to the needs identified in the comprehensive plan of the public housing agency and to the purposes of this section. The public housing agency shall certify that the report has been made available for review and comment by affected tenants prior to its submission to the Secretary.

(B) The Secretary shall, at least on an annual basis, make such reviews as may be necessary or appropriate to determine whether each public housing agency receiving assistance under this section—

- (i) has carried out its activities under this section in a timely manner and in accordance with its comprehensive plan;
- (ii) has a continuing capacity to carry out its comprehensive plan in a timely manner;
- (iii) has satisfied, or has made reasonable progress towards satisfying, such performance standards as shall be prescribed by the Secretary, and has made reasonable progress in carrying out modernization projects approved under this section.

(C) Each public housing agency that owns or operates 250 or more public housing dwelling units and receives assistance under this section shall have an audit made in accordance with chapter 75 of title 31. The Secretary, the Inspector General of the Department of Housing and Urban Development, and the Comptroller General of the United States shall have access to all books, documents, papers, or other records that

are pertinent to the activities carried out under this section in order to make audit examinations, excerpts, and transcripts.

(D) The comprehensive plan, any amendments to the comprehensive plan, and the annual statement shall, once approved by the Secretary, be binding upon the Secretary and the public housing agency. The Secretary may order corrective action only if the public housing agency does not comply with subparagraph (A) or (B) or if an audit under subparagraph (C) reveals findings that the Secretary reasonably believes require such corrective action. The Secretary may withhold funds under this section only if the public housing agency fails to take such corrective action after notice and a reasonable opportunity to do so. In administering this section, the Secretary shall, to the greatest extent possible, respect the professional judgment of the administrators of the public housing agency.

(f) Amount of assistance; approved uses

(1) The amount of financial assistance made available under subsection (b) of this section to any public housing agency that owns or operates less than 250 public housing dwelling units with respect to any year may not exceed the sum of—

(A) an amount determined by the Secretary to be necessary to undertake the actions specified for such year in the schedule submitted pursuant to subsection (d)(3)(A) of this section;

(B) the amount determined necessary by the Secretary to reimburse the public housing agency for the cost of developing the plan described pursuant to subsection (d)(3) of this section, less any amount which has been provided such public housing agency with respect to such year under paragraph (4);⁴ and

(C) in the case of a public housing agency which meets such criteria of financial distress as are established by the Secretary and which has submitted the information described in paragraphs (1) and (2) of subsection (d) of this section, the amount determined necessary by the Secretary to enable such agency to develop the plan described pursuant to subsection (d)(3) of this section;

except that not more than 5 per centum of the total amount utilized for contributions contracts under subsection (b) of this section in any year shall be made available for the purposes described in paragraphs (3) and (4).⁴

(2) A public housing agency that owns or operates 250 or more public housing dwelling units may use financial assistance received under subsection (b) of this section only—

(A) to undertake activities described in its approved comprehensive plan under subsection (e)(1) of this section or its annual statement under subsection (e)(3) of this section;

(B) to correct conditions that constitute an immediate threat to the health or safety of tenants, whether or not the need for such correction is indicated in its comprehensive plan or annual statement; and

(C) to prepare a comprehensive plan under subsection (e)(1) of this section, including rea-

sonable costs that may be necessary to assist tenants in participating in the planning process in a meaningful way, an annual statement under subsection (e)(3) of this section, an annual performance and evaluation report under subsection (e)(4)(A) of this section, and an audit under subsection (e)(4)(C) of this section.

(g) Requirements for additional assistance

No assistance shall be made available to a public housing agency pursuant to subsection (b) of this section for any year subsequent to the first year for which such assistance is made available to such agency unless the Secretary has determined that such agency has made substantial efforts to meet the objectives for the preceding year under the plan described in subsection (d)(3) or (e) of this section and approved by the Secretary.

(h) Public housing agencies entitled to preference

In making assistance available under subsection (b) of this section to a public housing agency that owns or operates fewer than 250 public housing dwelling units, the Secretary shall give preference to public housing agencies—

(1) which request assistance for projects (A) having conditions which threaten the health or safety of the tenants, or (B) having a significant number of vacant, substandard units; and

(2) which have demonstrated a capability of carrying out the activities proposed in the plan submitted by the agency pursuant to subsection (d)(3) of this section and approved by the Secretary.

(i) Assistance to housing agencies meeting emergency or special needs; rules and regulations

(1) In addition to assistance made available under subsection (b) of this section to a public housing agency that owns or operates fewer than 250 public housing dwelling units, the Secretary may, without regard to the requirements of subsection (c), (d), (f), (g), or (h) of this section, make available and contract to make available financial assistance (in such amounts as are authorized pursuant to section 1437c(c) of this title and as approved in appropriation Acts) to any public housing agency in an amount which the Secretary determines is necessary to meet emergency or special purpose needs, especially emergency and special purpose needs which relate to fire safety standards. Such needs shall be limited to—

(A) correcting conditions which threaten the health or safety of the tenants of any project (i) which is described in subsection (c) of this section, and (ii) with respect to which an application for assistance pursuant to subsection (d) of this section has not been approved by the Secretary;

(B) correcting conditions (i) which threaten the health or safety of the tenants of any project with respect to which an application for assistance pursuant to subsection (d) of this section has been approved, and (ii) which were unanticipated at the time of the development of such application;

(C) correcting conditions which threaten the health or safety of the occupants of any low-

income housing project not described in subsection (c) of this section and not assisted pursuant to section 1437f of this title;

(D)(i) physical improvements needs which (I) would not otherwise be eligible for assistance under this section, and (II) pertain to any low-income housing project other than a project assisted under section 1437f of this title; and

(ii) physical improvement needs eligible under this subparagraph shall include replacing or repairing major equipment systems or structural elements, upgrading security, increasing accessibility for elderly and disabled families (as such terms are defined in section 1437a(b)(3) of this title), reducing the number of vacant substandard units, and increasing the energy efficiency of the units, except that the Secretary may make financial assistance available under this clause only if the Secretary determines that the physical improvements are necessary and sufficient to extend substantially the useful life of the project; or

(E) management improvement needs which (i) would not otherwise be eligible for assistance under this section, and (ii) pertain to any low-income housing project other than a project assisted under section 1437f of this title.

(2) The Secretary may issue such rules and regulations as may be necessary to carry out this subsection.

(j) Rules and regulations

(1) The Secretary may issue such rules and regulations as may be necessary to carry out the provisions and purposes of this section.

(2) The Secretary shall issue rules and regulations establishing standards which provide for decent, safe, and sanitary living conditions in low-rent public housing projects and for energy conserving improvements in such projects and which, to the extent practicable, are consistent with the Minimum Property Standards for Multi-Family Housing as they reasonably would be applied to existing housing, except that the Secretary may establish higher standards on a project-by-project basis in such cases where the Secretary deems such higher standards appropriate for furthering the purposes of this section.

(k) Formula allocation of modernization funding

(1) From amounts approved in appropriation Acts for grants under this section for fiscal year 1992 and each fiscal year thereafter, and to the extent provided by such Acts, the Secretary shall reserve not more than \$75,000,000 (including unused amounts reserved during previous fiscal years), which shall be available for modernization needs resulting from natural and other disasters and from emergencies. Amounts provided for emergencies shall be repaid by public housing agencies from future allocations of assistance under paragraph (2), where available.

(2)(A) After determining the amounts to be reserved under paragraphs (1) and (5)(D)(iv), the Secretary shall allocate the amount remaining pursuant to a formula contained in a regulation prescribed by the Secretary, which shall be designed to measure the relative needs of public housing agencies. The formula shall take into

account amounts previously made available by the Secretary for modernization under this section and for major reconstruction of obsolete projects, to the extent determined appropriate by the Secretary.

(B) The Secretary shall allocate half of the amount allocated under this paragraph based on the relative backlog needs of public housing agencies, determined—

(i) for individual public housing agencies with 250 or more units and for the aggregate of agencies with fewer than 250 units, where the data are statistically reliable, on the basis of the most recently available, statistically reliable data regarding the (I) backlog of needed repairs and replacements of existing physical systems in public housing projects, (II) items that must be added to projects to meet the modernization standards of the Secretary (referred to in subsection (e)(1)(A)(ii)(I) of this section) and State and local codes, and (III) items that are necessary or highly desirable for the long-term viability of a project; or

(ii) for individual public housing agencies with 250 or more units, where such data are not statistically reliable, on the basis of estimates of the categories of backlog specified in clause (i) using the most recently available data on the backlog, and objectively measurable data on public housing agency, community, and project characteristics regarding—

(I) the average number of bedrooms in the units in a project;

(II) the proportion of units in a project available for occupancy by very large families;

(III) the extent to which units for families are in high-rise elevator projects;

(IV) the age of the projects;

(V) in the case of a large agency, as determined by the Secretary, the number of units with 2 or more bedrooms;

(VI) the cost of rehabilitating property in the area;

(VII) for family projects, the extent of population decline in the unit of general local government determined on the basis of the 1970 and 1980 censuses; and

(VIII) any other factors the Secretary determines are appropriate.

The Secretary may not establish or amend any criteria regarding the backlog needs of public housing agencies under this subparagraph, except by rule as provided under section 553 of title 5.

(C) The Secretary shall allocate the other half of the amount allocated under this paragraph based on the relative accrued needs of public housing agencies for the categories of need specified in subparagraphs (B)(i)(I) and (II), determined—

(i) for individual public housing agencies with 250 or more units and for the aggregate of agencies with fewer than 250 units, where the data are statistically reliable, on the basis of the needs that are estimated to have accrued since the date of the last objective measurement of backlog needs under subparagraph (B); or

(ii) for individual public housing agencies with 250 or more units, where the estimates

under clause (i) are not statistically reliable, on the basis of estimates of accrued need using the most recently available data on the backlog, and objectively measurable data on public housing agency, community, and project characteristics regarding—

(I) the average number of bedrooms of the units in a project;

(II) the proportion of units in a project available for occupancy by very large families;

(III) the age of the projects;

(IV) the extent to which the buildings in projects of an agency average fewer than 5 units;

(V) the cost of rehabilitating property in the area;

(VI) the total number of units of each agency that owns or operates 250 or more units; and

(VII) any other factors the Secretary determines are appropriate.

The Secretary may not establish or amend any criteria regarding the accrual needs of public housing agencies under this subparagraph, except by rule as provided under section 553 of title 5.

(D)(i) In determining how many units an agency owns or operates and the relative modernization needs of agencies, the Secretary shall, except as otherwise agreed by the Secretary and the agency, count each existing unit under the annual contributions contract, except that an existing unit under the turnkey III and the mutual help programs may be counted as less than one unit, to take into account the responsibility of families for the costs of certain maintenance and repair. For purposes of this section, an agency that qualifies to receive a formula grant under paragraph (4) may elect to continue to qualify to receive a formula grant if it owns or operates at least 200 public housing units.

(ii) Where an existing unit under a contract is demolished or disposed of, the Secretary shall not adjust the amount the agency receives under the formula unless more than one percent of the units are affected on a cumulative basis. Where more than one percent of the units are demolished or disposed of, the Secretary shall reduce the formula amount for the agency over a 3-year period to reflect removal of the units from the contract.

(iii) The Secretary shall determine whether the data under subparagraphs (B) and (C) are statistically reliable.

(3) The amount determined under the formula for agencies with fewer than 250 units shall be allocated in accordance with subsection (d) of this section.

(4) The amount determined under the formula for each agency that owns or operates 250 or more units shall be allocated to each qualifying agency in accordance with subsection (e) of this section.

(5)(A) With respect to any agency that is designated as a troubled agency with respect to the program under this section upon the designation of such troubled agencies under section 1437d(j)(2)(A)(i) of this title, the Secretary shall limit the total amount of funding under this

section for the agency for fiscal year 1992 and any fiscal year thereafter, if the agency remains designated as a troubled agency, to the sum of—

(i) the average of the amount that the troubled agency received for modernization activities under this section and for major reconstruction of obsolete projects for each of the preceding three fiscal years, which average shall be adjusted to take into account changes in the cost of rehabilitating property; plus

(ii) 25 percent of the difference between the amount determined under clause (i) and the amount that would be allocated to the agency in such fiscal year if the agency were not designated as a troubled agency.

(iii) In determining whether an agency is “troubled with respect to the modernization program”, the Department shall consider only the agency’s ability to carry out that program effectively based upon the agency’s capacity to accomplish the physical work: (a) with decent quality; (b) in a timely manner; (c) under competent contract administration; and (d) with adequate budget controls. No other criteria shall be applied in the determination.

(B) In any fiscal year the Secretary may, pursuant to the request of a troubled agency, increase the amount allocated to the agency under subparagraph (A) to an amount not exceeding the amount that would be allocated to the agency in such fiscal year if the agency were not a troubled agency. An increase under this subparagraph shall be based on the agency’s progress toward meeting the performance indicators under section 1437d(j)(1) of this title. The Secretary shall render a decision in writing on each such request not later than 75 days after receipt of the request and any necessary supporting documentation.

(C) For any fiscal year, any amounts that would have been allocated to an agency under the formula under paragraph (2) that are not allocated to the agency because the agency receives the amount provided under subparagraph (A) of this paragraph, shall be allocated in such year pursuant to the formula to other agencies with 250 or more units.

(D) The Secretary shall carry out a credit system under this subparagraph to provide agencies that receive allocations under subparagraph (A) with additional assistance under this section after the agency is determined not to be a troubled agency, to compensate for amounts not received because of the troubled agency designation. The credit system shall be subject to the following requirements:

(i) Any agency that receives assistance pursuant to subparagraph (A) for any fiscal year shall receive credits for the difference between the amount that the agency would have been allocated in such year if it were not designated a troubled agency and the amount allocated for the agency for such year under subparagraph (A).

(ii) An agency may not receive credits under this subparagraph for more than 3 consecutive fiscal years.

(iii) After a 3-year period during which an agency has accrued credits, the credits accrued by the agency shall be—

(I) decreased by 10 percent of the total credits accumulated if the designation as a

troubled agency is not removed before the conclusion of the first fiscal year after such 3-year period of accrual of credits;

(II) decreased by an additional 20 percent of the original total accumulated credits if the designation as a troubled agency is not removed before the conclusion of the second fiscal year after such 3-year accrual period;

(III) decreased by an additional 30 percent of the original total accumulated credits if the designation as a troubled agency is not removed before the conclusion of the third fiscal year after such 3-year accrual period; and

(IV) eliminated if the designation as a troubled agency is not removed before the conclusion of the fourth fiscal year after such 3-year accrual period.

(iv) After a determination by the Secretary that an agency is not a troubled agency, the Secretary shall provide the agency with amounts made available under this clause in accordance with the amount of credits accumulated by the agency (subject to the reductions under clause (iii)). Such amounts shall be provided in addition to the amounts allocated to the agency pursuant to the formula under paragraph (2). In each fiscal year, the Secretary shall reserve from amounts available for allocation under paragraph (2)(A) the amount necessary to provide assistance pursuant to such credits, except that the reserved amount may not exceed 5 percent of the total amount available for allocation under such paragraph.

(v) In making payments for accrued credits in accordance with clause (iv), the Secretary may take into account the ability of the agency to expeditiously expend amounts received for credits.

(6) Any amounts (A) allocated under paragraph (4) that become available for reallocation because an agency does not qualify to receive all or a part of its formula allocation due to failure to comply with the requirements of this section (other than because of designation as a troubled agency), and (B) recaptured by the Secretary for good cause, shall (subject to approval in appropriations Acts) be reallocated by the Secretary in the next fiscal year to other housing agencies that own or operate 250 or more units, based on their relative needs. The relative needs of agencies shall be measured by the formula established pursuant to paragraph (2)(A).

(7) A public housing agency may appeal the amount of its allocation determined under the formula on the basis of unique circumstances or on the basis that the objectively measurable data regarding the agency, community, and project characteristics used for determining the formula amount were not correct.

(8) Amounts allocated to a public housing agency under paragraph (3) or (4) may be used for any eligible activity in accordance with this section, notwithstanding that the allocation amount is determined by allocating half based on relative backlog needs and half based on relative accrued needs of agencies.

(l) Annual report

The Secretary shall include in the annual report under section 3536 of this title—

(1) a description of the allocation, distribution, and use of assistance under this section on a regional basis and on the basis of public housing agency size; and

(2) a national compilation of the total funds requested in comprehensive plans for all public housing agencies owning or operating 250 or more public housing dwelling units.

(m) Regulations

Subject to subsection (k)(1) of this section, the Secretary may issue any regulations that are necessary to carry out this section.

(n) Limitation

The Secretary shall not make assistance under this section available with respect to a property transferred under subchapter II-A of this chapter.

(o) Uses of obligated amounts by public housing agencies

Any amount that the Secretary has obligated to a public housing agency under this section other than pursuant to the program established under subsection (e) of this section, shall be used for the purposes for which such amount was provided, or for purposes consistent with an action plan submitted by the agency under subsection (e) of this section and approved by the Secretary, as the agency determines to be appropriate.

(p) Reduction of vacancies in public housing units

(1) The Secretary shall require any public housing agency that has a vacancy rate among dwelling units owned or operated by the agency that exceeds twice the average vacancy rate among all agencies, that is designated as a troubled agency under section 1437d(j) of this title, or for which a receiver has been appointed pursuant to section 1437d(j)(3) of this title, to participate in the vacancy reduction program under this subsection.

(2) Each public housing agency participating in the program under this subsection shall develop and submit to the Secretary a vacancy reduction plan regarding vacancies in units owned or operated by the agency. The plan shall include statements (A) identifying vacant dwelling units administered by the agency and explaining the reasons for the vacancies, (B) describing the actions to be taken by the agency during the following 5 years to eliminate the vacancies, (C) identifying any impediments that will prevent elimination of the vacancies within the 5-year period, (D) identifying any vacant units subject to comprehensive modernization, major reconstruction, demolition, and disposition activities that have been funded or approved, (E) identifying any vacant dwelling units that are eligible for comprehensive modernization, major reconstruction, demolition, or disposition but have not been funded or approved for such activities and are not likely to be funded or approved for at least 3 years and estimating the amount of assistance necessary to complete the comprehensive modernization, major reconstruction, demolition, or disposition of such units, (F) identifying any vacant units

not identified under subparagraphs (E) and (F)⁵ and describing any appropriate activities relating to elimination of the vacancies in such units and estimating the amount of assistance necessary to carry out the activities, and (G) setting forth an agenda for implementation of management improvements (including, as appropriate, improvements recommended by the assessment team pursuant to paragraph (3)(C)) during the first fiscal year beginning after submission of the plan and including an estimate of the amount of assistance necessary to implement the improvements.

(3)(A) Upon the expiration of the 24-month period beginning upon the receipt of assistance under paragraph (5) by a public housing agency, the Secretary shall, after reviewing the progress made in complying with the plan, reserve from the annual contribution attributable to each unit vacant for the 24-month period an amount determined by the Secretary but not exceeding 80 percent of such contribution. The Secretary may not reserve any amounts under this subparagraph for any vacant dwelling unit that is vacant because of modernization, reconstruction, or lead-based paint reduction activities.

(B) The Secretary shall deposit any amounts reserved under subparagraph (A) in a separate account established on behalf of the public housing agency, and such amounts shall be available to the agency only for the purpose of carrying out activities in compliance with the vacancy reduction plan of the agency.

(C) If, after the expiration of the 24-month period beginning upon the reservation under subparagraph (A) of amounts for a public housing agency, the Secretary determines that the agency has not made significant progress to comply with the provisions of the vacancy reduction plan of the agency, the amount remaining in the account for the agency established under subparagraph (B) shall be recaptured by the Secretary.

(4)(A) In cooperation with each agency participating in the program under this subsection, the Secretary shall provide for onsite assessment of the vacancy situation of the agency by a team of knowledgeable observers. The assessment team shall include representatives of the Department of Housing and Urban Development, an equal number of independent experts knowledgeable with respect to vacancy problems and management issues relating to public housing, and officials of the public housing agency, all of whom shall be selected by the Secretary. The assessment team shall assess the vacancy situation of the agency to determine the causes of the vacancies, including any management deficiencies or modernization activities.

(B) The assessment team shall also examine indicators of the management performance of the agency relating to vacancy, which shall include consideration of the performance of the agency as measured by the indicators under subparagraphs (A) and (E) of section 1437d(j)(1) of this title.

(C) The assessment team shall submit to the agency and the Secretary written recommenda-

⁵So in original. Probably should be subparagraphs "(D) and (E)".

tions for management improvements to eliminate or alleviate management deficiencies, and may assist the agency in preparing the vacancy reduction plan under paragraph (2), including determining appropriate actions to eliminate vacancies.

(D) The Secretary may use amounts made available under paragraph (6) for any travel and administrative expenses of assessment teams under this paragraph.

(5) The Secretary shall, subject to the availability of amounts under paragraph (6), provide assistance under this subsection to public housing agencies submitting vacancy reduction plans for reasonable costs of—

(A) implementing management improvements;

(B) rehabilitating vacant dwelling units identified in the statement under paragraph (2), except that the Secretary may provide assistance to a public housing agency designated as a troubled agency for the purposes under this subparagraph only if the Secretary determines that the agency is making substantial progress in remedying management deficiencies, if any, or that the agency has provided reasonable assurances that such progress will be made; and

(C) carrying out vacancy reduction activities described in the statement under paragraph (2), except that the Secretary may provide assistance to a public housing agency designated as a troubled agency for the purposes under this subparagraph only if the Secretary determines that the agency is making substantial progress in remedying management deficiencies, if any, or that the agency has provided reasonable assurances that such progress will be made.

(6)(A) Of any amounts available under this section in each of fiscal years 1993 and 1994 (after amounts are reserved pursuant to subsection (k)(1) of this section), an amount equal to 4 percent of such remaining funds shall be available in each such fiscal year for the purposes under subparagraph (B).

(B) Of such amounts available under subparagraph (A) in each such fiscal year—

(i) 20 percent shall be available only for carrying out activities under section 1437d(j) of this title; and

(ii) 80 percent shall be available for carrying out this subsection.

(q) Improvement or replacement of public housing

(1) Notwithstanding any other provision of law, a public housing agency may use modernization assistance provided under this section for any eligible activity related to public housing which is currently authorized by this chapter or applicable appropriations Acts for a public housing agency, including the demolition of existing units, for replacement housing, modernization activities related to the public housing portion of housing developments held in partnership, or cooperation with non-public housing entities, and for temporary relocation assistance, provided that the assistance provided to the public housing agency under this section is principally used for the physical im-

provement or replacement of public housing and for associated management improvements, except as otherwise approved by the Secretary, and provided the public housing agency consults with the appropriate local government officials (or Indian tribal officials) and with tenants of the public housing developments. The public housing agency shall establish procedures for consultation with local government officials and tenants, and shall follow applicable regulatory procedures as determined by the Secretary.

(2) The authorization provided under this subsection shall not extend to the use of public housing modernization assistance for public housing operating assistance.

(a) Percentage availability under contracts prior to October 1, 1981

Not more than 25 per centum of the dwelling units which were available for occupancy under public housing annual contributions contracts and section 8 [42 U.S.C. 1437f] housing assistance payments contracts under this chapter before October 1, 1981, and which will be leased on or after October 1, 1981, shall be available for leasing by low-income families other than very low-income families.

In developing such admission procedures, the Secretary shall prohibit project owners from selecting families for residence in an order different from the order on the waiting list for the purpose of selecting relatively higher income families for residence; except that such

prohibition shall not apply with respect to families selected for occupancy in public housing under the system of preferences established by the agency pursuant to section 1437d(c)(4)(A)(ii) of this title. § 1437p. Demolition and disposition of public housing

(a) Obsolescence; best-interests transfers; use of proceeds

The Secretary may not approve an application by a public housing agency for permission, with

³ So in original.

or without financial assistance under this chapter, to demolish or dispose of a public housing project or a portion of a public housing project unless the Secretary has determined that—

(1) in the case of an application proposing demolition of a public housing project or a portion of a public housing project, the project or portion of the project is obsolete as to physical condition, location, or other factors, making it unusable for housing purposes, and no reasonable program of modifications is feasible to return the project or portion of the project to useful life; or in the case of an application proposing the demolition of only a portion of a project, the demolition will help to assure the useful life of the remaining portion of the project;

(2) in the case of an application proposing disposition of real property of a public housing agency by sale or other transfer—

(A)(i) the property's retention is not in the best interests of the tenants or the public housing agency because developmental changes in the area surrounding the project adversely affect the health or safety of the tenants or the feasible operation of the project by the public housing agency, because disposition allows the acquisition, development, or rehabilitation of other properties which will be more efficiently or effectively operated as low-income housing projects and which will preserve the total amount of low-income housing stock available in the community, or because of other factors which the Secretary determines are consistent with the best interests of the tenants and public housing agency and which are not inconsistent with other provisions of this chapter; and

(ii) for property other than dwelling units, the property is excess to the needs of a project or the disposition is incidental to, or does not interfere with, continued operation of a project; and

(B) the net proceeds of the disposition will be used for (i) the payment of development cost for the project and for the retirement of outstanding obligations issued to finance original development or modernization of the project, which, in the case of scattered-site housing of a public housing agency, shall be in an amount that bears the same ratio to the total of such costs and obligations as the number of units disposed of bears to the total number of units of the project at the time of disposition, and (ii) to the extent that any proceeds remain after the application of proceeds in accordance with clause (i), the provision of housing assistance for low-income families through such measures as modernization of low-income housing, or the acquisition, development, or rehabilitation of other properties to operate as low-income housing; or

(3) in the case of an application proposing demolition or disposition of any portion of a public housing project, assisted at any time under section 1437c(j)(2) of this title—

(A) such assistance has not been provided for the portion of the project to be demolished or disposed within the 10-year period

ending upon submission of the application; or

(B) the property's retention is not in the best interest of the tenants or the public housing agency because of extraordinary changes in the area surrounding the project or other extraordinary circumstances of the project.

(b) Consultation with tenants and tenant councils; opportunity to purchase; relocation assistance

The Secretary may not approve an application or furnish assistance under this section or under this chapter unless—

(1) the application from the public housing agency has been developed in consultation with tenants and tenant councils, if any, who will be affected by the demolition or disposition, and the tenant councils, resident management corporation, and tenant cooperative of the project or portion of the project covered by the application, if any, have been given appropriate opportunities to purchase the project or portion of the project covered by the application, and contains a certification by appropriate local government officials that the proposed activity is consistent with the applicable housing assistance plan; and

(2) all tenants to be displaced as a result of the demolition or disposition will be given assistance by the public housing agency and are relocated to other decent, safe, sanitary, and affordable housing, which is, to the maximum extent practicable, housing of their choice, including housing assisted under section 1437f of this title, and the public housing agency provides for the payment of the relocation expenses of each tenant to be displaced, ensures that the rent paid by the tenant following relocation will not exceed the amount permitted under this chapter and shall not commence demolition or disposition of any unit until the tenant of the unit is relocated.

(c) Financial assistance; contributions

Notwithstanding any other provision of law, the Secretary is authorized to make available financial assistance for applications approved under this section using available contributions authorized under section 1437c of this title.

(d) Conditions for agency action

A public housing agency shall not take any action to demolish or dispose of a public housing project or a portion of a public housing project without obtaining the approval of the Secretary and satisfying the conditions specified in subsections (a) and (b) of this section: *Provided*, That nothing in this section shall prevent a public housing agency from consolidating occupancy within or among buildings of a public housing project, or among projects, or with other housing for the purpose of improving the living conditions of or providing more efficient services to its tenants.

(e) Set-asides for replacement housing

(1) In each of fiscal years 1993 and 1994, the Secretary may reserve from any budget authority appropriated for such year for assistance under section 1437f of this title that is available

for families not currently receiving such assistance not more than 10 percent of such budget authority for providing replacement housing for units demolished or disposed of pursuant to this section.

(2) In each of fiscal years 1993 and 1994, the Secretary may reserve from any budget authority appropriated for such year for development of public housing under section 1437c(a)(2) of this title not more than the lesser of 30 percent of such budget authorization or \$150,000,000, for providing replacement housing for units demolished or disposed of pursuant to this section.

(f) Construction on original site or in same neighborhood

Notwithstanding any other provision of law, replacement housing units for public housing units demolished may be built on the original public housing site or in the same neighborhood if the number of such replacement units is significantly fewer than the number of units demolished.

(g) Applicability to disposition of public housing project in accordance with approved homeownership program

The provisions of this section shall not apply to the disposition of a public housing project in accordance with an approved homeownership program under subchapter II-A of this chapter. (Sept. 1, 1937, ch. 896, title I, §18, as added Nov. 30, 1983, Pub. L. 98-181, title II, §214(a), 97 Stat. 1184; amended Feb. 5, 1988, Pub. § 1437r. Public housing resident management

(a) Purpose

The purpose of this section is to encourage increased resident management of public housing projects, as a means of improving existing living conditions in public housing projects, by providing increased flexibility for public housing projects that are managed by residents by—

(1) permitting the retention, and use for certain purposes, of any revenues exceeding operating and project costs; and

(2) providing funding, from amounts otherwise available, for technical assistance to promote formation and development of resident management entities.

For purposes of this section, the term "public housing project" includes one or more contiguous buildings or an area of contiguous row houses the elected resident councils of which approve the establishment of a resident management corporation and otherwise meet the requirements of this section.

(b) Program requirements

(1) Resident council

As a condition of entering into a resident management program, the elected resident council of a public housing project shall approve the establishment of a resident management corporation. When such approval is made by the elected resident council of a building or row house area, the resident management program shall not interfere with the rights of other families residing in the project or harm the efficient operation of the project. The resident management corporation and the resident council may be the same organization, if the organization complies with the requirements applicable to both the corporation and council. The corporation shall be a nonprofit corporation organized under the laws of the State in which the project is located, and the tenants of the project shall be the sole voting members of the corporation. If there is no elected resident council, a majority of the households of the public housing project shall approve the establishment of a resident council to determine the feasibility of establishing a resident management corporation to manage the project.

(2) Public housing management specialist

The resident council of a public housing project, in cooperation with the public housing agency, shall select a qualified public housing management specialist to assist in determining the feasibility of, and to help estab-

lish, a resident management corporation and to provide training and other duties agreed to in the daily operations of the project.

(3) Bonding and insurance

Before assuming any management responsibility for a public housing project, the resident management corporation shall provide fidelity bonding and insurance, or equivalent protection, in accordance with regulations and requirements of the Secretary and the public housing agency. Such bonding and insurance, or its equivalent, shall be adequate to protect the Secretary and the public housing agency against loss, theft, embezzlement, or fraudulent acts on the part of the resident management corporation or its employees.

(4) Management responsibilities

A resident management corporation that qualifies under this section, and that supplies insurance and bonding or equivalent protection sufficient to the Secretary and the public housing agency, shall enter into a contract with the public housing agency establishing the respective management rights and responsibilities of the corporation and the public housing agency. Such contract shall be consistent with the requirements of this chapter applicable to public housing projects and may include specific terms governing management personnel and compensation, access to public housing project records, submission of and adherence to budgets, rent collection procedures, tenant income verification, tenant eligibility determinations, tenant eviction, the acquisition of supplies and materials, and such other matters as may be appropriate. The contract shall be treated as a contracting out of services and shall be subject to any provision of a collective bargaining agreement regarding contracting out to which the public housing agency is subject.

(5) Annual audit

The books and records of a resident management corporation operating a public housing project shall be audited annually by a certified public accountant. A written report of each audit shall be forwarded to the public housing agency and the Secretary.

(c) Comprehensive improvement assistance

Public housing projects managed by resident management corporations may be provided with comprehensive improvement assistance under section 1437l of this title for purposes of renovating such projects in accordance with such section. If such renovation activities (including the planning and architectural design of the rehabilitation) are administered by a resident management corporation, the public housing agency involved may not retain, for any administrative or other reason, any portion of the assistance provided pursuant to this subsection unless otherwise provided by contract.

(d) Waiver of Federal requirements

(1) Waiver of regulatory requirements

Upon the request of any resident management corporation and public housing agency, and after notice and an opportunity to com-

ment is afforded to the affected tenants, the Secretary may waive (for both the resident management corporation and the public housing agency) any requirement established by the Secretary (and not specified in any statute) that the Secretary determines to unnecessarily increase the costs or restrict the income of a public housing project.

(2) Waiver to permit employment

Upon the request of any resident management corporation, the Secretary may, subject to applicable collective bargaining agreements, permit residents of such project to volunteer a portion of their labor.

(3) Report on additional waivers

Not later than 6 months after February 5, 1988, the Secretary shall submit to the Congress a report setting forth any additional waivers of Federal law that the Secretary determines are necessary or appropriate to carry out the provisions of this section. In preparing the report, the Secretary shall consult with resident management corporations and public housing agencies.

(4) Exceptions

The Secretary may not waive under this subsection any requirement with respect to income eligibility for purposes of section 1437n of this title, rental payments under section 1437a(a) of this title, tenant or applicant protections, employee organizing rights, or rights of employees under collective bargaining agreements.

(e) Operating subsidy and project income

(1) Calculation of operating subsidy

Notwithstanding any provision of section 1437g of this title or any regulation under such section, and subject to the exception provided in paragraph (3), the portion of the operating subsidy received by a public housing agency under section 1437g of this title that is allocated to a public housing project managed by a resident management corporation shall not be less than the public housing agency per unit monthly amount provided in the previous year as determined on an individual project basis.

(2) Contract requirements

Any contract for management of a public housing project entered into by a public housing agency and a resident management corporation shall specify the amount of income expected to be derived from the project itself (from sources such as rents and charges) and the amount of income funds to be provided to the project from the other sources of income of the public housing agency (such as operating subsidy under section 1437g of this title, interest income, administrative fees, and rents).

(3) Calculation of total income

(A) Subject to subparagraph (B), the amount of funds provided by a public housing agency to a public housing project managed by a resident management corporation may not be reduced during the 3-year period beginning on February 5, 1988, or on any later date on which

a resident management corporation is first established for the project.

(B) If the total income of a public housing agency (including the operating subsidy provided to the public housing agency under section 1437g of this title) is reduced or increased, the income provided by the public housing agency to a public housing project managed by a resident management corporation shall be reduced or increased in proportion to the reduction or increase in the total income of the public housing agency, except that any reduction in operating subsidy that occurs as a result of fraud, waste, or mismanagement by the public housing agency shall not affect the funds provided to the resident management corporation.

(4) Retention of excess revenues

(A) Any income generated by a resident management corporation of a public housing project that exceeds the income estimated for purposes of this subsection shall be excluded in subsequent years in calculating (i) the operating subsidies provided to the public housing agency under section 1437g of this title; and (ii) the funds provided by the public housing agency to the resident management corporation.

(B) Any revenues retained by a resident management corporation under subparagraph (A) shall be used for purposes of improving the maintenance and operation of the public housing project, for establishing business enterprises that employ residents of public housing, or for acquiring additional dwelling units for low-income families.

(f) Resident management technical assistance and training

(1) Financial assistance

To the extent budget authority is available for section 1437l of this title, the Secretary shall provide financial assistance to resident management corporations or resident councils that obtain, by contract or otherwise, technical assistance for the development of resident management entities, including the formation of such entities, the development of the management capability of newly formed or existing entities, the identification of the social support needs of residents of public housing projects, and the securing of such support.

(2) Limitation on assistance

The financial assistance provided under this subsection with respect to any public housing project may not exceed \$100,000.

(3) Authorization of appropriations

There are authorized to be appropriated to carry out this subsection \$4,750,000 for fiscal year 1993 and \$4,949,500 for fiscal year 1994.

(4) Limitation regarding assistance under HOPE Grant Program

The Secretary may not provide financial assistance under this subsection to any resident management corporation or resident council with respect to which assistance for the development or formation of such entity is provided under subchapter II-A of this chapter.

(g) Assessment and report by Secretary

Not later than 3 years after February 5, 1988, the Secretary shall—

(1) conduct an evaluation and assessment of resident management, and particularly of the effect of resident management on living conditions in public housing; and

(2) submit to the Congress a report setting forth the findings of the Secretary as a result of the evaluation and assessment and including any recommendations the Secretary determines to be appropriate.

(h) Applicability

Any management contract between a public housing agency and a resident management corporation that is entered into after November 7, 1988, shall be subject to this section and the regulations issued to carry out this section.

(1) Formation of resident management corporation

As a condition for public housing homeownership—

(A) the adult residents of a public housing project shall have formed a resident manage-

ment corporation in accordance with regulations and requirements of the Secretary prescribed under this section and section 1437r of this title;

(B) the resident management corporation shall have entered into a contract with the public housing agency establishing the respective management rights and responsibilities of the resident management corporation and the public housing agency; and

(C) This paragraph shall not have effect after February 4, 1991. The Secretary may not provide financial assistance under subparagraph (B), after such date, unless the Secretary determines that such assistance is necessary for the development of a homeownership program that was initiated, as determined by the Secretary, before November 28, 1990.

(3) Conditions of purchase by a resident management corporation

(A) A resident management corporation may purchase from a public housing agency one or more multifamily buildings in a public housing project following a determination by the Secretary that—

(i) the resident management corporation has met the conditions of paragraph (1);

(ii) the resident management corporation has applied for and is prepared to undertake the ownership, management, and maintenance of the building or buildings with continued assistance from the Secretary;

(iii) the public housing agency has held one or more public hearings to obtain the views of citizens regarding the proposed purchase and, in consultation with the Secretary, has certified that the purchase will not interfere with the rights of other families residing in public housing, will not harm the efficient operation of other public housing, and is in the interest of the community;

(iv) the public housing agency has certified that it has and will implement a plan to replace public housing units sold under this section within 30 months of the sale, which plan shall provide for replacement of 100 percent of the units sold under this section by—

(II) acquisition by the resident management corporation of nonpublicly owned,

decent, and affordable housing units, which the resident management corporation shall operate as rental housing subject to tenant income and rent limitations comparable to the limitations applicable to public housing; and

(v) the building or buildings meet the minimum safety and livability standards applicable under section 1437l of this title, and the physical condition, management, and operation of the building or buildings are sufficient to permit affordable homeownership by the families residing in the project.

(B) The price of a building purchased under the preceding sentence shall be approved by the Secretary, in consultation with the public housing agency and resident management corporation, taking into account the fair market value of the property, the ability of resident families to afford and maintain the property, and such other factors as the Secretary determines to be consistent with increasing the supply of dwelling units affordable to very low income families.

(C) This paragraph shall not have effect after February 4, 1991. The authority for a resident management corporation to purchase 1 or more multifamily buildings in a public housing project from a public housing agency shall terminate after such date, unless the Secretary determines that such purchase is necessary for the development of a homeownership program that was initiated, as determined by the Secretary, before November 28, 1990.

(4) Conditions of resale

(A)(i) A resident management corporation may sell a dwelling unit or ownership rights in a dwelling unit only to a lower income family residing in, or eligible to reside in, public housing and only if the Secretary determines that the purchase will not interfere with the rights of other families residing in the housing project or harm the efficient operation of the project, and the family will be able to purchase and maintain the property.

- (iii) the appreciated value determined by an inflation allowance at a rate which may be based on a cost of living index, an income index, or market index as determined by the Secretary through regulation and agreed to by the purchaser and the resident management corporation or the public housing agency, whichever is appropriate, at the time of initial sale, and applied against the contribution to equity; the resident management corporation or the public housing agency may, at the time of initial sale, enter into an agreement with the owner to set a maximum amount which this appreciation may not exceed.

(E) Upon sale, the resident management corporation or the public housing agency, whichever is appropriate, shall ensure that subsequent owners are bound by the same limitations on resale and further restrictions on equity appreciation.

Notwithstanding any other provision of this chapter or other law to the contrary, proceeds from the sale of a building or buildings under paragraph (3) and amounts recaptured under paragraph (4) shall be paid to the public housing agency and shall be retained and used by the public housing agency only to increase the number of public housing units available for occupancy. The resident management corporation shall keep and make available to the public housing agency and the Secretary all records necessary to calculate accurately payments due the local housing agency under this section. The Secretary shall not reduce or delay payments under other provisions of law as a result of amounts made available to the local housing agency under this section.

(6) Financing

When financing for the purchase of the property is not otherwise available for purposes of assisting any purchase by a family or resident management corporation under this section, the public housing agency involved may make a loan on the security of the property involved to the family or resident management corporation at a rate of interest that shall not be lower than 70 percent of the market interest rate for conventional mortgages on the date on which the loan is made.

The Secretary may adjust the fair market rent for such certificate to take into account conditions under which the building was purchased.

(4) Rental and relocation assistance

If any family resides in a dwelling unit in a public housing project in which other dwelling units are purchased under this section, and the family decides not to purchase the dwelling unit, the Secretary shall offer (to be selected by the family, at its option)—

(B) to provide to the family the financial assistance necessary to permit the family to stay in the dwelling unit or to move to another comparable dwelling unit and to pay no more for rent than required under sub-

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 1437a, 1437g of this title.

§ 1437u. Family Self-Sufficiency program

(a) Purpose

The purpose of the Family Self-Sufficiency program established under this section is to promote the development of local strategies to coordinate use of public housing and assistance under the certificate and voucher programs

under section 1437f of this title with public and private resources, to enable eligible families to achieve economic independence and self-sufficiency.

(b) Establishment of program

(1) Required programs

Except as provided in paragraph (2), the Secretary shall carry out a program under which each public housing agency that administers assistance under subsection (b) or (o) of section 1437f of this title or makes available new public housing dwelling units—

(A) may, during fiscal years 1991 and 1992, carry out a local Family Self-Sufficiency program under this section; and

(B) effective on October 1, 1992, the Secretary shall require each such agency to carry out a local Family Self-Sufficiency program under this section.

Each local program shall, subject to availability of supportive services, include an action plan under subsection (g) of this section and shall provide comprehensive supportive services for families electing to participate in the program. In carrying out the self-sufficiency program under this section, the Secretary shall consult with the heads of other appropriate Federal agencies and provide for cooperative actions and funding agreements with such agencies. Each public housing agency administering an approved local program may employ a service coordinator to administer the local program.

(2) Exception

The Secretary shall not require a public housing agency to carry out a local program under subsection (a) of this section if the public housing agency provides certification (as such term is defined under title I of the Cranston-Gonzalez National Affordable Housing Act [42 U.S.C. 12701 et seq.]) to the Secretary, that the establishment and operation of the program is not feasible because of local circumstances, which may include—

(A) lack of supportive services accessible to eligible families, which shall include insufficient availability of resources for programs under the Job Training Partnerships¹ Act [29 U.S.C. 1501 et seq.] or the Job Opportunities and Basic Skills Training Program under part F of title IV of the Social Security Act [42 U.S.C. 681 et seq.];

(B) lack of funding for reasonable administrative costs;

(C) lack of cooperation by other units of State or local government; or

(D) any other circumstances that the Secretary may consider appropriate.

In allocating assistance available for reservation under this chapter, the Secretary may not refuse to provide assistance or decrease the amount of assistance that would otherwise be provided to any public housing agency because the agency has provided a certification under this paragraph or because, pursuant to a certification, the agency has failed to carry out a self-sufficiency program.

¹ So in original. Probably should be “Partnership”.

(3) Scope

Each public housing agency required to carry out a local program under this section shall make the following housing assistance available under the program in each fiscal year:

(A) Certificate and voucher assistance under section 1437f(b) and (o) of this title, in an amount equivalent to the increase for such year in the number of families so assisted by the agency (as compared to the preceding year).

(B) Public housing dwelling units, in the number equal to the increase for such year in units made available by the agency (as compared to the preceding year).

Each such public housing agency shall continue to operate a local program for the number of families determined under this paragraph subject only to the availability under appropriations Acts of sufficient amounts for assistance.

(4) Nonparticipation

Assistance under the certificate or voucher programs under section 1437f of this title for a family that elects not to participate in a local program shall not be delayed by reason of such election.

(c) Contract of participation**(1) In general**

Each public housing agency carrying out a local program under this section shall enter into a contract with each leaseholder receiving assistance under the certificate and voucher programs of the public housing agency under section 1437f of this title or residing in public housing administered by the agency, that elects to participate in the self-sufficiency program under this section. The contract shall set forth the provisions of the local program, shall establish specific interim and final goals by which compliance with and performance of the contract may be measured, and shall specify the resources and supportive services to be made available to the participating family pursuant to paragraph (2) and the responsibilities of the participating family. The contract shall provide that the public housing agency may terminate or withhold assistance under section 1437f of this title and services under paragraph (2) of this subsection if the public housing agency determines, through an administrative grievance procedure in accordance with the requirements of section 1437d(k) of this title, that the family has failed to comply with the requirements of the contract without good cause (which may include a loss or reduction in access to supportive services, or a change in circumstances that makes the family or individual unsuitable for participation).

(2) Supportive services

A local program under this section shall provide appropriate supportive services under this paragraph to each participating family entering into a contract of participation under paragraph (1). The supportive services shall be provided during the period the family is re-

ceiving assistance under section 1437f of this title or residing in public housing, and may include—

(A) child care;

(B) transportation necessary to receive services;

(C) remedial education;

(D) education for completion of high school;

(E) job training and preparation;

(F) substance abuse treatment and counseling;

(G) training in homemaking and parenting skills;

(H) training in money management;

(I) training in household management; and

(J) any other services and resources appropriate to assist eligible families to achieve economic independence and self-sufficiency.

(3) Term and extension

Each family participating in a local program shall be required to fulfill its obligations under the contract of participation not later than 5 years after entering into the contract. The public housing agency shall extend the term of the contract for any family that requests an extension, upon a finding of the agency of good cause.

(4) Employment and counseling

The contract of participation shall require the head of the participating family to seek suitable employment during the term of the contract. The public housing agency may, during such period, provide counseling for the family with respect to affordable rental and homeownership opportunities in the private housing market and money management counseling.

(d) Incentives for participation**(1) Maximum rents**

During the term of the contract of participation, the amount of rent paid by any participating family whose monthly adjusted income does not exceed 50 percent of the area median income for occupancy in the public housing unit or dwelling unit assisted under section 1437f of this title may not be increased on the basis of any increase in the earned income of the family, unless the increase results in an income exceeding 50 percent of the area median income. The Secretary shall provide for increased rents for participating families whose incomes are between 50 and 80 percent of the area median income, so that any family whose income increases to 80 percent or more of the area median income pays 30 percent of the family's monthly adjusted income for rent. Upon completion of the contract of participation, if the participating family continues to qualify for and reside in a dwelling unit in public housing or housing assisted under section 1437f of this title, the rent charged the participating family shall be increased (if applicable) to 30 percent of the monthly adjusted income of the family.

