(2) the production of soybeans plays a significant role in the economy of the United States in that soybeans are produced by thousands of soybean producers, processed by numerous processing entities, and soybeans and soybean products produced in the United States are consumed by people and livestock throughout the United States and foreign countries;

(3) soybeans and soybean products should be readily available and marketed efficiently to ensure that consumers have an adequate supply of soybean products at a reasonable price;

(4) the maintenance and expansion of existing markets and development of new markets for soybeans and soybean products are vital to the welfare of soybean producers and processors and those concerned with marketing soybeans and soybean products, as well as to the general economy of the United States, and are necessary to ensure the ready availability and efficient marketing of soybeans and soybean products;

(5) there exist established State and national organizations conducting soybean promotion, research, and consumer education programs that are valuable to the efforts of promoting the consumption of soybeans and soybean products;

(6) the cooperative development, financing, and implementation of a coordinated national program of soybean promotion, research, consumer information, and industry information are necessary to maintain and expand existing markets and develop new markets for soybeans and soybean products; and

(7) soybeans and soybean products move in interstate and foreign commerce, and soybeans and soybean products that do not move in such channels of commerce directly burden or affect interstate commerce in soybeans and soybean products.

**(b) Policy**

Congress declares that it is in the public interest to authorize the establishment, through the exercise of the powers provided in this chapter, of an orderly procedure for developing, financing through assessments on domestically-produced soybeans, and implementing a program of promotion, research, consumer information, and industry information designed to strengthen the soybean industry's position in the marketplace, to maintain and expand existing domestic and foreign markets and uses for soybeans and soybean products, and to develop new markets and uses for soybeans and soybean products.

**(c) Construction**

Nothing in this chapter may be construed to provide for the control of production or other-

**(C) Number of seats per unit**

Subject to subparagraph (F), each unit, as established under subparagraph (A) or (B)—

(i) if its average annual soybean production is less than 15,000,000 bushels, shall be entitled to one seat on the Board;

(ii) if its average annual soybean production is 15,000,000 bushels or more but less than 70,000,000 bushels, shall be entitled to 2 seats on the Board;

(iii) if its average annual soybean production is 70,000,000 bushels or more but less than 200,000,000 bushels, shall be entitled to 3 seats on the Board; and

(iv) if its average annual soybean production is 200,000,000 bushels or more, shall be entitled to 4 seats on the Board.

**(D) Determination of average annual soybean production**

For purposes of subparagraphs (A), (B), (C), and (F), the Secretary shall determine average annual soybean production applicable to a crop year by using the average of the 5 previous crops of soybeans, excluding the crop in which production was the highest and the crop in which production was the lowest.

**(E) Reapportionment of seats**

At the end of each 3 year period beginning with the 3 year period starting on the effective date of the order, the Secretary, if necessary, shall adjust any unit to conform with subparagraphs (A) and (B). If the Secretary makes such an adjustment, the Secretary shall reapportion the seats on the Board to conform with subparagraph (C) and any modifications made under subparagraph

(F). If payment of refunds following the initial referendum conducted under section 6305(a) of this title is authorized by producers, in making such adjustments, the Secretary shall exclude, from each State's annual soybean production, those bushels of soybeans on which such refunds are paid.

**(F) Adjustment of levels of production**

At the end of each 3 year period beginning with the 3 year period starting on the effective date of the order, the Board may recommend to the Secretary, to the extent it determines appropriate, changes in the levels of production used in subparagraphs (A), (B), and (C) to determine per-unit representation on the Board. The Secretary may amend the order to make such changes in levels of production used to determine per-unit representation. Any such amendment to the order shall not be subject to a referendum of producers. A unit may not, as a result of any modification under this subparagraph, lose Board seats to which it is entitled at the time the order is initially issued unless its average annual production, as determined under subparagraph (D), declines below the levels required for representation, as specified in subparagraphs (A), (B), and (C).

The Secretary shall appoint soybean producers to seats established under paragraph (2) from nominations submitted by each unit. Each unit shall submit to the Secretary at least two nominations for each appointment to the Board to which the unit is entitled, as determined under paragraph (2).

**(B) Method for obtaining nominations**

**(i) Initially-established Board**

**(I) State units**

The Secretary shall solicit nominations for each seat on the initially-established Board to which a State unit is entitled from the State soybean board in the State that submits satisfactory evidence to the Secretary that such board meets the criteria of subparagraph (A) or (B) of section 6302(14) of this title. If no such organization exists in the unit, the Secretary shall solicit nominations for appointments in such manner as the Secretary determines appropriate.

**(II) Combined units**

The Secretary shall solicit nominations for each seat on the initially-established Board to which a combined unit is entitled in such manner as the Secretary determines appropriate, taking into consideration the recommendations of any State soybean board operating in the unit that submits to the Secretary satisfactory evidence that such board meets the criteria described in subparagraph (A) or (B) of section 6302(14) of this title.

**(ii) Subsequent appointment**

**(I) State units**

Nominations for each subsequent appointment to a seat on the Board to

**(iii) Rejection**

The Secretary may reject any nomination submitted by a unit under this paragraph. If there are insufficient nominations from which to appoint members to the Board as a result of the Secretary rejecting the nominations submitted by a unit, the unit shall submit additional nominations, as provided in this paragraph.