(2) Escrow savings accounts

For each participating family whose monthly adjusted income is less than 50 percent of

the area median income, the difference between 30 percent of the adjusted income of the participating family and the amount of rent paid by a participating family shall be placed in an interest-bearing escrow account established by the public housing agency on behalf of the participating family. For families with incomes between 50 and 80 percent of the area median income, the Secretary shall provide for escrow of the difference between 30 percent of the family income and the amount paid by the family for rent as determined by the Secretary under paragraph (1). The Secretary shall not escrow any amounts for any family whose adjusted income exceeds 80 percent of the area median income. Amounts in the escrow account may be withdrawn by the participating family after the family ceases to receive income assistance under Federal or State welfare programs, upon successful performance of the obligations of the family under the contract of participation entered into by the family under subsection (c) of this section, as determined according to the specific goals and terms included in the contract, and under other circumstances in which the Secretary determines an exception for good cause is warranted. A public housing agency establishing such escrow accounts may make certain amounts in the accounts available to the participating families before full performance of the contract obligations based on compliance with, and completion of, specific interim goals included in the contract; except that any such amounts shall be used by the participating families for purposes consistent with the contracts of participation, as determined by the public housing agency.

(3)² Plan

Each public housing agency carrying out a local program under this section shall establish a plan to offer incentives to families to encourage families to participate in the program. The plan shall require the establishment of escrow savings accounts under paragraph (2) and may include any other incentives designed by the public housing agency.

(3)² Use of escrow savings accounts for section 1437f homeownership

Notwithstanding paragraph (3), a family that uses assistance under section 1437f(y) of this title to purchase a dwelling may use up to 50 percent of the amount in its escrow account established under paragraph (3) for a downpayment on the dwelling. In addition, after the family purchases the dwelling, the family may use any amounts remaining in the escrow account to cover the costs of major repair and replacement needs of the dwelling. If a family defaults in connection with the loan to purchase a dwelling and the mortgage is foreclosed, the remaining amounts in the escrow account shall be recaptured by the Secretary.

(e) Effect of increases in family income

Any increase in the earned income of a family during the participation of the family in a local program established under this section may not

be considered as income or a resource for purposes of eligibility of the family for other benefits, or amount of benefits payable to the family, under any program administered by the Secretary, unless the income of the family equals or exceeds 80 percent of the median income of the area (as determined by the Secretary with adjustments for smaller and larger families).

(f) Program coordinating committee

(1) Functions

Each public housing agency shall, in consultation with the chief executive officer of the unit of general local government, develop an action plan under subsection (g) of this section, carry out activities under the local program, and secure commitments of public and private resources through a program coordinating committee established by the public housing agency under this subsection.

(2) Membership

The program coordinating committee may consist of representatives of the public housing agency, the unit of general local government, the local agencies (if any) responsible for carrying out programs under the Job Training Partnership Act [29 U.S.C. 1501 et seq.] and the Job Opportunities and Basic Skills Training Program under part F of title IV of the Social Security Act [42 U.S.C. 681 et seq.], and other organizations, such as other State and local welfare and employment agencies, public and private education or training institutions, nonprofit service providers, and private businesses. The public housing agency may, in consultation with the chief executive officer of the unit of general local government, utilize an existing entity as the program coordinating committee if it meets the requirements of this subsection.

(g) Action plan

(1) Required submission

The Secretary shall require each public housing agency participating in the self-sufficiency program under this section to submit to the Secretary, for approval by the Secretary, an action plan under this subsection in such form and in accordance with such procedures as the Secretary shall require.

(2) Development of plan

In developing the plan, the public housing agency shall consult with the chief executive officer of the applicable unit of general local government, the program coordinating committee established under subsection (f) of this section, representatives of residents of the public housing, any local agencies responsible for programs under the Job Training Partnership Act [29 U.S.C. 1501 et seq.] and the Job Opportunities and Basic Skills Training Program under part F of title IV of the Social Security Act [42 U.S.C. 681 et seq.], other appropriate organizations (such as other State and local welfare and employment or training institutions, child care providers, nonprofit service providers, and private businesses), and any other public and private service providers affected by the operation of the local program.

² So in original. Two pars. (3) have been enacted.

(3) Contents of plan

The Secretary shall require that the action plan contain at a minimum—

(A) a description of the size, characteristics, and needs of the population of the families expected to participate in the local self-sufficiency program;

(B) a description of the number of eligible participating families who can reasonably be expected to receive supportive services under the program, based on available and anticipated Federal, State, local, and private resources;

(C) a description of the services and activities under subsection (c)(2) of this section to be provided to families receiving assistance under this section through the section 8 [42 U.S.C. 1437f] and public housing programs, which shall be provided by both public and private resources;

(D) a description of the incentives pursuant to subsection (d) of this section offered by the public housing agency to families to encourage participation in the program;

(E) a description of how the local program will deliver services and activities according to the needs of the families participating in the program;

(F) a description of both the public and private resources that are expected to be made available to provide the activities and services under the local program;

(G) a timetable for implementation of the local program;

(H) assurances satisfactory to the Secretary that development of the services and activities under the local program has been coordinated with the Job Opportunities and Basic Skills Training Program under part F of title IV of the Social Security Act [42 U.S.C. 681 et seq.] and program under the Job Training Partnership Act [29 U.S.C. 1501 et seq.] and any other relevant employment, child care, transportation, training, and education programs in the applicable area, and that implementation will continue to be coordinated, in order to avoid duplication of services and activities; and

(I) assurances satisfactory to the Secretary that nonparticipating families will retain their rights to public housing or section 8 [42 U.S.C. 1437f] assistance notwithstanding the provisions of this section.

(h) Allowable public housing agency administrative fees and costs**(1) Fees under section 1437f**

The Secretary shall establish a fee under section 1437f(q) of this title for the costs incurred in administering the provision of certificate and voucher assistance under section 1437f of this title through the self-sufficiency program under this section. The fee shall be the fee in effect under such section on June 1, 1990, except that for purposes of the fee under this paragraph the applicable dollar amount for preliminary expenses under section 1437f(q)(2)(A)(i) of this title shall, subject to approval in appropriations Acts, be \$300. (4) the quality and viability of the proposed homeownership program, including the viability of the economic self-sufficiency plan;

(5) the extent to which funds for activities that do not qualify as eligible activities will be provided in support of the homeownership program;

(6) whether the approved comprehensive housing affordability strategy for the jurisdiction within which the public housing project is located includes the proposed homeownership program as one of the general priorities identified pursuant to section 105(b)(7) of the Cranston-Gonzalez National Affordable Housing Act [42 U.S.C. 12705(b)(7)];

(7) national geographic diversity among housing for which applicants are selected to receive assistance; and

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 1437aaa-4 of this title.

§ 1437aaa-3. Homeownership program requirements

(a) In general

A homeownership program under this subchapter shall provide for acquisition by eligible families of ownership interests in, or shares representing, at least one-half of the units in a public housing project under any arrangement determined by the Secretary to be appropriate, such as cooperative ownership (including limited equity cooperative ownership) and fee simple ownership (including condominium ownership), for occupancy by the eligible families.

(b) Affordability

A homeownership program under this subchapter shall provide for the establishment of sales prices (including principal, insurance, taxes, and interest and closing costs) for initial acquisition of the property from the public housing agency if the applicant is not a public housing agency, and for sales to eligible families, such that an eligible family shall not be required to expend more than 30 percent of the adjusted income of the family per month to complete a sale under the homeownership program.

(c) Plan

A homeownership program under this subchapter shall provide, and include a plan, for—

- (1) identifying and selecting eligible families to participate in the homeownership program;
- (2) providing relocation assistance to families who elect to move;
- (3) ensuring continued affordability by tenants, homebuyers, and homeowners in the project;
- (4) providing ongoing training and counseling for homebuyers and homeowners; and

(5) replacing units in eligible projects covered by a homeownership program.

(d) Acquisition and rehabilitation limitations

Acquisition or rehabilitation of public housing projects under a homeownership program under this subchapter may not consist of acquisition or rehabilitation of less than the whole public housing project in a project consisting of more than 1 building. The provisions of this subsection may be waived upon a finding by the Secretary that the sale of less than all the buildings in a project is feasible and will not result in a hardship to any tenants of the project who are not included in the homeownership program.

(e) Financing

(1) In general

The application shall identify and describe the proposed financing for (A) any rehabilitation, and (B) acquisition (i) of the project, where applicable, by an entity other than the public housing agency for transfer to eligible families, and (ii) by eligible families of ownership interests in, or shares representing, units in the project. Financing may include use of the implementation grant, sale for cash, or other sources of financing (subject to applicable requirements), including conventional mortgage loans and mortgage loans insured under title II of the National Housing Act [12 U.S.C. 1707 et seq.].

(2) Prohibition against pledges

Property transferred under this subchapter shall not be pledged as collateral for debt or otherwise encumbered except when the Secretary determines that—

(A) such encumbrance will not threaten the long-term availability of the property for occupancy by low-income families;

(B) neither the Federal Government nor the public housing agency will be exposed to undue risks related to action that may have to be taken pursuant to paragraph (3);

(C) any debt obligation can be serviced from project income, including operating assistance; and

(D) the proceeds of such encumbrance will be used only to meet housing standards in accordance with subsection (f) of this section or to make such additional capital improvements as the Secretary determines to be consistent with the purposes of this subchapter.

(3) Opportunity to cure

Any lender that provides financing in connection with a homeownership program under this subchapter shall give the public housing agency, resident management corporation, individual owner, or other appropriate entity a reasonable opportunity to cure a financial default before foreclosing on the property, or taking other action as a result of the default.

(f) Housing quality standards

The application shall include a plan ensuring that the unit—

- (1) will be free from any defects that pose a danger to health or safety before transfer of an

ownership interest in, or shares representing, a unit to an eligible family; and

(2) will, not later than 2 years after the transfer to an eligible family, meet minimum housing standards established by the Secretary for the purposes of this subchapter.

(g) Repealed. Pub. L. 104-19, title I, § 1002(b), July 27, 1995, 109 Stat. 236

(h) Protection of non-purchasing families

(1) In general

No tenant residing in a dwelling unit in a public housing project on the date the Secretary approves an application for an implementation grant may be evicted by reason of a homeownership program approved under this subchapter.

(2) Replacement assistance

If the tenant decides not to purchase a unit, or is not qualified to do so, the recipient shall, during the term of any operating assistance under the implementation grant, permit each otherwise qualified tenant to continue to reside in the project at rents that do not exceed levels consistent with section 1437a(a) of this title or, if an otherwise qualified tenant chooses to move (at any time during the term of such operating assistance contract), the public housing agency shall, to the extent approved in appropriations Acts, offer such tenant (A) a unit in another public housing project, or (B) section 8 [42 U.S.C. 1437f] assistance for use in other housing.

(3) Relocation assistance

The recipient shall also inform each such tenant that if the tenant chooses to move, the recipient will pay relocation assistance in accordance with the approved homeownership program.

(4) Other rights

Tenants renting a unit in a project transferred under this subchapter shall have all rights provided to tenants of public housing under this chapter.

(Sept. 1, 1937, ch. 896, title III, § 304, as added Nov. 28, 1990, Pub. L. 101-625, title IV, § 411, 104 Stat. 4153; amended Oct. 28, 1992, Pub. L. 102-550, title I, § 181(g)(1)(A), 106 Stat. 3736; July 27, 1995, Pub. L. 104-19, title I, § 1002(b), 109 Stat. 236.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 1437aaa-2 of this title.

§ 1437aaa-4. Other program requirements

(a) Sale by public housing agency to applicant or other entity required

Where the Secretary approves an application providing for the transfer of the eligible project from the public housing agency to another applicant, the public housing agency shall transfer the project to such other applicant, in accordance with the approved homeownership program.

(b) Preferences

In selecting eligible families for homeownership, the recipient shall give a first preference to otherwise qualified current tenants and a second preference to otherwise qualified eligible families who have completed participation in an economic self-sufficiency program specified by the Secretary.

(c) Cost limitations

The Secretary may establish cost limitations on eligible activities under this subchapter, subject to the provisions of this subchapter.

(d) Annual contributions

Notwithstanding the purchase of a public housing project under this section, or the purchase of a unit in a public housing project by an eligible family, the Secretary shall continue to pay annual contributions with respect to the project. Such contributions may not exceed the maximum contributions authorized in section 1437c(a) of this title.

(e) Operating subsidies

Operating subsidies under section 1437g of this title shall not be available with respect to a public housing project after the date of its sale by the public housing agency.

(f) Use of proceeds from sales to eligible families

The entity that transfers ownership interests in, or shares representing, units to eligible families, or another entity specified in the approved application, shall use the proceeds, if any, from the initial sale for costs of the homeownership program, including operating expenses, improvements to the project, business opportunities for low-income families, supportive services related to the homeownership program, additional homeownership opportunities, and other activities approved by the Secretary.

(g) Restrictions on resale by homeowners

(1) In general

(A) Transfer permitted

A homeowner under a homeownership program may transfer the homeowner's owner-

ship interest in, or shares representing, the unit, except that a homeownership program may establish restrictions on the resale of units under the program.

(B) Right to purchase

Where a resident management corporation, resident council, or cooperative has jurisdiction over the unit, the corporation, council, or cooperative shall have the right to purchase the ownership interest in, or shares representing, the unit from the homeowner for the amount specified in a firm contract between the homeowner and a prospective buyer. If such an entity does not have jurisdiction over the unit or elects not to purchase and if the prospective buyer is not a low-income family, the public housing agency or the implementation grant recipient shall have the right to purchase the ownership interest in, or shares representing, the unit for the same amount.

(C) Promissory note required

The homeowner shall execute a promissory note equal to the difference between the market value and the purchase price, payable to the public housing agency or other entity designated in the homeownership plan, together with a mortgage securing the obligation of the note.

(2) 6 years or less

In the case of a transfer within 6 years of the acquisition under the program, the homeownership program shall provide for appropriate restrictions to assure that an eligible family may not receive any undue profit. The plan shall provide for limiting the family's consideration for its interest in the property to the total of—

(A) the contribution to equity paid by the family;

(B) the value, as determined by such means as the Secretary shall determine through regulation, of any improvements installed at the expense of the family during the family's tenure as owner; and

(C) the appreciated value determined by an inflation allowance at a rate which may be based on a cost-of-living index, an income index, or market index as determined by the Secretary through regulation and agreed to by the purchaser and the entity that transfers ownership interests in, or shares representing, units to eligible families (or another entity specified in the approved application), at the time of initial sale, and applied against the contribution to equity.

Such an entity may, at the time of initial sale, enter into an agreement with the family to set a maximum amount which this appreciation may not exceed.

(3) 6–20 years

In the case of a transfer during the period beginning 6 years after the acquisition and ending 20 years after the acquisition, the homeownership program shall provide for the recapture by the Secretary or the program of an amount equal to the amount of the declining balance on the note described in paragraph (1)(C).

(4) Use of recaptured funds

Fifty percent of any portion of the net sales proceeds that may not be retained by the homeowner under the plan approved pursuant to this subsection shall be paid to the entity that transferred ownership interests in, or shares representing, units to eligible families, or another entity specified in the approved application, for use for improvements to the project, business opportunities for low-income families, supportive services related to the homeownership program, additional homeownership opportunities, and other activities approved by the Secretary. The remaining 50 percent shall be returned to the Secretary for use under this subchapter, subject to limitations contained in appropriations Acts. Such entity shall keep and make available to the Secretary all records necessary to calculate accurately payments due the Secretary under this subsection.

(h) Third party rights

The requirements under this subchapter regarding quality standards, resale, or transfer of the ownership interest of a homeowner shall be judicially enforceable against the grant recipient with respect to actions involving rehabilitation, and against purchasers of property under this subsection or their successors in interest with respect to other actions by affected low-income families, resident management corporations, resident councils, public housing agencies, and any agency, corporation, or authority of the United States Government. The parties specified in the preceding sentence shall be entitled to reasonable attorney fees upon prevailing in any such judicial action.

(i) Dollar limitation on economic development activities

Not more than an aggregate of \$250,000 from amounts made available under sections 1437aaa-1 and 1437aaa-2 of this title may be used for economic development activities under sections 1437aaa-1(b)(6)¹ and 1437aaa-2(b)(9)¹ of this title for any project.

(j) Timely homeownership

Recipients shall transfer ownership of the property to tenants within a specified period of time that the Secretary determines to be reasonable. During the interim period when the property continues to be operated and managed as rental housing, the recipient shall utilize written tenant selection policies and criteria that are consistent with the public housing program and that are approved by the Secretary as consistent with the purpose of improving housing opportunities for low-income families. The recipient shall promptly notify in writing any rejected applicant of the grounds for any rejection.

(k) Capability of resident management corporations and resident councils

To be eligible to receive a grant under section 1437aaa-2 of this title, a resident management corporation or resident council shall demonstrate to the Secretary its ability to manage

¹ See References in Text note below.

public housing by having done so effectively and efficiently for a period of not less than 3 years or by arranging for management by a qualified management entity.

(l) Records and audit of recipients of assistance

(1) In general

Each recipient shall keep such records as may be reasonably necessary to fully disclose the amount and the disposition by such recipient of the proceeds of assistance received under this subchapter (and any proceeds from financing obtained in accordance with subsection (b) of this section or sales under subsections (f) and (g)(4) of this section), the total cost of the homeownership program in connection with which such assistance is given or used, and the amount and nature of that portion of the program supplied by other sources, and such other sources as will facilitate an effective audit.

(2) Access by the Secretary

The Secretary shall have access for the purpose of audit and examination to any books, documents, papers, and records of the recipient that are pertinent to assistance received under this subchapter.

(3) Access by the Comptroller General

The Comptroller General of the United States, or any of the duly authorized representatives of the Comptroller General, shall also have access for the purpose of audit and examination to any books, documents, papers, and records of the recipient that are pertinent to assistance received under this subchapter.

(B) afford such unit of general local government the opportunity, during the thirty-day period beginning on the date of such notification, to object to the approval of the application on the grounds that the application is inconsistent with its housing assistance plan.

Upon receiving an application for such housing assistance, the Secretary shall assure that funds made available under this section shall be utilized to the maximum extent practicable to meet the needs and goals identified in the unit of local government's housing assistance plan.

(2) If the unit of general local government objects to the application on the grounds that it is inconsistent with its housing assistance plan, the Secretary may not approve the application unless he determines that the application is consistent with such housing assistance plan. (4) The Secretary shall make the determinations referred to in paragraphs (2) and (3) within thirty days after he receives an objection pursuant to paragraph (1)(B) or within thirty days after the close of the period referred to in paragraph (1)(B), whichever is earlier.

(5) As used in this section, the term “housing assistance plan” means a housing assistance plan submitted and approved under section 5304 of this title or, in the case of a unit of general local government not participating under title I of this Act [42 U.S.C. 5301 et seq.], a housing plan approved by the Secretary as meeting the requirements of this section. In developing a housing assistance plan under this paragraph a unit of general local government shall consult with local public agencies involved in providing for the welfare of children to determine the housing needs of (A) families identified by the agencies as having a lack of adequate housing that is a primary factor in the imminent placement of a child in foster care or in preventing the discharge of a child from foster care and reunification with his or her family; and (B) children who, upon discharge of the child from foster care, cannot return to their family or extended family and for which adoption is not available. The unit of general local government shall include in the housing assistance plan needs and goals with respect to such families and children.

(b) Housing assistance applications subject to procedures

The provisions of subsection (a) of this section shall not apply to—

(1) applications for assistance involving 12 or fewer units in a single project or development;

(2) applications for assistance with respect to housing in new community developments approved under title IV of the Housing and Urban Development Act of 1968 [42 U.S.C. 3901 et seq.] or title VII of the Housing and Urban Development Act of 1970 [42 U.S.C. 4501 et seq.] which the Secretary determines are necessary to meet the housing requirements under such title; or

(3) applications for assistance with respect to housing financed by loans or loan guarantees from a State or agency thereof, except that the provisions of subsection (a) of this section shall apply where the unit of general local government in which the assistance is to be provided objects in its housing assistance plan to the exemption provided by this paragraph.

(c) Approval of housing assistance application for areas not subject to approved plan

For areas in which an approved local housing assistance plan is not applicable the Secretary shall not approve an application for housing assistance unless he determines that there is a need for such assistance, taking into consideration any applicable State housing plans, and that there is or will be available in the area public facilities and services adequate to serve the

housing proposed to be assisted. The Secretary shall afford the unit of general local government in which the assistance is to be provided an opportunity, during a 30-day period following receipt of an application by him, to provide comments or information relevant to the determination required to be made by the Secretary under this subsection.

(d) Allocation and reservation of housing assistance funds; purposes; prohibited reallocation of unutilized funds; enumerated uses for retained funds; competition for reservation and obligation of funds

(1)(A)(i) Except as provided by subparagraph (B), the Secretary shall allocate assistance referred to in subsection (a)(1) of this section the first time it is available for reservation on the basis of a formula that is contained in a regulation prescribed by the Secretary, and that is based on the relative needs of different States, areas, and communities, as reflected in data as to population, poverty, housing overcrowding, housing vacancies, amount of substandard housing, and other objectively measurable conditions specified in the regulation. The Secretary may allocate assistance under the preceding sentence in such a manner that each State shall receive not less than one-half of one percent of the amount of funds available for each program referred to in subsection (a)(1) of this section in each fiscal year. In allocating assistance under this paragraph for each program of housing assistance under subsection (a)(1) of this section, the Secretary shall apply the formula, to the extent practicable, in a manner so that the assistance under the program is allocated according to the particular relative needs under the preceding sentence that are characteristic of and related to the particular type of assistance provided under the program. Assistance under section 202 of the Housing Act of 1959 [12 U.S.C. 1701q] shall be allocated in a manner that ensures that awards of the assistance under such section are made for projects of sufficient size to accommodate facilities for supportive services appropriate to the needs of frail elderly residents. The preceding sentence shall not apply to projects acquired from the Resolution Trust Corporation under section 1441a(c) of title 12.

(ii) Assistance under section 8(b)(1) of the United States Housing Act of 1937 [42 U.S.C. 1437f(b)(1)] shall be allocated in a manner that enables participating jurisdictions to carry out, to the maximum extent practicable, comprehensive housing affordability strategies approved in accordance with section 105 of the Cranston-Gonzalez National Affordable Housing Act [42 U.S.C. 12705]. Such jurisdictions shall submit recommendations for allocating assistance under such section 8(b)(1) to the Secretary in accordance with procedures that the Secretary determines to be appropriate to permit allocations of such assistance to be made on the basis of timely and complete information. This clause may not be construed to prevent, alter, or otherwise affect the application of the formula established pursuant to clause (i) for purposes of allocating such assistance. For purposes of this clause, the term “participating jurisdiction” means a State or unit of general local govern-

ment designated by the Secretary to be a participating jurisdiction under title II of the Cranston-Gonzalez National Affordable Housing Act [42 U.S.C. 12721 et seq.].

(B) The formula allocation requirements of subparagraph (A) shall not apply to—

(i) assistance that is approved in appropriation Acts for use under sections³ 9 or 14 [42 U.S.C. 1437g, 1437l], or the rental rehabilitation grant program under section 17,⁴ of the United States Housing Act of 1937, except that the Secretary shall comply with section 102 of the Department of Housing and Urban Development Reform Act of 1989 [42 U.S.C. 3545] with respect to such assistance; or

(ii) other assistance referred to in subsection (a) of this section that is approved in appropriation Acts for uses that the Secretary determines are incapable of geographic allocation, including amendments of existing contracts, renewal of assistance contracts, assistance to families that would otherwise lose assistance due to the decision of the project owner to prepay the project mortgage or not to renew the assistance contract, assistance to prevent displacement or to provide replacement housing in connection with the demolition or disposition of public and Indian housing, and assistance in support of the property disposition and loan management functions of the Secretary.

(C) Any allocation of assistance under subparagraph (A) shall, as determined by the Secretary, be made to the smallest practicable area, consistent with the delivery of assistance through a meaningful competitive process designed to serve areas with greater needs.

(D) Any amounts allocated to a State or areas or communities within a State that are not likely to be used within a fiscal year shall not be reallocated for use in another State, unless the Secretary determines that other areas or communities (that are eligible for assistance under the program) within the same State cannot use the amounts within that same fiscal year.

(2) Not later than sixty days after approval in an appropriation Act, the Secretary shall allocate from the amounts available for use in nonmetropolitan areas an amount of authority for assistance under section 8(d) of the United States Housing Act of 1937 [42 U.S.C. 1437f(d)] determined in consultation with the Secretary of Agriculture for use in connection with section 1490m of this title during the fiscal year for which such authority is approved. The amount of assistance allocated to nonmetropolitan areas pursuant to this section in any fiscal year shall not be less than 20 nor more than 25 per centum of the total amount of the assistance that is subject to allocation under paragraph (1)(A).

(3) The Secretary may reserve such housing assistance funds as he deems appropriate for use by a State or agency thereof.

(4)(A) Notwithstanding any other provision of law, with respect to fiscal years beginning after September 30, 1990, the Secretary may retain not more than 5 percent of the financial assistance that becomes available under programs de-

scribed in subsection (a)(1) of this section during any fiscal year. Any such financial assistance that is retained shall be available for subsequent allocation to specific areas and communities, and may only be used for—

(i) unforeseen housing needs resulting from natural and other disasters;

(ii) housing needs resulting from emergencies, as certified by the Secretary, other than such disasters;

(iii) housing needs resulting from the settlement of litigation; and

(iv) housing in support of desegregation efforts.

(B) Any amounts retained in any fiscal year under subparagraph (A) that are unexpended at the end of such fiscal year shall remain available for the following fiscal year under the program under subsection (a)(1) of this section from which the amount was retained. Such amounts shall be allocated on the basis of the formula under subsection (d)(1) of this section.

(5)(A) The Secretary shall not reserve or obligate assistance subject to allocation under paragraph (1)(A) to specific recipients, unless the assistance is first allocated on the basis of the formula contained in that paragraph and then is reserved and obligated pursuant to a competition.

(B) Any competition referred to in subparagraph (A) shall be conducted pursuant to specific criteria for the selection of recipients of assistance. The criteria shall be contained in—

(i) a regulation promulgated by the Secretary after notice and public comment; or

(ii) to the extent authorized by law, a notice published in the Federal Register.

(C) Subject to the times at which appropriations for assistance subject to paragraph (1)(A) may become available for reservation in any fiscal year, the Secretary shall take such steps as the Secretary deems appropriate to ensure that, to the maximum extent practicable, the process referred to in subparagraph (A) is carried out with similar frequency and at similar times for each fiscal year.

(D) This paragraph shall not apply to assistance referred to in paragraph (4).

(e) Assistance payments for properties in Jefferson County, Texas

From budget authority made available in appropriation Acts for fiscal year 1988, the Secretary shall enter into an annual contributions contract for a term of 180 months to obligate sufficient funds to provide assistance payments pursuant to section 8(b)(1) of the United States Housing Act of 1937 [42 U.S.C. 1437f(b)(1)] on behalf of 500 lower income families from budget authority made available for fiscal year 1988, so long as such families occupy properties in Jefferson County, Texas. If a lower income family receiving assistance payments pursuant to this subsection ceases to qualify for assistance payments pursuant to the provisions of section 8 of such Act [42 U.S.C. 1437f] or of this subsection during the 180-month term of the annual contributions contract, assistance payments shall be made on behalf of another lower income family who occupies a unit identified in the previous sentence.

SUBCHAPTER I—GENERAL PROVISIONS

§ 1441. Congressional declaration of national housing policy

The Congress declares that the general welfare and security of the Nation and the health and living standards of its people require housing production and related community development sufficient to remedy the serious housing shortage, the elimination of substandard and other inadequate housing through the clearance of slums and blighted areas, and the realization as soon as feasible of the goal of a decent home and a suitable living environment for every American family, thus contributing to the development and redevelopment of communities and to the advancement of the growth, wealth, and security of the Nation. The Congress further declares that such production is necessary to enable the housing industry to make its full contribution toward an economy of maximum employment, production, and purchasing power. The policy to be followed in attaining the national housing objective established shall be: (1) private enterprise shall be encouraged to serve as large a part of the total need as it can; (2) governmental assistance shall be utilized where feasible to enable private enterprise to serve more of the total need; (3) appropriate local public bodies shall be encouraged and assisted to undertake positive programs of encouraging and assisting the development of well-planned, integrated residential neighborhoods, the development and redevelopment of communities, and the production, at lower costs, of housing of sound standards of design, construction, livability, and size for adequate family life; (4) governmental assistance to eliminate substandard and other inadequate housing through the clearance of slums and blighted areas, to facilitate community development and redevelopment, and to provide adequate housing for urban and rural nonfarm families with incomes so low that they are not being decently housed in new or existing housing shall be extended to those localities which estimate their own needs and demonstrate that these needs are not being met through reliance solely upon private enterprise, and without such aid; and (5) governmental as-

sistance for decent, safe, and sanitary farm dwellings and related facilities shall be extended where the farm owner demonstrates that he lacks sufficient resources to provide such housing on his own account and is unable to secure necessary credit for such housing from other sources on terms and conditions which he could reasonably be expected to fulfill. The Department of Housing and Urban Development, and any other departments or agencies of the Federal Government having powers, functions, or duties with respect to housing, shall exercise their powers, functions, and duties under this or any other law, consistently with the national housing policy declared by this Act and in such manner as will facilitate sustained progress in attaining the national housing objective hereby established, and in such manner as will encourage and assist (1) the production of housing of sound standards of design, construction, livability, and size for adequate family life; (2) the reduction of the costs of housing without sacrifice of such sound standards; (3) the use of new designs, materials, techniques, and methods in residential construction, the use of standardized dimensions and methods of assembly of home-building materials and equipment, and the increase of efficiency in residential construction and maintenance; (4) the development of well-planned, integrated, residential neighborhoods and the development and redevelopment of communities; and (5) the stabilization of the housing industry at a high annual volume of residential construction.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 1476 of this title; title 12 section 1701t.

§ 1441a. National housing goals

(a) Congressional findings and reaffirmation of goals

The Congress finds that the supply of the Nation’s housing is not increasing rapidly enough to meet the national housing goal, established in the Housing Act of 1949 [42 U.S.C. 1441 et seq.], of the “realization as soon as feasible of the goal of a decent home and a suitable living environment for every American family”. The Congress reaffirms this national housing goal and determines that it can be substantially achieved within the next decade by the construction or rehabilitation of twenty-six million housing units, six million of these for low and moderate income families.

(b) Additional Congressional findings

The Congress further finds that policies designed to contribute to the achievement of the national housing goal have not directed sufficient attention and resources to the preservation of existing housing and neighborhoods, that the deterioration and abandonment of housing for the Nation’s lower income families has accelerated over the last decade, and that this acceleration has contributed to neighborhood disintegration and has partially negated the progress toward achieving the national housing goal which has been made primarily through new housing construction.

(c) Congressional declaration of purposes

The Congress declares that if the national housing goal is to be achieved, a greater effort must be made to encourage the preservation of existing housing and neighborhoods through such measures as housing preservation, moderate rehabilitation, and improvements in housing management and maintenance, in conjunction with the provision of adequate municipal services. Such an effort should concentrate, to a greater extent than it has in the past, on housing and neighborhoods where deterioration is evident but has not yet become acute.

§ 1471. Financial assistance by Secretary of Agriculture

(a) Authorization and purposes of assistance

The Secretary of Agriculture (hereinafter referred to as the "Secretary") is authorized, subject to the terms and conditions of this subchapter, to extend financial assistance, through the Farmers Home Administration, (1) to owners of farms in the United States and in the Territories of Alaska and Hawaii and in the Commonwealth of Puerto Rico, the Virgin Islands, the territories and possessions of the United States, and the Trust Territory of the Pacific Islands, to enable them to construct, improve, alter, repair, or replace dwellings and other farm buildings on their farms, and to purchase buildings and land constituting a minimum adequate site, in order to provide them, their tenants, lessees, sharecroppers, and laborers with decent, safe, and sanitary living conditions and adequate farm buildings as specified in this subchapter, and (2) to owners of other real estate in rural areas for the construction, improvement, alteration, or repair of dwellings, related facilities, and farm buildings and to rural residents, including persons who reside in reservations or villages of Indian tribes, for such purposes and for the purchase of buildings and the purchase of land constituting a minimum adequate site, in order to enable them to provide dwellings and related facilities for their own use and buildings adequate for their farming operations, and (3) to elderly or handicapped persons or families who are or will be the owners of land in rural areas for the construction, improvement, alteration, or repair of dwellings and related facilities, the purchase of dwellings and related facilities and the purchase of land constituting a minimum adequate site, in order to provide them with adequate dwellings and related facilities for their own use, and (4) to an owner described in clause (1), (2), or (3) for refinancing indebtedness which—

(A) was incurred for an eligible purpose described in such clause, and

(B)(i) if not refinanced, is likely to result (because of circumstances beyond the control of the applicant) at an early date in the loss of the applicant's necessary dwelling or essential farm service buildings, or

(ii) if combined (in the case of a dwelling that the Secretary finds not to be decent, safe, and sanitary) with a loan for improvement, rehabilitation, or repairs and not refinanced, is likely to result in the applicant's continuing to be deprived of a decent, safe, and sanitary dwelling.

(5)¹ DEFINITIONS.—For purposes of this subchapter, the terms “repair”, “repairs”, “rehabilitate”, and “rehabilitation” include measures to evaluate and reduce lead-based paint hazards, as such terms are defined in section 4851b of this title.

(b) Definitions

(1) For the purpose of this subchapter, the term “farm” shall mean a parcel or parcels of land operated as a single unit which is used for the production of one or more agricultural commodities and which customarily produces or is capable of producing such commodities for sale and for home use of a gross annual value of not less than the equivalent of a gross annual value of \$400 in 1944, as determined by the Secretary. The Secretary shall promptly determine whether any parcel or parcels of land constitute a farm for the purposes of this subchapter whenever requested to do so by any interested Federal, State, or local public agency, and his determination shall be conclusive.

(2) For the purposes of this subchapter, the terms “owner” and “mortgage” shall be deemed to include, respectively, the lessee of, and other security interest in, any leasehold interest which the Secretary determines has an unexpired term (A) in the case of a loan, for a period sufficiently beyond the repayment period of the loan to provide adequate security and a reasonable probability of accomplishing the objectives for which the loan is made, and (B) in the case of a grant for a period sufficient to accomplish the objectives for which the grant is made.

(3) For the purposes of this subchapter, the term “elderly or handicapped persons or families” means families which consist of two or more persons, the head of which (or his or her spouse) is at least sixty-two years of age or is handicapped. Such term also means a single person who is at least sixty-two years of age or is handicapped. A person shall be considered handicapped if such person is determined, pursuant to regulations issued by the Secretary, to have an impairment which (A) is expected to be of long-continued and indefinite duration, (B) substantially impedes his ability to live independently, and (C) is of such a nature that such ability could be improved by more suitable housing conditions, or if such person has a developmental disability as defined in section 6001(7)² of this title. The Secretary shall prescribe such regulations as may be necessary to prevent abuses in determining, under the definitions contained in this paragraph, eligibility of families and per-

sons for admission to and occupancy of housing constructed with assistance under this subchapter. Notwithstanding the preceding provisions of this paragraph, such term also includes two or more elderly (sixty-two years of age or over) or handicapped persons living together, one or more such persons living with another person who is determined (under regulations prescribed by the Secretary) to be essential to the care or well-being of such persons, and the surviving member or members of any family described in the first sentence of this paragraph who were living, in a unit assisted under this subchapter, with the deceased member of the family at the time of his or her death.

(4) For the purpose of this subchapter, the terms “low income families or persons” and “very low-income families or persons” means those families and persons whose incomes do not exceed the respective levels established for lower income families and very low-income families under the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.]. Notwithstanding the preceding sentence, the maximum income levels established for purposes of this subchapter for such families and persons in the Virgin Islands shall not be less than the highest such levels established for purposes of this subchapter for such families and persons in American Samoa, Guam, the Northern Mariana Islands, and the Trust Territory of the Pacific Islands. The temporary absence of a child from the home due to placement in foster care should not be considered in considering family composition and family size.

(5) For the purpose of this subchapter, the terms “income” and “adjusted income” have the meanings given by sections 3(b)(4) and 3(b)(5), respectively, of the United States Housing Act of 1937 [42 U.S.C. 1437a(b)(4), (5)].

(6) For the purposes of this subchapter, the term “Indian tribe” means any Indian tribe, band, group, and nation, including Alaska Indians, Aleuts, and Eskimos, and any Alaskan Native Village, of the United States, which is considered an eligible recipient under the Indian Self-Determination and Education Assistance Act (Public Law 93-638) [25 U.S.C. 450 et seq.] or was considered an eligible recipient under chapter 67 of title 31 prior to the repeal of such chapter.

(7) For the purposes of this subchapter, the term “rural resident” shall include a family or a person who is a renter of a dwelling unit in a rural area.

(8) For the purposes of this subchapter, the term “adequate dwelling” means a decent, safe, and sanitary dwelling unit.

(c) Conditions of eligibility

In order to be eligible for the assistance authorized by subsection (a) of this section, the applicant must show (1) that he is the owner of a farm which is without a decent, safe, and sanitary dwelling for himself and his family and necessary resident farm labor, or for the family of the operating tenant, lessee, or sharecropper, or without other farm buildings adequate for the type of farming in which he engages or desires to engage, or that he is the owner of other real estate in a rural area or a rural resident without

an adequate dwelling or related facilities for his own use or buildings adequate for his farming operations, or that the applicant is an elderly or handicapped person or family in a rural area without an adequate dwelling or related facility for its own use, or that he is the owner of a farm or other real estate in a rural area who needs refinancing of indebtedness described in clause (4) of subsection (a) of this section; (2) that he is without sufficient resources to provide the necessary housing and buildings on his own account; and (3) that he is unable to secure the credit necessary for such housing and buildings from other sources upon terms and conditions which he could reasonably be expected to fulfill. If an applicant is a State or local public agency or Indian tribe—

(A) the provisions of clause (3) shall not apply to its application; and

(B) the applicant shall be eligible to participate in any program under this subchapter if the persons or families to be served by the applicant with the assistance being sought would be eligible to participate in such program.

(d) Additional definitions

As used in this subchapter (except in sections 1473 and 1474(b) of this title) the terms “farm”, “farm dwelling”, and “farm housing” shall include dwellings or other essential buildings of eligible applicants.

(e) Prepayment of taxes, insurance, and other expenses; advances to account of borrower: interest, time for repayment

The Secretary shall establish procedures under which borrowers under this subchapter are required to make periodic payments for the purpose of taxes, insurance, and other necessary expenses as the Secretary may deem appropriate. Notwithstanding any other provision of law, such payments shall not be considered public funds. The Secretary shall direct the disbursement of the funds at the appropriate time or times for the purposes for which the funds were escrowed. The Secretary shall pay the same rate of interest on escrowed funds as is required to be paid on escrowed funds held by other lenders in any State where State law requires payment of interest on escrowed funds, subject to appropriations to the extent that additional budget authority is necessary to carry out this sentence. If the prepayments made by the borrower are not sufficient to pay the amount due, advances may be made by the Secretary to pay the costs in full, which advances shall be charged to the account of the borrower, bear interest, and be payable in a timely fashion as determined by the Secretary. The Secretary shall notify a borrower in writing when loan payments are delinquent.

(f) Increase in loan limits

With respect to any limitation on the amount of any loan which may be made, insured, or guaranteed under this subchapter for the purchase of a dwelling unit, the Secretary may increase such amount by up to 20 percent if such increase is necessary to account for the increased cost of the dwelling unit due to the installation of a solar energy system (as defined in subparagraph (3) of the last paragraph of section 1703(a) of title 12) therein.

(g) Avoidance of involuntary displacement of families and businesses

The programs authorized by this subchapter shall be carried out, consistent with program goals and objectives, so that the involuntary displacement of families and businesses is avoided.

(h) Eligibility of resident aliens

(1) The Secretary may not restrict the availability of assistance under this subchapter for any alien for whom assistance may not be restricted by the Secretary of Housing and Urban Development under section 1436a of this title.

(2) In carrying out any restriction established by the Secretary on the availability of assistance under this subchapter for any alien, the Secretary shall follow procedures comparable to the procedures established in section 1436a of this title.

(i) Loan packaging by nonprofit organizations as a “development cost”

For the purposes of this subchapter, the term “development cost” shall include the packaging of loan and grant applications and actions related thereto by public and private nonprofit organizations tax exempt under title 26.

(j) Program transfers

Notwithstanding any other provision of law, the Secretary shall not transfer any program authorized by this subchapter to the Rural Development Administration.

(a) Terms of loan

(1) If the Secretary determines that an applicant is eligible for assistance as provided in section 1471 of this title and that the applicant has the ability to repay in full the sum to be loaned, with interest, giving due consideration to the income and earning capacity of the applicant and his family from the farm and other sources, and the maintenance of a reasonable standard of living for the owner and the occupants of said farm, a loan may be made by the Secretary to said applicant for a period of not to exceed thirty-three years from the making of the loan with interest. The Secretary may accept the personal liability of any person with adequate repayment ability who will cosign the applicant's note to compensate for any deficiency in the applicant's repayment ability. At the borrower's option, the borrower may prepay to the Secretary as escrow agent, on terms and conditions prescribed by him, such taxes, insurance, and other expenses as the Secretary may require in accordance with section 1471(e) of this title.

(2) The Secretary may extend the period of any loan made under this section if the Secretary determines that such extension is necessary to permit the making of such loan to any person whose income does not exceed 60 per centum of the median income for the area and who would otherwise be denied such loan because the payments required under a shorter period would exceed the financial capacity of such person. The aggregate period for which any loan may be extended under this paragraph may not exceed 5 years.

(3)(A) Notwithstanding any other provision of this subchapter, a loan may be made under this section for the purchase of a dwelling located on land owned by a community land trust, if the borrower and the loan otherwise meet the requirements applicable to loans under this section.

(B) For purposes of this paragraph, the term “community land trust” means a community housing development organization as such term is defined in section 12704 of this title (except that the requirements under section 12704(6)(C)

(III) retains a preemptive option to purchase any such structural improvement at a price determined by formula that is designed to ensure that the improvement remains affordable to low- and moderate-income families in perpetuity; and

(iv) that has its corporate membership open to any adult resident of a particular geographic area specified in the bylaws of the organization.

(b) Provisions of loan instrument

The instruments under which the loan is made and the security given shall—

(3) except for guaranteed loans, contain the agreement of the borrower that he will, at the request of the Secretary, proceed with diligence to refinance the balance of the indebtedness through cooperative or other responsible private credit sources whenever the Secretary determines, in the light of the borrower's circumstances, including his earning capacity and the income from the farm, that he is able to do so upon reasonable terms and conditions;

(4) be in such form and contain such covenants as the Secretary shall prescribe to secure the payment of the loan with interest, protect the security, and assure that the farm will be maintained in repair and that waste and exhaustion of the farm will be prevented.

(c) Prepayment and refinancing provisions

(i) fifteen years from the date on which the loan was made in the case of a loan made or

(ii) twenty years from the date on which the loan was made in the case of any other such loan;

or until the Secretary determines (prior to the end of such period) that there is no longer a need for such housing and related facilities to be so utilized or that Federal or other financial assistance provided to the residents of such housing will no longer be provided.

(B) The Secretary may not accept an offer to prepay, or request refinancing in accordance with subsection (b)(3) of this section of, any initial loan made or insured under section 1485 of this title pursuant to a contract entered into on or after December 15, 1989.

(2) If any loan which was made or insured under section 1484 or 1485 of this title pursuant to a contract entered into prior to December 15, 1989, is prepaid or refinanced on or after October 8, 1980, and tenants of the housing and related facilities financed with such loan are displaced due to a change in the use of the housing, or to an increase in rental or other charges, as a result of such prepayment or refinancing, the Secretary shall provide such tenants a priority for relocation in alternative housing assisted pursuant to this subchapter.

(ii) is the least costly alternative for the Federal Government that is consistent with carrying out the purposes of this subsection.

(5)(A) OFFER TO SELL TO NONPROFIT ORGANIZATIONS AND PUBLIC AGENCIES.—

(i) IN GENERAL.—If the Secretary determines after a reasonable period that an agreement will not be entered into with a borrower under paragraph (4), the Secretary shall require the borrower (except as provided in subparagraph (G)) to offer to sell the assisted housing and related facilities involved to any qualified nonprofit organization or public agency at a fair market value determined by 2 independent appraisers, one of whom shall be selected by the Secretary and one of whom shall be selected by the borrower. If the 2 appraisers fail to agree on the fair market value, the Secretary and the borrower shall jointly select a third appraiser, whose appraisal shall be binding on the Secretary and the borrower.

(ii) PERIOD FOR WHICH REQUIREMENT APPLICABLE.—If, upon the expiration of 180 days after an offer is made to sell housing and related facilities under clause (i), no qualified nonprofit organization or public agency has made a bona fide offer to purchase, the Secretary may accept the offer to prepay, or may request refinancing in accordance with subsection (b)(3) of this section of, the loan. § 1473. Loans for housing and buildings on potentially adequate farms; conditions and terms

If the Secretary determines (a) that, because of the inadequacy of the income of an eligible applicant from the farm to be improved and from other sources, said applicant may not reasonably be expected to make annual repayments of principal and interest in an amount sufficient to repay the loan in full within the period of time prescribed by the Secretary as authorized in this subchapter; (b) that the income of the applicant may be sufficiently increased within a period of not to exceed five years by improvement or enlargement of the farm or an adjustment of the farm practices or methods; and (c) that the applicant has adopted and may reasonably be expected to put into effect a plan of farm improvement, enlargement, or adjusted practices or production which, in the opinion of the Secretary, will increase the applicant's income from said farm within a period of not to exceed five years to the extent that the applicant may be expected thereafter to make annual repayments of principal and interest sufficient to repay the balance of the indebtedness less payments in cash and credits for the contributions to be made by the Secretary as hereinafter provided, the Secretary may make a loan in an amount necessary to provide adequate farm dwellings and buildings on said farm under the terms and conditions prescribed in section 1472

of this title. In addition, the Secretary may agree with the borrower to make annual contributions during the said five-year period in the form of credits on the borrower's indebtedness in an amount not to exceed the annual installment of interest and 50 per centum of the principal payments accruing during any installment year up to and including the fifth installment year, subject to the conditions that the borrower's income is, in fact, insufficient to enable the borrower to make payments in accordance with the plan or schedule prescribed by the Secretary and that the borrower pursues his plan of farm reorganization and improvements or enlargement with due diligence.

Except as provided in title 11, this agreement with respect to credits or principal and interest upon the borrower's indebtedness shall not be assignable nor accrue to the benefit of any third party without the written consent of the Secretary and the Secretary shall have the right, at his option, to cancel the agreement upon the sale of the farm or the execution or creation of any lien thereon subsequent to the lien given to the Secretary, or to refuse to release the lien given to the Secretary except upon payment in cash of the entire original principal plus accrued interest thereon less actual cash payments of principal and interest when the Secretary determines that the release of the lien would permit the benefits of this section to accrue to a person not eligible to receive such benefits.

(3) In carrying out this subsection, the Secretary shall (A) implement the weatherization standards described in paragraphs (2)(A) and (3) of section 413(b) of the Energy Conservation in Existing Buildings Act of 1976 [42 U.S.C. 6863(b)], and (B) provide that, with respect to any dwelling unit, not more than \$800 of any grant made under this section be expended on weatherization materials and related matters described in section 415(c) of the Energy Conservation in Existing Buildings Act of 1976 [42 U.S.C. 6865(c)], except that the Secretary shall increase such

(b) Terms or conditions of leases or occupancy agreements subject to change with approval of Secretary

The Secretary may require any recipient of a loan or grant to agree that the availability of improvements constructed or repaired with the proceeds of the loan or grant under this subchapter shall not be a justification for directly or indirectly changing the terms or conditions of the lease or occupancy agreement with the occupants of such farms to the latter's disadvantage without the approval of the Secretary.

(c) Rural Housing Insurance Fund for payment of expenditures respecting construction defects; judicial review prohibition

The Secretary is authorized, after October 1, 1977, with respect to any unit or dwelling newly constructed during the period beginning eighteen months prior to October 12, 1977, and purchased with financial assistance authorized by this subchapter which he finds to have structural defects to make expenditures for (1) correcting such defects, (2) paying the claims of the owner of the property arising from such defects, or (3) acquiring title to the property, if such assistance is requested by the owner of the property within thirty-six months after financial assistance under this subchapter is rendered to the owner of the property or, in the case of property with respect to which assistance was made available within eighteen months prior to October 12, 1977, within thirty-six months after October 12, 1977. Expenditures pursuant to this subsection may be paid from the Rural Housing Insurance Fund. Decisions by the Secretary regarding such expenditures or payments under this subsection, and the terms and conditions under which the same are approved or disapproved, shall not be subject to judicial review.

(d) Defaults involving security interest in tribal lands

In the event of default involving a security interest in tribal allotted or trust land, the Secretary shall only pursue liquidation after offering to transfer the account to an eligible tribal member, the tribe, or the Indian housing authority serving the tribe or tribes. (e) Terms and conditions; regulations

The Secretary shall, by regulation, prescribe the terms and conditions under which expenditures and payments may be made under the provisions of this section.

(f) Housing in underserved areas

(1) Designation of underserved area

The Secretary shall designate as targeted underserved areas 100 counties and communities in each fiscal year that have severe, unmet housing needs as determined by the Secretary. A county or community shall be eligible for designation if, during the 5-year period preceding the year in which the designation is made, it has received an average annual amount of assistance under this subchapter that is substantially lower than the average annual amount of such assistance received during that 5-year period by other counties and communities in the State that are eligible for such assistance calculated on a per capita basis, and has—

(A) 20 percent or more of its population at or below the poverty level; and

As used in this paragraph, the term “poverty level” has the meaning given the term in section 5302(a)(9) of this title.

(2) Preferences

In selecting projects to receive assistance with amounts set aside under paragraph (4), the Secretary shall give preference to any project located in a county or community that has, at the time of designation and as determined by the Secretary—

(A) 28 percent or more of its population at or below poverty level; and

(B) 13 percent or more of its population residing in substandard housing.

In designating underserved areas under paragraph (1), in each fiscal year the Secretary shall designate not less than 5 counties or communities that contain tribal allotted or Indian trust land.

(3) Outreach program and review

(A) Outreach

The Secretary shall publicize the availability to targeted underserved areas of grants and loans under this subchapter and promote, to the maximum extent feasible, efforts to apply for those grants and loans for housing in targeted underserved areas.

(B) Review

Upon the receipt of data from the 1990 decennial census, the Secretary shall conduct a review of any designations made under paragraph (1) and preferences given under paragraph (2) and the eligibility of communities and counties for such designation and preference, examining the effects of such data on such eligibility. The Secretary shall submit to the Congress, not later than 9 months after the availability of the data, a report regarding the review, which shall include any recommendations of the Secretary for modifications in the standards for designation and preference.

(4) Set-aside for targeted underserved areas and colonias

(A) In general

The Secretary shall set aside and reserve for assistance in targeted underserved areas an amount equal to 5.0 percent in fiscal years 1993 and 1994 of the aggregate amount of lending authority under sections 1472, 1474, 1484, 1485, and 1490d of this title. During each such fiscal year, the Secretary shall set aside an amount of section 521 [42 U.S.C. 1490a] rental assistance that is appropriate to provide assistance with respect to the lending authority under sections 1484 and 1485 of this title that is set aside for such fiscal year. The Secretary shall establish a procedure to reallocate any assistance set aside in any fiscal year for targeted underserved areas that has not been expended during a reasonable period in such year for use in (i) colonias that have applied for and are eligible for assistance under subparagraph (B) or paragraph (7) and did not receive assistance, and (ii) counties and communities eligible for designation as targeted underserved areas but which were not so designated. The procedure shall also provide that any assistance reallocated under the preceding sentence that has not been expended by a rea-

sonable date established by the Secretary (which shall be after the expiration of the period referred to in the preceding sentence) shall be made available and allocated under the laws and regulations relating to such assistance, notwithstanding this subsection.

(B) Priority for colonias

(i) Notwithstanding the designation of counties and communities as targeted underserved areas under paragraph (1) and the provisions of section 1490 of this title, colonias shall be eligible for assistance with amounts reserved under subparagraph (A), as provided in this subparagraph.

(ii) In providing assistance from amounts reserved under this paragraph in each fiscal year, the Secretary shall give priority to any application for assistance to be used in, or in close proximity to, and serving the residents of, a colonia located in a State described under clause (iii). After the Secretary has provided assistance under the priority for colonias located in a State in an amount equal to 5 percent of the total amount of assistance allocated under this subchapter to such State in the fiscal year, the priority shall not apply to any applications for colonias in such State.

(iii) This paragraph shall apply to any State for any fiscal year following 2 fiscal years in which the State obligated the total amount of assistance allocated to it under this subchapter during each of such 2 fiscal years.

(5) List of underserved areas

The Secretary shall publish annually the current list of targeted underserved areas in the Federal Register.

The Secretary shall adjust the loan or grant amount under such sections to take account of project preparation costs that have been paid from grant proceeds under this paragraph and that normally would be reimbursed with proceeds of the loan or grant.

(C) Approval

The Secretary shall approve a properly submitted application or issue a written statement indicating the reasons for disapproval not later than 60 days after the receipt of the application.

(D) Eligibility

For purposes of this paragraph, an eligible applicant may be a nonprofit organization or corporation, a community housing development organization, State, unit of general local government, or agency of a State or unit of general local government.

(E) Availability of funding

Any amounts appropriated to carry out this paragraph shall remain available until expended.

(7) Priority for colonias

(A) In general

In providing assistance under this subchapter in any fiscal year described under subparagraph (B), each State in which colonias are located shall give priority to any application for assistance to be used in a colonia. The priority under this subparagraph shall not apply in such State after 5 percent of the assistance available in such fiscal year has been allocated for colonias qualifying for the priority.

(B) Covered years

This paragraph shall apply to any fiscal year following 2 fiscal years in which the State did not obligate the total amount of assistance allocated it under this subchapter during each of such 2 fiscal years.

(8) "Colonia" defined

For purposes of this subsection, the term "colonia" means any identifiable community that—

(A) is in the State of Arizona, California, New Mexico, or Texas;

(o) Rental assistance payments as affecting assistance to projects or occupancy by eligible persons

The Secretary may not (1) deny assistance under this section on the basis that rental assistance payments under section 1490a of this

title may be required unless the authority to provide such assistance is not available; or (2) promulgate any regulation that would have the effect of denying occupancy to eligible persons on the basis that such persons require rental assistance payments under section 1490a of this title.

(p) Occupancy by low income persons and families other than very low-income persons and families

(1) To the extent assistance is available under section 1490a(a)(2) of this title, not more than 25 per centum of the dwelling units which were available for occupancy under this section prior to November 30, 1983, and which will be leased on or after November 30, 1983, shall be available for leasing by low income persons and families other than very low-income persons and families.

(2) To the extent assistance is available under section 1490a(a)(2) of this title, not more than 5 per centum of the dwelling units which become available for occupancy under this section on or after November 30, 1983, shall be available for leasing by low income persons and families other than very low-income persons and families.

(3) Units in projects financed under this section which become available for occupancy after November 30, 1983, shall not be available for occupancy by persons and families other than very low-income persons and families if the authority to provide assistance for such persons is available.

(4) In projects financed under this section, units that have been allocated a low-income housing tax credit by a housing credit agency pursuant to section 42 of title 26 shall not be available for occupancy by persons or families other than persons or families with incomes not in excess of the qualifying income applicable to such units pursuant to subparagraph (A) or (B) of section 42(g)(1) of title 26.

(5) The Secretary shall coordinate the processing of any application for a loan under this section for a project and the processing of any application for assistance under section 1490a(a)(2) of this title with respect to housing units in the same project in an economical and efficient manner. At the time the Secretary enters into a commitment to make or insure a loan under this section the Secretary shall obligate amounts for assistance payments under section 1490a(a)(2) of this title for the project, to the extent that such amounts are available and the Secretary determines such assistance is necessary for the market feasibility of the project.

(q) Determination of income of person or family occupying financed housing

In determining the income of a person or family occupying housing financed under this section, the Secretary shall consider the value of that person's or family's assets in the same manner as the Secretary of Housing and Urban Development considers such value for the purpose of the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.].

(r) Operating reserve and equity contribution requirements

The Secretary—

(1) may require that the initial operating reserve under this section may be in the form of an irrevocable letter of credit; and

(2) may not require more than a 3 percent contribution to equity, except that the Secretary shall require a 5 percent contribution in the case of a project that is allocated a low-income housing tax credit pursuant to section 42 of title 26.

(s) Limitation of fees on loans

No fee other than a late fee may be imposed by or for the Secretary or any other Federal agency on or with respect to a loan made or insured under this section.

(t) Equity takeout loans

(1) Authority

The Secretary is authorized to guarantee an equity loan (in the form of a supplemental loan) to an owner of housing financed with a loan made or insured under subsection (b) of this section, only if the Secretary determines, after taking into account local market conditions, that there is reasonable likelihood that the housing will continue as decent, safe, and sanitary housing for the remaining life of the original loan on the project made or insured under subsection (b) of this section and that such an equity loan is—

(A) necessary to provide a fair return on the owner's investment in the housing;

(B) the least costly alternative for the Federal Government that is consistent with carrying out the purposes of this subsection; and

(C) would not impose an undue hardship on tenants or an unreasonable cost to the Federal Government.

The amount of loans guaranteed under this subsection shall be subject to limits provided in appropriations Acts.

(2) Timing

The Secretary is authorized to guarantee an equity loan under this subsection after the expiration of the 20-year period beginning on the date that an existing loan under subsection (b) of this section was made or insured. Not more than one equity loan under this subsection may be provided for any project.

(3) Amount of the takeout

The amount of an equity loan under this subsection shall not exceed the difference between the outstanding principal on debt secured by the project and 90 percent of the appraised value of the project. The appraised value of the project shall be determined by 2 independent appraisers, 1 of whom shall be selected by the Secretary and 1 of whom shall be selected by the owner. If the 2 appraisers fail to agree on the value of the project, the Secretary and the owner shall jointly select a third appraiser whose appraisal shall be binding on the Secretary and the owner. The amount of the equity loan shall not exceed 30 percent of the amount of the original appraised value of the project made or insured under subsection (b) of this section.

(4) Reserve account payments

For each initial loan made or insured under subsection (b) of this section pursuant to a

contract entered into after the date this subsection takes effect, the owner shall make monthly payments from project income to the Secretary for deposit in a reserve account for the project. Such monthly payments shall, in the first year after the loan is made or insured, equal \$2 for each unit in the project, and shall increase by \$2 annually until the expiration of the 20-year period beginning on the date that the loan was made or insured, except that such initial payments, any accrued payments, and annual increases shall not be required for a unit occupied by a low-income family or individual who is paying more than 30 percent of the family's or individual's adjusted income in rent. The rent on a unit for which payment is made under this paragraph shall be increased by the amount of such payment.

(5) Reserve account

(A) Payments under paragraph (4) shall be deposited in an interest bearing account that the Secretary shall establish for the project.

(B) The Secretary shall make available amounts in the reserve account only for payments of principal and interest on an equity loan under this subsection. Such payments shall be in amounts necessary to ensure that rent payments made by low-income families residing in the housing do not exceed the maximum rent under section 1490a(a)(2)(A) of this title;¹

(C) Any payments to the account, and interest on such payments, not expended in the project from which such payments were made, shall be used in other projects to make payments of principal and interest on an equity loan under this subsection. Such payments shall be in amounts necessary to ensure that rent payments made by low-income families residing in the housing do not exceed the maximum rent under section 1490a(a)(2)(A) of this title.

(D) The Secretary shall make payments from accounts under this paragraph only to the extent provided in appropriations Acts.

(6) Submission of plan

An owner requesting an equity loan under this subsection shall submit a plan acceptable to the Secretary to ensure that the cost of amortizing an equity loan under paragraph (1) does not result in the displacement of very-low-income tenants or substantially alter the income mix of the tenants in the project.

(7) Regulations

The Secretary shall issue final regulations within 180 days from December 15, 1989.

(8) Effective date

The requirements of this subsection shall apply to any loan obligated under this section on or after December 15, 1989. This subsection shall not require retroactive reserve account payments with respect to any loan that was obligated on or after December 15, 1989, and on or before June 16, 1990, but reserve account payments shall be required for such loans beginning on November 28, 1990.

¹ So in original. The semicolon probably should be a period.

(u) Reuse of loan authority

Loan authority that is obligated under this section but that is not expended due to any action that removes the original borrower, may be reallocated to a different borrower during the same fiscal year in which the loan authority was obligated. Any loan authority under this section appropriated or made available within limits established in appropriations Acts shall remain available until expended.

(v) Assumption of loans

The Secretary may provide for the assumption or transfer of a loan or loan obligation under this section to any person or entity qualified to receive a loan or loan obligation under this section in any case of default or foreclosure with respect to the original borrower. The Secretary shall provide in each assumption or transfer under this subsection for the assumption of the obligations, rights, and interests under the terms of the loan or loan obligation or such other terms as the Secretary determines appropriate.

(w) Set-aside of rural rental housing funds**(1) Authority**

Except as provided in paragraph (2), the Secretary shall set aside from amounts made available for each State for loans under this section, not less than 9 percent of the amounts available in fiscal years 1993 and 1994. Amounts set aside shall be available only for nonprofit entities in the State, which may not be wholly or partially owned or controlled by a for-profit entity. A partnership, that has as its general partner a nonprofit entity or the nonprofit entity's for-profit subsidiary, is eligible to receive funds set aside under this subsection to sponsor a project which is receiving low-income housing tax credits authorized under section 42 of title 26. For the purposes of this subsection, a nonprofit entity is an organization that—

(A) will own an interest in a project to be financed under this section and will materially participate in the development and the operation of the project;

(B) is a private organization that has nonprofit, tax exempt status under section 501(c)(3) or section 501(c)(4) of title 26;

(C) has among its purposes the planning, development, or management of low-income housing or community development projects; and

(D) is not affiliated with or controlled by a for-profit organization.

(2) Minimum State set-aside

If the amount set aside under paragraph (1) for any State is less than \$750,000 in any fiscal year, the Secretary shall pool such amount together with set-aside amounts from other States whose set-aside is less than \$750,000, and shall make such amounts available for such eligible entities under paragraph (1) in any such State. The Secretary shall establish a procedure to provide that any amounts pooled under this paragraph from the allocation for any State in any fiscal year that are not obligated during a reasonable period in

such year shall be made available for any such eligible entities under paragraph (1) in such State. The Secretary may provide amounts available for reallocation under this subsection in excess of \$750,000 in a given State, if such amounts are necessary to finance a project under this section.

(3) Unused amounts**(A) Equitable distribution**

Any amounts set aside under this subsection from the allocation for any State that are not obligated by 9 months after the allocation, shall first be pooled and made available to any other eligible nonprofit entity in any State as defined in this subsection. The Secretary shall make reasonable efforts to ensure that pooled funds are distributed under this subparagraph in an equitable manner.

(B) Return to the States

After funds have been pooled and obligated for 30 days, the Secretary shall return any remaining funds to the States on a proportional basis for use by any other eligible entity as defined in this section.

(x) Uniform project costs; coordination of housing resources and tax benefits

The Secretary shall—

(1) establish standard guidelines for State offices that describe allowable development costs which are required for development of all projects under this section, without regard to whether the project was allocated a low-income housing tax credit;

(2) require each State to establish a process for coordinating the selection of projects under this section with the housing needs and priorities as established in a State comprehensive housing affordability strategy under section 12705 of this title and a low-income housing tax credit allocation plan under section 42 of title 26; and

(3) develop, in consultation with housing credit agencies (as that term is defined under section 42 of title 26), uniform procedures for identifying and sharing information on project costs, builder profit, identity of interests relationships, and other factors, as appropriate, with the relevant housing credit agency for projects that are allocated a low-income housing tax credit pursuant to section 42(h) of title 26 for the purpose of achieving compliance with section 3545(d) of this title.

(y) Service coordinators**(1) Grants**

The Secretary may make grants under this subsection, with respect to any project that the Secretary determines has a sufficient number of frail elderly residents, for the cost of employing or otherwise retaining the services of one or more individuals to coordinate services provided to frail elderly residents of the project (in this subsection referred to as a "service coordinator"), who shall be responsible for—

(A) assessing the supportive service needs of frail elderly residents of the project, based on objective criteria and interviews with such residents;

(B) working with service providers to design the provision of services to meet the needs of frail elderly residents of the project, taking into consideration the needs and desires of such residents and their ability and willingness to pay for such services, as expressed by the residents;

(C) mobilizing public and private resources to obtain funding for such services for such residents;

(D) monitoring and evaluating the impact and effectiveness of any supportive services provided for such residents;

(E) consulting and coordinating with any appropriate public and private agencies regarding the provision of supportive services; and

(F) performing such other duties that the Secretary deems appropriate to enable frail elderly persons residing in federally assisted housing to live with dignity and independence.

(2) Qualifications

Individuals employed as service coordinators pursuant to this subsection shall meet the minimum qualifications and standards established under section 8011(d)(4) of this title for service coordinators under a congregate housing services program.

(3) Application and selection

The Secretary shall provide for the form and manner of applications for grants under this subsection and for the selection of applicants to receive the grants.

(4) "Frail elderly" defined

For purposes of this subsection, the term "frail elderly" has the meaning given the term in section 8011(k) of this title.

(z) Prohibitions

(1) Remote rural areas

The Secretary may not refuse to make a loan that otherwise complies with the requirements under this section solely because the housing and related facilities involved are located in an area that is excessively rural in character or excessively remote.

(2) Essential services

In making loans under this section, the Secretary may not provide any preference for any project based on the availability of any particular essential service. For purposes of this paragraph, an essential service shall include post offices (and postal services), grocery stores, pharmacies, schools, and health service facilities (and health services).

(3) Geographic location

In making loans under this section, the Secretary may not grant or deny approval based on the geographic location of the proposed project if the project is located in a rural area, as such term is defined in section 1490 of this title, except that the Secretary shall give preference to any application for a project that will serve the needs of a rural community located 20 or more miles from an urban area.

§ 1486. Financial assistance to provide low-rent housing for domestic farm labor

(a) Application; considerations

Upon the application of any State or political subdivision thereof, or any Indian tribe, or any broad-based public or private nonprofit organization incorporated within the State, or any nonprofit organization of farmworkers incorporated within the State, the Secretary is authorized to provide financial assistance for the provision of low-rent housing and related facilities (which may be located any place within the State) for domestic farm labor, if he finds that—

(1) the housing and related facilities for which financial assistance is requested will fulfill a pressing need in the area in which such housing and facilities will be located, and there is reasonable doubt that the same can be provided without financial assistance under this section;

(2) the applicant will contribute, from its own resources or from funds borrowed under section 1484 of this title or elsewhere, at least 10 per centum of the total development cost;

(3) the types of housing and related facilities to be provided are most practicable, giving due consideration to the purposes to be served thereby and the needs of the occupants thereof, and such housing and facilities shall be durable and suitable for year-around occupancy or use, unless the Secretary finds that there is no need for such year-around occupancy or use in that area; and

(4) the construction will be undertaken in an economical manner, and the housing and related facilities will not be of elaborate or extravagant design or material.

(b) Maximum amount of assistance

The amount of any financial assistance provided under this section for low-rent housing and related facilities shall not exceed 90 per centum of the total development cost thereof, as determined by the Secretary, less such amount as the Secretary determines can be practicably obtained from other sources (including a loan under section 1484 of this title).

(c) Prerequisite agreements; rentals; safety and sanitation standards; priority of domestic farm labor

No financial assistance for low-rent housing and related facilities shall be made available under this section unless, to any extent and for

any periods required by the Secretary, the applicant agrees—

(1) that the rentals charged domestic farm labor shall not exceed such amounts as may be approved by the Secretary, giving due consideration to the income and earning capacity of the tenants, and the necessary costs of operating and maintaining such housing;

(2) that such housing shall be maintained at all times in a safe and sanitary condition in accordance with such standards as may be prescribed by State or local law, or, in the absence of such standards, in accordance with such minimum requirements as the Secretary shall prescribe; and

(3) an absolute priority will be given at all times in granting occupancy of such housing and facilities to domestic farm labor.

(d) Payments; contracts to specify uses of housing

The Secretary may make payments pursuant to any contract for financial assistance under this section at such times and in such manner, as may be specified in the contract. In each contract, the Secretary shall include such covenants, conditions, or provisions as he deems necessary to insure that the housing and related facilities, for which financial assistance is made available, be used only in conformity with the provisions of this section.

(e) Regulations for prevention of waste

The Secretary shall prescribe regulations to insure that Federal funds expended under this section are not wasted or dissipated. The Secretary shall not give priority for funding under this section to any one of the groups listed in subsection (a) of this section over any of the others so listed.

(f) Wages; labor standards; waiver; authority and functions of Secretary

All laborers and mechanics employed by contractors or subcontractors on projects assisted by the Secretary which are undertaken by approved applicants under this section shall be paid wages at rates not less than those prevailing on similar construction in the locality, as determined by the Secretary of Labor in accordance with the Davis-Bacon Act, as amended (40 U.S.C. 276a—276a-5). The Secretary shall not extend any financial assistance under this section for any project without first obtaining adequate assurance that these labor standards will be maintained on the construction work; except that compliance with such standards may be waived by the Secretary in cases or classes of cases where laborers or mechanics, not otherwise employed at any time on the project, voluntarily donate their services without compensation for the purpose of lowering the costs of construction and the Secretary determines that any amounts thereby saved are fully credited to the person, corporation, association, organization, or other entity, undertaking the project. The Secretary of Labor shall have, with respect to the labor standards specified in this section, the authority and functions set forth in Reorganization Plan Numbered 14 of 1950 (15 F.R. 3176; 64 Stat. 1267), and section 276c of title 40.

(g) Definitions

As used in this section—

(1) the term “low-rent housing” means rental housing within the financial reach of families of low income consisting of (A) new structures (including household furnishings) suitable for dwelling use by domestic farm labor, and (B) existing structures (including household furnishings) which can be made suitable for dwelling use by domestic farm labor by rehabilitation, alteration, conversion, or improvement;

(2) the terms “related facilities” and “domestic farm labor” shall have the meaning assigned to them in section 1484(f) of this title;

(4) the term “domestic farm labor” has the meaning given such term in section 1484(f)(3) of this title.

(h) Migrant farmworker housing

Notwithstanding the provisions of subsection (a)(3) of this section, the Secretary may, upon a finding of persistent need for migrant farmworker housing in any area, provide assistance to eligible applicants for 90 per centum of the development costs of such housing in such area to be used solely by migrant farmworkers while they are away from their residence. Such housing shall be constructed in such a manner as to be safe and weatherproof for the time it is to be occupied, be equipped with potable water and modern sanitation facilities (including a kitchen sink, toilet, and bathing facilities), and meet such other requirements as the Secretary may prescribe.

(i) Farm labor housing

The Secretary shall utilize not more than 10 per centum of the amounts available for any fiscal year for purposes of this section for financial assistance to eligible private and public non-profit agencies to encourage the development of domestic and migrant farm labor housing projects under this subchapter.

(j) Domestic farm labor housing available for other families

Housing and related facilities constructed with grants under this section may be used for tenants eligible for occupancy under section 1485 of this title if the Secretary determines that—

(1) there is no longer a need in the area for farm labor housing; or

(2) the need for such housing in the area has diminished to the extent that the purpose of the grant, providing housing for domestic farm labor, can no longer be met.

(k) Housing for rural homeless and migrant farmworkers**(1) In general**

The Secretary may provide financial assistance for providing affordable rental housing and related facilities for migrant farmworkers and homeless individuals (and the families of such individuals) to applicants as provided in this subsection.

(2) Types of assistance**(A) In general**

The Secretary may provide the following assistance for housing under this subsection:

(i) An advance, in an amount not to exceed \$400,000, of the cost of acquisition, substantial rehabilitation, or acquisition and rehabilitation of an existing structure or construction of a new structure for use in the provision of housing under this subsection. The repayment of any outstanding debt owed on a loan made to purchase an existing structure shall be considered to be a cost of acquisition eligible for an advance under this subparagraph if the structure was not used for the purposes under this subsection prior to the receipt of assistance.

(ii) A grant, in an amount not to exceed \$400,000, for moderate rehabilitation of an existing structure for use in the provision of housing under this subsection.

(iii) Annual payments for operating costs of such housing (without regard to whether the housing is an existing structure), not to exceed 75 percent of the annual operating costs of such housing.

(B) Available assistance

A recipient may receive assistance under both clauses (i) and (ii) of subparagraph (A). The Secretary may increase the limit contained in such clauses to \$800,000 in areas which the Secretary finds have high acquisition and rehabilitation costs.

(C) Repayment of advance

Any advance provided under subparagraph (A)(i) shall be repaid on such terms as may be prescribed by the Secretary when the project ceases to be used as housing in accordance with the provisions of this subsection. Recipients shall be required to repay 100 percent of the advance if the housing is used for purposes under this subsection for fewer than 10 years following initial occupancy. If the housing is used for such purposes for more than 10 years, the percentage of the amount that shall be required to be repaid shall be reduced by 10 percentage points for each year in excess of 10 that the property is so used.

(D) Prevention of undue benefits

Upon any sale or other disposition of housing acquired or rehabilitated with assistance under this subsection prior to the close of 20 years after the housing is placed in service, other than a sale or other disposition resulting in the use of the project for the direct benefit of low income persons or where all of the proceeds are used to provide housing for migrant farmworkers and homeless individuals (and the families of such individuals), the recipient shall comply with such terms and conditions as the Secretary may prescribe to prevent the recipient from unduly benefiting from the sale or other disposition of the project.

(5) Limitation on administrative expenses

The Secretary may insure loans meeting the requirements of section 1472 of this title, and may make loans in accordance with the requirements of such section to be sold and insured. The amount of such a loan to a low income person or family shall not exceed the amount necessary to provide adequate housing which is modest in size, design, and cost (as determined by the Secretary).

(b) Authority to make and insure loans for housing and related facilities for domestic farm labor and elderly persons; transfer of notes, contracts, and mortgages from Agricultural Credit Insurance Fund; compensation

The Secretary may insure loans in accordance with the requirements of section 1484 of this title (exclusive of subsections (a)(3), (a)(5), and (b) thereof), 1485 of this title (exclusive of subsections (a) and (b)(3) thereof), 1490d, and 1490f of this title, and may make loans meeting such requirements to be sold and insured. Upon the expiration of ninety days after the original capitalization of the Rural Housing Insurance Fund, created by subsection (e) of this section, no new loans shall be made or insured under section 1484 or 1485(b) of this title, except in conformity with this section. The notes held in the Agricultural Credit Insurance Fund (section 1929 of title 7) which evidence loans made or insured by the Secretary under section 1484 or 1485(b) of this title, the rights and liabilities of that Fund under insurance contracts relating to such loans held by insured investors, the mortgages securing the obligations of the borrowers under such loans held in the Fund or by insured investors, and all rights to subsequent collections on and proceeds of such notes, contracts, and mortgages, are hereby transferred to the Rural Housing Insurance Fund and for the purposes of this subchapter and any other Act shall be subject to the provisions of this section as if created pursuant thereto. The Rural Housing Insurance Fund shall compensate the Agricultural Credit Insurance Fund for the aggregate unpaid principal balance plus accrued interest of the notes so transferred.

(c) Use of funds from Rural Housing Insurance Fund for loans; sale of insured and guaranteed loans to public

The Secretary may use the Rural Housing Insurance Fund for the purpose of making loans to be sold and insured under this section. Any loan made and sold by the Secretary under this section after April 7, 1986 (and any loan made by other lenders under this subchapter that is insured or guaranteed in accordance with this section, is purchased by the Secretary, and is sold by the Secretary under this section after such date) shall be sold to the public and may not be sold to the Federal Financing Bank, unless such sale to the Federal Financing Bank is required

to service transactions under this subchapter between the Secretary and the Federal Financing Bank occurring on or before such date.

(d) Authority to insure payment of interest and principal; liens; assignability of notes evidencing loans; interest subsidy on insured and guaranteed loans offered for sale to public; protection of borrowers under loans sold to public

(1) The Secretary may, in conformity with subsections (a), (b), and (m) of this section, insure the payment of principal and interest on loans made by lenders other than the United States, and on loans made from or otherwise acquired by the Rural Housing Insurance Fund which are sold by the Secretary. Any contract of insurance executed by the Secretary hereunder shall be an obligation supported by the full faith and credit of the United States, and shall be incontestable except for fraud or material misrepresentation of which the holder has actual knowledge. In connection with loans insured under this section, the Secretary may take liens running to the United States notwithstanding the fact that the notes evidencing such loans may be held by lenders other than the United States. Notes evidencing such loans shall be freely assignable, but the Secretary shall not be bound by any such assignment until notice thereof is given to and acknowledged by him.

(2) Each loan made by the Secretary or other lenders under this subchapter that is insured or guaranteed in accordance with this subsection shall, when offered for sale to the public, be accompanied by an agreement by the Secretary to pay to the holder of such loan (through an agreement to purchase such loan or through such other means as the Secretary determines to be appropriate) the difference between the rate of interest paid by the borrower of such loan and the market rate of interest (as determined by the Secretary) on obligations having comparable periods to maturity on the date of such sale.

(3) Each loan made by the Secretary or other lenders under this subchapter that is insured or guaranteed in accordance with this subsection shall, when offered for sale to the public, be accompanied by agreements for the benefit of the borrower under the loan that provide that—

(A) the purchaser or any assignee of the loan shall not diminish any substantive or procedural right of the borrower arising under this subchapter;

(B) upon any substantial default of the borrower, but prior to foreclosure, the loan shall be assigned to the Secretary for the purpose of avoiding foreclosure; and

(C) following any assignment under subparagraph (B) and before commencing any action to foreclose or otherwise dispossess the borrower, the Secretary shall afford the borrower all substantive and procedural rights arising under this subchapter, including consideration for interest subsidy, moratorium, reamortization, refinancing, and appeal of any adverse decision to an impartial officer.

(4) From the proceeds of loan sales under paragraph (2), the Secretary shall set aside as a reserve against future losses not less than 5 per-

cent of the outstanding face amount of the loans held by the public at any time.

(e) Rural Housing Insurance Fund; creation; authorization of appropriations; separate operation of guaranteed and insured loan programs; transfer of funds

There is hereby created the Rural Housing Insurance Fund (hereinafter referred to as the "Fund") which shall be used by the Secretary as a revolving fund for carrying out the provisions of this section. There are authorized to be appropriated to the Secretary such sums as may be necessary for the purposes of the Fund. The guaranteed loan program under this subchapter shall be operated separately from the insured loan program operated under this subchapter and no funds designated for one program may be transferred to another program.

(f) Investment of excess Fund moneys

Money in the Fund not needed for current operations shall be invested in direct obligations of the United States or obligations guaranteed by the United States.

(g) Fund assets and liabilities; sale of loans; agreements for servicing and purchasing loans

All funds, claims, notes, mortgages, contracts, and property acquired by the Secretary under this section, and all collections and proceeds therefrom, shall constitute assets of the Fund; and all liabilities and obligations of such assets shall be liabilities and obligations of the Fund. Loans may be held in the Fund and collected in accordance with their terms or may be sold by the Secretary with or without agreements for insurance thereof. The Secretary is authorized to make agreements with respect to servicing loans held or insured by him under this section and purchasing such insured loans on such terms and conditions as he may prescribe.

(h) Issuance of notes; form and denominations; interest rate; purchase by Secretary of the Treasury; debt transactions

The Secretary is authorized to issue notes to the Secretary of the Treasury to obtain funds necessary for discharging obligations under this section and for authorized expenditures out of the Fund, but, except as may be authorized in appropriation Acts, not for the original or any additional capital of the Fund. Such notes shall be in such form and denominations and have such maturities and be subject to such terms and conditions as may be prescribed by the Secretary with the approval of the Secretary of the Treasury. Each note shall bear interest at the average rate, as determined by the Secretary of the Treasury, payable by the Treasury upon its marketable public obligations outstanding at the beginning of the fiscal year in which such note is issued, which are neither due nor callable for redemption for fifteen years from their date of issue. The Secretary of the Treasury is authorized and directed to purchase any notes of the Secretary issued hereunder, and for that purpose the Secretary of the Treasury is authorized to use as a public debt transaction the proceeds from the sale of any securities issued under chapter 31 of title 31, and the purposes for

which such securities may be issued under such chapter are extended to include purchases of notes issued by the Secretary. All redemption, purchases, and sales by the Secretary of the Treasury of such notes shall be treated as public debt transactions of the United States. The notes issued by the Secretary to the Secretary of the Treasury shall constitute obligations of the Fund.

(i) Retention of annual charge; administrative expenses; merger of funds

The Secretary may retain out of interest payments by the borrower an annual charge in an amount specified in the insurance or sale agreement applicable to the loan. Of the charges retained by the Secretary, if any, not to exceed 1 per centum per annum of the unpaid balance of the loan shall be deposited in the Fund. Any retained charges not deposited in the Fund shall be available for administrative expenses in carrying out the provisions of this subchapter, to be transferred annually, and become merged with any appropriation for administrative expenses of the Farmers Home Administration, when and in such amounts as may be authorized in appropriation Acts.

(j) Additional uses of Fund moneys

The Secretary may also utilize the Fund—

(1) to pay amounts to which the holder of the note is entitled in accordance with an insurance or sale agreement under this section accruing between the date of any payment by the borrower to the Secretary and the date of transmittal of any such payments to the holder of the note; and in the discretion of the Secretary, payments other than final payments need not be remitted to the holder until due or until the next agreed annual or semiannual remittance date;

(2) to pay the holder of any note insured under this section any defaulted installment or, upon assignment of the note to the Secretary at the Secretary's request, or pursuant to a purchase agreement, the entire balance outstanding on the note;

(3) to pay taxes, insurance, prior liens, expenses necessary to make fiscal adjustments in connection with the application and transmittal of collections or necessary to obtain credit reports on applicants or borrowers, and other services customary in the industry, independent audits of project expenses, construction inspections, commercial appraisals, servicing of loans, and other related program services and expenses, and other expenses and advances to protect the security for loans which are insured under this section or held in the Fund, and to acquire such security property at foreclosure sale or otherwise;

(k) Sale of loans as sale of assets

Any sale by the Secretary of loans individually or in blocks, pursuant to subsections (c) and (g) of this section, shall be treated as a sale of assets for the purposes of chapter 11 of title 31, notwithstanding the fact that the Secretary, under an agreement with the purchaser, holds the debt instruments evidencing the loans and holds or reinvests payments thereon as trustee and custodian for the purchaser.

(l) Commitments to make or insure loans to lenders, builders, or sellers; terms and conditions

The Secretary may also, upon the application of lenders, builders, or sellers and upon compliance with requirements specified by him, make commitments upon such terms and conditions as he shall prescribe to make or insure loans under this section to eligible applicants.

(m) Transfer of assets, liabilities, and authorizations of Rural Housing Direct Loan Account to Fund; abolition of Account; applicability of provisions

The assets and liabilities of, and authorizations applicable to, the Rural Housing Direct Loan Account are hereby transferred to the Fund, and such Account is hereby abolished. Such assets and their proceeds, including loans made out of the Fund pursuant to this section, shall be subject to all of the provisions of this section.

(n) Purchase of eligible residential properties

The Secretary may guarantee and service loans made for the purchase of eligible residential properties under section 1441a(c) of title 12 in accordance with subsection (d) of this section and the last sentence of section 1490a(a)(1)(A) of this title.

(2) Not later than the expiration of the 90-day period following April 7, 1986, the Secretary shall issue regulations to facilitate the marketability in the secondary mortgage market of loans insured or guaranteed under this section. Such regulations shall ensure that such loans are competitive with other loans and mortgages insured or guaranteed by the Federal Government.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 1437a, 1479, 1480, 1485, 1490q of this title; title 12 section 1441a.

§ 1490a. Loans to provide occupant owned, rental, and cooperative housing for low and moderate income, elderly or handicapped persons or families

(a) Interest rates; credits; determination of eligibility; recoupment; multi-family housing projects; assistance payments to owners; amount limitations; recordkeeping and payment requirements for owners; shared housing for elderly and handicapped; rental assistance tenant contribution

(1)(A) Notwithstanding the provisions of sections 1472, 1487(a) and 1485 of this title, loans to persons of low or moderate income under section 1472 or 1487(a)(1)¹ of this title, loans under section 1485 of this title to provide rental or cooperative housing and related facilities for persons and families of low or moderate income or elderly or handicapped persons or families and loans under section 1490f of this title to provide condominium housing for persons and families of low or moderate income, shall bear interest at a rate prescribed by the Secretary at not less than a rate determined by the Secretary of the Treasury upon the request of the Secretary taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loans, adjusted to the nearest one-eighth of 1 per centum. Any loan guaranteed under this subchapter shall bear interest at such rate as may be agreed upon by the borrower and the lender.

(B) From the interest rate so determined, the Secretary may provide the borrower with assistance in the form of credits so as to reduce the effective interest rate to a rate not less than 1

per centum per annum for such periods of time as the Secretary may determine for applicants described in subparagraph (A) if without such assistance such applicants could not afford the dwelling or make payments on the indebtedness of the rental or cooperative housing. In the case of assistance provided under this subparagraph with respect to a loan under section 1472 of this title, the Secretary may not reduce, cancel, or refuse to renew the assistance due to an increase in the adjusted income of the borrower if the reduction, cancellation, or nonrenewal will cause the borrower to be unable to reasonably afford the resulting payments required under the loan.

(C) For persons of low income under section 1472 or 1487(a) of this title who the Secretary determines are unable to afford a dwelling with the assistance provided under subparagraph (B) and when the Secretary determines that assisted rental housing programs (as authorized under this subchapter, the National Housing Act [12 U.S.C. 1701 et seq.], and the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.]) would be unsuitable in the area in which such persons reside, the Secretary may provide additional assistance, pursuant to amounts approved in appropriation Acts and for such periods of time as the Secretary may determine, which may be in an amount not to exceed the difference between (i) the amount determined by the Secretary to be necessary to pay the principal indebtedness, interest, taxes, insurance, utilities, and maintenance, and (ii) 25 per centum of the income of such applicant. The amount of such additional assistance which may be approved in appropriation Acts may not exceed an aggregate amount of \$100,000,000. Such additional assistance may not be so approved with respect to any fiscal year beginning on or after October 1, 1981.

(D)(i) With respect to borrowers under section 1472 or 1487(a) of this title who have received assistance under subparagraph (B) or (C), the Secretary shall provide for the recapture of all or a portion of such assistance rendered upon the disposition or nonoccupancy of the property by the borrower. In providing for such recapture, the Secretary shall make provisions to provide incentives for the borrower to maintain the property in a marketable condition. Notwithstanding any other provision of law, any such assistance whenever rendered shall constitute a debt secured by the security instruments given by the borrower to the Secretary to the extent that the Secretary may provide for recapture of such assistance.

(ii) In determining the amount recaptured under this subparagraph with respect to any loan made pursuant to section 1472(a)(3) of this title for the purchase of a dwelling located on land owned by a community land trust, the Secretary shall determine any appreciation of the dwelling based on any agreement between the borrower and the community land trust that limits the sale price or appreciation of the dwelling.

(E) Except for Federal or State laws relating to taxation, the assistance rendered to any borrower under subparagraphs (B) and (C) shall not be considered to be income or resources for any purpose under any Federal or State laws including, but not limited to, laws relating to welfare and public assistance programs.

¹ See References in Text note below.

(F) Loans subject to the interest rates and assistance provided under this paragraph (1) may be made only when the Secretary determines the needs of the applicant for necessary housing cannot be met with financial assistance from other sources including assistance under the National Housing Act [12 U.S.C. 1701 et seq.] and the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.].

(G) Interest on loans under section 1472 or 1487(a) of this title to victims of a natural disaster shall not exceed the rate which would be applicable to such loans under section 1472 of this title without regard to this section.

(2)(A) The Secretary shall make and insure loans under this section and sections 1484, 1485, and 1487 of this title to provide rental or cooperative housing and related facilities for persons and families of low income in multifamily housing projects, and shall make, and contract to make, assistance payments to the owners of such rental, congregate, or cooperative housing in order to make available to low-income occupants of such housing rentals at rates commensurate to income and not exceeding the highest of (i) 30 per centum of monthly adjusted income, (ii) 10 per centum of monthly income, or (iii) if the person or family is receiving payments for welfare assistance from a public agency, the portion of such payments which is specifically designated by such agency to meet the person's or family's housing costs. Any rent or contribution of any recipient shall not increase as a result of this section or any other provision of Federal law or regulation by more than 10 per centum during any twelve-month period, unless the increase above 10 per centum is attributable to increases in income which are unrelated to this subsection or other law or regulation.

(B) The owner of any project assisted under this paragraph shall be required to provide at least annually a budget of operating expenses and record of tenants' income which shall be used to determine the amount of assistance for each project.

(C) The project owner shall accumulate, safeguard, and periodically pay to the Secretary any rental charges collected in excess of basic rental charges as established by the Secretary in conformity with subparagraph (A). These funds may be credited to the appropriation and used by the Secretary for making such assistance payments through the end of the next fiscal year. Notwithstanding the preceding sentence, excess funds received from tenants in projects financed under section 1485 of this title during a fiscal year shall be available during the next succeeding fiscal year, together with funds provided under subparagraph (D), to the extent approved in appropriations Acts, to make assistance payments to reduce rent overburden on behalf of tenants of any such project whose rents exceed the levels referred to in subparagraph (A). In providing assistance to relieve rent overburden, the Secretary shall provide assistance with respect to very low-income and low-income families to reduce housing rentals to the levels specified in subparagraph (A).

(D) The Secretary, to the extent approved in appropriations Acts, may enter into rental assistance contracts aggregating not more than

\$398,000,000 in carrying out subparagraph (A) with respect to the fiscal year ending on September 30, 1982.

(E) In order to assist elderly or handicapped persons or families who elect to live in a shared housing arrangement in which they benefit as a result of sharing the facilities of a dwelling with others in a manner that effectively and efficiently meets their housing needs and thereby reduces their cost of housing, the Secretary shall permit rental assistance to be used by such persons or families if the shared housing arrangement is in a single-family dwelling. For the purpose of this subparagraph, the Secretary shall prescribe minimum habitability standards to assure decent, safe, and sanitary housing for such families while taking into account the special circumstances of shared housing.

(3)(A) In the case of loans under sections 1484 and 1485 of this title approved prior to the effective date of this paragraph with respect to which rental assistance is provided, the rent for tenants receiving such assistance shall not exceed the highest of (i) 30 per centum of monthly adjusted income, (ii) 10 per centum of monthly income, or (iii) if the person or family is receiving payments for welfare assistance from a public agency, the portion of such payments which is specifically designated by such agency to meet the person's or family's housing costs.

(B) In the case of a section 1485 loan approved prior to the effective date of this paragraph with respect to which interest credits are provided, the tenant's rent shall not exceed the highest of (i) 30 per centum of monthly adjusted income, (ii) 10 per centum of monthly income, or (iii) if the person or family is receiving payments for welfare assistance from a public agency, the portion of such payments which is specifically designated by such agency to meet the person's or family's housing costs, or, where no rental assistance authority is available, the rent level established on a basis of a 1 per centum interest rate on debt service.

(C) No rent for a unit financed under section 1484 or 1485 of this title shall be increased as a result of this subsection or other provision of Federal law or Federal regulation by more than 10 per centum in any twelve-month period, unless the increase above 10 per centum is attributable to increases in income which are unrelated to this subsection or other law, or regulation.

(4) In the case of a loan with respect to the purchase of a manufactured home with respect to which rental assistance is provided, the monthly payment for principal and interest on the manufactured home and for lot rental and utilities shall not exceed the highest of (A) 30 per centum of monthly adjusted income, (B) 10 per centum of monthly income, or (C) if the person or family is receiving payments for welfare assistance from a public agency, the portion of such payments which is specifically designated by such agency to meet the person's or family's housing costs.

(b) Location in rural areas; inclusion of qualified nonrural residents who will become rural residents

Housing and related facilities provided with loans described in subsection (a) of this section

shall be located in rural areas; and applicants eligible for such loans under section 1472, 1487(a)(1),² or 1490f(a) of this title, or for occupancy of housing provided with such loans under section 1485 or 1490f(c) of this title, shall include otherwise qualified nonrural residents who will become rural residents.

(c) Reimbursement of Rural Housing Insurance Fund

There shall be reimbursed to the Rural Housing Insurance Fund by annual appropriations (1) the amounts by which nonprincipal payments made from the fund during each fiscal year to the holders of insured loans described in subsection (a)(1) of this section exceed interest due from the borrowers during each year, and (2) the amount of assistance payments described in subsection (a)(2) of this section. There are authorized to be appropriated to the Rural Housing Insurance Fund such sums as may be necessary to reimburse such fund for the amount of assistance payments described in subsection (a)(1)(C) of this section. The Secretary may from time to time issue notes to the Secretary of the Treasury under section 1487(h) and of this title and section 1490f of this title to obtain amounts equal to such unreimbursed payments, pending the annual reimbursement by appropriation.

(d) Rental assistance contract authority; pre-conditions, limitations, etc.

(1) In utilizing the rental assistance payments authority pursuant to subsection (a)(2) of this section—

(A) the Secretary shall make such assistance available in existing projects for units occupied by low income families or persons to extend expiring contracts or to provide additional assistance when necessary to provide the full amount authorized pursuant to existing contracts;

(B) any such authority remaining after carrying out subparagraph (A) shall be used in projects receiving commitments under section 1484, 1485, or 1486 of this title after fiscal year 1983 for contracts to assist very low-income families or persons to occupy the units in such projects, except that not more than 5 percent of the units assisted may be occupied by low income families or persons who are not very low-income families or persons; and

(C) any such authority remaining after carrying out subparagraphs (A) and (B) may be used to provide further assistance to existing projects under section 1484, 1485, or 1486 of this title.

(2) The Secretary shall transfer rental assistance contract authority under this section from projects where such authority is unused after initial rentup and not needed because of a lack of eligible tenants in the area to projects where such authority is needed.

(e) Increases in rent or contribution of any recipient

Any rent or contribution of any recipient shall not increase as a result of this section, any amendment thereto, or any other provision of

Federal law or regulation by more than 10 per centum during any twelve-month period, unless the increase above 10 per centum is attributable to increases in income which are unrelated to this subsection or other law or regulation.

Upon the application of any State or political subdivision thereof, or any public or private nonprofit organization, the Secretary is authorized, after consultation with the Secretary of Labor, the Secretary of Health and Human Services, the Secretary of Housing and Urban Development, and the Director of the Office of Economic Opportunity, and after the Secretary determines that the housing and related facilities cannot reasonably be provided in any other way, to provide financial and technical assistance for the establishment, in rural areas, of housing and related facilities for trainees and their families who are residents of a rural area and have a rural background, while such trainees are enrolled and participating in training courses designed to improve their employment capability. The selection of training sites and location of housing shall be made with due regard to the economic viability of the area, and only after consideration of a labor area survey and full coordination among all Government agencies having primary responsibility for administering related programs.

(b) Quality of housing and related facilities; design and location

Housing and related facilities assisted under this section shall be safe and sanitary, constructed in the most economical manner, and of modest design, giving due consideration to the purposes to be served and the needs of the occupants, and may, in the discretion of the Secretary, include mobile family quarters. Design and location shall be such as to facilitate, as feasible, the use of such housing and related facilities for other purposes when no longer needed for the primary purpose.

(c) Contribution of land by applicant

The applicant shall contribute the necessary land, or funds to acquire such land, from its own resources, including land acquired by donation or from funds repayable under subsection (e) of this section or borrowed from other sources.

(d) Conditions precedent to grant of financial assistance

No financial assistance shall be made available under this section unless, to the extent and

for the periods required by the Secretary, the applicant agrees that—

(1) such housing will be maintained at all times in a safe and sanitary condition in accordance with standards prescribed by State or local law, or, in the absence of such standards, with requirements prescribed by the Secretary;

(2) priority shall be given at all times, in granting occupancy of such housing and facilities, to the trainees and their families described in subsection (a) of this section; and

(3) rentals charged them shall not exceed amounts approved by the Secretary after considering the portion of the actual total family income which the family can afford to pay for rent while meeting its other immediate needs during occupancy.

(e) Advances; repayment; limitation on amount

The Secretary may make advances pursuant to any contract for financial assistance under this section at such times and in such manner as may be specified in the contract. Such advances for the purchase of land shall be repayable with interest and within a period not to exceed thirty-three years and may be made upon such security, if any, as the Secretary requires. Advances for other purposes may be made repayable with or without interest or nonrepayable, as determined by the Secretary on the basis of the anticipated income, and cost of operation of the housing and related facilities and the ability of each applicant to finance such facilities. Any advances shall be limited to cover the capital costs of constructing such facilities, plus interest on borrowings to cover such costs.

(f) Sale of housing and related facilities to ineligible transferee or diversion to use other than primary purpose; repayment of advances; return of property to original condition

Should housing and related facilities assisted pursuant to a contract under this section be sold to an ineligible transferee or diverted to a use other than its primary purpose within a period specified in the contract, all advances made under such contract shall be repaid to the Secretary, up to the amount of the sales price or the fair value of the property as determined by the Secretary, whichever is higher, with interest from the date of the sale or diversion. If no suitable alternate use of the property is available, as determined by the Secretary, after the purpose of this section can no longer be served, the property shall be returned to its original condition by the recipient of the assistance.

(g) Interest on advances

Interest charged on advances made under this section shall be at a rate, prescribed by the Secretary, which shall be not less than a rate determined by the Secretary of the Treasury taking into consideration the current average market yield on outstanding marketable obligations of the United States with remaining periods to maturity comparable to the average maturities of such loans, adjusted to the nearest one-eighth of 1 per centum, less not to exceed the difference between the adjusted rate determined by the Secretary of the Treasury and 1 per centum per annum, as determined by the Secretary.

The Secretary shall prescribe regulations to insure that Federal funds expended under this section are not wasted or dissipated.

(i) "Related facilities" and "trainee" defined

As used in this section (1) the term "related facilities" shall include any necessary community rooms or buildings, infirmaries, utilities, access roads, water and sewer services, and the minimum fixed or movable equipment determined by the Secretary to be necessary to make the housing reasonably habitable by trainees and their families; and (2) the term "trainee" means any person receiving training under any federally assisted training program.

The purpose of this section is to authorize the Secretary to make grants to eligible grantees including private nonprofit organizations, Indian tribes, general units of local government, counties, States, and consortia of other eligible grantees, in order to—

(1) rehabilitate or replace single family housing in rural areas which is owned by low- and very low-income persons and families, and

(2) rehabilitate or replace rental properties or cooperative housing which has a membership resale structure that enables the cooperative to maintain affordability for persons of low income in rural areas serving low- and very low-income occupants.

The Secretary may also provide assistance payments as provided by section 1437f(o) of this title or section 1490r of this title upon the request of grantees in order to minimize the displacement of very low-income tenants residing in units rehabilitated or replaced with assistance under this section.

(b) Mandatory program requirements

Preservation programs assisted under this section shall—

(1) be used to provide loans or grants to owners of single family housing in order to cover the cost of repairs and improvements;

(2) be used to provide loans or grants, not to exceed \$15,000 per unit, to owners of single family housing to replace existing housing if repair or rehabilitation of the housing is determined by the Secretary not to be practicable and the owner of the housing is unable to afford a loan under section 1472 of this title for replacement housing;

(3) be used to provide interest reduction payment;

(4) be used to provide loans or grants to owners of rental housing, except that rental rehabilitation or replacement assistance provided under this subsection for any structure shall not exceed 75 per centum of the total costs associated with the rehabilitation or replacement of that structure;

(5) be used to provide other comparable assistance that the Secretary deems appropriate to carry out the purpose of this section, designed to reduce the costs of such repair, rehabilitation, and replacement in order to make such housing affordable by persons of low income and, to the extent feasible, by persons and families whose incomes do not exceed 50 per centum of the area median income;

(6) benefit low- and very low-income persons and families in rural areas, without causing the displacement of current residents; and

(7) raise health and safety conditions to meet those specified in section 1479(a) of this title.

(c) Allocation formula; transfer of funds; maximum amounts

(1) The Secretary shall allocate grant funds under this section for use in each State on the basis of a formula contained in a regulation prescribed by the Secretary using the average of the ratios between—

(A) the population of the rural areas in that State and the population of the rural areas of all States;

(B) the extent of poverty in the rural areas in that State and the extent of poverty in the rural areas of all States; and

(C) the extent of substandard housing in the rural areas of that State and the extent of substandard housing in the rural areas of all States.

Any funds which are allocated to a State but uncommitted to grantees will be transferred to the State office of the Farmers Home Administration in a timely manner and be used for authorized rehabilitation activities under section 1474 of this title. Funds obligated, but subsequently unspent and deobligated, may remain available, to the extent provided in appropriations Acts, for use as housing preservation grants in ensuing fiscal years.

(2) Unless there is only one eligible grantee in a State, a single grantee may not receive more than 50 per centum of a State's allocation.

(d) Statement of activity by grantee; submission; contents; availability; consultations; evaluation by Secretary; criteria applicable; maximum amounts

The statement of activities shall be made available to the public for comment.

(2) In preparing such statement, the grantee shall consult with and consider the views of appropriate local officials.

(3) The Secretary shall evaluate the merits of each statement on the basis of such criteria as the Secretary shall prescribe, including the extent—

(B) to which the repair, rehabilitation, and replacement activities include the participation of other public or private organizations in providing assistance, in addition to the assistance provided under this section, in order to lower the costs of such activities or provide for the leveraging of available funds to supplement the rural housing preservation grant program;

(C) to which such activities will be undertaken in rural areas having populations below 10,000 or in remote parts of other rural areas;

(D) to which the repair, rehabilitation, and replacement activities may be expected to result in achieving the greatest degree of repair or improvement for the least cost per unit or dwelling;

(E) to which the program would minimize displacement;

(F) to which the program would alleviate overcrowding in rural residences inhabited by low- and very low-income persons and families;

(G) to which the program would minimize the use of grant funds for administrative purposes; and

(H) to which the owner agrees to meet the requirement of subsection (e)(1)(B)(iv) of this section for a period longer than 5 years;

and shall assess the demonstrated capacity of the grantee to carry out the program as well as the financial feasibility of the program.

(4) The amount of assistance provided under this section with respect to any housing shall be the least amount that the Secretary determines is necessary to provide, through the repair and rehabilitation, or replacement, of such housing, decent housing of modest design that is affordable for persons of low income.

(5) A grantee may use housing preservation grant funds under this section for replacement housing only after providing documentation to the Secretary that—

(A) the existing housing is in such poor condition that rehabilitation is not economically feasible;

(B) the owner of the housing lacks the income or repayment ability necessary to qualify for a loan under section 1472 of this title; and

(C) the grantee will extend assistance to the owner of the housing under terms that the owner can afford.

(e) Limitations on assistance; failure to implement required agreement

(1) Assistance under this section may be provided with respect to rental or cooperative housing only if—

(A) the owner has entered into such agreements with the Secretary as may be necessary

to assure compliance with the requirements of this section, to assure the financial feasibility of such housing, and to carry out the other provisions of this section;

(B) the owner agrees—

(i) to pass on to the tenants any reduction in the debt service payments resulting from the assistance provided under this section;

§ 1502. Initiation and development of projects; jurisdiction; acquisition of property; fees of architects, engineers, etc.

(a) Projects may be initiated under this subchapter by the Department of the Navy or Army or the Air Force to provide dwellings on or near naval or military reservations, posts or bases for rental to the officers, enlisted men and employees of the Departments of the Navy, Army, and Air Force described in section 1501 of this title. Such projects shall be developed by the Department of the Navy or Army or the Air Force or by the Secretary of Housing and Urban Development, whichever the President determines is better suited to the fulfillment of the purposes of this subchapter with respect to any particular project. If the development of such project is to be undertaken by the Department of the Navy or Army or Air Force, the Secretary of Housing and Urban Development is authorized to aid the development of the project by furnishing technical assistance and by transferring to such Department the funds necessary for the development of the project. Any project developed for the purpose of this section shall be leased to the Department of the Navy or Army or Air Force by the Secretary of Housing and Urban Development (who shall have title to such project until repayment of the cost thereof to the Secretary of Housing and Urban Development as prescribed in such lease) upon such terms as shall be prescribed in the lease, which may be the same terms as are authorized by the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.], with respect to leases to public housing agencies. All the provisions of said Act which apply to the development of projects by the Secretary of Housing and Urban Development shall (insofar as applicable and not inconsistent herewith) apply to the development of projects by the Department of the Navy or Army or Air Force. Notwithstanding other provisions of this or any other law, the Department leasing a project shall have the same jurisdiction over such project as it has over the reservation, post or base in connection with which the project is developed.

(b) The Department of the Navy or Army or Air Force, in connection with any project devel-

oped or leased by it, and the Secretary of Housing and Urban Development, in connection with any project developed or assisted by him, for the purposes of this subchapter, may acquire real or personal property or any interest therein by purchase, eminent domain, gift, lease or otherwise. The provisions of section 255 of title 40 shall not apply to the acquisition of any real property by the Department of the Navy or Army or Air Force or by the Secretary of Housing and Urban Development for the purposes of this subchapter or to the project developed thereon, and the provisions of section 303b of title 40, shall not apply to any lease of any project developed for the purposes of this subchapter or of any dwelling therein. Condemnation proceedings instituted by the Secretary of Housing and Urban Development shall be in the Secretary's own name and the practice and procedure governing such proceedings by the United States shall be followed, and the Secretary of Housing and Urban Development shall likewise be entitled to proceed in accordance with the provisions of sections 258a to 258e-1 and 361 to 386¹ of title 40. If the Secretary of Housing and Urban Development acquires land in connection with a project to be assisted for the purposes of this subchapter, the Secretary may convey such land to the public housing agency involved for a consideration equal to the cost of the land to the Secretary of Housing and Urban Development. The Departments of the Navy, Army, and Air Force and the Secretary of Housing and Urban Development may negotiate, contract and fix such fees as they determine are reasonable for the services of architects, engineers, surveyors, appraisers, title examiners and real estate negotiators in connection with specific projects developed by them under this subchapter. The Secretaries of Navy, Army, and Air Force are authorized to make available to the Secretary of Housing and Urban Development any land that is needed for a project to be developed by the Secretary of Housing and Urban Development and leased to the Department of the Navy or Army or Air Force and to execute such leases, agreements and other instruments with the Secretary of Housing and Urban Development as may be necessary to carry out the purposes of this subchapter.

Development shall (subject to the provisions of this section) relinquish and transfer, without monetary consideration, to any State or political subdivision thereof, local housing authority, local public agency, nonprofit organization, or educational institution, all contractual rights (including the right to revenues and other proceeds) and all property right, title, and interest of the United States in and with respect to (1) any temporary housing located on land owned or controlled by such transferee and in which the United States has no leasehold or other property interest, and (2) housing materials which have been made available to the transferee by the Secretary of Housing and Urban Development pursuant to section 1572 of this title.

(b) Transfer to provide housing for parents of deceased World War II servicemen

Upon the filing of a request therefor as herein prescribed, the Secretary of Housing and Urban Development may (subject to the provisions of this section) relinquish and transfer, without monetary consideration other than that specifically required by this subsection, to any State, county, municipality, or local housing authority, or to any educational institution where the housing involved is being operated for its student veterans or where the land underlying the housing is in the ownership of two or more educational institutions, or to any other local public agency or nonprofit organization where the housing involved has been made available by the United States to such agency or organization pursuant to section 1572 of this title or where the Secretary of Housing and Urban Development determines that the housing involved is urgently needed by parents of persons who served in the Armed forces at any time on or after September 16, 1940, and prior to July 26, 1947, or on or after June 27, 1950, and prior to such date thereafter as shall be determined by the President and died of service-connected illness or injury (in which case the preferences in subsection (d)(1) of this section shall not apply), all right, title, and interest of the United States in and with respect to any temporary housing (excluding commercial facilities which the Secretary of Housing and Urban Development determines are suitable for separate disposal and community facilities which the Secretary of Housing and Urban Development determines should be disposed of separately) located on land in which the United States has a property interest through ownership, lease, or otherwise, under the following conditions:

(1) If the land is owned by the United States and under the jurisdiction of the Secretary of Housing and Urban Development, the transferee shall have purchased such land from the Secretary of Housing and Urban Development at a price substantially equal to the cost to the United States of the land (including survey, title examination, and other similar expenses incident to acquisition but excluding the cost or value of all improvements thereto by the United States other than extraordinary fill), or, if the Secretary of Housing and Urban Development determines the amount of such cost to be nominal or not readily ascertainable, at a price which the Secretary of Hous-

ing and Urban Development determines to be fair and reasonable. Payment for such land shall be made in full at the time of sale or in not more than ten equal annual installments (the first of which shall be paid within one year from the date of conveyance) all of which shall be secured as determined by the Secretary of Housing and Urban Development with interest from the date of conveyance at the going Federal rate of interest at the time of conveyance.

(2) If the land is owned by the United States and not under the jurisdiction of the Secretary of Housing and Urban Development, the transferee shall have purchased such land from the Federal agency having jurisdiction thereof. The Federal agency having jurisdiction of any such land is authorized to sell and convey the same to any such transferee on the terms authorized herein except that the determinations required to be made by the Secretary of Housing and Urban Development shall be made by the agency having jurisdiction of such land.

(3) If the United States does not own the land but has an interest therein through lease or otherwise, the transferee shall (i) where it is not the landowner, obtain the right to possession of such land for a term satisfactory to the Secretary of Housing and Urban Development, (ii) obtain from the landowner a release (or, if the transferee is the landowner, furnish a release) of the United States from all liability in connection therewith, including any liability for removal of structures or restoration of the land, except for any rental or use payment due at the time of transfer, and (iii) reimburse the United States for the proportionate amount of any payments made by the United States for the right to use the land and for taxes or payments in lieu of taxes for any period extending beyond the time of the transfer, and (iv) if the interest of the United States is not under the jurisdiction of the Secretary of Housing and Urban Development, the transferee shall obtain a transfer or release of the interest of the United States from the Federal agency having jurisdiction, which transfers and releases by such Federal agencies are authorized on such terms as the head of the respective agency determines to be in the public interest.

(c) Requests for relinquishment and transfer

The filing of a request under subsections (a), (b), (g), or (h) of this section must be made on or before June 30, 1953, unless the Secretary of Housing and Urban Development shall, in any specific case, authorize the filing of a request subsequent to such date but on or before June 30, 1951, and, in any such case, the Secretary of Housing and Urban Development may extend, for a specified period not beyond December 31, 1951, the time hereinafter prescribed for complying with all conditions to the relinquishment or transfer. Such request shall be in the form of a resolution adopted by the governing body of the applicant, except that, in the case of a State, such request may be in the form of a written request from the governor, and, in the case of a local housing authority (other than the Alaska

Housing Authority), or a local public agency organized specifically and solely for the purpose of slum clearance and community redevelopment, shall be accompanied by a resolution of the governing body of the municipality or county approving the request for transfer. Such request shall be accompanied by either (1) a final opinion of the chief law officer or legal counsel of the applicant to the effect that it has legal authority to make the request, to accept the transfer of and operate any property involved, and to perform its obligations under this subchapter, or (2) a preliminary opinion of such officer or counsel concerning the legal authority of the applicant with respect to the proposed relinquishment or transfer including a statement of the reasons for not furnishing the final opinion with the request and the time required to furnish such opinion. If a request has been submitted as herein provided, the applicant shall comply with all conditions to the relinquishment or transfer (including the furnishing of the final legal opinion) on or before June 30, 1953: *Provided*, That, in any case where the applicant is unable to comply with all conditions to the relinquishment or transfer because of the need for the enactment of State legislation or charter amendment, such date shall be June 30, 1952, and may be extended by the Secretary of Housing and Urban Development, upon request in a particular case, to December 31, 1952. The Secretary of Housing and Urban Development shall act as promptly as practicable on any request which complies with the provisions of this section and is supported as herein required, and shall as promptly as practicable arrange for the making of any survey or the performance of other work necessary to the transfer: *Provided*, That, notwithstanding the provisions of this section, the Secretary of Housing and Urban Development may at any time, except with respect to housing for which a request has been or may be submitted under subsection (a) of this section, remove, dispose of, or retain any temporary housing, or part thereof, in accordance with any provision of subchapters II to VII of this chapter.

(d) Representations by transferee as to use of property; preferences

No relinquishment or transfer with respect to temporary housing shall be made under this section unless the transferee represents in its request therefor that it proposes, to the extent permitted by law:

(1) As among eligible applicants for occupancy in dwellings of given sizes and at specified rents, to extend the following preferences in the selection of tenants:

First, to families which are to be displaced by any low-rent housing project or by any public slum-clearance or redevelopment project initiated after January 1, 1947, or which were so displaced within three years prior to making application for admission to such housing; and as among such families first preference shall be given to families of disabled veterans whose disability has been determined by the Secretary of Veterans Affairs to be service-connected, and second preference shall be given to families of deceased veterans and servicemen whose death

has been determined by the Secretary of Veterans Affairs to be service-connected, and third preference shall be given to families of other veterans and servicemen;

Second, to families of other veterans and servicemen; and as among such families first preference shall be given to families of disabled veterans whose disability has been determined by the Secretary of Veterans Affairs to be service-connected, and second preference shall be given to families of deceased veterans and servicemen whose death has been determined by the Secretary of Veterans Affairs to be service-connected: *Provided*, That if the transferee is an educational institution it may limit such preferences to student veterans and servicemen, and their families, and may, in lieu of such preferences, make available to veterans or servicemen and their families accommodations in any housing of the institution equal in number to the accommodations relinquished or transferred to it: *And provided further*, That, notwithstanding such preferences, if the transferee is a State, political subdivision, local housing authority, or local public agency, it will, in filling vacancies in housing transferred under subsection (b) of this section, give such preferences to military personnel and persons engaged in national defense or mobilization activities as the Secretary of Defense or his designee prescribes to such transferee.

(2) Not to dispose of any right, title, or interest in the property (by sale, transfer, grant, exchange, mortgage, lease, release, termination of the leasehold, or any other relinquishment of interest) either (i) for housing use on the present site or on any other site except to a State or political subdivision thereof, local housing authority, a local public agency, or an educational or eleemosynary institution, or (ii) for any other use unless the governing body of the municipality or county shall have adopted a resolution determining that, on the basis of local need and acceptability, the structures involved are satisfactory for such use and need not be removed: *Provided*, That this representation will not apply to any disposal through demolition for salvage, lease to tenants for residential occupancy, or lease of nondwelling facilities for the continuance of a use existing on the date of transfer, or where such disposal is the result of a bona fide foreclosure or other proceeding to enforce rights given as security for a loan to pay for land under this section: *And provided further*, That nothing contained in this paragraph shall be construed as applicable to the disposition of any land or interest therein after the removal of the structures therefrom.

(3) To manage and operate the property involved in accordance with sound business practices, including the establishment of adequate reserves.

(4) Whenever the structures involved, or a substantial portion thereof, are terminated for housing use and are not to be used for a specific nonhousing use, to promptly demolish such structures terminated for housing use and clear the site thereof.

(e) Waiver of removal requirements

Any relinquishment or transfer by the Secretary of Housing and Urban Development under this section shall constitute a waiver of the requirements of section 1553 of this title (and any contractual obligations pursuant thereto) for removing the housing involved if the request for such relinquishment or transfer was made, as authorized herein, by the governing body of the municipality or county, or by the local housing authority, or, in other cases, if, prior to or within six months after the date of the relinquishment or transfer, there is filed with the Secretary of Housing and Urban Development a resolution of such governing body specifically approving (1) the unconditional waiver of such requirements or (2) the waiver of such requirements subject to conditions specified in the resolution. Any such conditions shall not affect the waiver of removal requirements hereunder, and the United States shall assume no responsibility for compliance therewith.

(f) Disposition of net revenue and proceeds; transfer charges

In any relinquishment or transfer under this section, the net revenues and other proceeds from such housing to which the United States is entitled on the basis of periodic settlements shall continue to accrue to the United States until the end of the month in which the relinquishment or transfer is made, and the obligation of the transferee to pay such accrued amounts shall not be affected by this section. The Secretary of Housing and Urban Development may charge to the transferee the cost to the United States of any survey, title information, or other item incidental to the transfer.

(g) Transfers for slum clearance and community redevelopment projects

Upon the filing of a request therefor as herein prescribed, the Secretary of Housing and Urban Development may (subject to the provisions of this section) relinquish and transfer, without monetary consideration other than payment for land involved as specifically required by subsection (b) of this section, to any local public agency organized specifically and solely for the purpose of slum clearance and community redevelopment in a municipality in which the total number of persons, who on December 31, 1948, were living in temporary family accommodations provided by the United States or any agency thereof since September 8, 1939, exceeded the total population of such municipality as shown by the 1940 census, all right, title, and interest of the United States in and with respect to any temporary housing located in such municipality under the conditions set forth in subsection (b) of this section. Notwithstanding the provisions of subsection (b) of this section, the Secretary of Housing and Urban Development shall not relinquish or transfer any right, title, or interest of the United States in and with respect to any temporary housing situated in such municipality except as set forth in this subsection if at the time of the relinquishment or transfer there is in existence in such a municipality a local public agency organized specifically and solely for the purpose of slum clearance and community redevelopment.

(h) Transfers of temporary housing of masonry construction

Upon the filing of a request therefor as herein prescribed, the Secretary of Housing and Urban Development may (subject to the provisions of this section except the provisions of subsection (d) of this section) relinquish and transfer to any municipality, without monetary consideration other than payment for the land involved as specifically required by subsection (b) of this section, all right, title, and interest of the United States in and with respect to unoccupied temporary housing of masonry construction located in such municipality: *Provided*, That such housing has been wholly or partially stripped of trim and fixtures prior to April 20, 1950 and the municipality adopts a resolution determining that the structures, with proposed improvements, will be suitable for long-term housing use.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 1553 of this title.

§ 1585. Acquisition of housing sites**(a) Lease, condemnation or purchase; temporary housing**

The Secretary of Housing and Urban Development may continue by lease or condemnation any interest less than a fee simple in lands heretofore acquired by the Secretary of Housing and Urban Development for national defense or war housing or for veterans' housing (whether of permanent or temporary character), or held by any Federal agency in connection therewith, and may acquire, by purchase or condemnation, a fee simple title to or lesser interest in any such lands if the Secretary of Housing and Urban Development determines that the acquisition of such fee simple or lesser interest is necessary to protect the Government's investment or to maintain the improvements constructed thereon, or that the cost of fulfilling the Government's obligation to restore the property to its original condition would equal or exceed the cost of acquiring the title thereto.

In any city in which, on March 1, 1953, there were more than ten thousand temporary housing units held by the United States of America, or any two contiguous cities in one of which there were on such date more than ten thousand temporary housing units so held, the Secretary of Housing and Urban Development may acquire, by purchase or condemnation, a fee simple title to any or all lands in which the Secretary holds a leasehold interest, or other interest less than a fee simple, acquired by the Federal Government for national defense or war housing or for

veteran's housing where (1) the Secretary of Housing and Urban Development finds that the acquisition by the Secretary of a fee simple title in the land will tend to expedite the orderly disposal or removal of temporary housing under the Secretary's jurisdiction by facilitating the availability of improved sites for privately owned housing needed to replace such temporary housing, and will tend to expedite the transition of the city from a war-affected community containing, as of said date, a large number of temporary houses to a community having additional permanent, well-planned, residential neighborhoods, (2) the local governing body of the city makes a like finding and requests the Secretary of Housing and Urban Development to acquire such title to the land, and (3) the city has furnished assurances satisfactory to the Secretary of Housing and Urban Development that no individual who is employed by, or is an official of, the government of the city in which the land is located, or any agency thereof, shall be permitted, directly or indirectly, to have any financial interest in the purchase or redevelopment of such land: *Provided*, That such acquisitions by the Secretary of Housing and Urban Development pursuant to this sentence shall be limited to not exceeding four hundred and twenty-five acres of land in the general area in which approximately one thousand five hundred units of temporary housing held by the United States of America were unoccupied on said date: *And provided further*, That funds for such acquisition by the Secretary of Housing and Urban Development, which are authorized, pursuant to subsection (c) of this section and title II of the Independent Offices Appropriation Act, 1955, to be expended from the revolving fund established by section 1701g-5 of title 12, shall be taken into consideration, to the extent that they are needed, in making any determination pursuant to the second proviso under that section. All or any part of any land so acquired by the Secretary of Housing and Urban Development may, during the five year period following the date of its acquisition, be sold by the Secretary, through negotiated sale, to such city or any local public agency where (1) the city or local public agency has represented to the Secretary of Housing and Urban Development that it is duly authorized under State law to purchase and resell such land, that such land will be made available to private enterprise for development in accordance with local zoning and other laws, and that the aggregate of such land and any other land in the same city previously sold under the authority of this paragraph to the city or a local public agency will be developed for predominantly residential use, and (2) the city or local public agency has agreed to pay the fair market value of the land as determined by the Secretary of Housing and Urban Development, after giving consideration, among other relevant information, to the cost to the Federal Government of acquiring the fee simple title and of holding the land pending sale (including estimated amounts to cover legal and overhead expenses of such acquisition and to cover interest costs to the Federal Government of monies invested in the land pending sale). Any such negotiated sale of land to the city or a local public agency shall be

made upon terms which require (1) that the city or public agency shall pay in cash at least one third of the price of the land upon its conveyance and the entire price within one year after its conveyance and (2) that any portion of the entire price not paid upon such conveyance shall be represented by an indebtedness which shall bear interest on outstanding balances at a rate of 4 per centum per annum and which shall be secured by a first mortgage lien upon the land or such portion of the land as the Secretary of Housing and Urban Development deems adequate to protect the financial interest of the Federal Government. The Secretary of Housing and Urban Development may, at any time that the Secretary deems it to be in the public interest to do so, dispose, under authority of other provisions of subchapters II to VII of this chapter, of any land acquired by the Secretary pursuant to this paragraph. Any land acquired by the Secretary of Housing and Urban Development pursuant to this paragraph which has not been disposed of within five years after its acquisition shall be disposed of by the Secretary as expeditiously as possible in the public interest in accordance with other authority contained in subchapters II to VII of this chapter. Notwithstanding the provisions of section 1546 of this title or any other provisions of law, no payments in lieu of taxes shall be made for any tax year beginning subsequent to the date of the acquisition of title to the property by the Secretary of Housing and Urban Development.

(b) Land rentals

In any case in which the Secretary of Housing and Urban Development holds, on or after April 1, 1950, an interest in land acquired by the Federal Government for national defense, war housing, or veterans' housing and where (1) the term of such interest (as prescribed in the taking or in the lease or other instruments) is for the "duration of the emergency" or "duration of the war", or "duration of the emergency" or "duration of the war" plus a specific period thereafter, or for some similarly prescribed term, and (2) the rental, award, or other consideration which the Federal Government is obligated to pay or furnish for such interest gives the owner of the land less than an annual return, after payment of real estate taxes, of 6 per centum of the lowest value placed on such land by an independent appraiser, hired by the Government to make such appraisal based on the value of the land before the acquisition of the Government's interest therein, plus 100 per centum of such value, the Secretary of Housing and Urban Development shall, upon request of the owner of the land and, notwithstanding any existing contractual or other rights or obligations, increase the amount of future payments for such interest in order to give the owner of the land a return for the Government's use thereof not exceeding the 6 per centum annual return described in (2) of this subsection: *Provided*, That this subsection shall not affect any payment heretofore made or any future payment accepted by an obligee, nor shall this subsection limit the consideration which may be paid for the use of any land beyond the existing term of the Government's interest therein.

(c) Reserve account; availability of moneys

Notwithstanding any other provisions of law unless hereafter enacted expressly in limitation hereof, moneys shall be deposited in the reserve account established pursuant to subsections (a) and (b) of section 1543 of this title (which account is continued subject to the limitation as to amount specified in subsection (c) of section 1543 of this title) and all moneys deposited in such reserve account shall be and remain available for any or all of the purposes specified in said subsections (a) or (b) of section 1543 of this title or in this section without regard to the time prescribed in subsection (c) of section 1543 of this title with respect to covering moneys in such account into miscellaneous receipts. Moneys in such reserve accounts shall also be available for the payment of necessary expenses (which shall be considered nonadministrative expenses) in connection with administering (1) transfers pursuant to section 1581 of this title, (2) redeterminations of the temporary or permanent character of demountable housing pursuant to section 1583 of this title, (3) changes in land tenure and revisions in the consideration payable to landowners pursuant to subsections (a) and (b) of this section, and (4) transfers of permanent war housing for low-rent use pursuant to section 1586 of this title. Moneys in such reserve account shall also be available for the purpose of making improvements to, or alterations of, any permanent housing or part thereof if (1) the dwelling structures therein are designed for occupancy by not more than four families and are to be sold separately and (2) such improvement or alteration is requested by the local governing body as a condition to the acceptance of the dedication of streets or utilities or is necessary for compliance with local law or regulation relating to the continued operation or occupancy of the housing by a purchaser.

In addition to the authority of the Secretary of Housing and Urban Development under the first sentence of this subsection, the Secretary is specifically authorized to convey any permanent war housing project to a local public housing agency if requested in writing, within sixty days after April 20, 1950, by such agency or the executive head of the municipality (or of the county or parish if such project is not in a municipality) within which the project is located, or by the Governor of the State where an agency of the State has authority to operate the project: *Provided*, That any conveyance by the Secretary of Housing and Urban Development pursuant to this sentence shall be subject to the same conditions and requirements as provided in this section with respect to a project specifically designated herein.

(b) Projects as "low-rent housing"

Upon the conveyance by the Secretary of Housing and Urban Development of any such project pursuant to the provisions of this section, such project shall constitute and be deemed to be "low-rent housing" as that term is used and defined in the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.] (and to be a low-rent housing project assisted pursuant to that Act, within the meaning of section 1404a(b) of this title). Any instrument of conveyance by the Administrator stating that it is executed under subchapters II to VII of this chapter shall be conclusive evidence of compliance therewith insofar as any title or other interest in the property is concerned.

(c) Conditions and requirements of agreements

The agreement between the public housing agency and the Secretary of Housing and Urban Development required by subsection (a) of this section shall contain the following conditions and requirements, and may contain such further conditions, requirements, and provisions as the Secretary determines—

(1) during a period of forty years following the conveyance the project shall be administered as low-rent housing in accordance with subsections 2(1) and 2(2) of the United States Housing Act of 1937 [42 U.S.C. 1402(1) and (2)]: *Provided*, That if at any time during such period the public housing agency and the Secretary of Housing and Urban Development agree that the project, or any part thereof, is no longer suitable for use as low-rent housing, the project, or part thereof, shall with the approval of the Secretary of Housing and Urban Development be sold by the public housing agency after which the agreement shall be deemed to have terminated with respect to such project or part thereof except that the proceeds from such sale, after payment of the reasonable expense thereof, shall be paid to the Secretary of Housing and Urban Development, or, with the Secretary's approval, used to finance the repair or rehabilitation of a project or part thereof conveyed to the public housing agency under this section;

(2) the public housing agency shall, within six months following the conveyance, initiate a program for the removal of all families residing in the project on the date of conveyance who are ineligible under the provisions of the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.] for continued occupancy therein, and shall have required such ineligible tenants to vacate their dwellings within eighteen months after the initiation of such program: *Provided*, That military personnel as designated by the Secretary of Defense or his designee shall not be subject to such removal until eighteen months after the date of conveyance;

(3) annually during the term of such agreement, the public housing agency shall pay to the Secretary of Housing and Urban Development all income from the project remaining after deducting the amounts necessary (as determined pursuant to regulations of the Secretary of Housing and Urban Development) for (i) the payment of reasonable and proper costs

of operating, maintaining, and approving such project, (ii) the payments in lieu of taxes authorized hereunder, (iii) the establishment and maintenance of reasonable and proper reserves as approved by the Secretary of Housing and Urban Development, and (iv) the payment of currently maturing installments of principal of and interest on any indebtedness incurred by such public housing agency with the approval of the Secretary of Housing and Urban Development: *Provided*, That the provisions of this paragraph shall not be applicable to any project which is consolidated under a single contract with one or more low-rent projects being assisted under the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.], and all income from any such project conveyed under this section may be commingled with funds of the project or projects with which it is consolidated and applied in accordance with the requirements of the consolidated contract and the provisions of section 10(c) of the said Act [42 U.S.C. 1410(c)];

(4) during the term of such agreement, the project shall be exempt from all real and personal property taxes levied or imposed by the State, city, county, or other political subdivisions;

(5) for the tax year in which the conveyance is made and the next succeeding tax year annual payments in lieu of taxes may be made to the State, city, county, or other political subdivisions in amounts not in excess of the real property taxes which would be paid to such State, city, county, or other political subdivisions if the project were not exempt from taxation; and thereafter, during the term of such agreement, payments in lieu of taxes with respect to the project may be made in annual amounts which do not exceed 10 per centum of the annual shelter rents charged in such project;

(6) in selecting tenants for such project, the public housing agency shall give such preferences as are prescribed by subsection 10(g) of the United States Housing Act of 1937 [42 U.S.C. 1410g], except that for one year after the date of conveyance of a project, the public housing agency shall, to the extent permitted by law, give such preferences, by allocation or otherwise, to military personnel as the Secretary of Defense or his designee prescribes to the public housing agency; and

(7) upon the occurrence of a substantial default in respect to the requirements and conditions to which the public housing agency is subject (as such substantial default shall be defined in such agreement), the public housing agency shall be obligated at the option of the Secretary of Housing and Urban Development, either to convey title in any case where, in the determination of the Secretary of Housing and Urban Development, (which determination shall be final and conclusive), such conveyance of title is necessary to achieve the purposes of this subchapter and the United States Housing Act of 1937 [42 U.S.C. 1437 et seq.], or to deliver possession to the Secretary of Housing and Urban Development of the project, as then constituted, to which such agreement relates: *Provided*, That in the event of such conveyance

of title or delivery of possession, the Secretary of Housing and Urban Development may improve and administer such project as low-rent housing, and otherwise deal with such housing or parts thereof, subject, however, to the limitations contained in the applicable provisions of the United States Housing Act of 1937. The Secretary of Housing and Urban Development shall be obligated to reconvey or to redeliver possession of the project, as constituted at the time of reconveyance or redelivery, to such public housing agency or to its successor (if such public housing agency or a successor exists) upon such terms as shall be prescribed in such agreement and as soon as practicable after the Secretary of Housing and Urban Development shall be satisfied that all defaults with respect to the project have been cured, and that the project will, in order to fulfill the purposes of this subchapter and the United States Housing Act of 1937, thereafter be operated in accordance with the terms of such agreement. Any prior conveyances and reconveyances, deliveries and redeliveries of possession shall not exhaust the right to require a conveyance or delivery of possession of the project to the Secretary of Housing and Urban Development pursuant to this paragraph upon the subsequent occurrence of a substantial default.

(d) Disposition of payments

At the end of each fiscal year, the total amount of payments during such year to the Secretary of Housing and Urban Development in accordance with subsection (c) of this section shall be covered into the Treasury as miscellaneous receipts.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 1585, 1587 of this title.

§ 1587. Disposition of other permanent war housing

(a) Public interest

The Secretary of Housing and Urban Development shall, subject to the provisions of this section, dispose of permanent war housing, other than housing conveyed pursuant to section 1586 of this title, as promptly as practicable and in the public interest.

(b) Preference in sales to individuals

Preference in the purchase of any dwelling structure designed for occupancy by not more than four families and offered for separate sale shall be granted to occupants and to veterans

over other prospective purchasers for such period as the Secretary of Housing and Urban Development may determine and in the following order:

(1) a veteran who occupies a unit in the dwelling structure to be sold and who intends to continue to occupy such unit;

(2) a nonveteran who occupies a unit in the dwelling structure to be sold and who intends to continue to occupy such unit;

(3) a veteran who intends to occupy a unit in the dwelling structure to be sold.

Subject to the above order of preference, the Secretary of Housing and Urban Development may establish subordinate preferences for any such dwelling structure. In the disposition of any dwellings under this section which were acquired by the United States from persons occupying the dwellings at the time of such acquisition, the Secretary of Housing and Urban Development may, notwithstanding the order of preference provided in this section, grant a first preference to such persons in the purchase of any of these dwellings for such period and under such conditions as the Secretary may determine to be appropriate and in the public interest. As used in this subsection, the term "veteran" shall include a veteran, a serviceman, or the family of a veteran or a serviceman, or the family of a deceased veteran or serviceman whose death has been determined by the Secretary of Veterans Affairs to be service-connected.

(c) Preference in sales of projects

In the case of any housing project required by this section to be disposed of, which is not offered for separate sale of separate dwelling structures designed for occupancy by not more than four families, such project may be sold as a whole or in such portions as the Secretary of Housing and Urban Development may determine. On such sales of an entire project or portions thereof consisting of more than one dwelling structure or of an individual dwelling structure designed for occupancy by more than four families, first preference shall be given for such period not less than ninety days nor more than six months from the date of the initial offering of such project or portions thereof as the Secretary of Housing and Urban Development may determine, to groups of veterans organized on a mutual ownership or cooperative basis (provided that any such group shall accept as a member of its organization, on the same terms, subject to the same conditions, and with the same privileges and responsibilities, required of, and extended to other members of the group any tenant occupying a dwelling unit in such project, portion thereof or building, at any time during such period as the Secretary of Housing and Urban Development shall deem appropriate, starting on the date of the announcement by the Secretary of Housing and Urban Development of the availability of such project, portion thereof or building for sale), except that a first preference for said period of not less than ninety days nor more than six months shall be given to any group organized on a mutual or cooperative basis, which, with respect to its proposed purchase of a specific housing project or portions thereof, has, prior to August 1, 1949, been grant-

ed an exception by the Secretary of Housing and Urban Development from the sales preference provisions of Public Regulation 1 of the Housing and Home Finance Agency and has been designated as a preferred purchaser.

(d) Equitable selection method for each preference class

The Secretary of Housing and Urban Development shall provide an equitable method of selecting the purchasers to apply when preferred purchasers (or groups of preferred purchasers) in the same preference class or containing members in the same preference class compete with each other.

(e) Veterans' preference

Any housing disposed of in accordance with this section shall after such disposal be deemed to be housing accommodations the construction of which was completed after June 30, 1947, within the meaning of section 1884 of Appendix to title 50, relating to preference or priority to veterans of World War II or their families.

(f) Terms of sales

Sales pursuant to this section shall be upon such terms as the Secretary of Housing and Urban Development shall determine: *Provided*, That full payment to the Government for the property sold shall be required within a period not exceeding twenty-five years with interest on unpaid balances at not less than 4 per centum per annum, except that in the case of projects initially programmed as mutual housing communities under the defense housing program, the terms of sale shall not require a down payment and shall provide for full payment to the United States over a period of forty-five years with interest on unpaid balances at not more than 3 per centum per annum.

(g) Disregard of preferences in certain cases

The Secretary of Housing and Urban Development may dispose of any permanent war housing without regard to the preferences in subsections (b) and (c) of this section when the Secretary determines that (1) such housing, because of design or lack of amenities, is unsuitable for family dwelling use, or (2) it is being used at the time of disposition for other than dwelling purposes, or (3) it was offered, with preferences substantially similar to those provided in the Housing Act of 1950, to veterans and occupants prior to April 20, 1950.

TRANSFER OF FUNCTIONS

For transfer of functions to Secretary of Housing and Urban Development, see note set out under section 1581 of this title.

§ 1592a. Construction of housing

(a) Types, sales, preferences in purchases, and payment

Consistent with other requirements of national defense, any permanent housing constructed pursuant to the authority of this subchapter shall consist of one- to four-family dwelling structures (including row houses) so arranged that they may be offered for separate sale. All housing of permanent construction which is constructed or acquired under the authority of this subchapter shall be sold as expeditiously as possible and in the public interest taking into consideration the continuation of the need for such housing by persons engaged in national defense activities. All dwelling structures of permanent construction designed for occupancy by not more than four families (including row houses) shall be offered for sale, and preference in the purchase of any such dwelling structure shall be granted to occupants and to veterans over other prospective purchasers. As among veterans, preference in the purchase of any such dwelling structure shall be given to disabled veterans whose disability has been determined by the Secretary of Veterans Affairs to be service-connected. All dwelling structures of permanent construction in any housing project which are designed for occupancy by more than four families (and other structures in such project which are not sold separately) shall be sold as an entity. On such sales first preference shall be given for such period not less than ninety days nor more than six months from the date of the initial offering of such project as the Secretary of Housing and Urban Development may determine, to groups of veterans organized on a mutual ownership or cooperative basis (provided that any such group shall accept as a member of its organization, on the same terms, subject to the same conditions, and with the same privileges and responsibilities, required of, and extended to, other members of the group any tenant occupying a dwelling unit in such project, at any time during such period as the Secretary of Housing and Urban Development shall deem appropriate, starting on the date of the announcement by the Secretary of Housing and Urban Development of the availability of such project). The Secretary of Housing and Urban Development shall provide an equitable method of selecting the purchasers when preferred purchasers (or groups of preferred purchasers) in the same preference class or containing mem-

bers in the same preference class compete with each other. Sales pursuant to this section shall be for cash or credit, upon such terms as the Secretary of Housing and Urban Development shall determine, and at the fair value of the property as determined by the Secretary: *Provided*, That full payment to the Government for the property sold shall be required within a period of not exceeding twenty-five years with interest on unpaid balances at not less than 4 per centum per annum.

(b) Temporary housing

Where it is necessary to provide housing under this subchapter in locations where, in the determination of the Secretary of Housing and Urban Development, there appears to be no need for such housing beyond the period during which it is needed for housing persons engaged in national defense activities, the provisions of section 1591a of this title shall not be applicable and temporary housing which is of a mobile or portable character or which is otherwise constructed so as to be available for reuse at other locations or existing housing built or acquired by the United States under authority of any other law shall be provided. Any temporary housing constructed or acquired under this subchapter which the Secretary of Housing and Urban Development determines to be no longer needed for use under this subchapter shall, unless transferred to the Department of Defense pursuant to section 1592e of this title, or reported as excess to the Administrator of the General Services Administration pursuant to the Federal Property and Administrative Services Act of 1949, as amended [40 U.S.C. 471 et seq.], be sold as soon as practicable to the highest responsible bidder after public advertising, except that if one or more of such bidders is a veteran purchasing a dwelling unit for his own occupancy the sale of such unit shall be made to the highest responsible bidder who is a veteran so purchasing: *Provided*, That the Secretary of Housing and Urban Development may reject any bid for less than two-thirds of the appraised value as determined by him: *Provided further*, That the housing may be sold at fair value (as determined by the Secretary of Housing and Urban Development) to a public body for public use: *And provided further*, That the housing structures shall be sold for removal from the site, except that they may be sold for use on the site if the governing body of the locality has adopted a resolution approving use of such structures on the site.

(c) Preference in admission to occupancy pending ultimate disposition

When the Secretary of Housing and Urban Development determines that any housing provided under this subchapter is no longer required for persons engaged in national defense activities, preference in admission to occupancy thereof shall be given to veterans pending its ultimate sale or disposition in accordance with the provisions of this subchapter. As among veterans, preference in admission to occupancy shall be given to disabled veterans whose disability has been determined by the Secretary of Veterans Affairs to be service-connected.

(b) Condemnation

In any condemnation proceeding instituted pursuant to this subchapter or subchapter X of this chapter, the court shall not order the party in possession to surrender possession in advance of final judgment unless a declaration of taking has been filed, and a deposit of the amount estimated to be just compensation has been made, under section 258a of title 40, providing for such declarations. Unless title is in dispute, the court, upon application, shall promptly pay to the owner at least 75 per centum of the amount so deposited, but such payment shall be made without prejudice to any party to the proceeding.

If any real property acquired under this subchapter or subchapter X of this chapter is retained after June 30, 1954, without having been used for the purposes of this Act, the Secretary of Housing and Urban Development shall, if the original owner desires the property and pays the fair value thereof, return such property to the owner. In the event the Secretary of Housing and Urban Development and the original owner do not agree as to the fair value of the property, the fair value shall be determined by three appraisers, one of whom shall be chosen by the Secretary of Housing and Urban Development, one by the original owner, and the third by the first two appraisers; the expenses of such determination shall be paid in equal shares by the Government and the original owner.

SUBCHAPTER XI—HOUSING FOR MILITARY PERSONNEL

§ 1594. Contracts for construction

(a) Contract provisions; competitive bids

The Secretary of Defense or his designee is authorized to enter into contracts with any eligible bidder to provide for the construction of urgently needed housing on lands owned or leased by the United States and situated on or near a military reservation or installation for the purpose of providing suitable living accommodations for military personnel of the armed services assigned to duty at the military installation at or in the area where the housing is situated. Any such contract shall provide that each housing unit in the project shall be placed under the control of the Secretary of Defense, or his designee, as soon as the unit is available for occupancy as determined by the Secretary of Housing and Urban Development. Any such contract shall also provide that, except for stock held by the Secretary of Housing and Urban Development, the capital stock of the mortgagor (where the mortgagor is a corporation) be transferred to the Secretary of Defense, or his designee, when the housing has been completed as determined by the Secretary of Housing and Urban Development. Any such contract shall contain such terms and conditions as the Secretary of Defense may determine to be necessary to protect the interests of the United States. Any such contract shall provide for the furnishing by the contractor of a performance bond and a payment bond with a surety or sureties satisfactory to the Secretary of Defense, or his designee, and the furnishing of such bonds shall be deemed a sufficient compliance with the provisions of section 270a of title 40, and no additional bonds shall be required under such section. Before the Secretary of Defense shall enter into any contract as authorized by this section for the construction of housing, he shall invite the submission of competitive bids after advertising in the manner prescribed in section 2305 of title 10.

(b) "Eligible bidder" defined

For the purposes of this subchapter, the term "eligible bidder" means a person, partnership, firm, or corporation determined by the Secretary of Defense after consultation with the Secretary of Housing and Urban Development (1) to be qualified by experience and financial responsibility to construct housing of the type described in subsection (a) of this section, and (2) to have submitted the lowest acceptable bid.

(c) Acquisition of capital stock of property covered by mortgage

Notwithstanding any other provision of law, the Secretary of Defense or his designee is authorized to acquire the capital stock of mortgagors holding property covered by a mortgage insured under title VIII of the National Housing Act as amended by the Housing Amendments of 1955 [12 U.S.C. 1748 et seq.], and to exercise the rights as holder of such capital stock during the life of such mortgage and, upon the termination of the mortgage, to dissolve the corporation; to guarantee the payment of notes or other legal

instruments required by the Secretary of Housing and Urban Development of such mortgagors; to make payments thereon; and to guarantee and indemnify the Armed Services Housing Mortgage Insurance Fund against loss in cases where so required. All housing facilities placed under the control of the Secretary of Defense pursuant to the provisions of this subchapter shall be deemed to be housing facilities under the jurisdiction of the military department to which they are assigned.

(d) Opinion as to title to property; guarantee; title search and title insurance

On request by the Secretary of Defense, the Attorney General shall furnish to the Secretary of Defense, or his designee, an opinion as to the sufficiency of title to any property on which it is proposed to construct housing, or on which housing has been constructed, under this section. If the opinion of the Attorney General is that the title to any such property is good and sufficient, the Secretary of Defense is authorized to guarantee, or enter into a commitment to guarantee, the mortgagee, under a mortgage on such property which is insured under title VIII of the National Housing Act [12 U.S.C. 1748 et seq.], against any losses that may thereafter arise from adverse claims to title. None of the proceeds of any mortgage loan hereafter insured under such title VIII shall be used for title search and title insurance costs: *Provided*, That if the Secretary of Defense, or his designee, determines in the case of any housing project, that the financing of the construction of such project is impossible unless title insurance is provided, the Secretary of Defense may provide for the payment of the reasonable costs necessary for obtaining title search and title insurance. Any payments by the Secretary of Defense hereunder shall be made from the revolving fund established under section 1594a(g)¹ of this title. Any determination by the Secretary of Defense under the foregoing proviso shall be set forth in writing, together with the reasons therefor. The Committees on Armed Services of the Senate and House of Representatives shall be promptly notified of each such determination, and of the amount of any payment made by the Secretary of Defense for title search and title insurance costs.

§ 1594a. Acquisition of military housing financed under Armed Services Housing Mortgage Insurance Fund and rental housing at military bases

(a) Purchase price

Whenever the Secretary of Defense or his designee deems it necessary for the purpose of this subchapter, he may acquire, by purchase, donation, condemnation, or other means of transfer, any land or (with the approval of the Secretary of Housing and Urban Development) (1) any housing financed with mortgages insured under title VIII of the National Housing Act [12 U.S.C. 1748 et seq.] as in effect prior to August 11, 1955, or (2) any housing situated adjacent to a military installation which was (A) completed prior to July 1, 1952, (B) certified by the Department of Defense, prior to construction, as being necessary to meet an existing military family housing need and considered as military housing by the Secretary of Housing and Urban Development, and (C) financed with mortgages insured under section 207 of the National Housing Act [12 U.S.C. 1713], or (3) any housing situated on or adjacent to a military installation which was (A) completed prior to July 1, 1952, (B) considered by the Department of Defense, prior to construction, as being necessary to meet an existing military family housing need and considered as military housing by the Secretary of Housing and Urban Development, and (C) financed with mortgages insured under section 608 of the Na-

¹ See References in Text note below.

tional Housing Act [12 U.S.C. 1743], including adjacent property constructed primarily to provide commercial facilities for the occupants of such housing. The purchase price of any such housing shall not exceed the Secretary of Housing and Urban Development's estimate of the replacement cost of such housing and related property (not including the value of any improvements installed or constructed with appropriated funds) as of the date of final endorsement for mortgage insurance reduced by an appropriate allowance representing the estimated cost of repairs and replacements necessary to restore the property to sound physical condition, as determined by the Secretary of Defense or his designee upon the advice of the Secretary of Housing and Urban Development: *Provided*, That in any case where the Secretary of Defense or his designee acquires a project held by the Secretary of Housing and Urban Development, the price paid shall not exceed the face value of the debentures (plus accrued interest thereon) which the Secretary of Housing and Urban Development issued in acquiring such project.

(b) Housing at or near a military installation

Notwithstanding any provision of subsection (a) of this section to the contrary, the Secretary of Defense or his designee shall, in the manner provided in subsection (a) of this section, acquire by purchase, donation, or other means of transfer or, if the parties cannot agree upon terms for acquisition by such means, by condemnation, any housing described in clause (1) or (2) of subsection (a) of this section which is located at or near a military installation where the construction of housing under the Armed Services Housing Mortgage Insurance Program has been approved by the Secretary.

(c) Condemnation; procedures; deposit; payment; interest

(1) Condemnation proceedings instituted pursuant to this section shall be conducted in accordance with the provisions of section 257 of title 40, or any other applicable Federal statute. Before any such condemnation proceedings are instituted, an effort shall be made to acquire the property involved by negotiation. In any such condemnation proceedings, and in the interests of expedition, the issue of just compensation may be determined by a commission of three qualified, disinterested persons to be appointed by the court. Any commission appointed hereunder shall give full consideration to all elements of value in accordance with existing law, and shall have the powers of a master provided in subdivision (c) of rule 53 of the Federal Rules of Civil Procedure and proceedings before it shall be governed by the provisions of paragraphs (1) and (2) of subdivision (d) of such rule. Its action and report shall be determined by a majority and its findings and report shall have the effect, and be dealt with by the court in accordance with the practice prescribed in paragraph (2) of subdivision (e) of such rule. Trial of all issues, other than just compensation, shall be by the court.

(2) In any condemnation proceedings instituted to acquire any such housing, or interest therein, the court shall not order the party in possession to surrender possession in advance of

final judgment unless a declaration of taking has been filed, and a deposit of the amount estimated to be just compensation has been made, under section 258a of title 40. The amount of such deposit for the purpose of this section shall not in any case be less than an amount equal to the actual cost of the housing (not including the value of any improvements installed or constructed with appropriated funds) as certified by the sponsor or owner of the project to the Secretary of Housing and Urban Development pursuant to any statute or any regulations issued by the Secretary of Housing and Urban Development, reduced by the amount of the principal obligation of the mortgage outstanding at the time possession is surrendered, but any such deposit shall not include any excess mortgage proceeds or "windfalls," kickbacks and rebates received in connection with the construction of said housing as determined by the Department of Defense, or any other Federal agency. The amount of such deposit in any case where the sponsor or owner has not certified the cost of the project to the Secretary of Housing and Urban Development at August 10, 1959, shall be determined by the Secretary of Defense, or his designee, in accordance with sections 258a to 258e-1 of title 40, with a view toward accurately estimating the equity of the sponsor or owner: *Provided*, That in the event there is withdrawn from the registry of the court by the owner or sponsor a sum of money in excess of the final award of just compensation, this excess shall be repaid to the United States plus a sum equal to 4 per centum per annum on such excess from the time such sum is deposited in the registry of the court: *Provided further*, That any court in which money is deposited as provided in this section shall require the furnishing of security by the owner to protect the United States from any loss by reason of a final award of just compensation of less than the amount deposited: *And provided further*, That the deposit required to be made by this section shall be without prejudice to any party in the determination of just compensation. Unless title is in dispute, the court, upon application and subject to the foregoing provisions of this subsection, shall promptly pay to the owner at least 75 per centum of the amount so deposited, but such payment shall be made without prejudice to any party to the proceeding. In the event that condemnation proceedings are instituted in accordance with procedures under sections 258a to 258e-1 of title 40, the court shall order that the amount deposited shall be paid in a lump sum or over a period not exceeding five years in accordance with stipulations executed by the parties in the proceedings. In connection with condemnation proceedings which do not utilize the procedures under such sections, the Secretary of Defense or his designee, after final judgment of the court, may pay or agree to pay in a lump sum or, in accordance with stipulations executed by the parties to the proceedings, over a period not exceeding five years the difference between the outstanding principal obligation, plus accrued interest, and the price for the property fixed by the court. Unless such payment is made in a lump sum, the unpaid balance thereof shall bear interest at the rate of 4 per centum per annum.

(d) Occupancy; use, or improvement of property before approval of title

Property acquired under this section may be occupied, used, and improved for the purposes of this section prior to the approval of title by the Attorney General as required by section 255 of title 40.

(e) Release of accrual requirements for replacement, taxes, and hazard insurance reserves

The Secretary of Defense or his designee may, in the case of any housing acquired or to be acquired under this section, make arrangements with the mortgage whereby such mortgage will agree to release and waive all requirements of accruals for reserves for replacement, taxes, and hazard insurance provided for under the corporate charter and indenture agreement with respect to such housing, upon the execution of a written agreement by the Secretary or his designee that the purposes for which such reserves and other funds were accrued will be carried out.

(f) Use as public quarters or lease of housing

Any housing acquired under this section may be (1) assigned as public quarters to military personnel and their dependents; or (2) leased to military and civilian personnel for occupancy by them and their dependents, upon such terms and conditions as will in the judgment of the Secretary of Defense or his designee be in the best interest of the United States, without loss to military personnel of their basic allowance for quarters or appropriate allotments.

Whenever the Secretary of Defense or his designee determines that it is desirable in order to

effectuate the purposes of this title, the Secretary is authorized, without regard to the civil service and classification laws, to procure, by negotiation or otherwise, the services of architects and engineers, or organizations thereof, under such arrangements as he deems desirable, but at an expense not in excess of that permissible under the schedule of fees allowed from time to time by the Secretary of Housing and Urban Development in connection with projects assisted under the United States Housing Act of 1937, as amended [42 U.S.C. 1437 et seq.]. Such services may include the development of plans, drawings and specifications for family housing under this title and other services in connection therewith: *Provided*, That such plans, drawings, and specifications may include the use of any project to be constructed under this subchapter of alternate materials or alternate types of construction, including prefabrication, that provide substantially equal value and conform to standards established by the Secretary of Housing and Urban Development: *Provided further*, That such plans, drawings, and specifications, when developed pursuant to arrangements made under this section after August 7, 1956, shall follow the principle of modular measure, in order that the housing may be built by conventional construction, on-site fabrication, factory precutting, factory fabrication, or any combination of these construction methods: *Provided further*, That the Secretary of Defense may designate certain sites or parts thereof for family housing to be furnished from prefabricated houses or housing components. Such arrangements may include provision for advance or progress payments, for payment by third parties, for payment by the Government of any such compensation as it not paid for by third parties, and shall include provision for reimbursement by third parties to the Government of any compensation or other expenses paid by the Government pursuant to this section, and may include other provisions for compensation. Any public works appropriations now or hereafter available to the Departments of the Army, Navy, or Air Force or the Coast Guard may be obligated by the respective departments or the Coast Guard for these purposes. Reimbursements to the Government on account of payments made pursuant to this section shall be made to appropriations against which such payments were charged. The Secretary of Defense is further authorized to advance or pay to the Department of Housing and Urban Development its “Appraisal and Eligibility Statement” fees in connection with such family housing. The Secretary of Defense is further authorized to enter into arrangements by contract or otherwise for eventual acquisition by the Government, without cost to the Government of all right, title, and interest in sites on which housing is constructed pursuant to this title and improvements thereon.

Any payment made pursuant to this subsection shall not in any case be included in computing the maximum aggregate or total compensation payable for disability or death, as provided in section 1702(a) of this title: *Provided further*, That no such payment to such person or his dependent, on account of such absence, shall be made during any period such person or dependent, respectively, has received, or may be entitled to receive, any other payment from the United States, either directly or indirectly, because of such absence, unless such person or dependent refunds or renounces such other benefit or payment for the period claimed.

Benefits found to be due under this subsection shall be paid from the compensation fund established pursuant to section 8147 of title 5: *Provided*, That the determination of dependents, dependency, and amounts of payments to dependents shall be made in the manner specified in subchapter I of chapter 81 of title 5: *Provided further*, That claim for such detention benefits shall be filed in accordance with and subject to the limitation provisions of subchapter I of chapter 81 of title 5, as modified by section 1706(c) of this title: *And provided further*, That except in cases of fraud or willful misrepresentation, the Secretary may waive recovery of money erroneously paid under this subdivision

whenever he finds that such recovery would be impracticable or would cause hardship to the beneficiary affected: *And provided further*, That where such a person is found to be missing from his place of employment whether or not such person then actually was engaged in the course of his employment, under circumstances supporting an inference that his absence is due to the belligerent action of a hostile force or person or is known to have been taken by a hostile force or person as a prisoner, hostage, or otherwise, the amount of benefits to be credited to the account of such person under this subsection, and for the purposes of this subsection only, shall be 100 per centum of the average weekly wages of such person, except that in computing such benefits such average weekly wages (a) shall not exceed the average weekly wages paid to civilian employees of the United States in the same or most similar occupation in the area nearest to the place of employment where such person was last employed, and (b) shall not exceed the average weekly wages of such absent person at the time such absence began; and 70 per centum of such average weekly wage so determined shall be disbursed to the dependent or dependents of such person, irrespective of the limitations of section 909 of title 33, but should there be more than one such dependent, the distribution of such 70 per centum shall be proportionate to the percentages allowed for dependents by section 909 of title 33, and if such manner of disbursement in any case would result in injustice or excessive allowance for a dependent, the Secretary may, in his discretion, modify such percentage or apportionment to meet the requirements of the case; and in such cases benefits for detention shall accrue from January 1, 1942, unless the beginning of absence occurred upon a later date in which event benefits shall accrue from such later date, and for the period of such absence shall be 100 per centum of the average weekly wages, determined as herein provided: *And provided further*, That compensation for disability under this subchapter (except under allowance for scheduled losses of members or functions of the body, within the purview of section 1702(a) of this title) shall not be paid in any case in respect to any period of time during which benefits for detention may accrue under this subchapter in the same case, and should a person entitled to benefits for detention also be entitled to workmen's compensation or similar benefits under any other law, agreement, or plan (except allowances for scheduled losses of members or functions of the body), where such other benefits are paid or to be paid directly or indirectly by the United States, the amount thereof accruing as to the period of absence shall be taken into account and the benefits credited to the account of the detained person reduced accordingly: *And provided further*, That where through mistake of fact, absence of proof of death, or error through lack of adequate information or otherwise, payments as for detention have in any case been erroneously made or credited, any resulting overpayment of detention benefits (the recovery of which is not waived as otherwise provided for in this section) shall be recouped by the Secretary in such manner as he shall determine from any unpaid ac-

cruals to the account of the detained person, and if such accruals are insufficient for such purpose, then from any allowance of compensation for injury or death in the same case (whether under this subchapter or under any other law, agreement, or plan, if the United States pays, or is obligated to pay, such benefits, directly or indirectly), but only to the extent of the amount of such compensation benefits payable for the particular period of such overpayment, and in cases of erroneous payments of compensation for injury or death, made through mistake of fact, whether under this subchapter or under any other law, agreement, or plan (if the United States is obligated to pay such compensation, directly or indirectly), the Secretary is authorized to recoup from any unpaid benefits for detention, the amount of any overpayment thus arising; and any amounts recovered under this section shall be covered into such compensation fund, and for the foregoing purposes the Secretary shall have a right of lien, intervention, and recovery in any claim or proceeding for compensation.

(2) Upon application by such person, or someone on his behalf, the Secretary may, under such regulations as he may prescribe, furnish transportation or the cost thereof (including reimbursement) to any such person from the point where his release from custody by a hostile force or person is effected, to his home, the place of his employment, or other place within the jurisdiction of the United States; but no transportation, or the cost thereof, shall be furnished under this paragraph where such person is furnished such transportation, or the cost thereof, under any agreement with his employer or under any other provision of law.

(3) In the case of death of any such person, if his death occurred away from his home, the body of such person shall, in the discretion of the Secretary, and if so desired by his next of kin, near relative, or legal representative, be embalmed and transported in a hermetically sealed casket or other appropriate container to the home of such person or to such other place as may be designated by such next of kin, near relative, or legal representative. No expense shall be incurred under this paragraph by the Secretary in any case where death takes place after repatriation, unless such death proximately results from a war-risk hazard.

(4) Such benefits for detention, transportation expenses of repatriated persons, and expenses of embalming, providing sealed or other appropriate container, and transportation of the body, and attendants (if required), as approved by the Secretary, shall be paid out of the compensation fund established under section 8147 of title 5.

(c) Persons not citizens or residents of United States

Compensation for permanent total or permanent partial disability or for death payable under this section to persons who are not citizens of the United States and who are not residents of the United States or Canada, shall be in the same amount as provided for residents; except that dependents in any foreign country shall be limited to surviving wife or husband and child or children, or if there be no surviving

wife or husband or child or children, to surviving father or mother whom such person has supported, either wholly or in part, for the period of one year immediately prior to the date of the injury; and except that the Secretary, at his option, may commute all future installments of compensation to be paid to such persons by paying to them one-half of the commuted amount of such future installments of compensation as determined by the Secretary.

(d) Persons excepted from coverage

The provisions of this section shall not apply in the case of any person (1) whose residence is at or in the vicinity of the place of his employment, and (2) who is not living there solely by virtue of the exigencies of his employment, unless his injury or death resulting from injury occurs or his detention begins while in the course of his employment, or (3) who is a prisoner of war or a protected person under the Geneva Conventions of 1949 and who is detained or utilized by the United States.

§ 1704. Reimbursement

(a) Payments reimbursable; filing claim for reimbursement; regulations for payment of direct benefits

Where any employer or his insurance carrier or compensation fund pays or is required to pay benefits—

(1) to any person or fund on account of injury or death of any person coming within the purview of this subchapter or chapter 11 of this title, if such injury or death arose from a war-risk hazard, which are payable under any workmen's compensation law of the United States or of any State, Territory, or possession of the United States, or other jurisdiction; or

(2) to any person by reason of any agreement outstanding on December 2, 1942 made in accordance with a contract between the United States and any contractor therewith to pay benefits with respect to the death of any employee of such contractor occurring under circumstances not entitling such person to benefits under any workmen's compensation law or to pay benefits with respect to the failure of the United States or its contractor to furnish transportation upon the completion of the employment of any employee of such contractor to his home or to the place where he was employed; or

(3) to any person by reason of an agreement approved or authorized by the United States under which a contractor with the United States has agreed to pay workmen's compensation benefits or benefits in the nature of workmen's compensation benefits to an injured employee or his dependents on account of detention by a hostile force or person or on account of injury or death arising from a war-risk hazard;

The Secretary may also, under such regulations as he shall prescribe, use any private facilities, or such Government facilities as may be available, for the treatment or care of any person entitled thereto.

(b) Charging of premiums as prohibiting reimbursement

§ 1755. Direct expenditures for agricultural commodities and other foods

(a) Administrative expenses; nutritional education; pilot projects; cash-in-lieu of commodities study; refusal of commodities and receipt of other commodities available to the State in lieu of the refused commodities

The funds provided by appropriation or transfer from other accounts for any fiscal year for carrying out the provisions of this chapter, and for carrying out the provisions of the Child Nutrition Act of 1966 [42 U.S.C. 1771 et seq.], other than section 3 thereof [42 U.S.C. 1772] less

(1) not to exceed 3½ per centum thereof which per centum is hereby made available to the Secretary for the Secretary's administrative expenses under this chapter and under the Child Nutrition Act of 1966 [42 U.S.C. 1771 et seq.];

(2) the amount apportioned by the Secretary pursuant to section 1753 of this title and the amount appropriated pursuant to sections 1759a and 1761 of this title and sections 4 and 7 of the Child Nutrition Act of 1966 [42 U.S.C. 1773 and 1776]; and

(3) not to exceed 1 per centum of the funds provided for carrying out the programs under this chapter and the programs under the Child

Nutrition Act of 1966 [42 U.S.C. 1771 et seq.], other than section 3 [42 U.S.C. 1772], which per centum is hereby made available to the Secretary to supplement the nutritional benefits of these programs through grants to States and other means for nutritional training and education for workers, cooperators, and participants in these programs, for pilot projects and the cash-in-lieu of commodities study required to be carried out under section 1769 of this title, and for necessary surveys and studies of requirements for food service programs in furtherance of the purposes expressed in section 1751 of this title, and section 2 of the Child Nutrition Act of 1966 [42 U.S.C. 1771],

shall be available to the Secretary during such year for direct expenditure by the Secretary for agricultural commodities and other foods to be distributed among the States and schools and service institutions participating in the food service programs under this chapter and under the Child Nutrition Act of 1966 [42 U.S.C. 1771 et seq.] in accordance with the needs as determined by the local school and service institution authorities. Except as provided in the next 2 sentences, any school participating in food service programs under this chapter may refuse to accept delivery of not more than 20 percent of the total value of agricultural commodities and other foods tendered to it in any school year; and if a school so refuses, that school may receive, in lieu of the refused commodities, other commodities to the extent that other commodities are available to the State during that year. Any school food authority may refuse some or all of the fresh fruits and vegetables offered to the school food authority in any school year and shall receive, in lieu of the offered fruits and vegetables, other more desirable fresh fruits and vegetables that are at least equal in value to the fresh fruits and vegetables refused by the school food authority. The value of any fresh fruits and vegetables refused by a school under the preceding sentence for a school year shall not be used to determine the 20 percent of the total value of agricultural commodities and other foods tendered to the school food authority in the school year under the second sentence. The provisions of law contained in the proviso of section 713c of title 15, facilitating operations with respect to the purchase and disposition of surplus agricultural commodities under section 612c of title 7, shall, to the extent not inconsistent with the provision of this chapter, also be applicable to expenditures of funds by the Secretary under this chapter. In making purchases of such agricultural commodities and other foods, the Secretary shall not issue specifications which restrict participation of local producers unless such specifications will result in significant advantages to the food service programs authorized by this chapter and the Child Nutrition Act of 1966.

(b) Delivery of commodities

The Secretary shall deliver, to each State participating in the school lunch program under this chapter, commodities valued at the total level of assistance authorized under subsection (c) of this section for each school year for the school lunch program in the State, not later than September 30 of the following school year.

(c) Interim source of funds, pending supplemental appropriation of additional funds for carrying out subsection (b)

Notwithstanding any other provision of law, the Secretary, until such time as a supplemental appropriation may provide additional funds for the purpose of subsection (b) of this section, shall use funds appropriated by section 612c of title 7 to make any payments to States authorized under such subsection. Any section 612c of title 7 funds utilized to make such payments shall be reimbursed out of any supplemental appropriation hereafter enacted for the purpose of carrying out subsection (b) of this section and such reimbursement shall be deposited into the fund established pursuant to section 612c of title 7 to be available for the purpose of said section 612c of title 7.

(d) State matching provisions inapplicable to subsection (b) or (c) funds

Any funds made available under subsection (b) or (c) of this section shall not be subject to the State matching provisions of section 1756 of this title.

(e) Level of commodity assistance; computation of index; calculation of total assistance to each State; emphasis on high protein foods; per meal value of donated foods

(1)(A) The national average value of donated foods, or cash payments in lieu thereof, shall be 11 cents, adjusted on July 1, 1982, and each July 1 thereafter to reflect changes in the Price Index for Food Used in Schools and Institutions. The Index shall be computed using 5 major food components in the Bureau of Labor Statistics' Producer Price Index (cereal and bakery products, meats, poultry and fish, dairy products, processed fruits and vegetables, and fats and oils). Each component shall be weighed using the same relative weight as determined by the Bureau of Labor Statistics.

(B) The value of food assistance for each meal shall be adjusted each July 1 by the annual percentage change in a 3-month average value of the Price Index for Foods Used in Schools and Institutions for March, April, and May each year. Such adjustment shall be computed to the nearest $\frac{1}{4}$ cent.

(C) For each school year, the total commodity assistance or cash in lieu thereof available to a State for the school lunch program shall be calculated by multiplying the number of lunches served in the preceding school year by the rate established by subparagraph (B). After the end of each school year, the Secretary shall reconcile the number of lunches served by schools in each State with the number of lunches served by schools in each State during the preceding school year and increase or reduce subsequent commodity assistance or cash in lieu thereof provided to each State based on such reconciliation.

(D) Among those commodities delivered under this section, the Secretary shall give special emphasis to high protein foods, meat, and meat alternates (which may include domestic seafood commodities and their products).

(E) Notwithstanding any other provision of this section, not less than 75 percent of the as-

sistance provided under this subsection shall be in the form of donated foods for the school lunch program.

(2) To the maximum extent feasible, each State agency shall offer to each school food authority under its jurisdiction that participates in the school lunch program and receives commodities, agricultural commodities and their products, the per meal value of which is not less than the national average value of donated foods established under paragraph (1). Each such offer shall include the full range of such commodities and products that are available from the Secretary to the extent that quantities requested are sufficient to allow efficient delivery to and within the State.

(f) Termination of commodity assistance based upon school breakfast program

Beginning with the school year ending June 30, 1981, the Secretary shall not offer commodity assistance based upon the number of breakfasts served to children under section 4 of the Child Nutrition Act of 1966 [42 U.S.C. 1773].

(g) Minimum percentage of commodity assistance

(1) Subject to paragraph (2), in each school year the Secretary shall ensure that not less than 12 percent of the assistance provided under section 1753 of this title, this section, and section 1759a of this title shall be in the form of commodity assistance provided under this section, including cash in lieu of commodities and administrative costs for procurement of commodities under this section.

(2) If amounts available to carry out the requirements of the sections described in paragraph (1) are insufficient to meet the requirement contained in paragraph (1) for a school year, the Secretary shall, to the extent necessary, use the authority provided under section 1762a(a) of this title to meet the requirement for the school year.

§ 1756. Payments to States

(a) State revenue matching requirements; special provisions for lower than average income per capita States

(1) Funds appropriated to carry out section 1753 of this title during any fiscal year shall be available for payment to the States for disbursement by State educational agencies in accordance with such agreements, not inconsistent with the provisions of this chapter, as may be entered into by the Secretary and such State educational agencies for the purpose of assisting schools within the States in obtaining agricultural commodities and other foods for consumption by children in furtherance of the school lunch program authorized under this chapter. For any school year, such payments shall be made to a State only if, during such school year, the amount of the State revenues (excluding State revenues derived from the operation of the program) appropriated or used specifically for program purposes (other than any State revenues expended for salaries and administrative expenses of the program at the State level) is not less than 30 percent of the funds made available to such State under section 1753 of this title for the school year beginning July 1, 1980.

(2) If, for any school year, the per capita income of a State is less than the average per capita income of all the States, the amount required to be expended by a State under paragraph (1) for such year shall be an amount bearing the same ratio to the amount equal to 30 percent of the funds made available to such State under section 1753 of this title for the school year beginning July 1, 1980, as the per capita income of such State bears to the average per capita income of all the States.

The State revenues provided by any State to meet the requirement of subsection (a) of this section shall, to the extent the State deems practicable, be disbursed to schools participating in the school lunch program under this chapter. No State in which the State educational agency is prohibited by law from disbursing State appropriated funds to private schools shall

be required to match Federal funds made available for meals served in such schools, or to disburse, to such schools, any of the State revenues required to meet the requirements of subsection (a) of this section.

(c) Certification of payments by Secretary

The Secretary shall certify to the Secretary of the Treasury, from time to time, the amounts to be paid to any State under this section and shall specify when such payments are to be made. The Secretary of the Treasury shall pay to the State, at the time or times fixed by the Secretary, the amounts so certified.

(d) Combined Federal and State commodity purchases

Notwithstanding any other provision of law, the Secretary may enter into an agreement with a State agency, acting on the request of a school food service authority, under which funds payable to the State under section 1753 or 1759a of this title may be used by the Secretary for the purpose of purchasing commodities for use by the school food service authority in meals served under the school lunch program under this chapter.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 1755, 1759a of this title.

§ 1757. State disbursement to schools; purpose; "child" and "children" defined; food costs; limitation

Funds paid to any State during any fiscal year pursuant to section 1753 of this title shall be disbursed by the State educational agency, in accordance with such agreements approved by the Secretary, as may be entered into by such State agency and the schools in the State, to those schools in the State which the State educational agency, taking into account need and attendance, determines are eligible to participate in the school lunch program. The agreements described in the preceding sentence shall be permanent agreements that may be amended as necessary. Nothing in the preceding sentence shall be construed to limit the ability of the State educational agency to suspend or terminate any such agreement in accordance with regulations prescribed by the Secretary. Such disbursement to any school shall be made only for the purpose of assisting it to obtain agricul-

tural commodities and other foods for consumption by children in the school lunch program. The terms "child" and "children" as used in this chapter shall be deemed to include individuals regardless of age who are determined by the State educational agency, in accordance with regulations prescribed by the Secretary, to have 1 or more mental or physical handicaps and who are attending any child care institution as defined in section 1766 of this title or any nonresidential public or nonprofit private school of high school grade or under for the purpose of participating in a school program established for individuals with mental or physical handicaps: *Provided*, That no institution that is not otherwise eligible to participate in the program under section 1766 of this title shall be deemed so eligible because of this sentence. Such food costs may include, in addition to the purchase price of agricultural commodities and other foods, the cost of processing, distributing, transporting, storing or handling thereof. In no event shall such disbursement for food to any school for any fiscal year exceed an amount determined by multiplying the number of lunches served in the school in the school lunch program under this chapter during such year by the maximum per meal reimbursement rate for the State, for the type of lunch served, as prescribed by the Secretary. In any fiscal year in which the national average payment per lunch determined under section 1753 of this title is increased above the amount prescribed in the previous fiscal year, the maximum per meal reimbursement rate, for the type of lunch served, shall be increased by a like amount. Lunch assistance disbursements to schools under this section and under section 1759a of this title may be made in advance or by way of reimbursement in accordance with procedures prescribed by the Secretary.

(June 4, 1946, ch. 281, § 8, 60 Stat. 232; Sept. 26, 1972, Pub. L. 92-433, § 8, 86 Stat. 729; Nov. 7, 1973, Pub. L. 93-150, § 2(b), 87 Stat. 560; Nov. 10, 1977, Pub. AMENDMENTS

1989—Pub. L. 101-147, § 312(1), substituted "school lunch" for "school-lunch" in three places.

Pub. L. 101-147, § 304, which directed the amendment of subsec. (d) by substituting "individuals" for "persons", "to have 1 or more mental or physical handicaps" for "to be mentally or physically handicapped", and "for individuals with mental or physical handicaps" for "for mentally or physically handicapped", was executed by making the substitutions in the undesignated text before the proviso as the probable intent of Congress because the section contains no subsection designations.

Pub. L. 101-147, § 201, inserted after first sentence "The agreements described in the preceding sentence shall be permanent agreements that may be amended as necessary. Nothing in the preceding sentence shall be construed to limit the ability of the State educational agency to suspend or terminate any such agreement in accordance with regulations prescribed by the Secretary."

1972—Pub. L. 92-433 substituted provision that disbursement to schools be made for the purpose of assisting them to finance the costs of agricultural commodities, for provision that such disbursement be made for the purpose of reimbursing them for such costs and inserted provision that lunch assistance disbursements to schools under this section and section 1759a of this title may be made in advance or by way of reimbursement according to procedure prescribed by the Secretary.

EFFECTIVE DATE OF 1981 AMENDMENT

Amendment by Pub. L. 97-35 effective Oct. 1, 1981, see section 820(a)(4) of Pub. L. 97-35, set out as a note under section 1753 of this title.

EFFECTIVE DATE OF 1978 AMENDMENT

Amendment by Pub. L. 95-627 effective Oct. 1, 1978, see section 14 of Pub. L. 95-627, set out as a note under section 1755 of this title.

§ 1758. Program requirements

(a) Nutritional standards; medical and special dietary needs of individual students; compliance assistance; fluid milk and lowfat cheese; diminution of food waste; acceptance of offered foods

(1)(A) Lunches served by schools participating in the school lunch program under this chapter shall meet minimum nutritional requirements prescribed by the Secretary on the basis of tested nutritional research, except that the minimum nutritional requirements—

(i) shall not be construed to prohibit the substitution of foods to accommodate the medical or other special dietary needs of individual students; and

(ii) shall, at a minimum, be based on the weekly average of the nutrient content of school lunches.

(B) The Secretary shall provide technical assistance and training, including technical assistance and training in the preparation of lower-fat versions of foods commonly used in the school lunch program under this chapter, to schools participating in the school lunch program to assist the schools in complying with the nutritional requirements prescribed by the Secretary pursuant to subparagraph (A) and in providing appropriate meals to children with medically certified special dietary needs. The Secretary shall provide additional technical assistance to schools that are having difficulty maintaining compliance with the requirements.

(2)(A) Lunches served by schools participating in the school lunch program under this chapter—

(i) shall offer students fluid milk; and

(ii) shall offer students a variety of fluid milk consistent with prior year preferences

unless the prior year preference for any such variety of fluid milk is less than 1 percent of the total milk consumed at the school.

(B)(i) The Secretary shall purchase in each calendar year to carry out the school lunch program under this chapter, and the school breakfast program under section 4 of the Child Nutrition Act of 1966 (42 U.S.C. 1773), lowfat cheese on a bid basis in a quantity that is the milkfat equivalent of the quantity of milkfat the Secretary estimates the Commodity Credit Corporation will purchase each calendar year as a result of the elimination of the requirement that schools offer students fluid whole milk and fluid unflavored lowfat milk, based on data provided by the Director of Office of Management and Budget.

(ii) Not later than 30 days after the Secretary provides an estimate required under clause (i), the Director of the Congressional Budget Office shall provide to the appropriate committees of Congress a report on whether the Director concurs with the estimate of the Secretary.

(iii) The quantity of lowfat cheese that is purchased under this subparagraph shall be in addition to the quantity of cheese that is historically purchased by the Secretary to carry out school feeding programs. The Secretary shall take such actions as are necessary to ensure that purchases under this subparagraph shall not displace commercial purchases of cheese by schools.

(3) The Secretary shall establish, in cooperation with State educational agencies, administrative procedures, which shall include local educational agency and student participation, designed to diminish waste of foods which are served by schools participating in the school lunch program under this chapter without endangering the nutritional integrity of the lunches served by such schools.

(4) Students in senior high schools that participate in the school lunch program under this chapter (and, when approved by the local school district or nonprofit private schools, students in any other grade level) shall not be required to accept offered foods they do not intend to consume, and any such failure to accept offered foods shall not affect the full charge to the student for a lunch meeting the requirements of this subsection or the amount of payments made under this chapter to any such school for such lunch.

(b) Income eligibility guidelines for free and reduced price school lunches; duty of Secretary; time to prescribe; relationship to other poverty guidelines; revision; publication; application, verification and approval; use or disclosure of eligibility information; maximum reduced price; nondiscrimination or identification of recipients

(1)(A) Not later than June 1 of each fiscal year, the Secretary shall prescribe income guidelines for determining eligibility for free and reduced price lunches during the 12-month period beginning July 1 of such fiscal year and ending June 30 of the following fiscal year. The income guidelines for determining eligibility for free lunches shall be 130 percent of the applicable family size income levels contained in the non-

farm income poverty guidelines prescribed by the Office of Management and Budget, as adjusted annually in accordance with subparagraph (B). The income guidelines for determining eligibility for reduced price lunches for any school year shall be 185 percent of the applicable family size income levels contained in the non-farm income poverty guidelines prescribed by the Office of Management and Budget, as adjusted annually in accordance with subparagraph (B). The Office of Management and Budget guidelines shall be revised at annual intervals, or at any shorter interval deemed feasible and desirable.

(B) The revision required by subparagraph (A) of this paragraph shall be made by multiplying—

(i) the official poverty line (as defined by the Office of Management and Budget); by

(ii) the percentage change in the Consumer Price Index during the annual or other interval immediately preceding the time at which the adjustment is made.

Revisions under this subparagraph shall be made not more than 30 days after the date on which the consumer price index data required to compute the adjustment becomes available.

(2)(A) Following the determination by the Secretary under paragraph (1) of this subsection of the income eligibility guidelines for each school year, each State educational agency shall announce the income eligibility guidelines, by family size, to be used by schools in the State in making determinations of eligibility for free and reduced price lunches. Local school authorities shall, each year, publicly announce the income eligibility guidelines for free and reduced price lunches on or before the opening of school.

(B) Applications for free and reduced price lunches, in such form as the Secretary may prescribe or approve, and any descriptive material, shall be distributed to the parents or guardians of children in attendance at the school, and shall contain only the family size income levels for reduced price meal eligibility with the explanation that households with incomes less than or equal to these values would be eligible for free or reduced price lunches. Such forms and descriptive material may not contain the income eligibility guidelines for free lunches.

(C)(i) Except as provided in clause (ii), each eligibility determination shall be made on the basis of a complete application executed by an adult member of the household. The Secretary, State, or local food authority may verify any data contained in such application. A local school food authority shall undertake such verification of information contained in any such application as the Secretary may by regulation prescribe and, in accordance with such regulations, shall make appropriate changes in the eligibility determination with respect to such application on the basis of such verification.

(ii) Subject to clause (iii), any school food authority may certify any child as eligible for free or reduced price lunches or breakfasts, without further application, by directly communicating with the appropriate State or local agency to obtain documentation of such child's status as a member of—

(I) a household that is receiving food stamps under the Food Stamp Act of 1977 [7 U.S.C. 2011 et seq.]; or

(II) a family that is receiving assistance under the program for aid to families with dependent children under part A of title IV of the Social Security Act [42 U.S.C. 601 et seq.].

(iii) The use or disclosure of any information obtained from an application for free or reduced price meals, or from a State or local agency referred to in clause (ii), shall be limited to—

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 1755, 1757, 1766, 1769, 1776 of this title.

§ 1759a. Special assistance funds

(a) Formula for computation of payments; computation for lunches to eligible children in schools funding service to ineligible children from non-Federal sources; special assistance factors; annual adjustments

(1)(A) Except as provided in section 1759 of this title, in each fiscal year each State educational agency shall receive special assistance payments in an amount equal to the sum of the product obtained by multiplying the number of lunches (consisting of a combination of foods which meet the minimum nutritional requirements prescribed by the Secretary pursuant to section 1758(a) of this title) served free to children eligible for such lunches in schools within that State during such fiscal year by the special assistance factor for free lunches prescribed by the Secretary for such fiscal year and the product obtained by multiplying the number of lunches served at a reduced price to children eligible for such reduced price lunches in schools within that State during such fiscal year by the special assistance factor for reduced price lunches prescribed by the Secretary for such fiscal year.

(B) Except as provided in subparagraph (C), (D), or (E), in the case of any school which determines that at least 80 percent of the children in attendance during a school year (hereinafter in this sentence referred to as the "first school year") are eligible for free lunches or reduced price lunches, special assistance payments shall be paid to the State educational agency with respect to that school, if that school so requests for the school year following the first school year, on the basis of the number of free lunches or reduced price lunches, as the case may be, that are served by that school during the school year for which the request is made, to those children who were determined to be so eligible in the first school year and the number of free lunches and reduced price lunches served during that year to other children determined for that year to be eligible for such lunches.

(C)(i) Except as provided in subparagraph (D), in the case of any school that—

(I) elects to serve all children in the school free lunches under the school lunch program during any period of 3 successive school years, or in the case of a school that serves both lunches and breakfasts, elects to serve all children in the school free lunches and free breakfasts under the school lunch program and the school breakfast program established under section 4 of the Child Nutrition Act of 1966 (42 U.S.C. 1773) during any period of 3 successive school years; and

(II) pays, from sources other than Federal funds, for the costs of serving the lunches or breakfasts that are in excess of the value of assistance received under this chapter and the Child Nutrition Act of 1966 (42 U.S.C. 1771 et seq.) with respect to the number of lunches or breakfasts served during the period;

special assistance payments shall be paid to the State educational agency with respect to the school during the period on the basis of the number of lunches or breakfasts determined under clause (ii) or (iii).

(ii) For purposes of making special assistance payments under clause (i), except as provided in

clause (iii), the number of lunches or breakfasts served by a school to children who are eligible for free lunches or breakfasts or reduced price lunches or breakfasts during each school year of the 3-school-year period shall be considered to be equal to the number of lunches or breakfasts served by the school to children eligible for free lunches or breakfasts or reduced price lunches or breakfasts during the first school year of the period.

(iii) For purposes of computing the amount of the payments, a school may elect to determine on a more frequent basis the number of children who are eligible for free or reduced price lunches or breakfasts who are served lunches or breakfasts during the 3-school-year period.

(D)(i) In the case of any school that, on November 2, 1994, is receiving special assistance payments under this paragraph for a 3-school-year period described in subparagraph (C), the State may grant, at the end of the 3-school-year period, an extension of the period for an additional 2 school years, if the State determines, through available socioeconomic data approved by the Secretary, that the income level of the population of the school has remained stable.

(ii) A school described in clause (i) may reapply to the State at the end of the 2-school-year period described in clause (i) for the purpose of continuing to receive special assistance payments, as determined in accordance with this paragraph, for a subsequent 5-school-year period. The school may reapply to the State at the end of the 5-school-year period, and at the end of each 5-school-year period thereafter for which the school receives special assistance payments under this paragraph, for the purpose of continuing to receive the payments for a subsequent 5-school-year period.

(iii) If the Secretary determines after considering the best available socioeconomic data that the income level of families of children enrolled in a school has not remained stable, the Secretary may require the submission of applications for free and reduced price lunches, or for free and reduced price lunches and breakfasts, in the first school year of any 5-school-year period for which the school receives special assistance payments under this paragraph, for the purpose of calculating the special assistance payments.

(iv) For the purpose of updating information and reimbursement levels, a school described in clause (i) that carries out a school lunch or school breakfast program may at any time require submission of applications for free and reduced price lunches or for free and reduced price lunches and breakfasts.

(E)(i) In the case of any school that—

(I) elects to serve all children in the school free lunches under the school lunch program during any period of 4 successive school years, or in the case of a school that serves both lunches and breakfasts, elects to serve all children in the school free lunches and free breakfasts under the school lunch program and the school breakfast program during any period of 4 successive school years; and

(II) pays, from sources other than Federal funds, for the costs of serving the lunches or breakfasts that are in excess of the value of assistance received under this chapter and the

Child Nutrition Act of 1966 (42 U.S.C. 1771 et seq.) with respect to the number of lunches or breakfasts served during the period;

total Federal cash reimbursements and total commodity assistance shall be provided to the State educational agency with respect to the school at a level that is equal to the total Federal cash reimbursements and total commodity assistance received by the school in the last school year for which the school accepted applications under the school lunch or school breakfast program, adjusted annually for inflation in accordance with paragraph (3)(B) and for changes in enrollment, to carry out the school lunch or school breakfast program.

(ii) A school described in clause (i) may reapply to the State at the end of the 4-school-year period described in clause (i), and at the end of each 4-school-year period thereafter for which the school receives reimbursements and assistance under this subparagraph, for the purpose of continuing to receive the reimbursements and assistance for a subsequent 4-school-year period. The State may approve an application under this clause if the State determines, through available socioeconomic data approved by the Secretary, that the income level of the population of the school has remained consistent with the income level of the population of the school in the last school year for which the school accepted the applications described in clause (i).

(iii) Not later than 1 year after November 2, 1994, the Secretary shall evaluate the effects of this subparagraph and notify the Committee on Education and Labor of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate of the results of the evaluation.

(2) The special assistance factor prescribed by the Secretary for free lunches shall be 98.75 cents and the special assistance factor for reduced price lunches shall be 40 cents less than the special assistance factor for free lunches.

(3)(A) The Secretary shall prescribe on July 1, 1982, and on each subsequent July 1, an annual adjustment in the following:

(i) The national average payment rates for lunches (as established under section 1753 of this title).

(ii) The special assistance factor for lunches (as established under paragraph (2) of this subsection).

(iv) The national average payment rates for supplements (as established under section 1766(c) of this title).

(B) The annual adjustment under this paragraph shall reflect changes in the cost of operating meal programs under this chapter and the Child Nutrition Act of 1966 [42 U.S.C. 1771 et seq.], as indicated by the change in the series for food away from home of the Consumer Price Index for all Urban Consumers, published by the Bureau of Labor Statistics of the Department of Labor. Each annual adjustment shall reflect the changes in the series for food away from home

for the most recent 12-month period for which such data are available. The adjustments made under this paragraph shall be computed to the nearest one-fourth cent.

(b) Financing cost of free and reduced price lunches on basis of need of school for special assistance; maximum per lunch amount

Except as provided in section 10 of the Child Nutrition Act of 1966 [42 U.S.C. 1779], the special assistance payments made to each State agency during each fiscal year under the provisions of this section shall be used by such State agency to assist schools of that State in providing free and reduced price lunches served to children pursuant to section 1758(b) of this title. The amount of such special assistance funds that a school shall from time to time receive, within a maximum per lunch amount established by the Secretary for all States, shall be based on the need of the school for such special assistance. Such maximum per lunch amount established by the Secretary shall not be less than 60 cents.

(c) Payments to States

Special assistance payments to any State under this section shall be made as provided in the last sentence of section 1756 of this title.

(2) The State educational agency of each State shall report to the Secretary each month the average number of children in the State who received free lunches and the average number of children in the State who received reduced price lunches during the immediately preceding month.

(f) Eligibility of commodity only schools for special assistance payments; free and reduced price meals; discrimination and identification prohibited

Commodity only schools shall also be eligible for special assistance payments under this section. Such schools shall serve meals free to children who meet the eligibility requirements for free meals under section 1758(b) of this title, and shall serve meals at a reduced price, not exceeding the price specified in section 1758(b)(3) of this title, to children meeting the eligibility requirements for reduced price meals under such section. Such accounts and records shall at all times be available for inspection and audit by representatives of the Secretary and shall be preserved for such period of time, not in excess of five years, as the Secretary determines is necessary.

(b) Agreements with State educational agencies

The Secretary shall incorporate, in the Secretary's agreements with the State educational agencies, the express requirements under this chapter with respect to the operation of the school lunch program under this chapter insofar as they may be applicable and such other provisions as in the Secretary's opinion are reasonably necessary or appropriate to effectuate the purposes of this chapter.

(c) Requirements with respect to teaching personnel, curriculum, instruction, etc.

In carrying out the provisions of this chapter, neither the Secretary nor the State shall impose any requirement with respect to teaching personnel, curriculum, instruction, methods of instruction, and materials of instruction in any school.

For the purposes of this paragraph (i) the average annual per capita income for any State and for all the States shall be determined by the Secretary on the basis of the average annual per capita income for each State and for all the States for the three most recent years for which such data are available and certified to the Secretary by the Department of Commerce; and (ii) the average annual per capita income for American Samoa shall be disregarded in determining the average annual per capita income for all the States for periods ending before July 1, 1967.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 1758 of this title.

§ 1761. Summer food service programs for children in service institutions

(a) Assistance to States; definitions; facilities to be used; eligible service institutions; order of priority in participation; assistance to rural area eligible service institutions to participate in the programs; reimbursement of camps, limitations, local, municipal and county institutions to be run by government; eligible private nonprofit organizations

(1) The Secretary is authorized to carry out a program to assist States, through grants-in-aid and other means, to initiate, maintain, and ex-

pand nonprofit food service programs for children in service institutions. For purposes of this section, (A) “program” means the summer food service program for children authorized by this section; (B) “service institutions” means public or private nonprofit school food authorities, local, municipal, or county governments, public or private nonprofit higher education institutions participating in the National Youth Sports Program,¹ and residential public or private nonprofit summer camps, that develop special summer or school vacation programs providing food service similar to that made available to children during the school year under the school lunch program under this chapter or the school breakfast program under the Child Nutrition Act of 1966 [42 U.S.C. 1771 et seq.]; (C) “areas in which poor economic conditions exist” means areas in which at least 50 percent of the children are eligible for free or reduced price school meals under this chapter and the Child Nutrition Act of 1966, as determined by information provided from departments of welfare, zoning commissions, census tracts, by the number of free and reduced price lunches or breakfasts served to children attending public and nonprofit private schools located in the area of program food service sites, or from other appropriate sources, including statements of eligibility based upon income for children enrolled in the program; (D) “children” means individuals who are eighteen years of age and under, and individuals who are older than eighteen who are (i) determined by a State educational agency or a local public educational agency of a State, in accordance with regulations prescribed by the Secretary, to be mentally or physically handicapped, and (ii) participating in a public or nonprofit private school program established for the mentally or physically handicapped; and (E) “State” means any of the fifty States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands of the United States, Guam, American Samoa, the Trust Territory of the Pacific Islands, and the Northern Mariana Islands.

(2) To the maximum extent feasible, consistent with the purposes of this section, any food service under the program shall use meals prepared at the facilities of the service institution or at the food service facilities of public and nonprofit private schools. The Secretary shall assist States in the development of information and technical assistance to encourage increased service of meals prepared at the facilities of service institutions and at public and nonprofit private schools.

(3) Eligible service institutions entitled to participate in the program shall be limited to those that—

(A) demonstrate adequate administrative and financial responsibility to manage an effective food service;

(B) have not been seriously deficient in operating under the program;

(C)(i) conduct a regularly scheduled food service for children from areas in which poor economic conditions exist;

(ii) conduct a regularly scheduled food service primarily for homeless children; or

¹ So in original.

(iii) qualify as camps; and

(D) provide an ongoing year-round service to the community to be served under the program (except that an otherwise eligible service institution shall not be disqualified for failure to meet this requirement for ongoing year-round service if the State determines that its disqualification would result in an area in which poor economic conditions exist not being served or in a significant number of needy children not having reasonable access to a summer food service program).

(4) The following order of priority shall be used by the State in determining participation where more than one eligible service institution proposes to serve the same area:

(A) Local schools.

(B) All other service institutions and private nonprofit organizations eligible under paragraph (7) that have demonstrated successful program performance in a prior year.

(C) New public institutions.

(D) New private nonprofit organizations eligible under paragraph (7).

The Secretary and the States, in carrying out their respective functions under this section, shall actively seek eligible service institutions located in rural areas, for the purpose of assisting such service institutions in applying to participate in the program.

(5) Camps that satisfy all other eligibility requirements of this section shall receive reimbursement only for meals served to children who meet the eligibility requirements for free or reduced price meals, as determined under this chapter and the Child Nutrition Act of 1966 [42 U.S.C. 1771 et seq.].

(6) Service institutions that are local, municipal, or county governments shall be eligible for reimbursement for meals served in programs under this section only if such programs are operated directly by such governments.

(7)(A) Except as provided in subparagraph (C), private nonprofit organizations, as defined in subparagraph (B) (other than organizations eligible under paragraph (1)), shall be eligible for the program under the same terms and conditions as other service institutions.

(B) As used in this paragraph, the term "private nonprofit organizations" means those organizations that—

(i)(I) serve a total of not more than 2,500 children per day at not more than 5 sites in any urban area, with not more than 300 children being served at any 1 site (or, with a waiver granted by the State under standards developed by the Secretary, not more than 500 children being served at any 1 site); or

(II) serve a total of not more than 2,500 children per day at not more than 20 sites in any rural area, with not more than 300 children being served at any 1 site (or, with a waiver granted by the State under standards developed by the Secretary, not more than 500 children being served at any 1 site);

(ii) use self-preparation facilities to prepare meals, or obtain meals from a public facility (such as a school district, public hospital, or State university) or a school participating in the school lunch program under this chapter;

(iii) operate in areas where a school food authority or the local, municipal, or county government has not indicated by March 1 of any year that such authority or unit of local government will operate a program under this section in such year;

(iv) exercise full control and authority over the operation of the program at all sites under their sponsorship;

(v) provide ongoing year-around activities for children or families;

(vi) demonstrate that such organizations have adequate management and the fiscal capacity to operate a program under this section; and

(vii) meet applicable State and local health, safety, and sanitation standards.

(b) Payments to service institutions; food service operations costs; adjustments in maximum reimbursement levels; meals per day limitation; budget for administrative costs; submittal and approval by State; administrative cost payments; maximum allowable levels; study of food service operations and administrative costs; report to Congress

(1) Payments to service institutions shall equal the full cost of food service operations (which cost shall include the cost of obtaining, preparing, and serving food, but shall not include administrative costs), except that such payments to any institution shall not exceed (1) 85.75 cents for each lunch and supper served; (2) 47.75 cents for each breakfast served; or (3) 22.50 cents for each meal supplement served: *Provided*, That such amounts shall be adjusted each January 1 to the nearest one-fourth cent in accordance with the changes for the twelve-month period ending the preceding November 30 in the series for food away from home of the Consumer Price Index for All Urban Consumers published by the Bureau of Labor Statistics of the Department of Labor: *Provided further*, That the Secretary may make such adjustments in the maximum reimbursement levels as the Secretary determines appropriate after making the study prescribed in paragraph (4) of this subsection.

(2) Any service institution may only serve lunch and either breakfast or a meal supplement during each day of operation, except that any service institution that is a camp or that serves meals primarily to migrant children may serve up to four meals during each day of operation, if (A) the service institution has the administrative capability and the food preparation and food holding capabilities (where applicable) to serve more than one meal per day, and (B) the service period of different meals does not coincide or overlap. The meals that camps and migrant programs may serve shall include a breakfast, a lunch, a supper, and meal supplements.

(3) Every service institution, when applying for participation in the program, shall submit a complete budget for administrative costs related to the program, which shall be subject to approval by the State. Payment to service institutions for administrative costs shall equal the full amount of State approved administrative costs incurred, except that such payment to service institutions may not exceed the maximum allowable levels determined by the Sec-

retary pursuant to the study prescribed in paragraph (4) of this subsection.

(4)(A) The Secretary shall conduct a study of the food service operations carried out under the program. Such study shall include, but shall not be limited to—

(i) an evaluation of meal quality as related to costs; and

(ii) a determination whether adjustments in the maximum reimbursement levels for food service operation costs prescribed in paragraph (1) of this subsection should be made, including whether different reimbursement levels should be established for self-prepared meals and vendored meals and which site-related costs, if any, should be considered as part of administrative costs.

(B) The Secretary shall also study the administrative costs of service institutions participating in the program and shall thereafter prescribe maximum allowable levels for administrative payments that reflect the costs of such service institutions, taking into account the number of sites and children served, and such other factors as the Secretary determines appropriate to further the goals of efficient and effective administration of the program.

(C) The Secretary shall report the results of such studies to Congress not later than December 1, 1977.

(c) Payments for meals served during May through September; exceptions for continuous school calendars or non-school sites; National Youth Sports Program

(1) Payments shall be made to service institutions only for meals served during the months of May through September, except in the case of service institutions that operate food service programs for children on school vacation at any time under a continuous school calendar or that provide meal service at non-school sites to children who are not in school for a period during the months of October through April due to a natural disaster, building repair, court order, or similar cause.

(2)(A) Notwithstanding any other provision of this chapter, any higher education institution that receives reimbursements under the program for meals and meal supplements served to low-income children under the National Youth Sports Program is eligible to receive reimbursements for not more than 2 meals or 1 meal and 1 meal supplement per day for not more than 30 days for each child participating in a National Youth Sports Program operated by such institution during the months other than May through September. The program under this paragraph shall be administered within the State by the same State agency that administers the program during the months of May through September.

(B) Children participating in National Youth Sports Programs operated by higher education institutions, and such higher education institutions, shall be eligible to participate in the program under this paragraph without application.

(C) Higher education institutions shall be reimbursed for meals and meal supplements served under this paragraph—

(i) in the case of lunches and suppers, at the same rates as the payment rates established

for free lunches under section 1759a of this title; and

(ii) in the case of breakfasts or meal supplements, at the same rates as the severe need payment rates established for free breakfasts under section 4 of the Child Nutrition Act of 1966 [42 U.S.C. 1773].

(D)(i) Meals for which a higher education institution is reimbursed under this paragraph shall fulfill the minimum nutritional requirements and meal patterns prescribed by the Secretary—

(I) for meals served under the school lunch program under this chapter, in the case of reimbursement for lunches or suppers; and

(II) for meals served under the school breakfast program under section 4 of the Child Nutrition Act of 1966 [42 U.S.C. 1773], in the case of reimbursement for breakfasts.

(ii) The Secretary may modify the minimum nutritional requirements and meal patterns prescribed by the Secretary for meals served under the school breakfast program under section 4 of the Child Nutrition Act of 1966 for application to meal supplements for which a higher education institution is reimbursed under this paragraph.

(E) The Secretary shall issue regulations governing the implementation, operation, and monitoring of programs receiving assistance under this paragraph that, to the maximum extent practicable, are comparable to those established for higher education institutions participating in the National Youth Sports Program and receiving reimbursements under the program for the months of May through September.

(d) Advance program payments to States for monthly meal service; letters of credit, forwarding to States; determination of amount; valid claims, receipt

Not later than April 15, May 15, and July 1 of each year, the Secretary shall forward to each State a letter of credit (advance program payment) that shall be available to each State for the payment of meals to be served in the month for which the letter of credit is issued. The amount of the advance program payment shall be an amount which the State demonstrates, to the satisfaction of the Secretary, to be necessary for advance program payments to service institutions in accordance with subsection (e) of this section. The Secretary shall also forward such advance program payments, by the first day of the month prior to the month in which the program will be conducted, to States that operate the program in months other than May through September. The Secretary shall forward any remaining payments due pursuant to subsection (b) of this section not later than sixty days following receipt of valid claims therefor.

(e) Advance program payments to service institutions for monthly meal service; certification of personnel training sessions; minimum days per month operations requirement; payments; computation, limitation; valid claims, receipt; withholding; demand for repayment; subtraction of disputed payments

(1) Not later than June 1, July 15, and August 15 of each year, or, in the case of service institutions that operate under a continuous school

calendar, the first day of each month of operation, the State shall forward advance program payments to each service institution: *Provided*, That (A) the State shall not release the second month's advance program payment to any service institution that has not certified that it has held training sessions for its own personnel and the site personnel with regard to program duties and responsibilities, and (B) no advance program payment may be made for any month in which the service institution will operate under the program for less than ten days.

(2) The amount of the advance program payment for any month in the case of any service institution shall be an amount equal to (A) the total program payment for meals served by such service institution in the same calendar month of the preceding calendar year, (B) 50 percent of the amount established by the State to be needed by such service institution for meals if such service institution contracts with a food service management company, or (C) 65 percent of the amount established by the State to be needed by such service institution for meals if such service institution prepares its own meals, whichever amount is greatest: *Provided*, That the advance program payment may not exceed the total amount estimated by the State to be needed by such service institution for meals to be served in the month for which such advance program payment is made or \$40,000, whichever is less, except that a State may make a larger advance program payment to such service institution where the State determines that such larger payment is necessary for the operation of the program by such service institution and sufficient administrative and management capability to justify a larger payment is demonstrated. The State shall forward any remaining payment due a service institution not later than seventy-five days following receipt of valid claims. If the State has reason to believe that a service institution will not be able to submit a valid claim for reimbursement covering the period for which an advance program payment has been made, the subsequent month's advance program payment shall be withheld until such time as the State has received a valid claim. Program payments advanced to service institutions that are not subsequently deducted from a valid claim for reimbursement shall be repaid upon demand by the State. Any prior payment that is under dispute may be subtracted from an advance program payment.

(f) Nutritional standards; compliance assistance; free cost meals to children in approved institutions; camp services, charges for meals to ineligible children; quality assurance, model specifications and standards; meal preparation contracts, requirements; inspection and testing

Service institutions receiving funds under this section shall serve meals consisting of a combination of foods and meeting minimum nutritional standards prescribed by the Secretary on the basis of tested nutritional research. The Secretary shall provide technical assistance to service institutions and private nonprofit organizations participating in the program to assist the institutions and organizations in complying

with the nutritional requirements prescribed by the Secretary pursuant to this subsection. The Secretary shall provide additional technical assistance to those service institutions and private nonprofit organizations that are having difficulty maintaining compliance with the requirements. Meals described in the first sentence shall be served without cost to children attending service institutions approved for operation under this section, except that, in the case of camps, charges may be made for meals served to children other than those who meet the eligibility requirements for free or reduced price meals in accordance with subsection (a)(5) of this section. To assure meal quality, States shall, with the assistance of the Secretary, prescribe model meal specifications and model food quality standards, and ensure that all service institutions contracting for the preparation of meals with food service management companies include in their contracts menu cycles, local food safety standards, and food quality standards approved by the State. Such contracts shall require (A) periodic inspections, by an independent agency or the local health department for the locality in which the meals are served, of meals prepared in accordance with the contract in order to determine bacteria levels present in such meals, and (B) that bacteria levels conform to the standards which are applied by the local health authority for that locality with respect to the levels of bacteria that may be present in meals served by other establishments in that locality. Such inspections and any testing resulting therefrom shall be in accordance with the practices employed by such local health authority.

(g) Regulations, guidelines, applications, and handbooks; publication; startup costs

The Secretary shall publish proposed regulations relating to the implementation of the program by November 1 of each fiscal year, final regulations by January 1 of each fiscal year, and guidelines, applications, and handbooks by February 1 of each fiscal year. In order to improve program planning, the Secretary may provide that service institutions be paid as startup costs not to exceed 20 percent of the administrative funds provided for in the administrative budget approved by the State under subsection (b)(3) of this section. Any payments made for startup costs shall be subtracted from amounts otherwise payable for administrative costs subsequently made to service institutions under subsection (b)(3) of this section.

(h) Direct disbursement to service institutions by Secretary

Each service institution shall, insofar as practicable, use in its food service under the program foods designated from time to time by the Secretary as being in abundance. The Secretary is authorized to donate to States, for distribution to service institutions, food available under section 1431 of title 7, or purchased under section 612c of title 7 or section 1446a-1 of title 7. Donated foods may be distributed only to service institutions that can use commodities efficiently and effectively, as determined by the Secretary.

(i) Repealed. Pub. L. 97-35, title VIII, § 817(b), Aug. 13, 1981, 95 Stat. 532

(j) Administrative expenses of Secretary; authorization of appropriations

Expenditures of funds from State and local sources for the maintenance of food programs for children shall not be diminished as a result of funds received under this section.

(k) Administrative costs of State; payment; adjustment; standards and effective dates, establishment; funds: withholding, inspection

(1) The Secretary shall pay to each State for its administrative costs incurred under this section in any fiscal year an amount equal to (A) 20 percent of the first \$50,000 in funds distributed to that State for the program in the preceding fiscal year; (B) 10 percent of the next \$100,000 distributed to that State for the program in the preceding fiscal year; (C) 5 percent of the next \$250,000 in funds distributed to that State for the program in the preceding fiscal year; and (D) 2½ percent of any remaining funds distributed to that State for the program in the preceding fiscal year: *Provided*, That such amounts may be adjusted by the Secretary to reflect changes in the size of that State's program since the preceding fiscal year.

(2) The Secretary shall establish standards and effective dates for the proper, efficient, and effective administration of the program by the State. If the Secretary finds that the State has failed without good cause to meet any of the Secretary's standards or has failed without good cause to carry out the approved State management and administration plan under subsection (n) of this section, the Secretary may withhold from the State such funds authorized under this subsection as the Secretary determines to be appropriate.

(3) To provide for adequate nutritional and food quality monitoring, and to further the implementation of the program, an additional amount, not to exceed the lesser of actual costs or 1 percent of program funds, shall be made available by the Secretary to States to pay for State or local health department inspections, and to reinspect facilities and deliveries to test meal quality.

(l) Food service management companies; subcontracts; assignments, conditions and limitations; meal capacity information in bids subject to review; registration; record, availability to States; small and minority-owned businesses for supplies and services; contracts: standard form, bid and contract procedures, bonding requirements and exemption, review by States, collusive bidding safeguards

(1) Service institutions (other than private nonprofit organizations eligible under subsection (a)(7) of this section) may contract on a competitive basis only with food service management companies registered with the State in which they operate for the furnishing of meals or management of the entire food service under the program, except that a food service management company entering into a contract with a service institution under this section may not subcontract with a single company for the total

meal, with or without milk, or for the assembly of the meal. The Secretary shall prescribe additional conditions and limitations governing assignment of all or any part of a contract entered into by a food service management company under this section. Any food service management company shall, in its bid, provide the service institution information as to its meal capacity. The State shall, upon award of any bid, review the company's registration to calculate how many remaining meals the food service management company is equipped to prepare.

(2) Each State shall provide for the registration of food service management companies. For the purposes of this section, registration shall include, at a minimum—

(A) certification that the company meets applicable State and local health, safety, and sanitation standards;

(B) disclosure of past and present company owners, officers, and directors, and their relationship, if any, to any service institution or food service management company that received program funds in any prior fiscal year;

(C) records of contract terminations or disallowances, and health, safety, and sanitary code violations, in regard to program operations in prior fiscal years; and

(D) the addresses of the company's food preparation and distribution sites.

No food service management company may be registered if the State determines that such company (i) lacks the administrative and financial capability to perform under the program, or (ii) has been seriously deficient in its participation in the program in prior fiscal years.

(3) In order to ensure that only qualified food service management companies contract for services in all States, the Secretary shall maintain a record of all registered food service management companies that have been seriously deficient in their participation in the program and may maintain a record of other registered food service management companies, for the purpose of making such information available to the States.

(4) In accordance with regulations issued by the Secretary, positive efforts shall be made by service institutions to use small businesses and minority-owned businesses as sources of supplies and services. Such efforts shall afford those sources the maximum feasible opportunity to compete for contracts using program funds.

(5) Each State, with the assistance of the Secretary, shall establish a standard form of contract for use by service institutions and food service management companies. The Secretary shall prescribe requirements governing bid and contract procedures for acquisition of the services of food service management companies, including, but not limited to, bonding requirements (which may provide exemptions applicable to contracts of \$100,000 or less), procedures for review of contracts by States, and safeguards to prevent collusive bidding activities between service institutions and food service management companies.

(m) Accounts and records

States and service institutions participating in programs under this section shall keep such

accounts and records as may be necessary to enable the Secretary to determine whether there has been compliance with this section and the regulations issued hereunder. Such accounts and records shall at all times be available for inspection and audit by representatives of the Secretary and shall be preserved for such period of time, not in excess of five years, as the Secretary determines necessary.

(n) Management and administration plan; notification and submittal to Secretary; specific provisions

Notwithstanding any other provision of law, the Secretary, during the period beginning July 1, 1974, and ending September 30, 1998, shall—

(1) use funds available to carry out the provisions of section 612c of title 7 which are not expended or needed to carry out such provisions, to purchase (without regard to the provisions of existing law governing the expenditure of public funds) agricultural commodities and their products of the types customarily purchased under such section (which may include domestic seafood commodities and their products), for donation to maintain the annually programmed level of assistance for programs carried on under this chapter, the Child Nutrition Act of 1966 [42 U.S.C. 1771 et seq.], and title III of the Older Americans Act of 1965 [42 U.S.C. 3021 et seq.]; and

(2) if stocks of the Commodity Credit Corporation are not available, use the funds of such Corporation to purchase agricultural commodities and their products of the types customarily available under section 1431 of title 7, for such donation.

(b) Products included in food donations; nutritional quality and content information

(1) Among the products to be included in the food donations to the school lunch program shall be cereal and shortening and oil products.

(2) The Secretary shall maintain and continue to improve the overall nutritional quality of entitlement commodities provided to schools to assist the schools in improving the nutritional content of meals.

(3) The Secretary shall—

(A) require that nutritional content information labels be placed on packages or shipments of entitlement commodities provided to the schools; or

(B) otherwise provide nutritional content information regarding the commodities provided to the schools.

(c) Authorization of appropriations for purchase of products or for cash payments in lieu of donations

The Secretary may use funds appropriated from the general fund of the Treasury to purchase agricultural commodities and their products of the types customarily purchased for donation under section 311(a)(4) of the Older Americans Act of 1965 [42 U.S.C. 3030a(a)(4)] or for cash payments in lieu of such donations under section 311(b)(1) of such Act [42 U.S.C. 3030a(b)(1)]. There are hereby authorized to be appropriated such sums as are necessary to carry out the purposes of this subsection.

(d) Assistance procedures; cost and benefits, review; technical assistance; report to Congress; food quality standards contracting procedures

In providing assistance under this chapter and the Child Nutrition Act of 1966 [42 U.S.C. 1771 et seq.] for school lunch and breakfast programs, the Secretary shall establish procedures which will—

(1) ensure that the views of local school districts and private nonprofit schools with respect to the type of commodity assistance needed in schools are fully and accurately reflected in reports to the Secretary by the State with respect to State commodity preferences and that such views are considered by the Secretary in the purchase and distribution of commodities and by the States in the allocation of such commodities among schools within the States;

(2) solicit the views of States with respect to the acceptability of commodities;

(3) ensure that the timing of commodity deliveries to States is consistent with State school year calendars and that such deliveries occur with sufficient advance notice;

Within eighteen months after November 10, 1977, the Secretary shall report to Congress on the impact of procedures established under this subsection, including the nutritional, economic, and administrative benefits of such procedures. In purchasing commodities for programs carried out under this chapter and the Child Nutrition Act of 1966, the Secretary shall establish procedures to ensure that contracts for the purchase of such commodities shall not be entered into unless the previous history and current patterns of the contracting party with respect to compli-

ance with applicable meat inspection laws and with other appropriate standards relating to the wholesomeness of food for human consumption are taken into account.

(e) State advisory councils; establishment; membership; function

Each State educational agency that receives food assistance payments under this section for any school year shall establish for such year an advisory council, which shall be composed of representatives of schools in the State that participate in the school lunch program. The council shall advise such State agency with respect to the needs of such schools relating to the manner of selection and distribution of commodity assistance for such program.

(f) Commodity only schools

Commodity only schools shall be eligible to receive donated commodities equal in value to the sum of the national average value of donated foods established under section 1755(e) of this title and the national average payment established under section 1753 of this title. Such schools shall be eligible to receive up to 5 cents per meal of such value in cash for processing and handling expenses related to the use of such commodities. (2) In accordance with the terms and conditions of section 1581 of such Act, the Secretary shall permit an eligible school district to continue to receive assistance in the form of cash or commodity letters of credit assistance, in lieu of commodities, to carry out the school lunch program operated in the district.

(3)(A) On request of a participating school district (and after consultation with the Comptroller General of the United States with respect to accounting procedures used to determine any losses) and subject to the availability of funds, the Secretary shall provide cash compensation to an eligible school district for losses sustained by the district as a result of the alteration of the methodology used to conduct the study referred to in section 1581(a) of such Act during the school year ending June 30, 1983. The Secretary, in computing losses sustained by any school district under the preceding sentence, shall base such computation on the difference between the value of bonus commodity assistance received by such school district under this chapter for the school year ending June 30, 1983, and the value of bonus commodities received by such school district under this chapter for the school year ending June 30, 1982. For the purposes of this subparagraph—

(i) the term “bonus commodities” means commodities provided in addition to commodities provided pursuant to section 1755(e) of this title; and

(ii) the term “bonus commodity assistance” means assistance, in the form of bonus commodities, cash, or commodity letters of credit, provided in addition to assistance provided pursuant to section 1755(e) of this title.

The Secretary may provide cash compensation under this subparagraph only to eligible school districts that submit applications for such compensation not later than 1 year after November 10, 1989. The Secretary shall, during the 45-day period beginning on October 1, 1990, complete action on any claim submitted under this subparagraph.

(B) There are authorized to be appropriated such sums as may be necessary to carry out this paragraph, to be available without fiscal year limitation.

Where such an election is made, the Secretary shall make cash payments to such State in an amount equivalent in value to the donated foods that

AMENDMENTS

1989—Pub. L. 101-147 inserted “Election to receive cash payments” as section catchline.

§ 1766. Child and adult care food program

(a) Grants-in-aid; “institution” defined; guidelines for institutions providing care to children outside of school hours; eligibility

The Secretary may carry out a program to assist States through grants-in-aid and other means to initiate, maintain, and expand nonprofit food service programs for children in institutions providing child care. For purposes of this section, the term “institution” means any public or private nonprofit organization providing nonresidential child care, including, but not limited to, child care centers, settlement houses, recreational centers, Head Start centers, and institutions providing child care facilities for children with handicaps; and such term shall also mean any other private organization providing nonresidential day care services for which it receives compensation from amounts granted to the States under title XX of the Social Security Act [42 U.S.C. 1397 et seq.] (but only if such organization receives compensation under such title for at least 25 percent of its enrolled children or 25 percent of its licensed capacity, whichever is less). In addition, the term “institution” shall include programs developed to provide day care outside school hours for schoolchildren, and public or nonprofit private organizations that sponsor family or group day care homes. Reimbursement may be provided under this section only for meals or supplements served to children not over 12 years of age (except that such age limitation shall not be applicable for children of migrant workers if 15 years of age or less or for children with handicaps). The Secretary may establish separate guidelines for institutions that provide care to school children outside of school hours. For purposes of determining eligibility—

(1) no institution, other than a family or group day care home sponsoring organization, or family or group day care home shall be eli-

gible to participate in the program unless it has Federal, State, or local licensing or approval, or is complying with appropriate renewal procedures as prescribed by the Secretary and the State has no information indicating that the institution’s license will not be renewed; or where Federal, State, or local licensing or approval is not available, it receives funds under title XX of the Social Security Act [42 U.S.C. 1397 et seq.] or otherwise demonstrates that it meets either any applicable State or local government licensing or approval standards or approval standards established by the Secretary after consultation with the Secretary of Health and Human Services; and

(2) no institution shall be eligible to participate in the program unless it satisfies the following criteria:

(A) accepts final administrative and financial responsibility for management of an effective food service;

(B) has not been seriously deficient in its operation of the child care food program, or any other program under this chapter or the Child Nutrition Act of 1966 [42 U.S.C. 1771 et seq.], for a period of time specified by the Secretary; and

(C) will provide adequate supervisory and operational personnel for overall monitoring and management of the child care food program.

(b) Limitations on cash assistance

For the fiscal year ending September 30, 1979, and for each subsequent fiscal year, the Secretary shall provide cash assistance to States for meals as provided in subsection (f) of this section, except that, in any fiscal year, the aggregate amount of assistance provided to a State by the Secretary under this section shall not exceed the sum of (1) the Federal funds provided by the State to participating institutions within the State for that fiscal year and (2) any funds used by the State under section 10 of the Child Nutrition Act of 1966 [42 U.S.C. 1779].

(c) Formula for computation of payments; national average payment rate

(1) For purposes of this section, the national average payment rate for free lunches and suppers, the national average payment rate for reduced price lunches and suppers, and the national average payment rate for paid lunches and suppers shall be the same as the national average payment rates for free lunches, reduced price lunches, and paid lunches, respectively, under sections 1753 and 1759a of this title as appropriate (as adjusted pursuant to section 1759a(a) of this title).

(2) For purposes of this section, the national average payment rate for free breakfasts, the national average payment rate for reduced price breakfasts, and the national average payment rate for paid breakfasts shall be the same as the national average payment rates for free breakfasts, reduced price breakfasts, and paid breakfasts, respectively, under section 4(b) of the Child Nutrition Act of 1966 [42 U.S.C. 1773(b)] (as adjusted pursuant to section 1759a(a) of this title).

(3) For purposes of this section, the national average payment rate for free supplements shall

be 30 cents, the national average payment rate for reduced price supplements shall be one-half the rate for free supplements, and the national average payment rate for paid supplements shall be 2.75 cents (as adjusted pursuant to section 1759a(a) of this title).

(4) Determinations with regard to eligibility for free and reduced price meals and supplements shall be made in accordance with the income eligibility guidelines for free lunches and reduced price lunches, respectively, under section 1758 of this title.

(5) A child shall be considered automatically eligible for benefits under this section without further application or eligibility determination, if the child is enrolled as a participant in a Head Start program authorized under the Head Start Act (42 U.S.C. 9831 et seq.), on the basis of a determination that the child is a member of a family that meets the low-income criteria prescribed under section 645(a)(1)(A) of the Head Start Act (42 U.S.C. 9840(a)(1)(A)).

(6)(A) A child who has not yet entered kindergarten shall be considered automatically eligible for benefits under this section without further application or eligibility determination if the child is enrolled as a participant in the Even Start program under part B of chapter 1 of title I of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 2741 et seq.).¹

(B) Subparagraph (A) shall apply only with respect to the provision of benefits under this section for the period beginning September 1, 1995, and ending September 30, 1997.

(d) Requirements for approval; notification; re-application

(1) Any eligible public institution shall be approved for participation in the child care food program upon its request. Any eligible private institution shall be approved for participation if it (A) has tax exempt status under title 26 or, under conditions established by the Secretary, is moving toward compliance with the requirements for tax exempt status, or (B) is currently operating a Federal program requiring nonprofit status. Family or group day care homes need not have individual tax exempt certification if they are sponsored by an institution that has tax exempt status, or, under conditions established by the Secretary, such institution is moving toward compliance with the requirements for tax exempt status or is currently operating a Federal program requiring nonprofit status. An institution applying for participation under this section shall be notified of approval or disapproval in writing within thirty days after the date its completed application is filed. If an institution submits an incomplete application to the State, the State shall so notify the institution within fifteen days of receipt of the application, and shall provide technical assistance, if necessary, to the institution for the purpose of completing its application.

(2)(A) The Secretary shall develop a policy that allows institutions providing child care that participate in the program under this section, at the option of the State agency, to re-apply for assistance under this section at 3-year intervals.

(B) Each State agency that exercises the option authorized by subparagraph (A) shall confirm on an annual basis that each such institution is in compliance with the licensing or approval provisions of subsection (a)(1) of this section.

(e) Hearing

(1) Except as provided in paragraph (2), the State shall provide, in accordance with regulations issued by the Secretary, a fair hearing and a prompt determination to any institution aggrieved by the action of the State as it affects the participation of such institution in the program authorized by this section, or its claim for reimbursement under this section.

(2) A State is not required to provide a hearing to an institution concerning a State action taken on the basis of a Federal audit determination.

(3) If a State does not provide a hearing to an institution concerning a State action taken on the basis of a Federal audit determination, the Secretary, on request, shall afford a hearing to the institution concerning the action.

(f) State disbursement to institutions; time of payment; notification; maximum per meal reimbursement rate; election of manner of reimbursement by certain institutions; reimbursement of administrative expenses; start-up and expansion funds; advance payments

(1) Funds paid to any State under this section shall be disbursed to eligible institutions by the State under agreements approved by the Secretary. Disbursements to any institution shall be made only for the purpose of assisting in providing meals to children attending institutions, or in family or group day care homes. Disbursement to any institution shall not be dependent upon the collection of moneys from participating children. All valid claims from such institutions shall be paid within forty-five days of receipt by the State. The State shall notify the institution within fifteen days of receipt of a claim if the claim as submitted is not valid because it is incomplete or incorrect.

(2)(A) Subject to subparagraph (B) of this paragraph, the disbursement for any fiscal year to any State for disbursement to institutions, other than family or group day care home sponsoring organizations, for meals provided under this section shall be equal to the sum of the products obtained by multiplying the total number of each type of meal (breakfast, lunch or supper, or supplement) served in such institution in that fiscal year by the applicable national average payment rate for each such type of meal, as determined under subsection (c) of this section.

(B) No reimbursement may be made to any institution under this paragraph, or to family or group day care home sponsoring organizations under paragraph (3) of this subsection, for more than two meals and one supplement per day per child, or in the case of an institution (but not in the case of a family or group day care home sponsoring organization), two meals and two supplements or three meals and one supplement per day per child, for children that are maintained in a child care setting for eight or more hours per day.

¹ See References in Text note below.

(3)(A) Institutions that participate in the program under this section as family or group day care home sponsoring organizations shall be provided, for payment to such homes, a reimbursement factor set by the Secretary for the cost of obtaining and preparing food and prescribed labor costs, involved in providing meals under this section, without a requirement for documentation of such costs, except that reimbursement shall not be provided under this subparagraph for meals or supplements served to the children of a person acting as a family or group day care home provider unless such children meet the eligibility standards for free or reduced price meals under section 1758 of this title. The reimbursement factor in effect as of August 13, 1981, shall be reduced by 10 percent. The reimbursement factor under this subparagraph shall be adjusted on July 1 of each year to reflect changes in the Consumer Price Index for food away from home for the most recent 12-month period for which such data are available. The reimbursement factor under this subparagraph shall be rounded to the nearest one-fourth cent.

(B) Family or group day care home sponsoring organizations shall also receive reimbursement for their administrative expenses in amounts not exceeding the maximum allowable levels prescribed by the Secretary. Such levels shall be adjusted July 1 of each year to reflect changes in the Consumer Price Index for all items for the most recent 12-month period for which such data are available. The maximum allowable levels for administrative expense payments, as in effect as of August 13, 1981, shall be adjusted by the Secretary so as to achieve a 10 percent reduction in the total amount of reimbursement provided to institutions for such administrative expenses. In making the reduction required by the preceding sentence, the Secretary shall increase the economy of scale factors used to distinguish institutions that sponsor a greater number of family or group day care homes from those that sponsor a lesser number of such homes.

(C)(i) Reimbursement for administrative expenses shall also include start-up funds to finance the administrative expenses for such institutions to initiate successful operation under the program and expansion funds to finance the administrative expenses for such institutions to expand into low-income or rural areas. Institutions that have received start-up funds may also apply at a later date for expansion funds. Such start-up funds and expansion funds shall be in addition to other reimbursement to such institutions for administrative expenses. Start-up funds and expansion funds shall be payable to enable institutions satisfying the criteria of subsection (d) of this section, and any other standards prescribed by the Secretary, to develop an application for participation in the program as a family or group day care home sponsoring organization or to implement the program upon approval of the application. Such start-up funds and expansion funds shall be payable in accordance with the procedures prescribed by the Secretary. The amount of start-up funds and expansion funds payable to an institution shall be not less than the institution's anticipated reimbursement for administrative expenses under the program for one month and

not more than the institution's anticipated reimbursement for administrative expenses under the program for two months.

(ii) Funds for administrative expenses may be used by family or group day care home sponsoring organizations to conduct outreach and recruitment to unlicensed family or group day care homes so that the day care homes may become licensed.

(4) By the first day of each month of operation, the State shall provide advance payments for the month to each approved institution in an amount that reflects the full level of valid claims customarily received from such institution for one month's operation. In the case of a newly participating institution, the amount of the advance shall reflect the State's best estimate of the level of valid claims such institutions will submit. If the State has reason to believe that an institution will not be able to submit a valid claim covering the period for which such an advance has been made, the subsequent month's advance payment shall be withheld until the State receives a valid claim. Payments advanced to institutions that are not subsequently deducted from a valid claim for reimbursement shall be repaid upon demand by the State. Any prior payment that is under dispute may be subtracted from an advance payment.

(g) Meals served by participating institutions; compliance assistance

(1)(A) Meals served by institutions participating in the program under this section shall consist of a combination of foods that meet minimum nutritional requirements prescribed by the Secretary on the basis of tested nutritional research. Such meals shall be served free to needy children.

(B) The Secretary shall provide technical assistance to those institutions participating in the program under this section to assist the institutions and family or group day care home sponsoring organizations in complying with the nutritional requirements prescribed by the Secretary pursuant to subparagraph (A). The Secretary shall provide additional technical assistance to those institutions and family or group day care home sponsoring organizations that are having difficulty maintaining compliance with the requirements.

(2) No physical segregation or other discrimination against any child shall be made because of his or her inability to pay, nor shall there be any overt identification of any such child by special tokens or tickets, different meals or meal service, announced or published lists of names, or other means.

(3) Each institution shall, insofar as practicable, use in its food service foods designated from time to time by the Secretary as being in abundance, either nationally or in the food service area, or foods donated by the Secretary.

(h) Donation of agricultural commodities by Secretary; measurement of value; annual readjustment of assistance; cash in lieu of commodities; Department of Defense child care feeding program

(1)(A) The Secretary shall donate agricultural commodities produced in the United States for use in institutions participating in the child care food program under this section.

(B) The value of the commodities donated under subparagraph (A) (or cash in lieu of commodities) to each State for each school year shall be, at a minimum, the amount obtained by multiplying the number of lunches and suppers served in participating institutions in that State during the preceding school year by the rate for commodities or cash in lieu of commodities established under section 1755(e) of this title for the school year concerned.

(C) After the end of each school year, the Secretary shall—

(i) reconcile the number of lunches and suppers served in participating institutions in each State during such school year with the number of lunches and suppers served by participating institutions in each State during the preceding school year; and

(ii) based on such reconciliation, increase or reduce subsequent commodity assistance or cash in lieu of commodities provided to each State.

(D) Any State receiving assistance under this section for institutions participating in the child care food program may, upon application to the Secretary, receive cash in lieu of some or all of the commodities to which it would otherwise be entitled under this subsection. In determining whether to request cash in lieu of commodities, the State shall base its decision on the preferences of individual participating institutions within the State, unless this proves impracticable due to the small number of institutions preferring donated commodities.

(2) The Secretary is authorized to provide agricultural commodities obtained by the Secretary under the provisions of the Agricultural Act of 1949 (7 U.S.C. 1421 et seq.) and donated under the provisions of section 416 of such Act [7 U.S.C. 1431], to the Department of Defense for use by its institutions providing child care services, when such commodities are in excess of the quantities needed to meet the needs of all other child nutrition programs, domestic and foreign food assistance and export enhancement programs. The Secretary shall require reimbursement from the Department of Defense for the costs, or some portion thereof, of delivering such commodities to overseas locations, unless the Secretary determines that it is in the best interest of the program that the Department of Agriculture shall assume such costs.

(i) Availability of money for audits

The Secretary shall make available for each fiscal year to States administering the child care food program, for the purpose of conducting audits of participating institutions, an amount up to 2 percent of the funds used by each State in the program under this section, during the second preceding fiscal year.

(j) Standard form agreement regulations

The Secretary may issue regulations directing States to develop and provide for the use of a standard form of agreement between each family or group day care sponsoring organization and the family or group day care homes participating in the program under such organization, for the purpose of specifying the rights and responsibilities of each party.

(k) Training and technical assistance; demonstration projects

(1) States participating in the program under this section shall provide sufficient training, technical assistance, and monitoring to facilitate expansion and effective operation of the program, and shall take affirmative action to expand the availability of benefits under this section. Such action, at a minimum, shall include annual notification to each nonparticipating institution or family or group day care home within the State that is licensed, approved, or registered, or that receives funds under title XX of the Social Security Act [42 U.S.C. 1397 et seq.], of the availability of the program, the requirements for program participation, and the application procedures to be followed in the program. The list of institutions so notified each year shall be available to the public upon request. The Secretary shall assist the States in developing plans to fulfill the requirements of this subsection.

(2) The Secretary shall conduct demonstration projects to test innovative approaches to remove or reduce barriers to participation in the program established under this section regarding family or group day care homes that operate in low-income areas or that primarily serve low-income children. As part of such demonstration projects, the Secretary may provide grants to, or otherwise modify administrative reimbursement rates for, family or group day care home sponsoring organizations.

(3) The Secretary and the States shall provide training and technical assistance to assist family and group day care home sponsoring organizations in reaching low-income children.

(4) The Secretary shall instruct States to provide, through sponsoring organizations, information and training concerning child health and development to family or group day care homes participating in the program.

(l) Non-diminishment of State and local funds

Expenditures of funds from State and local sources for the maintenance of food programs for children shall not be diminished as a result of funds received under this section.

(m) Accounts and records

States and institutions participating in the program under this section shall keep such accounts and records as may be necessary to enable the Secretary to determine whether there has been compliance with the requirements of this section. Such accounts and records shall be available at all times for inspection and audit by representatives of the Secretary, the Comptroller General of the United States, and appropriate State representatives and shall be preserved for such period of time, not in excess of five years, as the Secretary determines necessary.

(n) Authorization of appropriations

There are hereby authorized to be appropriated for each fiscal year such funds as are necessary to carry out the purposes of this section.

(o) Participation of older persons and chronically impaired disabled persons

(1) For purposes of this section, adult day care centers shall be considered eligible institutions

for reimbursement for meals or supplements served to persons 60 years of age or older or to chronically impaired disabled persons, including victims of Alzheimer's disease and related disorders with neurological and organic brain dysfunction. Reimbursement provided to such institutions for such purposes shall improve the quality of meals or level of services provided or increase participation in the program. Lunches served by each such institution for which reimbursement is claimed under this section shall provide, on the average, approximately $\frac{1}{3}$ of the daily recommended dietary allowance established by the Food and Nutrition Board of the National Research Council of the National Academy of Sciences. Such institutions shall make reasonable efforts to serve meals that meet the special dietary requirements of participants, including efforts to serve foods in forms palatable to participants.

(2) For purposes of this subsection—

(A) the term "adult day care center" means any public agency or private nonprofit organization, or any proprietary title XIX or title XX center, which—

(i) is licensed or approved by Federal, State, or local authorities to provide adult day care services to chronically impaired disabled adults or persons 60 years of age or older in a group setting outside their homes, or a group living arrangement, on a less than 24-hour basis; and

(ii) provides for such care and services directly or under arrangements made by the agency or organization whereby the agency or organization maintains professional management responsibility for all such services; and

(B) the term "proprietary title XIX or title XX center" means any private, for-profit center providing adult day care services for which it receives compensation from amounts granted to the States under title XIX or XX of the Social Security Act [42 U.S.C. 1396 et seq., 1397 et seq.] and which title XIX or title XX beneficiaries were not less than 25 percent of enrolled eligible participants in a calendar month preceding initial application or annual reapplication for program participation.

(3)(A) The Secretary, in consultation² with the Assistant Secretary for Aging, shall establish, within 6 months of October 1, 1988, separate guidelines for reimbursement of institutions described in this subsection. Such reimbursement shall take into account the nutritional requirements of eligible persons, as determined by the Secretary on the basis of tested nutritional research, except that such reimbursement shall not be less than would otherwise be required under this section.

(B) The guidelines shall contain provisions designed to assure that reimbursement under this subsection shall not duplicate reimbursement under part C of title III of the Older Americans Act of 1965 [42 U.S.C. 3030e et seq.], for the same meal served.

(4) For the purpose of establishing eligibility for free or reduced price meals or supplements

under this subsection, income shall include only the income of an eligible person and, if any, the spouse and dependents with whom the eligible person resides.

(5) A person described in paragraph (1) shall be considered automatically eligible for free meals or supplements under this subsection, without further application or eligibility determination, if the person is—

(A) a member of a household receiving assistance under the Food Stamp Act of 1977 (7 U.S.C. 2011 et seq.); or

(B) a recipient of assistance under title XVI or XIX of the Social Security Act [42 U.S.C. 1381 et seq., 1396 et seq.].

(6) The Governor of any State may designate to administer the program under this subsection a State agency other than the agency that administers the child care food program under this section.

(p) Demonstration projects for qualification under this section of private for-profit organizations providing nonresidential day care services

(1) From amounts appropriated or otherwise made available for purposes of carrying out this section, the Secretary shall carry out 2 statewide demonstration projects under which private for-profit organizations providing nonresidential day care services shall qualify as institutions for the purposes of this section. An organization may participate in a demonstration project described in the preceding sentence if—

(A) at least 25 percent of the children enrolled in the organization or 25 percent of the licensed capacity of the organization for children, whichever is less, meet the income eligibility criteria established under section 1758(b) of this title for free or reduced price meals; and

(B) as a result of the participation of the organization in the project—

(i) the nutritional content or quality of meals and snacks served to children under the care of such organization will be improved; or

(ii) fees charged by such organization for the care of the children described in subparagraph (A) will be lowered.

(2) Under each such project, the Secretary shall examine—

(A) the budgetary impact of the change in eligibility being tested;

(B) the extent to which, as a result of such change, additional low-income children can be reached; and

(C) which outreach methods are most effective.

(3) The Secretary shall choose to conduct demonstration projects under this subsection—

(A) 1 State that—

(i) has a history of participation of for-profit organizations in the child care food program;

(ii) allocates a significant proportion of the amounts it receives for child care under title XX of the Social Security Act [42 U.S.C. 1397 et seq.] in a manner that allows low-income parents to choose the type of child care their children will receive;

² So in original. Probably should be "consultation".

(iii) has other funding mechanisms that support parental choice for child care;

(iv) has a large, State-regulated for-profit child care industry that serves low-income children; and

(v) has large sponsors of family or group day care homes that have a history of recruiting and sponsoring for-profit child care centers in the child care food program; and (B) 1 State in which—

(i) the majority of children for whom child care arrangements are made are being cared for in center-based child care facilities;

(ii) for-profit child care centers and preschools are located throughout the State and serve both rural and urban populations;

(iii) at least 1/3 of the licensed child care centers and preschools operate as for-profit facilities;

(iv) all licensed facilities are subject to identical nutritional requirements for food service that are similar to those required under the child care food program; and

(v) less than 1 percent of child care centers participating in the child care food program receive assistance under title XX of the Social Security Act [42 U.S.C. 1397 et seq.].

(4) Such project shall—

(A) commence not earlier than May 1, 1990, and not later than June 30, 1990; and

(B) terminate on September 30, 1998.

(5) Notwithstanding paragraph (4)(B), the Secretary shall continue until September 30, 1998, the two pilot projects established under this subsection to the extent, and in such amounts, as are provided for in advance in appropriations Acts.

(q) WIC information

(1) The Secretary shall provide State agencies with basic information concerning the importance and benefits of the special supplemental nutrition program for women, infants, and children authorized under section 17 of the Child Nutrition Act of 1966 (42 U.S.C. 1786).

(2) The State agency shall—

(A) provide each child care institution participating in the program established under this section, other than institutions providing day care outside school hours for schoolchildren, with materials that include—

(i) a basic explanation of the benefits and importance of the special supplemental nutrition program for women, infants, and children;

(ii) the maximum income limits, according to family size, applicable to children up to age 5 in the State under the special supplemental nutrition program for women, infants, and children; and

(iii) a listing of the addresses and phone numbers of offices at which parents may apply;

(B) annually provide the institutions with an update of the information on income limits described in subparagraph (A)(ii); and

(C) ensure that, at least once a year, the institutions to which subparagraph (A) applies provide written information to parents that includes—

(i) basic information on the benefits provided under the special supplemental nutrition program for women, infants, and children;

(ii) information on the maximum income limits, according to family size, applicable to the program; and

(iii) information on where parents may apply to participate in the program.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 1755 of this title.

§ 1772. Special program to encourage the consumption of fluid milk by children; authorization of appropriations; eligibility for special milk program; minimum rate of reimbursement; ineligibility of commodity only schools

(a)(1) There is hereby authorized to be appropriated for the fiscal year ending June 30, 1970, and for each succeeding fiscal year, such sums as may be necessary to enable the Secretary of Agriculture, under such rules and regulations as the Secretary may deem in the public interest, to encourage consumption of fluid milk by children in the United States in (A) nonprofit schools of high school grade and under, except as provided in paragraph (2), which do not participate in a meal service program authorized under this chapter or the National School Lunch Act [42 U.S.C. 1751 et seq.], and (B) nonprofit nursery schools, child-care centers, settlement houses, summer camps, and similar nonprofit institutions devoted to the care and training of children, which do not participate in a meal service program authorized under this chapter or the National School Lunch Act.

(2) The limitation imposed under paragraph (1)(A) for participation of nonprofit schools in the special milk program shall not apply to split-session kindergarten programs conducted in schools in which children do not have access to the meal service program operating in schools the children attend as authorized under this chapter or the National School Lunch Act.

(3) For the purposes of this section “United States” means the fifty States, Guam, the Commonwealth of Puerto Rico, the Virgin Islands, American Samoa, the Trust Territory of the Pacific Islands, and the District of Columbia.

(4) The Secretary shall administer the special milk program provided for by this section to the maximum extent practicable in the same manner as the Secretary administered the special milk program provided for by this chapter during the fiscal year ending June 30, 1969.

(5) Any school or nonprofit child care institution which does not participate in a meal service program authorized under this chapter or the National School Lunch Act shall receive the special milk program upon its request.

(6) Children who qualify for free lunches under guidelines set forth by the Secretary shall, at the option of the school involved (or of the local educational agency involved in the case of a public school) be eligible for free milk upon their request.

(7) For the fiscal year ending June 30, 1975, and for subsequent school years, the minimum rate of reimbursement for a half-pint of milk served

in schools and other eligible institutions shall not be less than 5 cents per half-pint served to eligible children, and such minimum rate of reimbursement shall be adjusted on an annual basis each school year to reflect changes in the Producer Price Index for Fresh Processed Milk published by the Bureau of Labor Statistics of the Department of Labor.

(8) Such adjustment shall be computed to the nearest one-fourth cent.

(9) Notwithstanding any other provision of this section, in no event shall the minimum rate of reimbursement exceed the cost to the school or institution of milk served to children.

(10) The State educational agency shall disburse funds paid to the State during any fiscal year for purposes of carrying out the program under this section in accordance with such agreements approved by the Secretary as may be entered into by such State agency and the schools in the State. The agreements described in the preceding sentence shall be permanent agreements that may be amended as necessary. Nothing in the preceding sentence shall be construed to limit the ability of the State educational agency to suspend or terminate any such agreement in accordance with regulations prescribed by the Secretary.

(b) Commodity only schools shall not be eligible to participate in the special milk program under this section. For the purposes of the preceding sentence, the term “commodity only schools” means schools that do not participate in the school lunch program under the National School Lunch Act [42 U.S.C. 1751 et seq.], but which receive commodities made available by the Secretary for use by such schools in nonprofit lunch programs.

§ 1773. School breakfast program

(a) Establishment; authorization of appropriations

There is hereby authorized to be appropriated such sums as are necessary to enable the Secretary to carry out a program to assist the States and the Department of Defense through grants-in-aid and other means to initiate, maintain, or expand nonprofit breakfast programs in all schools which make application for assistance and agree to carry out a nonprofit breakfast program in accordance with this chapter and to carry out the provisions of subsection (g) of this section. Appropriations and expenditures for this chapter shall be considered Health and Human Services functions for budget purposes rather than functions of Agriculture.

(b) Breakfast assistance payments to State educational agencies; calculation; national average payments for breakfasts, free breakfasts and reduced price breakfasts; maximum price for reduced cost breakfasts; minimum daily nutrition requirements criteria; additional payments for severe need schools; maximum severe need payments

(1)(A)(i) The Secretary shall make breakfast assistance payments to each State educational agency each fiscal year, at such times as the Secretary may determine, from the sums appropriated for such purpose, in an amount equal to the product obtained by multiplying—

(I) the number of breakfasts served during such fiscal year to children in schools in such States which participate in the school breakfast program under agreements with such State educational agency; by

(II) the national average breakfast payment for free breakfasts, for reduced price breakfasts, or for breakfasts served to children not eligible for free or reduced price meals, as appropriate, as prescribed in clause (B) of this paragraph.

(ii) The agreements described in clause (i)(I) shall be permanent agreements that may be amended as necessary. Nothing in the preceding sentence shall be construed to limit the ability of the State educational agency to suspend or terminate any such agreement in accordance with regulations prescribed by the Secretary.

(B) The national average payment for each free breakfast shall be 57 cents (as adjusted pursuant to section 1759a(a) of this title). The national average payment for each reduced price breakfast shall be one-half of the national average payment for each free breakfast, adjusted to the nearest one-fourth cent, except that in no case shall the difference between the amount of the national average payment for a free breakfast and the national average payment for a reduced price breakfast exceed 30 cents. The national average payment for each breakfast served to a child not eligible for free or reduced price meals shall be 8.25 cents (as adjusted pursuant to section 1759a(a) of this title).

(C) No school which receives breakfast assistance payments under this section may charge a price of more than 30 cents for a reduced price breakfast.

(D) No breakfast assistance payment may be made under this subsection for any breakfast served by a school unless such breakfast consists of a combination of foods which meet the minimum nutritional requirements prescribed by the Secretary under subsection (e) of this section.

(2)(A) The Secretary shall make additional payments for breakfasts served to children qualifying for a free or reduced price meal at schools that are in severe need.

(B) The maximum payment for each such free breakfast shall be the higher of—

(i) the national average payment established by the Secretary for free breakfasts plus 10 cents, or

(ii) 45 cents, which shall be adjusted on an annual basis each July 1 to the nearest one-fourth cent in accordance with changes in the series for food away from home of the Consumer Price Index published by the Bureau of Labor Statistics of the Department of Labor for the most recent twelve-month period for which such data are available, except that the initial such adjustment shall be made on January 1, 1978, and shall reflect the change in the series of food away from home during the period November 1, 1976, to October 31, 1977.

(C) The maximum payment for each such reduced price breakfast shall be thirty cents less than the maximum payment for each free breakfast as determined under clause (B) of this paragraph.

(3) The Secretary shall increase by 6 cents the annually adjusted payment for each breakfast served under this chapter and section 1766 of this title. These funds shall be used to assist States, to the extent feasible, in improving the nutritional quality of the breakfasts.

(4) Notwithstanding any other provision of law, whenever stocks of agricultural commodities are acquired by the Secretary or the Commodity Credit Corporation and are not likely to be sold by the Secretary or the Commodity Credit Corporation or otherwise used in programs of commodity sale or distribution, the Secretary shall make such commodities available to school food authorities and eligible institutions serving breakfasts under this chapter in a quantity equal in value to not less than 3 cents for each breakfast served under this chapter and section 1766 of this title.

(5) Expenditures of funds from State and local sources for the maintenance of the breakfast program shall not be diminished as a result of funds or commodities received under paragraph (3) or (4).

(c) Disbursement of apportioned funds by State; preference for schools in poor economic areas, for students traveling long distances daily, and for schools for improvement of nutrition and dietary practices of children of working mothers and from low-income families

Funds apportioned and paid to any State for the purpose of this section shall be disbursed by the State educational agency to schools selected by the State educational agency to assist such schools in operating a breakfast program and for the purpose of subsection (d) of this section. Disbursement to schools shall be made at such rates per meal or on such other basis as the Secretary shall prescribe. In selecting schools for participation, the State educational agency shall, to the extent practicable, give first consideration to those schools drawing attendance from areas in which poor economic conditions exist, to those schools in which a substantial proportion of the children enrolled must travel long distances daily, and to those schools in which there is a special need for improving the nutrition and dietary practices of children of working mothers and children from low-income families. Breakfast assistance disbursements to schools under this section may be made in advance or by way of reimbursement in accordance with procedures prescribed by the Secretary.

(d) Severe need assistance; eligibility standards; receipt of lesser of operating costs of breakfast program or meal reimbursement rate

(1) Each State educational agency shall provide additional assistance to schools in severe need, which shall include only—

(A) those schools in which the service of breakfasts is required pursuant to State law; and

(B) those schools (having a breakfast program or desiring to initiate a breakfast program) in which, during the most recent second preceding school year for which lunches were served, 40 percent or more of the lunches served to students at the school were served free or at a reduced price, and in which the rate per meal established by the Secretary is insufficient to cover the costs of the breakfast program.

The provision of eligibility specified in clause (A) of this paragraph shall terminate effective

July 1, 1983, for schools in States where the State legislatures meet annually and shall terminate effective July 1, 1984, for schools in States where the State legislatures meet biennially.

(2) A school, upon the submission of appropriate documentation about the need circumstances in that school and the school's eligibility for additional assistance, shall be entitled to receive 100 percent of the operating costs of the breakfast program, including the costs of obtaining, preparing, and serving food, or the meal reimbursement rate specified in paragraph (2) of subsection (b) of this section, whichever is less.

(e) Nutritional requirements; service free or at reduced price; compliance assistance

(1)(A) Breakfasts served by schools participating in the school breakfast program under this section shall consist of a combination of foods and shall meet the minimum nutritional requirements prescribed by the Secretary on the basis of tested nutritional research, except that the minimum nutritional requirements shall be measured by not less than the weekly average of the nutrient content of school breakfasts. Such breakfasts shall be served free or at a reduced price to children in school under the same terms and conditions as are set forth with respect to the service of lunches free or at a reduced price in section 1758 of this title.

(B) The Secretary shall provide through State educational agencies technical assistance and training, including technical assistance and training in the preparation of foods high in complex carbohydrates and lower-fat versions of foods commonly used in the school breakfast program established under this section, to schools participating in the school breakfast program to assist the schools in complying with the nutritional requirements prescribed by the Secretary pursuant to subparagraph (A) and in providing appropriate meals to children with medically certified special dietary needs. The Secretary shall provide through State educational agencies additional technical assistance to schools that are having difficulty maintaining compliance with the requirements.

(2) At the option of a local school food authority, a student in a school under the authority that participates in the school breakfast program under this chapter may be allowed to refuse not more than one item of a breakfast that the student does not intend to consume. A refusal of an offered food item shall not affect the full charge to the student for a breakfast meeting the requirements of this section or the amount of payments made under this chapter to a school for the breakfast.

(f) Expansion of program

(1)(A) As a national nutrition and health policy, it is the purpose and intent of the Congress that the school breakfast program be made available in all schools where it is needed to provide adequate nutrition for children in attendance. The Secretary is hereby directed, in cooperation with State educational agencies, to carry out a program of information in furtherance of this policy.

(B) In cooperation with State educational agencies, the Secretary shall promote the school breakfast program by—

(i) marketing the program in a manner that expands participation in the program by schools and students; and

(ii) improving public education and outreach efforts in language appropriate materials that enhance the public image of the program.

(C) As used in this paragraph, the term "language appropriate materials" means materials using a language other than the English language in a case in which the language is dominant for a large percentage of individuals participating in the program.

(2)(A) Each State educational agency shall—

(i) provide information to school boards and public officials concerning the benefits and availability of the school breakfast program; and

(ii) select each year, for additional informational efforts concerning the program, schools in the State—

(I) in which a substantial portion of school enrollment consists of children from low-income families; and

(II) that do not participate in the school breakfast program.

(B) Not later than October 1, 1993, the Secretary shall report to the Committee on Education and Labor of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate concerning the efforts of the Secretary and the States to increase the participation of schools in the program.

(g) Startup and expansion costs

(1) Out of any moneys in the Treasury not otherwise appropriated, the Secretary of the Treasury shall provide to the Secretary \$5,000,000 for each of fiscal years 1991 through 1997, \$6,000,000 for fiscal year 1998, and \$7,000,000 for fiscal year 1999 and each subsequent fiscal year to make payments under this subsection. The Secretary shall be entitled to receive the funds and shall accept the funds. The Secretary shall use the funds to make payments on a competitive basis and in the following order of priority (subject to other provisions of this subsection), to—

(A) State educational agencies in a substantial number of States for distribution to eligible schools to assist the schools with non-recurring expenses incurred in—

(i) initiating a school breakfast program under this section; or

(ii) expanding a school breakfast program; and

(B) a substantial number of States for distribution to service institutions to assist the institutions with nonrecurring expenses incurred in—

(i) initiating a summer food service program for children; or

(ii) expanding a summer food service program for children.

(2) Payments received under this subsection shall be in addition to payments to which State agencies are entitled under subsection (b) of this

section and section 13 of the National School Lunch Act (42 U.S.C. 1761).

(3) To be eligible to receive a payment under this subsection, a State educational agency shall submit to the Secretary a plan to initiate or expand school breakfast programs conducted in the State, including a description of the manner in which the agency will provide technical assistance and funding to schools in the State to initiate or expand the programs.

(4) In making payments under this subsection for any fiscal year to initiate or expand school breakfast programs, the Secretary shall provide a preference to State educational agencies that—

(A) have in effect a State law that requires the expansion of the programs during the year;

(B) have significant public or private resources that have been assembled to carry out the expansion of the programs during the year;

(C) do not have a school breakfast program available to a large number of low-income children in the State; or

(D) serve an unmet need among low-income children, as determined by the Secretary.

(5) In making payments under this subsection for any fiscal year to initiate or expand summer food service programs for children, the Secretary shall provide a preference to States—

(A)(i) in which the numbers of children participating in the summer food service program for children represent the lowest percentages of the number of children receiving free or reduced price meals under the school lunch program established under the National School Lunch Act (42 U.S.C. 1751 et seq.); or

(ii) that do not have a summer food service program for children available to a large number of low-income children in the State; and

(B) that submit to the Secretary a plan to expand the summer food service programs for children conducted in the State, including a description of—

(i) the manner in which the State will provide technical assistance and funding to service institutions in the State to expand the programs; and

(ii) significant public or private resources that have been assembled to carry out the expansion of the programs during the year.

(6) The Secretary shall act in a timely manner to recover and reallocate to other States any amounts provided to a State educational agency or State under this subsection that are not used by the agency or State within a reasonable period (as determined by the Secretary).

(7) The Secretary shall allow States to apply on an annual basis for assistance under this subsection.

(8) Each State agency and State, in allocating funds within the State, shall give preference for assistance under this subsection to eligible schools and service institutions that demonstrate the greatest need for a school breakfast program or a summer food service program for children, respectively.

(9) Expenditures of funds from State and local sources for the maintenance of the school breakfast program and the summer food service program for children shall not be diminished as a

result of payments received under this subsection.

(10) As used in this subsection:

(A) The term “eligible school” means a school—

(i) attended by children a significant percentage of whom are members of low-income families;

(ii)(I) as used with respect to a school breakfast program, that agrees to operate the school breakfast program established or expanded with the assistance provided under this subsection for a period of not less than 3 years; and

(II) as used with respect to a summer food service program for children, that agrees to operate the summer food service program for children established or expanded with the assistance provided under this subsection for a period of not less than 3 years.

If an agency in the State other than the State educational agency administers such program, the State shall ensure that an amount equal to no less than the funds due the State under this paragraph is provided to such agency for costs incurred by such agency in administering the program, except as provided in paragraph (5). The Secretary may adjust any State's allocation to reflect changes in the size of its program.

(4) The remaining funds appropriated under this section shall be allocated among the States by the Secretary in amounts the Secretary determines necessary for the improvement in the States of the administration of the programs authorized under the National School Lunch Act [42 U.S.C. 1751 et seq.] and this chapter, except for section 1786 of this title, including, but not limited to, improved program integrity and the quality of meals served to children.

(5)(A) Not more than 25 percent of the amounts made available to each State under this section for the fiscal year 1991 and 20 percent of the amounts made available to each State under this section for the fiscal year 1992 and for each succeeding fiscal year may remain available for obligation or expenditure in the fiscal year succeeding the fiscal year for which such amounts were appropriated.

(B)(i) In the fiscal year 1991 and each succeeding fiscal year, any amounts appropriated that are not obligated or expended during such fiscal year and are not carried over for the succeeding fiscal year under subparagraph (A) shall be returned to the Secretary. From any amounts returned to the Secretary under the preceding sentence:

(I) The Secretary shall allocate, for the purpose of providing grants on an annual basis to public entities and private nonprofit organizations participating in projects under section 17B of the National School Lunch Act [42 U.S.C. 1766b], not more than \$4,000,000 in fiscal year 1995 and each subsequent fiscal year. Subject to the maximum allocation for the projects for each fiscal year, at the beginning of fiscal year 1995 and each subsequent fiscal year, the Secretary shall allocate, from funds available under this section that have not been otherwise allocated to the States, an amount equal to the estimates by the Secretary of funds to be returned under this clause, but not less than \$1,000,000 in each fiscal year. To the extent that amounts returned

to the Secretary are less than estimated or are insufficient to meet the needs of the projects, the Secretary may, subject to the maximum allocations established in this subclause, allocate amounts to meet the needs of the projects from funds available under this section that have not been otherwise allocated to States.

(II) After making the allocations under subclause (I), the Secretary shall allocate, for purposes of administrative costs, any remaining amounts among States that demonstrate a need for such amounts.

(ii) In any fiscal year in which amounts returned to the Secretary under the first sentence of clause (i) are insufficient to provide the complete allocation described in clause (i)(I), all of such amounts shall be allocated for the purpose described in clause (i)(I).

(6) Funds available to States under this subsection and under section 13(k)(1) of the National School Lunch Act [42 U.S.C. 1761(k)(1)] shall be used for the costs of administration of the programs for which the allocations are made, except that States may transfer up to 10 percent of any of the amounts allocated among such programs.

(7) Where the Secretary is responsible for the administration of programs under this chapter or the National School Lunch Act [42 U.S.C. 1751 et seq.], the amount of funds that would be allocated to the State agency under this section and under section 13(k)(1) of the National School Lunch Act [42 U.S.C. 1761(k)(1)] shall be retained by the Secretary for the Secretary's use in the administration of such programs.

(8) In the fiscal year 1991 and each succeeding fiscal year, in accordance with regulations issued by the Secretary, each State shall ensure that the State agency administering the distribution of commodities under programs authorized under this chapter and under the National School Lunch Act [42 U.S.C. 1751 et seq.] is provided, from funds made available to the State under this subsection, an appropriate amount of funds for administrative costs incurred in distributing such commodities. In developing such regulations, the Secretary may consider the value of commodities provided to the State under this chapter and under the National School Lunch Act.

(9)(A) If the Secretary determines that the administration of any program by a State under this chapter (other than section 1786 of this title) or under the National School Lunch Act (42 U.S.C. 1751 et seq.), or compliance with a regulation issued pursuant to either this chapter or such Act, is seriously deficient, and the State fails to correct the deficiency within a specified period of time, the Secretary may withhold from the State some or all of the funds allocated to the State under this section or under section 13(k)(1) or 17 of the National School Lunch Act (42 U.S.C. 1761(k)(1) or 1766).

(B) On a subsequent determination by the Secretary that the administration of any program referred to in subparagraph (A), or compliance with the regulations issued to carry out the program, is no longer seriously deficient and is operated in an acceptable manner, the Secretary may allocate some or all of the funds withheld under such subparagraph.

(b) Funds, usage: compensation, benefits, and travel expenses of personnel; support services; office equipment; staff development

Funds paid to a State under subsection (a) of this section may be used to pay salaries, including employee benefits and travel expenses, for administrative and supervisory personnel; for support services; for office equipment; and for staff development.

(c) Fund adjustment; State administered programs

If any State agency agrees to assume responsibility for the administration of food service programs in nonprofit private schools or child care institutions that were previously administered by the Secretary, an appropriate adjustment shall be made in the administrative funds paid under this section to the State not later than the succeeding fiscal year.

(d) Unused funds; availability for obligation and expenditure, and reallocation to other States

Notwithstanding any other provision of law, funds made available to each State under this section shall remain available for obligation and expenditure by that State during the fiscal year immediately following the fiscal year for which such funds were made available. For each fiscal year the Secretary shall establish a date by which each State shall submit to the Secretary a plan for the disbursement of funds provided under this section for each such year, and the Secretary shall reallocate any unused funds, as evidenced by such plans, to other States as the Secretary considers appropriate.

(e) Commodity distribution program

The State may use a portion of the funds available under this section to assist in the administration of the commodity distribution program.

(f) State plan; use of funds

Each State shall submit to the Secretary for approval by October 1 of each year an annual plan for the use of State administrative expense funds, including a staff formula for State personnel, system level supervisory and operating personnel, and school level personnel.

(g) State funding requirement

Payments of funds under this section shall be made only to States that agree to maintain a level of funding out of State revenues, for administrative costs in connection with programs under this chapter (except section 1786 of this title) and the National School Lunch Act [42 U.S.C. 1751 et seq.] (except section 13 of that Act [42 U.S.C. 1761]), not less than the amount expended or obligated in fiscal year 1977, and that agree to participate fully in any studies authorized by the Secretary.

(h) State participation in study or survey requirement

The Secretary may not provide amounts under this section to a State for administrative costs incurred in any fiscal year unless the State agrees to participate in any study or survey of programs authorized under this chapter or the National School Lunch Act (42 U.S.C. 1751 et seq.) and conducted by the Secretary.

(i) Authorization of appropriations

For the fiscal year beginning October 1, 1977, and each succeeding fiscal year ending before October 1, 1998, there are hereby authorized to be appropriated such sums as may be necessary for the purposes of this section.

AMENDMENTS

1989—Pub. L. 101-147 redesignated subsecs. (a) through (f) as pars. (1) through (6), respectively, in par. (2) re-

designated former pars. (1) and (2) as subpars. (A) and (B), respectively, in par. (3) substituted "Internal Revenue Code of 1986" for "Internal Revenue Code of 1954", which for purposes of codification was translated as "title 26" thus requiring no change in text, and in par. (6) substituted "to have 1 or more mental or physical handicaps" for "to be mentally or physically handicapped" and "for individuals with mental or physical handicaps" for "for mentally or physically handicapped".

For purposes of clauses (A) and (B) of this subsection, the term 'nonprofit', when applied to any such private school or institution, means any such school or institution which is exempt from tax under section 501(c)(3) of title 26. On July 1, 1988, and each July 1 thereafter, the Secretary shall adjust the tuition limitation amount prescribed in clause (A) of the first sentence of this paragraph to reflect changes in the Consumer Price Index for All Urban Consumers during the most recent 12-month period for which the data is available."

Subsec. (c)(A). Pub. L. 99-500 and Pub. L. 99-591, which directed the amendment of subpar. (A) by striking out "except private schools whose average yearly tuition exceeds \$1,500 per child," after "such school" was executed by striking out "except private schools whose average yearly tuition exceeds \$2,000 per child," after "such school" to reflect the probable intent of Congress and the intervening amendment of subpar. (A) by Pub. L. 99-661, § 4205(b)(2). See below.

Pub. L. 99-661, § 4205(b)(1), substituted "\$2,000" for "\$1,500".

§ 1786. Special supplemental nutrition program for women, infants, and children

(a) Congressional findings and declaration of purpose

Congress finds that substantial numbers of pregnant, postpartum, and breastfeeding women, infants, and young children from families with inadequate income are at special risk with respect to their physical and mental health by reason of inadequate nutrition or health care, or both. It is, therefore, the purpose of the program authorized by this section to provide, up to the authorization levels set forth in subsection (g) of this section, supplemental foods and nutrition education through any eligible local agency that applies for participation in the program. The program shall serve as an adjunct to good health care, during critical times of growth and development, to prevent the occurrence of health problems, including drug abuse, and improve the health status of these persons.

(b) Definitions

As used in this section—

(3) "Competent professional authority" means physicians, nutritionists, registered nurses, dietitians, or State or local medically trained health officials, or persons designated by physicians or State or local medically trained health officials, in accordance with standards prescribed by the Secretary, as being competent professionally to evaluate nutritional risk.

(4) "Costs for nutrition services and administration" means costs that shall include, but not be limited to, costs for certification of eligibility of persons for participation in the program (including centrifuges, measuring boards, spectrophotometers, and scales used for the certification), food delivery, monitoring, nutrition education, outreach, startup costs, and general administration applicable to implementation of the program under this section, such as the cost of staff, transportation, insurance, developing and printing

(14) "Supplemental foods" means those foods containing nutrients determined by nutritional research to be lacking in the diets of pregnant, breastfeeding, and postpartum women, infants, and children, as prescribed by the Secretary. State agencies may, with the approval of the Secretary, substitute different foods providing the nutritional equivalent of foods prescribed by the Secretary, to allow for different cultural eating patterns.

(15) "Homeless individual" means—

(A) an individual who lacks a fixed and regular nighttime residence; or

(B) an individual whose primary nighttime residence is—

(i) a supervised publicly or privately operated shelter (including a welfare hotel or congregate shelter) designed to provide temporary living accommodations;

(ii) an institution that provides a temporary residence for individuals intended to be institutionalized;

(20) "Net price" means the difference between the manufacturer's wholesale price for infant formula and the rebate level or the discount offered or provided by the manufacturer under a cost containment contract entered into with the pertinent State agency.

(c) Grants-in-aid; cash grants; ratable reduction of amount an agency may distribute; affirmative action; regulations relating to dual receipt of benefits under commodity supplemental food program; promotion

(1) The Secretary may carry out a special supplemental nutrition program to assist State agencies through grants-in-aid and other means to provide, through local agencies, at no cost, supplemental foods and nutrition education to low-income pregnant, postpartum, and breastfeeding women, infants, and children who satisfy the eligibility requirements specified in sub-

section (d) of this section. The program shall be supplementary to—

(A) the food stamp program;

(B) any program under which foods are distributed to needy families in lieu of food stamps; and

(C) receipt of food or meals from soup kitchens, or shelters, or other forms of emergency food assistance.

(2) Subject to amounts appropriated to carry out this section under subsection (g) of this section—

(A) the Secretary shall make cash grants to State agencies for the purpose of administering the program, and

(B) any State agency approved eligible local agency that applies to participate in or expand the program under this section shall immediately be provided with the necessary funds to carry out the program.

(3) Nothing in this subsection shall be construed to permit the Secretary to reduce ratably the amount of foods that an eligible local agency shall distribute under the program to participants. The Secretary shall take affirmative action to ensure that the program is instituted in areas most in need of supplemental foods. The existence of a commodity supplemental food program under section 4 of the Agriculture and Consumer Protection Act of 1973 shall not preclude the approval of an application from an eligible local agency to participate in the program under this section nor the operation of such program within the same geographic area as that of the commodity supplemental food program, but the Secretary shall issue such regulations as are necessary to prevent dual receipt of benefits under the commodity supplemental food program and the program under this section.

(4) A State shall be ineligible to participate in programs authorized under this section if the Secretary determines that State or local sales taxes are collected within the State on purchases of food made to carry out this section.

(5) The Secretary shall promote the special supplemental nutrition program by producing and distributing materials, including television and radio public service announcements in English and other appropriate languages, that inform potentially eligible individuals of the benefits and services under the program.

(d) Eligible participants

(1) Participation in the program under this section shall be limited to pregnant, postpartum, and breastfeeding women, infants, and children from low-income families who are determined by a competent professional authority to be at nutritional risk.

(2)(A) The Secretary shall establish income eligibility standards to be used in conjunction with the nutritional risk criteria in determining eligibility of individuals for participation in the program. Any individual at nutritional risk shall be eligible for the program under this section only if such individual—

(i) is a member of a family with an income that is less than the maximum income limit prescribed under section 1758(b) of this title for free and reduced price meals;

(ii)(I) receives food stamps under the Food Stamp Act of 1977 [7 U.S.C. 2011 et seq.]; or

(II) is a member of a family that receives assistance under the program for aid to families with dependent children established under part A of title IV of the Social Security Act [42 U.S.C. 601 et seq.]; or

(iii)(I) receives medical assistance under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.]; or

(II) is a member of a family in which a pregnant woman or an infant receives such assistance.

(B) For the purpose of determining income eligibility under this section, any State agency may choose to exclude from income any basic allowance for quarters received by military service personnel residing off military installations.

(C) In the case of a pregnant woman who is otherwise ineligible for participation in the program because the family of the woman is of insufficient size to meet the income eligibility standards of the program, the pregnant woman shall be considered to have satisfied the income eligibility standards if, by increasing the number of individuals in the family of the woman by 1 individual, the income eligibility standards would be met.

(3)(A) Persons shall be certified for participation in accordance with general procedures prescribed by the Secretary.

(B) A State may consider pregnant women who meet the income eligibility standards to be presumptively eligible to participate in the program and may certify the women for participation immediately, without delaying certification until an evaluation is made concerning nutritional risk. A nutritional risk evaluation of such a woman shall be completed not later than 60 days after the woman is certified for participation. If it is subsequently determined that the woman does not meet nutritional risk criteria, the certification of the woman shall terminate on the date of the determination.

(4) The Secretary shall report biennially to Congress and the National Advisory Council on Maternal, Infant, and Fetal Nutrition established under subsection (k) of this section on—

(A) the income and nutritional risk characteristics of participants in the program;

(B) participation in the program by members of families of migrant farmworkers; and

(C) such other matters relating to participation in the program as the Secretary considers appropriate.

(e) Nutrition education and drug abuse education

(1) The State agency shall ensure that nutrition education and drug abuse education is provided to all pregnant, postpartum, and breastfeeding participants in the program and to parents or caretakers of infant and child participants in the program. The State agency may also provide nutrition education and drug abuse education to pregnant, postpartum, and breastfeeding women and to parents or caretakers of infants and children enrolled at local agencies operating the program under this section who do not participate in the program.

(2) The Secretary shall prescribe standards to ensure that adequate nutrition education services and breastfeeding promotion and support are provided. The State agency shall provide training to persons providing nutrition education under this section. Nutrition education and breastfeeding promotion and support shall be evaluated annually by each State agency, and such evaluation shall include the views of participants concerning the effectiveness of the nutrition education and breastfeeding promotion and support they have received.

(3) The Secretary shall, after submitting proposed nutrition education materials to the Secretary of Health and Human Services for comment, issue such materials for use in the program under this section.

(4) The State agency shall—

(A) ensure that written information concerning food stamps, the program for aid to families with dependent children under part A of title IV of the Social Security Act [42 U.S.C. 601 et seq.], and the child support enforcement program under part D of title IV of the Social Security Act [42 U.S.C. 651 et seq.] is provided on at least 1 occasion to each adult participant in and each applicant for the program;

(B) provide each local agency with materials showing the maximum income limits, according to family size, applicable to pregnant women, infants, and children up to age 5 under the medical assistance program established under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.] (in this section referred to as the “medicaid program”); and

(C) provide to individuals applying for the program under this section, or reapplying at the end of their certification period, written information about the medicaid program and referral to such program or to agencies authorized to determine presumptive eligibility for such program, if such individuals are not participating in such program and appear to have family income below the applicable maximum income limits for such program.

(5) The State agency shall ensure that each local agency shall maintain and make available for distribution a list of local resources for substance abuse counseling and treatment.

(6) Each local agency may use a master file to document and monitor the provision of nutrition education services (other than the initial provision of such services) to individuals that are required, under standards prescribed by the Secretary, to be included by the agency in group nutrition education classes.

(f) Plan of operation and administration by State agency

(1)(A) Each State agency shall submit annually to the Secretary, by a date specified by the Secretary, a plan of operation and administration for a fiscal year.

(B) To be eligible to receive funds under this section for a fiscal year, a State agency must receive the approval of the Secretary for the plan submitted for the fiscal year.

(C) The plan shall include—

(i) a description of the food delivery system of the State agency and the method of enabling participants to receive supplemental foods

under the program, to be administered in accordance with standards developed by the Secretary;

(ii) a description of the financial management system of the State agency;

(iii) a plan to coordinate operations under the program with special counseling services, such as the expanded food and nutrition education program, immunization programs, local programs for breastfeeding promotion, prenatal care, well-child care, family planning, drug abuse education, alcohol and drug abuse counseling and treatment, child abuse counseling, and with the aid to families with dependent children, food stamp, maternal and child health care, and medicaid programs, including medicaid programs that use coordinated care providers under a contract entered into under section 1903(m), or a waiver granted under section 1915(b), of the Social Security Act (42 U.S.C. 1396b(m) or 1396n(b)) (including coordination through the referral of potentially eligible women, infants, and children between the program authorized under this section and the medicaid program);

(iv) a plan to provide program benefits under this section to, and to meet the special nutrition education needs of, eligible migrants, homeless individuals, and Indians;

(v) a plan to expend funds to carry out the program during the relevant fiscal year;

(vi) a plan to provide program benefits under this section to unserved and underserved areas in the State, if sufficient funds are available to carry out this clause;

(vii) a plan to provide program benefits under this section to eligible individuals most in need of the benefits and to provide eligible individuals not participating in the program with information on the program, the eligibility criteria for the program, and how to apply for the program, with emphasis on reaching and enrolling eligible women in the early months of pregnancy, including provisions to reach and enroll eligible migrants;

(viii) a plan to provide program benefits under this section to unserved infants and children under the care of foster parents, protective services, or child welfare authorities, including infants exposed to drugs perinatally;

(ix) if the State agency chooses to provide program benefits under this section to some or all eligible individuals who are incarcerated in prisons or juvenile detention facilities that do not receive Federal assistance under any program specifically established to assist pregnant women regarding their nutrition and health needs, a plan for the provision of such benefits to, and to meet the special nutrition education needs of, such individuals, which may include—

(I) providing supplemental foods to such individuals that are different from those provided to other participants in the program under this section;

(II) providing such foods to such individuals in a different manner than to other participants in the program under this section in order to meet the special needs of such individuals; and

(III) the development of nutrition education materials appropriate for the special needs of such individuals;

(x) a plan to improve access to the program for participants and prospective applicants who are employed, or who reside in rural areas, by addressing their special needs through the adoption or revision of procedures and practices to minimize the time participants and applicants must spend away from work and the distances that participants and applicants must travel, including appointment scheduling, adjustment of clinic hours, clinic locations, or mailing of multiple vouchers;

(xi) a plan to provide nutrition education and promote breastfeeding;

(xii) if the State agency chooses to request the funds conversion authority established in clause¹ (h)(5) of this section, an estimate of the increased participation which will result from its cost-saving initiative, including an explanation of how the estimate was developed; and

(xiii) such other information as the Secretary may require.

(D) The Secretary may permit a State agency to submit only those parts of a plan that differ from plans submitted for previous fiscal years.

(E) The Secretary may not approve any plan that permits a person to participate simultaneously in both the program authorized under this section and the commodity supplemental food program authorized under sections 4 and 5 of the Agriculture and Consumer Protection Act of 1973 (7 U.S.C. 612c note).

(2) A State agency shall establish a procedure under which members of the general public are provided an opportunity to comment on the development of the State agency plan.

(3) The Secretary shall establish procedures under which eligible migrants may, to the maximum extent feasible, continue to participate in the program under this section when they are present in States other than the State in which they were originally certified for participation in the program and shall ensure that local programs provide priority consideration to serving migrant participants who are residing in the State for a limited period of time. Each State agency shall be responsible for administering the program for migrant populations within its jurisdiction.

(4) State agencies shall submit monthly financial reports and participation data to the Secretary.

(5) State and local agencies operating under the program shall keep such accounts and records, including medical records, as may be necessary to enable the Secretary to determine whether there has been compliance with this section and to determine and evaluate the benefits of the nutritional assistance provided under this section. Such accounts and records shall at all times be available for inspection and audit by representatives of the Secretary and shall be preserved for such period of time, not in excess of five years, as the Secretary determines necessary.

¹ So in original. Probably should be "subsection".

(6) The State agency, upon receipt of a completed application from a local agency for participation in the program (and the Secretary, upon receipt of a completed application from a State agency), shall notify the applicant agency in writing within thirty days of the approval or disapproval of the application, and any disapproval shall be accompanied with a statement of the reasons for such disapproval. Within fifteen days after receipt of an incomplete application, the State agency (or the Secretary) shall notify the applicant agency of the additional information needed to complete the application.

(7)(A) Local agencies participating in the program under this section shall notify persons of their eligibility or ineligibility for the program within twenty days of the date that the household, during office hours of a local agency, personally makes an oral or written request to participate in the program. The Secretary shall establish a shorter notification period for categories of persons who, due to special nutritional risk conditions, must receive benefits more expeditiously.

(B) State agencies may provide for the delivery of vouchers to any participant who is not scheduled for nutrition education counseling or a recertification interview through means, such as mailing, that do not require the participant to travel to the local agency to obtain vouchers. The State agency shall describe any plans for issuance of vouchers by mail in its plan submitted under paragraph (1). The Secretary may disapprove a State plan with respect to the issuance of vouchers by mail in any specified jurisdiction or part of a jurisdiction within a State only if the Secretary finds that such issuance would pose a significant threat to the integrity of the program under this section in such jurisdiction or part of a jurisdiction.

(8)(A) The State agency shall, in cooperation with participating local agencies, publicly announce and distribute information on the availability of program benefits (including the eligibility criteria for participation and the location of local agencies operating the program) to offices and organizations that deal with significant numbers of potentially eligible individuals (including health and medical organizations, hospitals and clinics, welfare and unemployment offices, social service agencies, farmworker organizations, Indian tribal organizations, organizations and agencies serving homeless individuals and shelters for victims of domestic violence, and religious and community organizations in low income areas).

(B) The information shall be publicly announced by the State agency and by local agencies at least annually.

(C) The State agency and local agencies shall distribute the information in a manner designed to provide the information to potentially eligible individuals who are most in need of the benefits, including pregnant women in the early months of pregnancy.

(D) Each local agency operating the program within a hospital and each local agency operating the program that has a cooperative arrangement with a hospital shall—

(i) advise potentially eligible individuals that receive inpatient or outpatient prenatal,

maternity, or postpartum services, or accompany a child under the age of 5 who receives well-child services, of the availability of program benefits; and

(ii) to the extent feasible, provide an opportunity for individuals who may be eligible to be certified within the hospital for participation in such program.

(9)(A) The State agency shall grant a fair hearing, and a prompt determination thereafter, in accordance with regulations issued by the Secretary, to any applicant, participant, or local agency aggrieved by the action of a State or local agency as it affects participation.

(B) Any State agency that must suspend or terminate benefits to any participant during the participant's certification period due to a shortage of funds for the program shall first issue a notice to such participant. Such notice shall include, in addition to other information required by the Secretary, the categories of participants whose benefits are being suspended or terminated due to such shortage.

(10) If an individual certified as eligible for participation in the program under this section in one area moves to another area in which the program is operating, that individual's certification of eligibility shall remain valid for the period for which the individual was originally certified.

(11) The Secretary shall establish standards for the proper, efficient, and effective administration of the program, including standards that will ensure sufficient State agency staff. If the Secretary determines that a State agency has failed without good cause to administer the program in a manner consistent with this section or to implement the approved plan of operation and administration under this subsection, the Secretary may withhold such amounts of the State agency's funds for nutrition services and administration as the Secretary deems appropriate. Upon correction of such failure during a fiscal year by a State agency, any funds so withheld for such fiscal year shall be provided the State agency.

(12) The Secretary shall prescribe by regulation the supplemental foods to be made available in the program under this section. To the degree possible, the Secretary shall assure that the fat, sugar, and salt content of the prescribed foods is appropriate. Products specifically designed for pregnant, postpartum, and breastfeeding women, or infants shall be available at the discretion of the Secretary if the products are commercially available or are justified to and approved by the Secretary based on clinical tests performed in accordance with standards prescribed by the Secretary.

(13) A competent professional authority shall be responsible for prescribing the appropriate supplemental foods, taking into account medical and nutritional conditions and cultural eating patterns, and, in the case of homeless individuals, the special needs and problems of such individuals.

(14) The State agency shall (A) provide nutrition education, breastfeeding promotion, and drug abuse education materials and instruction in languages other than English and (B) use appropriate foreign language materials in the ad-

ministration of the program, in areas in which a substantial number of low-income households speak a language other than English.

(15) If a State agency determines that a member of a family has received an overissuance of food benefits under the program authorized by this section as the result of such member intentionally making a false or misleading statement or intentionally misrepresenting, concealing, or withholding facts, the State agency shall recover, in cash, from such member an amount that the State agency determines is equal to the value of the overissued food benefits, unless the State agency determines that the recovery of the benefits would not be cost effective.

(16) To be eligible to participate in the program authorized by this section, a manufacturer of infant formula that supplies formula for the program shall—

(A) register with the Secretary of Health and Human Services under the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.]; and

(B) before bidding for a State contract to supply infant formula for the program, certify with the State health department that the formula complies with such Act and regulations issued pursuant to such Act.

(17) The State agency may adopt methods of delivering benefits to accommodate the special needs and problems of homeless individuals and to accommodate the special needs and problems of individuals who are incarcerated in prisons or juvenile detention facilities.

(18) Notwithstanding subsection (d)(2)(A)(i) of this section, not later than July 1 of each year, a State agency may implement income eligibility guidelines under this section concurrently with the implementation of income eligibility guidelines under the medicaid program established under title XIX of the Social Security Act (42 U.S.C. 1396 et seq.).

(19) Each local agency participating in the program under this section shall provide information about other potential sources of food assistance in the local area to individuals who apply in person to participate in the program under this section, but who cannot be served because the program is operating at capacity in the local area.

(20) The State agency shall adopt policies that—

(A) require each local agency to attempt to contact each pregnant woman who misses an appointment to apply for participation in the program under this section, in order to reschedule the appointment, unless the phone number and the address of the woman are unavailable to such local agency; and

(B) in the case of local agencies that do not routinely schedule appointments for individuals seeking to apply or be recertified for participation in the program under this section, require each such local agency to schedule appointments for each employed individual seeking to apply or be recertified for participation in such program so as to minimize the time each such individual is absent from the workplace due to such application or request for recertification.

(21) Each State agency shall conduct monitoring reviews of each local agency at least biennially.

(22) In the State plan submitted to the Secretary for fiscal year 1994, each State agency shall advise the Secretary regarding the procedures to be used by the State agency to reduce the purchase of low-iron infant formula for infants on the program for whom such formula has not been prescribed by a physician or other appropriate health professional, as determined by regulations issued by the Secretary.

(23) A State agency may use funds recovered as a result of violations in the food delivery system of the program in the year in which the funds are collected for the purpose of carrying out the program.

(24) The Secretary and the Secretary of Health and Human Services shall carry out an initiative to assure that, in a case in which a State medicaid program uses coordinated care providers under a contract entered into under section 1903(m), or a waiver granted under section 1915(b), of the Social Security Act (42 U.S.C. 1396b(m) or 1396n(b)), coordination between the program authorized by this section and the medicaid program is continued, including—

(A) the referral of potentially eligible women, infants, and children between the 2 programs; and

(B) the timely provision of medical information related to the program authorized by this section to agencies carrying out the program.

(g) Authorization of appropriations; allocation of funds; estimate of families having income below limit for participation

(1) There are authorized to be appropriated to carry out this section \$2,158,000,000 for the fiscal year 1990, and such sums as may be necessary for each of the fiscal years 1995 through 1998. As authorized by section 1752 of this title, appropriations to carry out the provisions of this section may be made not more than 1 year in advance of the beginning of the fiscal year in which the funds will become available for disbursement to the States, and shall remain available for the purposes for which appropriated until expended.

(2)(A) Notwithstanding any other provision of law, unless enacted in express limitation of this subparagraph, the Secretary—

(i) in the case of legislation providing funds through the end of a fiscal year, shall issue—

(I) an initial allocation of funds provided by the enactment of such legislation not later than the expiration of the 15-day period beginning on the date of the enactment of such legislation; and

(II) subsequent allocations of funds provided by the enactment of such legislation not later than the beginning of each of the second, third, and fourth quarters of the fiscal year; and

(ii) in the case of legislation providing funds for a period that ends prior to the end of a fiscal year, shall issue an initial allocation of funds provided by the enactment of such legislation not later than the expiration of the 10-day period beginning on the date of the enactment of such legislation.

(B) In any fiscal year—

(i) unused amounts from a prior fiscal year that are identified by the end of the first quarter of the fiscal year shall be recovered and reallocated not later than the beginning of the second quarter of the fiscal year; and

(ii) unused amounts from a prior fiscal year that are identified after the end of the first quarter of the fiscal year shall be recovered and reallocated on a timely basis.

(3) Notwithstanding any other provision of law, unless enacted in express limitation of this paragraph—

(A) the allocation of funds required by paragraph (2)(A)(i)(I) shall include not less than $\frac{1}{2}$ of the amounts appropriated by the legislation described in such paragraph;

(B) the allocations of funds required by paragraph (2)(A)(i)(II) to be made not later than the beginning of the second and third quarters of the fiscal year shall each include not less than $\frac{1}{4}$ of the amounts appropriated by the legislation described in such paragraph; and

(C) in the case of the enactment of legislation providing appropriations for a period of not more than 4 months, the allocation of funds required by paragraph (2)(A)(ii) shall include all amounts appropriated by such legislation except amounts reserved by the Secretary for purposes of carrying out paragraph (5).

(4) Of the sums appropriated for any fiscal year for programs authorized under this section, not less than nine-tenths of 1 percent shall be available first for services to eligible members of migrant populations. The migrant services shall be provided in a manner consistent with the priority system of a State for program participation.

(5) Of the sums appropriated for any fiscal year for the program under this section, one-half of 1 percent, not to exceed \$5,000,000, shall be available to the Secretary for the purpose of evaluating program performance, evaluating health benefits, preparing the report required under subsection (d)(4) of this section, providing technical assistance to improve State agency administrative systems, administration of pilot projects, including projects designed to meet the special needs of migrants, Indians, and rural populations, and carrying out technical assistance and research evaluation projects of the programs under this section.

(6) Upon the completion of the 1990 decennial census, the Secretary, in coordination with the Secretary of Commerce, shall make available an estimate, by State and county (or equivalent political subdivision) of the number of women, infants, and children who are members of families that have incomes below the maximum income limit for participation in the program under this section.

(h) Funds for nutrition services and administration

(1)(A) Each fiscal year, the Secretary shall make available, from amounts appropriated for such fiscal year under subsection (g)(1) of this section and amounts remaining from amounts appropriated under such subsection for the preceding fiscal year, an amount sufficient to guar-

antee a national average per participant grant to be allocated among State agencies for costs incurred by State and local agencies for nutrition services and administration for such year.

(B)(i) The amount of the national average per participant grant for nutrition services and administration for any fiscal year shall be an amount equal to the amount of the national average per participant grant for nutrition services and administration issued for the fiscal year 1987, as adjusted.

(ii) Such adjustment, for any fiscal year, shall be made by revising the national average per participant grant for nutrition services and administration for the fiscal year 1987 to reflect the percentage change between—

(I) the value of the index for State and local government purchases, using the implicit price deflator, as published by the Bureau of Economic Analysis of the Department of Commerce, for the 12-month period ending June 30, 1986; and

(II) the best estimate that is available as of the start of the fiscal year of the value of such index for the 12-month period ending June 30 of the previous fiscal year.

(C) In any fiscal year, amounts remaining from amounts appropriated for such fiscal year under subsection (g)(1) of this section and from amounts appropriated under such section for the preceding fiscal year, after carrying out subparagraph (A), shall be made available for food benefits under this section, except to the extent that such amounts are needed to carry out the purposes of subsections (g)(4) and (g)(5) of this section.

(2)(A) For each of the fiscal years 1995 through 1998, the Secretary shall allocate to each State agency from the amount described in paragraph (1)(A) an amount for costs of nutrition services and administration on the basis of a formula prescribed by the Secretary. Such formula—

(i) shall be designed to take into account—

(I) the varying needs of each State;

(II) the number of individuals participating in each State; and

(III) other factors which serve to promote the proper, efficient, and effective administration of the program under this section;

(ii) shall provide for each State agency—

(I) an estimate of the number of participants for the fiscal year involved; and

(II) a per participant grant for nutrition services and administration for such year;

(iii) shall provide for a minimum grant amount for State agencies; and

(iv) may provide funds, to the extent funds are not already provided under subparagraph (I)(v)² for the same purpose, to help defray reasonable anticipated expenses associated with innovations in cost containment or associated with procedures that tend to enhance competition.

(B)(i) Except as provided in clause (ii) and subparagraph (C), in any fiscal year, the total amount allocated to a State agency for costs of nutrition services and administration under the

² So in original. Probably should be "paragraph (8)(I)(v)".

formula prescribed by the Secretary under subparagraph (A) shall constitute the State agency's operational level for such costs for such year even if the number of participants in the program at such agency is lower than the estimate provided under subparagraph (A)(ii)(I).

(ii) If a State agency's per participant expenditure for nutrition services and administration is more than 15 percent higher than its per participant grant for nutrition services and administration without good cause, the Secretary may reduce such State agency's operational level for costs of nutrition services and administration.

(C) In any fiscal year, the Secretary may reallocate amounts provided to State agencies under subparagraph (A) for such fiscal year. When reallocating amounts under the preceding sentence, the Secretary may provide additional amounts to, or recover amounts from, any State agency.

(3)(A) Except as provided in subparagraphs (B) and (C), in each fiscal year, each State agency shall expend—

(i) for nutrition education activities and breastfeeding promotion and support activities, an aggregate amount that is not less than the sum of—

(I) $\frac{1}{2}$ of the amounts expended by the State for costs of nutrition services and administration; and

(II) except as otherwise provided in subparagraphs (F) and (G), an amount equal to a proportionate share of the national minimum breastfeeding promotion expenditure, as described in subparagraph (E), with each State's share determined on the basis of the number of pregnant women and breastfeeding women in the program in the State as a percentage of the number of pregnant women and breastfeeding women in the program in all States; and

(ii) for breastfeeding promotion and support activities an amount that is not less than the amount determined for such State under clause (i)(II).

(B) The Secretary may authorize a State agency to expend an amount less than the amount described in subparagraph (A)(ii) for purposes of breastfeeding promotion and support activities if—

(i) the State agency so requests; and

(ii) the request is accompanied by documentation that other funds will be used to conduct nutrition education activities at a level commensurate with the level at which such activities would be conducted if the amount described in subparagraph (A)(ii) were expended for such activities.

(C) The Secretary may authorize a State agency to expend for purposes of nutrition education an amount that is less than the difference between the aggregate amount described in subparagraph (A) and the amount expended by the State for breastfeeding promotion and support programs if—

(i) the State agency so requests; and

(ii) the request is accompanied by documentation that other funds will be used to conduct such activities.

(D) The Secretary shall limit to a minimal level any documentation required under this paragraph.

(E) In the case of fiscal year 1996 (except as provided in subparagraph (G)) and each subsequent fiscal year, the national minimum breastfeeding promotion expenditure means an amount that is—

(i) equal to \$21 multiplied by the number of pregnant women and breastfeeding women participating in the program nationwide, based on the average number of pregnant women and breastfeeding women so participating during the last 3 months for which the Secretary has final data; and

(ii) adjusted for inflation on October 1, 1996, and each October 1 thereafter, in accordance with paragraph (1)(B)(ii).

(F) In the case of fiscal year 1995, a State shall pay, in lieu of the expenditure required under subparagraph (A)(i)(II), an amount that is equal to the lesser of—

(i) an amount that is more than the expenditure of the State for fiscal year 1994 on the activities described in subparagraph (A)(i); or

(ii) an amount that is equal to \$21 multiplied by the number of pregnant women and breastfeeding women participating in the program in the State, based on the average number of pregnant women and breastfeeding women so participating during the last 3 months for which the Secretary has final data.

(G)(i) If the Secretary determines that a State agency is unable, for reasons the Secretary considers to be appropriate, to make the expenditure required under subparagraph (A)(i)(II) for fiscal year 1996, the Secretary may permit the State to make the required level of expenditure not later than October 1, 1996.

(ii) In the case of fiscal year 1996, if the Secretary makes a determination described in clause (i), a State shall pay, in lieu of the expenditure required under subparagraph (A)(i)(II), an amount that is equal to the lesser of—

(I) an amount that is more than the expenditure of the State for fiscal year 1995 on the activities described in subparagraph (A)(i); and

(II) an amount that is equal to \$21 multiplied by the number of pregnant women and breastfeeding women participating in the program in the State, based on the average number of pregnant women and breastfeeding women so participating during the last 3 months for which the Secretary has final data.

(4) The Secretary shall—

(A) in consultation with the Secretary of Health and Human Services, develop a definition of breastfeeding for the purposes of the program under this section;

(B) authorize the purchase of breastfeeding aids by State and local agencies as an allowable expense under nutrition services and administration;

(C) require each State agency to designate an agency staff member to coordinate breastfeeding promotion efforts identified in the State plan of operation and administration;

(D) require the State agency to provide training on the promotion and management of breastfeeding to staff members of local agen-

cies who are responsible for counseling participants in the program under this section concerning breastfeeding; and

(E) not later than 1 year after November 2, 1994, develop uniform requirements for the collection of data regarding the incidence and duration of breastfeeding among participants in the program and, on development of the uniform requirements, require each State agency to report the data for inclusion in the report to Congress described in subsection (d)(4) of this section.

(5)(A) Subject to subparagraph (B), in any fiscal year that a State agency achieves, through use of acceptable measures, participation that exceeds the participation level estimated for such State agency under paragraph (2)(A)(ii)(I), such State agency may convert amounts allocated for food benefits for such fiscal year for costs of nutrition services and administration to the extent that such conversion is necessary—

(i) to cover allowable expenditures in such fiscal year; and

(ii) to ensure that the State agency maintains the level established for the per participant grant for nutrition services and administration for such fiscal year.

(B) If a State agency increases its participation level through measures that are not in the nutritional interests of participants or not otherwise allowable (such as reducing the quantities of foods provided for reasons not related to nutritional need), the Secretary may refuse to allow the State agency to convert amounts allocated for food benefits to defray costs of nutrition services and administration.

(C) For the purposes of this paragraph, the term “acceptable measures” includes use of cost containment measures, curtailment of vendor abuse, and breastfeeding promotion activities.

(6) In each fiscal year, each State agency shall provide, from the amounts allocated to such agency for such year for costs of nutrition services and administration, an amount to each local agency for its costs of nutrition services and administration. The amount to be provided to each local agency under the preceding sentence shall be determined under allocation standards developed by the State agency in cooperation with the several local agencies, taking into account factors deemed appropriate to further proper, efficient, and effective administration of the program, such as—

(A) local agency staffing needs;

(B) density of population;

(C) number of individuals served; and

(D) availability of administrative support from other sources.

(7) The State agency may provide in advance to any local agency any amounts for nutrition services and administration deemed necessary for successful commencement or significant expansion of program operations during a reasonable period following approval of—

(A) a new local agency;

(B) a new cost containment measure; or

(C) a significant change in an existing cost containment measure.

(8)(A) No State may receive its allocation under this subsection unless on or before August

30, 1989 (or a subsequent date established by the Secretary for any State) such State has—

(i) examined the feasibility of implementing cost containment measures with respect to procurement of infant formula, and, where practicable, other foods necessary to carry out the program under this section; and

(ii) initiated action to implement such measures unless the State demonstrates, to the satisfaction of the Secretary, that such measures would not lower costs or would interfere with the delivery of formula or foods to participants in the program.

(B)(i) Except as provided in subparagraphs (C), (D), and (E)(iii), in carrying out subparagraph (A), any State that provides for the purchase of foods under the program at retail grocery stores shall, with respect to the procurement of infant formula, use—

(I) a competitive bidding system; or

(II) any other cost containment measure that yields savings equal to or greater than savings generated by a competitive bidding system when such savings are determined by comparing the amounts of savings that would be provided over the full term of contracts offered in response to a single invitation to submit both competitive bids and bids for other cost containment systems for the sale of infant formula.

(ii) In determining whether a cost containment measure other than competitive bidding yields equal or greater savings, the State, in accordance with regulations issued by the Secretary, may take into account other cost factors (in addition to rebate levels and procedures for adjusting rebate levels when wholesale price levels rise), such as—

(I) the number of infants who would not be expected to receive the contract brand of infant formula under a competitive bidding system;

(II) the number of cans of infant formula for which no rebate would be provided under another rebate system; and

(III) differences in administrative costs relating to the implementation of the various cost containment systems (such as costs of converting a computer system for the purpose of operating a cost containment system and costs of preparing participants for conversion to a new or alternate cost containment system).

(C) In the case of any State that has a contract in effect on November 10, 1989, subparagraph (B) shall not apply to the program operated by such State under this section until the term of such contract, as such term is specified by the contract as in effect on November 10, 1989, expires. In the case of any State that has more than 1 such contract in effect on November 10, 1989, subparagraph (B) shall not apply until the term of the contract with the latest expiration date, as such term is specified by such contract as in effect on November 10, 1989, expires.

(D)(i) The Secretary shall waive the requirement of subparagraph (B) in the case of any State that demonstrates to the Secretary that—

(I) compliance with subparagraph (B) would be inconsistent with efficient or effective op-

eration of the program operated by such State under this section; or

(II) the amount by which the savings yielded by an alternative cost containment system would be less than the savings yielded by a competitive bidding system is sufficiently minimal that the difference is not significant.

(ii) The Secretary shall prescribe criteria under which a waiver may be granted pursuant to clause (i).

(iii) The Secretary shall provide information on a timely basis to the Committee on Education and Labor of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate on waivers that have been granted under clause (i).

(E)(i) The Secretary shall provide technical assistance to small Indian State agencies carrying out this paragraph in order to assist such agencies to achieve the maximum cost containment savings feasible.

(ii) The Secretary shall also provide technical assistance, on request, to State agencies that desire to consider a cost containment system that covers more than 1 State agency.

(iii) The Secretary may waive the requirement of subparagraph (B) in the case of any Indian State agency that has not more than 1,000 participants.

(F) No State may enter into a cost containment contract (in this subparagraph referred to as the "original contract") that prescribes conditions that would void, reduce the savings under, or otherwise limit the original contract if the State solicited or secured bids for, or entered into, a subsequent cost containment contract to take effect after the expiration of the original contract.

(G)(i) The Secretary shall offer to solicit bids on behalf of State agencies regarding cost-containment contracts to be entered into by infant formula manufacturers and State agencies. The Secretary shall make the offer to State agencies once every 12 months. Each such bid solicitation shall only take place if two or more State agencies request the Secretary to perform the solicitation. For such State agencies, the Secretary shall solicit bids and select the winning bidder for a cost containment contract to be entered into by State agencies and infant formula manufacturers or suppliers.

(ii) If the Secretary determines that the number of State agencies making the election in clause (i) so warrants, the Secretary may, in consultation with such State agencies, divide such State agencies into more than one group of such agencies and solicit bids for a contract for each such group. In determining the size of the groups of agencies, the Secretary shall, to the extent practicable, take into account the need to maximize the number of potential bidders so as to increase competition among infant formula manufacturers.

(iii) State agencies that elect to authorize the Secretary to perform the bid solicitation and selection process on their behalf and enter into the resulting containment contract shall obtain the rebates or discounts from the manufacturers or suppliers participating in the contract.

(iv) In soliciting bids and determining the winning bidder under clause (i), the Secretary shall

comply with the requirements of subparagraphs (B) and (F).

(v)(I) Except as provided in subclause (II), the term of the contract for which bids are to be solicited under this paragraph shall be announced by the Secretary in consultation with the affected State agencies and shall be not less than 2 years.

(II) If the law of a State regarding the duration of contracts is inconsistent with subclause (I), the Secretary shall permit a 1-year contract, with the option provided to the State to extend the contract for additional years.

(vi) In prescribing specifications for the bids, the Secretary shall ensure that the contracts to be entered into by the State agencies and the infant formula manufacturers or suppliers provide for a constant net price for infant formula products for the full term of the contracts and provide for rebates or discounts for all units of infant formula sold through the program that are produced by the manufacturer awarded the contract and that are for a type of formula product covered under the contract. The contracts shall cover all types of infant formula products normally covered under cost containment contracts entered into by State agencies.

(vii) The Secretary shall also develop procedures for—

(I) rejecting all bids for any joint contract and announcing a resolicitation of infant formula bids where necessary;

(II) permitting a State agency that has authorized the Secretary to undertake bid solicitation on its behalf under this subparagraph to decline to enter into the joint contract to be negotiated and awarded pursuant to the solicitation if the agency promptly determines after the bids are opened that participation would not be in the best interest of its program; and

(III) assuring infant formula manufacturers submitting a bid under this subparagraph that a contract awarded pursuant to the bid will cover State agencies serving no fewer than a number of infants to be specified in the bid solicitation.

(viii) The bid solicitation and selection process on behalf of the State agencies shall be conducted in accordance with any procedures the Secretary deems necessary for the effective and efficient administration of the bid solicitation and selection process and consistent with the requirements of this subparagraph. The procedures established by the Secretary shall ensure that—

(I) the bid solicitation and selection process is conducted in a manner providing full and open competition; and

(II) the bid solicitation and selection process is free of any real or apparent conflict of interest.

(ix) Not later than September 30, 1996, the Secretary shall offer to solicit bids on behalf of State agencies regarding cost containment contracts to be entered into by infant cereal manufacturers and State agencies. In carrying out this clause, the Secretary shall, to the maximum extent feasible, follow the procedures prescribed in this subparagraph regarding offers made by the Secretary with regard to soliciting

bids regarding infant formula cost containment contracts. The Secretary may carry out this clause without issuing regulations.

(H) In soliciting bids for contracts for infant formula for the program authorized by this section, the Secretary shall solicit bids from infant formula manufacturers under procedures in which bids for rebates or discounts are solicited for milk-based and soy-based infant formula, separately, except where the Secretary determines that such solicitation procedures are not in the best interest of the program.

(I) To reduce the costs of any supplemental foods, the Secretary—

(i) shall promote, but not require, the joint purchase of infant formula among State agencies electing not to participate under the procedures set forth in subparagraph (G);

(ii) shall encourage and promote (but not require) the purchase of supplemental foods other than infant formula under cost containment procedures;

(iii) shall inform State agencies of the benefits of cost containment and provide assistance and technical advice at State agency request regarding the State agency's use of cost containment procedures;

(iv) shall encourage (but not require) the joint purchase of supplemental foods other than infant formula under procedures specified in subparagraph (B), if the Secretary determines that—

(I) the anticipated savings are expected to be significant;

(II) the administrative expenses involved in purchasing the food item through competitive bidding procedures, whether under a rebate or discount system, will not exceed the savings anticipated to be generated by the procedures; and

(III) the procedures would be consistent with the purposes of the program; and

(v) may make available additional funds to State agencies out of the funds otherwise available under paragraph (1)(A) for nutrition services and administration in an amount not exceeding one half of 1 percent of the amounts to help defray reasonable anticipated expenses associated with innovations in cost containment or associated with procedures that tend to enhance competition.

(J)(i) Any person, company, corporation, or other legal entity that submits a bid to supply infant formula to carry out the program authorized by this section and announces or otherwise discloses the amount of the bid, or the rebate or discount practices of such entities, in advance of the time the bids are opened by the Secretary or the State agency, or any person, company, corporation, or other legal entity that makes a statement (prior to the opening of bids) relating to levels of rebates or discounts, for the purpose of influencing a bid submitted by any other person, shall be ineligible to submit bids to supply infant formula to the program for the bidding in progress for up to 2 years from the date the bids are opened and shall be subject to a civil penalty of up to \$100,000,000, as determined by the Secretary to provide restitution to the program for harm done to the program. The Secretary shall

issue regulations providing such person, company, corporation, or other legal entity appropriate notice, and an opportunity to be heard and to respond to charges.

(ii) The Secretary shall determine the length of the disqualification, and the amount of the civil penalty referred to in clause (i) based on such factors as the Secretary by regulation determines appropriate.

(iii) Any person, company, corporation, or other legal entity disqualified under clause (i) shall remain obligated to perform any requirements under any contract to supply infant formula existing at the time of the disqualification and until each such contract expires by its terms.

(K) Not later than the expiration of the 180-day period beginning on October 24, 1992, the Secretary shall prescribe regulations to carry out this paragraph.

(L) A State shall not incur any interest liability to the Federal Government on rebate funds for infant formula and other foods if all interest earned by the State on the funds is used for program purposes.

(M)(i) The Secretary shall establish pilot projects in at least 1 State, with the consent of the State, to determine the feasibility and cost of requiring States to carry out a system for using universal product codes to assist retail food stores that are vendors under the program in providing the type of infant formula that the participants in the program are authorized to obtain. In carrying out the projects, the Secretary shall determine whether the system reduces the incidence of incorrect redemptions of low-iron formula or brands of infant formula not authorized to be redeemed through the program, or both.

(ii) The Secretary shall provide a notification to the Committee on Education and Labor of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate regarding whether the system is feasible, is cost-effective, reduces the incidence of incorrect redemptions described in clause (i), and results in any additional costs to States.

(iii) The system shall not require a vendor under the program to obtain special equipment and shall not be applicable to a vendor that does not have equipment that can use universal product codes.

(9) For purposes of this subsection, the term "cost containment measure" means a competitive bidding, rebate, direct distribution, or home delivery system implemented by a State agency as described in its approved plan of operation and administration.

(10)(A) For each of fiscal years 1995 through 1998, the Secretary shall use for the purposes specified in subparagraph (B), \$10,000,000 or the amount of nutrition services and administration funds for the prior fiscal year that has not been obligated, whichever is less.

(B) Funds under subparagraph (A) shall be used for—

(i) development of infrastructure for the program under this section, including management information systems;

(ii) special State projects of regional or national significance to improve the services of the program under this section; and

(iii) special breastfeeding support and promotion projects, including projects to assess the effectiveness of particular breastfeeding promotion strategies and to develop State or local agency capacity or facilities to provide quality breastfeeding services.

(i) Division of funds formula; reallocation of unspent funds; use of State allocation to buy supplemental foods; use of amounts available for succeeding fiscal year

(1) By the beginning of each fiscal year, the Secretary shall divide, among the State agencies, the amounts made available for food benefits under subsection (h)(1)(C) of this section on the basis of a formula determined by the Secretary.

(2) Each State agency's allocation, as so determined, shall constitute the State agency's authorized operational level for that year, except that the Secretary shall reallocate funds periodically if the Secretary determines that a State agency is unable to spend its allocation.

(3)(A) Notwithstanding paragraph (2) and subject to subparagraphs (B) and (C)—

(i) not more than 1 percent (except as provided in subparagraph (H)) of the amount of funds allocated to a State agency under this section for supplemental foods for a fiscal year may be expended by the State agency for expenses incurred under this section for supplemental foods during the preceding fiscal year; and

(ii) not more than 1 percent of the amount of funds allocated to a State agency for a fiscal year under this section may be expended by the State agency during the subsequent fiscal year.

(B) Any funds made available to a State agency in accordance with subparagraph (A)(ii) for a fiscal year shall not affect the amount of funds allocated to the State agency for such year.

(C) The total amount of funds transferred from any fiscal year under clauses (i) and (ii) of subparagraph (A) shall not exceed 1 percent of the amount of the funds allocated to a State agency for such fiscal year.

(D) For State agencies implementing cost containment measures as defined in subsection (h)(9) of this section, not more than 5 percent of the amount of funds allocated under this section to such a State agency for supplemental foods for the fiscal year in which the system is implemented, and not more than 3 percent of the amount of funds allocated to such a State agency for the fiscal year following the fiscal year in which the system is implemented, may be expended by the State agency for expenses incurred under this section for supplemental foods during the succeeding fiscal year.

(E) Notwithstanding any other provision in this paragraph and paragraph (2) a State agency may, subject to the approval of the Secretary under subparagraph (F), expend not more than 3 percent of the amount of funds allocated to such agency for supplemental foods for the fiscal year 1991 for expenses incurred under this section for supplemental foods during the fiscal year 1990.

(F) Each State agency which intends to use the authority provided in subparagraph (E) shall request approval from the Secretary in advance

and shall submit a plan showing how the State's caseload will be managed to meet funding limitations. The Secretary shall review and make determinations on such plans on an expedited basis.

(G) No State can use the authority provided under subparagraph (E) to increase the caseload level above the highest level to date in fiscal year 1990.

(H) The Secretary may authorize a State agency to expend not more than 3 percent of the amount of funds allocated to a State under this section for supplemental foods for a fiscal year for expenses incurred under this section for supplemental foods during the preceding fiscal year, if the Secretary determines that there has been a significant reduction in infant formula cost containment savings provided to the State agency that would affect the ability of the State agency to at least maintain the level of participation by eligible participants served by the State agency.

(4) For purposes of the formula, if Indians are served by the health department of a State, the formula shall be based on the State population inclusive of the Indians within the State boundaries.

(5) If Indians residing in the State are served by a State agency other than the health department of the State, the population of the tribes within the jurisdiction of the State being so served shall not be included in the formula for such State, and shall instead be included in the formula for the State agency serving the Indians.

(6) Notwithstanding any other provision of this section, the Secretary may use a portion of a State agency's allocation to purchase supplemental foods for donation to the State agency under this section.

(7) In addition to any amounts expended under paragraph (3)(A)(i), any State agency using cost containment measures as defined in subsection (h)(9) of this section may temporarily use amounts made available to such agency for the first quarter of a fiscal year to defray expenses for costs incurred during the final quarter of the preceding fiscal year. In any fiscal year, any State agency that uses amounts made available for a succeeding fiscal year under the authority of the preceding sentence shall restore or reimburse such amounts when such agency receives payment as a result of its cost containment measures for such expenses.

(j) Initiative to provide program services at community and migrant health centers

(1) The Secretary and the Secretary of Health and Human Services (referred to in this subsection as the "Secretaries") shall jointly establish and carry out an initiative for the purpose of providing both supplemental foods and nutrition education under the special supplemental nutrition program and health care services to low-income pregnant, postpartum, and breastfeeding women, infants, and children at substantially more community health centers and migrant health centers.

(2) The initiative shall also include—

(A) activities to improve the coordination of the provision of supplemental foods and nutri-

tion education under the special supplemental nutrition program and health care services at facilities funded by the Indian Health Service; and

(B) the development and implementation of strategies to ensure that, to the maximum extent feasible, new community health centers, migrant health centers, and other federally supported health care facilities established in medically underserved areas provide supplemental foods and nutrition education under the special supplemental nutrition program.

(3) The initiative may include—

(A) outreach and technical assistance for State and local agencies and the facilities described in paragraph (2)(A) and the health centers and facilities described in paragraph (2)(B);

(B) demonstration projects in selected State or local areas; and

(C) such other activities as the Secretaries find are appropriate.

(4)(A) Not later than April 1, 1995, the Secretaries shall provide to Congress a notification concerning the actions the Secretaries intend to take to carry out the initiative.

(B) Not later than July 1, 1996, the Secretaries shall provide to Congress a notification concerning the actions the Secretaries are taking under the initiative or actions the Secretaries intend to take under the initiative as a result of their experience in implementing the initiative.

(C) On completion of the initiative, the Secretaries shall provide to Congress a notification concerning an evaluation of the initiative by the Secretaries and a plan of the Secretaries to further the goals of the initiative.

(5) As used in this subsection:

(A) The term “community health center” has the meaning given the term in section 254c(a) of this title.

(B) The term “migrant health center” has the meaning given the term in section 254b(a)(1) of this title.

(l) Donation of foods by Secretary

Foods available under section 1431 of title 7, including, but not limited to, dry milk, or purchased under section 612c of title 7, may be donated by the Secretary, at the request of a State

agency, for distribution to programs conducted under this section. The Secretary may purchase and distribute, at the request of a State agency, supplemental foods for donation to programs conducted under this section, with appropriated funds, including funds appropriated under this section.

(m) Women, infants, and children farmers' market nutrition program; establishment, grants, etc.

(1) Subject to the availability of funds appropriated for the purposes of this subsection, and as specified in this subsection, the Secretary shall award grants to States that submit State plans that are approved for the establishment or maintenance of programs designed to provide recipients of assistance under subsection (c) of this section, or those who are on the waiting list to receive the assistance, with coupons that may be exchanged for fresh, nutritious, unprepared foods at farmers' markets, as defined in the State plans submitted under this subsection.

(2) A grant provided to any State under this subsection shall be provided to the chief executive officer of the State, who shall—

(A) designate the appropriate State agency or agencies to administer the program in conjunction with the appropriate nonprofit organizations; and

(B) ensure coordination of the program among the appropriate agencies and organizations.

(3) The Secretary shall not make a grant to any State under this subsection unless the State agrees to provide State, local, or private funds for the program in an amount that is equal to not less than 30 percent of the total cost of the program, which may be satisfied from State contributions that are made for similar programs. The Secretary may negotiate with an Indian State agency a lower percentage of matching funds than is required under the preceding sentence, but not lower than 10 percent of the total cost of the program, if the Indian State agency demonstrates to the Secretary financial hardship for the affected Indian tribe, band, group, or council.

(4) Subject to paragraph (6), the Secretary shall establish a formula for determining the amount of the grant to be awarded under this subsection to each State for which a State plan is approved under paragraph (6), according to the number of recipients proposed to participate as specified in the State plan. In determining the amount to be awarded to new States, the Secretary shall rank order the State plans according to the criteria of operation set forth in this subsection, and award grants accordingly. The Secretary shall take into consideration the minimum amount needed to fund each approved State plan, and need not award grants to each State that submits a State plan.

(5) Each State that receives a grant under this subsection shall ensure that the program for which the grant is received complies with the following requirements:

(A) Individuals who are eligible to receive Federal benefits under the program shall only be individuals who are receiving assistance under subsection (c) of this section, or who are on the waiting list to receive the assistance.

(B) Construction or operation of a farmers' market may not be carried out using funds—

(i) provided under the grant; or

(ii) required to be provided by the State under paragraph (3).

(C) The value of the Federal share of the benefits received by any recipient under the program may not be—

(i) less than \$10 per year; or

(ii) more than \$20 per year.

(D) The coupon issuance process under the program shall be designed to ensure that coupons are targeted to areas with—

(i) the highest concentration of eligible individuals;

(ii) the greatest access to farmers' markets; and

(iii) certain characteristics, in addition to those described in clauses (i) and (ii), that are determined to be relevant by the Secretary and that maximize the availability of benefits to eligible individuals.

(E) The coupon redemption process under the program shall be designed to ensure that the coupons may be—

(i) redeemed only by producers authorized by the State to participate in the program; and

(ii) redeemed only to purchase fresh nutritious unprepared food for human consumption.

(F)(i) Except as provided in clauses (ii) and (iii), the State may use for administration of the program in any fiscal year not more than 17 percent of the total amount of program funds.

(ii) During any fiscal year for which a State receives assistance under this subsection, the Secretary shall permit the State to use not more than 2 percent of total program funds for market development or technical assistance to farmers' markets if the Secretary determines that the State intends to promote the development of farmers' markets in socially or economically disadvantaged areas, or remote rural areas, where individuals eligible for participation in the program have limited access to locally grown fruits and vegetables.

(iii) The provisions of clauses (i) and (ii) with respect to the use of program funds shall not apply to any funds that a State may contribute in excess of the funds used by the State to meet the requirements of paragraph (3).

(G) The State shall ensure that no State or local taxes are collected within the State on purchases of food with coupons distributed under the program.

(6)(A) The Secretary shall give the same preference for funding under this subsection to eligible States that participated in the program under this subsection in a prior fiscal year as to States that participated in the program in the most recent fiscal year. The Secretary shall inform each State of the award of funds as prescribed by subparagraph (G) by February 15 of each year.

(B)(i) Subject to the availability of appropriations, if a State provides the amount of match-

ing funds required under paragraph (3), the State shall receive assistance under this subsection in an amount that is not less than the amount of such assistance that the State received in the most recent fiscal year in which it received such assistance.

(ii) If amounts appropriated for any fiscal year pursuant to the authorization contained in paragraph (10) for grants under this subsection are not sufficient to pay to each State for which a State plan is approved under paragraph (6) the amount that the Secretary determines each such State is entitled to under this subsection, each State's grant shall be ratably reduced, except that (if sufficient funds are available) each State shall receive at least \$75,000 or the amount that the State received for the prior fiscal year if that amount is less than \$75,000.

(C) In providing funds to serve additional recipients in a State that received assistance under this subsection in the previous fiscal year, the Secretary shall consider—

(i) the availability of any such assistance not spent by the State during the program year for which the assistance was received;

(ii) documentation that justifies the need for an increase in participation; and

(iii) demonstrated ability to satisfactorily operate the existing program.

(D)(i) A State that desires to receive a grant under this subsection shall submit, for each fiscal year, a State plan to the Secretary by November 15 of each year.

(ii) Each State plan submitted under this paragraph shall contain—

(I) the estimated cost of the program and the estimated number of individuals to be served by the program;

(II) a description of the State plan for complying with the requirements established in paragraph (5); and

(III) criteria developed by the State with respect to authorization of producers to participate in the program.

(iii) The criteria developed by the State as required by clause (ii)(III) shall require any authorized producer to sell fresh nutritious unprepared foods (such as fruits and vegetables) to recipients, in exchange for coupons distributed under the program.

(E) The Secretary shall establish objective criteria for the approval and ranking of State plans submitted under this paragraph.

(F) In approving and ranking State plans submitted under this paragraph, the Secretary shall—

(i) favorably consider a State's prior experiences with this or similar programs;

(ii) favorably consider a State's operation of a similar program with State or local funds that can present data concerning the value of the program;

(iii) require that if a State receiving a grant under this section applies the Federal grant to a similar program operated in the previous fiscal year with State or local funds, the State shall not reduce in any fiscal year the amount of State and local funds available to the program in the preceding fiscal year after receiving funds for the program under this subsection;

(iv) give preference to State plans that would serve areas in the State that have—

(I) the highest concentration of eligible persons;

(II) the greatest access to farmers' markets;

(III) broad geographical area;

(IV) the greatest number of recipients in the broadest geographical area within the State; and

(V) any other characteristics, as determined appropriate by the Secretary, that maximize the availability of benefits to eligible persons; and

(v) take into consideration the amount of funds available and the minimum amount needed by each applicant State to successfully operate the program.

(G)(i) An amount equal to 75 percent of the funds available after satisfying the requirements of subparagraph (B) shall be made available to States participating in the program that wish to serve additional recipients, and whose State plan to do so is approved by the Secretary. If this amount is greater than that necessary to satisfy the approved State plans for additional recipients, the unallocated amount shall be applied toward satisfying any unmet need of States that have not participated in the program in the prior fiscal year, and whose State plans have been approved.

(ii) An amount equal to 25 percent of the funds available after satisfying the requirements of subparagraph (B) shall be made available to States that have not participated in the program in the prior fiscal year, and whose State plans have been approved by the Secretary. If this amount is greater than that necessary to satisfy the approved State plans for new States, the unallocated amount shall be applied toward satisfying any unmet need of States that desire to serve additional recipients, and whose State plans have been approved.

(iii) In any fiscal year, any funds that remain unallocated after satisfying the requirements of clauses (i) and (ii) shall be reallocated in the following fiscal year according to procedures established pursuant to paragraph (10)(B)(ii).

(7)(A) The value of the benefit received by any recipient under any program for which a grant is received under this subsection may not affect the eligibility or benefit levels for assistance under other Federal or State programs.

(B) Any programs for which a grant is received under this subsection shall be supplementary to the food stamp program carried out under the Food Stamp Act of 1977 (7 U.S.C. 2011 et seq.) and to any other Federal or State program under which foods are distributed to needy families in lieu of food stamps.

(8) For each fiscal year, the Secretary shall collect from each State that receives a grant under this subsection information relating to—

(A) the number and type of recipients served by both Federal and non-Federal benefits under the program for which the grant is received;

(B) the rate of redemption of coupons distributed under the program;

(C) the average amount distributed in coupons to each recipient;

(D) the change in consumption of fresh fruits and vegetables by recipients, if the information is available;

(E) the effects of the program on farmers' markets, if the information is available; and

(F) any other information determined to be necessary by the Secretary.

(9)(A) There are authorized to be appropriated to carry out this subsection \$8,000,000 for fiscal year 1994, \$10,500,000 for fiscal year 1995, and such sums as may be necessary for each of fiscal years 1996 through 1998.

(B)(i)(I) Each State shall return to the Secretary any funds made available to the State that are unobligated at the end of the fiscal year for which the funds were originally allocated. The unexpended funds shall be returned to the Secretary by February 1st of the following fiscal year.

(II) Notwithstanding any other provision of this subsection, a total of not more than 5 percent of funds made available to a State for any fiscal year may be expended by the State to reimburse expenses incurred for a program assisted under this subsection during the preceding fiscal year.

(ii) The Secretary shall establish procedures to reallocate funds that are returned under clause (i).

(A) The term "coupon" means a coupon, voucher, or other negotiable financial instrument by which benefits under this section are transferred.

(B) The term "program" means—

(C) The term "recipient" means a person or household, as determined by the State, who is chosen by a State to receive benefits under this subsection, or who is on a waiting list to receive such benefits.

(D) The term "State agency" has the meaning provided in subsection (b)(13) of this section, except that the term also includes the agriculture department of each State and any other agency approved by the chief executive officer of the State.

(n) Study of methods of drug abuse education instruction

(2) The Secretary shall—

(A) directly, or through grant or contract, prepare materials for purposes of drug abuse education provided under this section; and

(B) distribute the materials prepared under subparagraph (A) to each State agency for distribution to local agencies participating in the program under this section.

(3) There is authorized to be appropriated—

(A) \$500,000 for the fiscal year 1989 for purposes of carrying out the study required by paragraph (1);

(B) \$2,750,000 for the fiscal year 1989 and such sums as may be necessary for each succeeding fiscal year for purposes of preparing drug abuse education materials as required by paragraph (2)(A); and

(C) \$6,750,000 for the fiscal year 1989 and such sums as may be necessary for each succeeding fiscal year for purposes of—

(i) distributing drug abuse education materials as required by paragraph (2)(B); and

(ii) making referrals under drug abuse education programs.

(4) The State agency, in each fiscal year, shall provide drug abuse education to participants in the program under this section commensurate with amounts appropriated for such fiscal year pursuant to the authorizations contained in paragraph (3).

(o) Demonstration program for establishment of clinics at community colleges offering nursing education programs

(1) Subject to the availability of funds appropriated for the purpose of carrying out this subsection, the Secretary is authorized to establish a demonstration program for the establishment of clinics for participants in the program under this section at community colleges that offer nursing education programs. In determining the location of clinics under this subsection, the Secretary shall consider—

(A) the location of the community college under consideration;

(B) its accessibility to individuals eligible to participate in the special supplemental nutrition program under this section; and

(C) its willingness to operate the clinic during nontraditional hours.

(2) The Secretary shall, from funds appropriated for the purpose of carrying out this subsection—

§ 1788. Nutrition education and training

(a) Congressional findings

Congress finds that—

(1) the proper nutrition of the Nation's children is a matter of highest priority;

(2) the lack of understanding of the principles of good nutrition and their relationship to health can contribute to a child's rejection of highly nutritious foods and consequent plate waste in school food service operations;

(3) many school food service personnel have not had adequate training in food service management skills and principles, and many teachers and school food service operators have not had adequate training in the fundamentals of nutrition or how to convey this information so

as to motivate children to practice sound eating habits;

(4) parents exert a significant influence on children in the development of nutritional habits and lack of nutritional knowledge on the part of parents can have detrimental effects on children's nutritional development; and

(5) there is a need to create opportunities for children to learn about the importance of the principles of good nutrition in their daily lives and how these principles are applied in the school cafeteria.

(b) Statement of purpose

It is the purpose of this section to encourage effective dissemination of scientifically valid information to children participating or eligible to participate in the school lunch and related child nutrition programs by establishing a system of grants to State educational agencies for the development of comprehensive nutrition education and training programs. Such nutrition education programs shall fully use as a learning laboratory the school lunch and child nutrition programs.

(c) "Nutrition education and training program" defined

For purposes of this section, the term "nutrition education and training program" means a multidisciplinary program by which scientifically valid information about foods and nutrients is imparted in a manner that individuals receiving such information will understand the principles of nutrition and seek to maximize their well-being through food consumption practices. Nutrition education programs shall include, but not be limited to, (A) instructing students with regard to the nutritional value of foods and the relationship between food and human health; (B) training child nutrition program personnel in the principles and practices of food service management; (C) instructing teachers in sound principles of nutrition education; (D) developing and using classroom materials and curricula; and (E) providing information to parents and caregivers regarding the nutritional value of food and the relationship between food and health.

(d) Nutrition education and training; grants; coordination with other nutrition activities; coordination with Department of Health and Human Services; transfer of funds; State contracts; nutrition training grants and pilot projects

(1) The Secretary is authorized to formulate and carry out a nutrition education and training program, through a system of grants to State educational agencies, to provide for (A) the nutritional training of educational and food service personnel, (B) training school food service personnel in the principles and practices of food service management, in cooperation with materials developed at any food service management institute established as authorized by section 21(a)(2) of the National School Lunch Act [42 U.S.C. 1769b-1(a)(2)], and (C) the conduct of nutrition education activities in schools, child care institutions, and institutions offering summer food service programs under section 13 of the National School Lunch Act [42 U.S.C. 1761],

and the provision of nutrition education to parents and caregivers.

(2) The program is to be coordinated at the State level with other nutrition activities conducted by education, health, and State Cooperative Extension Service agencies. In formulating the program, the Secretary and the State may solicit the advice and recommendations of State educational agencies, the Department of Health and Human Services, and other interested groups and individuals concerned with improvement of child nutrition.

(3) If a State educational agency is conducting or applying to conduct a health education program which includes a school-related nutrition education component as defined by the Secretary, and that health education program is eligible for funds under programs administered by the Department of Health and Human Services, the Secretary may make funds authorized in this section available to the Department of Health and Human Services to fund the nutrition education component of the State program without requiring an additional grant application.

(4) The Secretary, in carrying out the provisions of this subsection, shall make grants to State educational agencies who, in turn, may contract with land-grant colleges eligible to receive funds under the Act of July 2, 1862 [7 U.S.C. 301 et seq.], or the Act of August 30, 1890 [7 U.S.C. 321 et seq.], including the Tuskegee Institute, other institutions of higher education, and nonprofit organizations and agencies, for the training of educational, school food service, child care, and summer food service personnel with respect to providing nutrition education programs in schools and the training of school food service personnel in school food service management, in coordination with the activities authorized under section 21 of the National School Lunch Act [42 U.S.C. 1769b-1]. Such grants may be used to develop and conduct training programs for early childhood, elementary, and secondary educational personnel and food service personnel with respect to the relationship between food, nutrition, and health; educational methods and techniques, and issues relating to nutrition education; and principles and skills of food service management for cafeteria personnel.

(5) The State, in carrying out the provisions of this subsection, may contract with State and local educational agencies, land-grant colleges eligible to receive funds under the Act of July 2, 1862 [7 U.S.C. 301 et seq.], or the act of August 30, 1890 [7 U.S.C. 321 et seq.], including the Tuskegee Institute, other institutions of higher education, and other public or private nonprofit educational or research agencies, institutions, or organizations to pay the cost of pilot demonstration projects in elementary and secondary schools, and in child care institutions and summer food service institutions, with respect to nutrition education. Such projects may include, but are not limited to, projects for the development, demonstration, testing, and evaluation of curricula for use in early childhood, elementary, and secondary education programs.

The Secretary is authorized to enter into agreements with State educational agencies incorporating the provisions of this section, and issue such regulations as are necessary to implement this section.

(f) Use of funds; planning and assessment grants; administrative expenses

(B) As used in this paragraph, the term "language appropriate" used with respect to materials, programming, or advertisements means materials, programming, or advertisements, respectively, using a language other than the English language in a case in which the language is dominant for a large percentage of individuals participating in the program.

(2) Any State desiring to receive grants authorized by this section may, from the funds appropriated to carry out this section, receive a planning and assessment grant for the purposes of carrying out the responsibilities described in clauses (A), (B), (C), and (D) of paragraph (1) of this subsection. Any State receiving a planning and assessment grant, may, during the first year of participation, be advanced a portion of the funds necessary to carry out such responsibilities: *Provided*, That in order to receive additional funding, the State must carry out such responsibilities.

(3) A State agency may use an amount equal to not more than 15 percent of the funds made available through a grant under this section for expenditures for administrative purposes in connection with the program authorized under this section if the State makes available at least an equal amount for administrative or program purposes in connection with the program.

(4) Nothing in this section shall prohibit State or local educational agencies from making available or distributing to adults nutrition education materials, resources, activities, or programs authorized under this section.