**(4) Terms**

Each appointment to the Board shall be for a term of 3 years, except that appointments to the initially-established Board shall be proportionately for 1-year, 2-year, and 3-year terms. No person may serve more than three consecutive 3-year terms.

Each such temporary member shall be appointed for a single term not to exceed 3 years.

**(B) Representation of certain States**

The Secretary shall make temporary appointments to the initially-established Board to ensure, to the extent practicable, that each State with a State soybean board that, prior to November 28, 1990, was contributing State soybean promotion and research assessment funds to national soybean promotion and research efforts has representation on the initially-established Board that reflects the relative contributions of such State to the national soybean promotion and research effort.

**(7) Meetings**

The order shall provide for at least one meeting of the Board annually and specify the

circumstances under which additional special meetings of the Board may be held.

**(1) In general**

The order shall establish procedures for the conduct of voting by the Board, as provided in this subsection. On or after the end of the 3-year period beginning on the effective date of the order, the Board may recommend to the Secretary changes in the voting procedures of the Board and the Secretary may amend the order to make such changes. Such changes shall not be subject to a referendum of producers.

**(iii) Division of votes within units**

A unit's total votes under clause (i) or (ii) shall be divided equally among all the members present and voting representing that unit. The procedures established by the order shall provide for the equitable disposition of fractional votes assigned to a member under such division of a unit's vote.

**(3) Motions**

**(A) In general**

Except as provided in subparagraph (B), a motion shall carry if approved by a simple majority of members of the Board casting votes.

Any member of the Board may call for a roll call vote on any motion. Except as otherwise provided in the bylaws adopted by the Board, whenever a roll call vote is conducted, the motion shall carry only if it is approved by a simple majority of all votes cast and a simple majority of all units voting (with the vote of each unit determined by a simple majority of all votes cast by members in that unit).

**(1) Authority**

To ensure coordination and efficient use of funds, the order shall provide that the Board may enter into contracts or agreements for the implementation and carrying out of the activities authorized by this chapter with national, nonprofit, producer-governed organizations that represent producers of soybeans, and for the payment thereof with funds received by the Board under the order.

**(2) Coordination**

To enhance coordination, the Board, when entering into contracts or agreements for the implementation and carrying out of activities authorized by this chapter, shall ensure that all plans or projects implemented for consumer information, industry information, promotion, or research are each implemented by a single entity. There shall not be in force, at any one time, more than one contract or agreement for implementation of plans or projects for consumer information, for industry information, for promotion, or for research, except that, upon approval of the Secretary, the Board may contract with qualified State soybean boards to implement plans or projects within their respective States.

order does not authorize the payment of refunds, the Board shall allocate for such funding each year an amount not less than the cumulative amount of all producer contributions to qualified State soybean boards during the previous year that the State boards were unable to retain, and forwarded to the Board, because producers received refunds on such State contributions, as determined by the Board based on information submitted by the qualified State soybean boards.

**(5) Apportionment of funds to qualified State soybean boards**

**(A) In general**

In using the funds allocated each year under paragraph (4)(B) for payment of the costs of contracts or agreements described in paragraph (4)(A), subject to subparagraph (B), the Board shall apportion such allocated funds among States so that each qualified State soybean board receives an amount equal to the amount of such allocated funds attributable to refunds in the State during the previous year, as determined by the Board based on information submitted by the qualified State soybean boards.

**(B) Exception**

**(iii) One assessment**

No more than one assessment shall be made on any soybeans.

**(B) Direct processing**

The order shall provide that any person processing soybeans of that person's own production and marketing such soybeans or soybean products made from such soybeans shall remit to the Board or the qualified State soybean board, in the manner prescribed by the order, an assessment established at a rate equivalent to the rate provided for in subparagraph (A)(ii).

**(2) Refunds**

**(A) Refunds prior to initial referendum**

**(i) In general**

In each State in which a qualified State soybean board collects assessments, as provided in paragraph (1)(A)(i), producers shall submit demands for refunds of assessments to the qualified State soybean board. Such board shall provide notice to producers, in a manner prescribed by the Board, of their right to such refunds, and shall process such submissions under procedures established by State law applicable to refunds of assessments on soybeans, except that if no refunds are allowed under

Subject to subparagraph (C)(i), each refund to a producer of an assessment under this paragraph shall be made as soon as practicable, but in no event more than 60 days, after submission of proof satisfactory to the qualified State soybean board or the Board that the producer paid the assessment for which refund is demanded.

**(E) Order not favored**

If the Secretary determines that producers do not favor the continuation of the order in the referendum provided for in section 6305(a) of this title, refunds shall be made under this paragraph on collected assessments until such collections are terminated, as provided in section 6305(a) of this title.

Such refunds shall be made available, under the procedures specified in subparagraphs (A) through (D) to the extent not inconsistent with this subparagraph, to producers who have requested refunds during such period.

**(iii) Poll**

Not later than the end of the period provided for in clause (ii), the Secretary shall conduct a poll of soybean producers, using the procedures provided for in section 6305(b)(3) of this title, to determine if producers support the conduct of a referendum on the continuance of the payment of refunds under the order.

**(iv) Referendum**

If the Secretary determines, based on the poll conducted under clause (iii), that the conduct of a referendum is supported by at least 20 percent of the producers (not in excess of one-fifth of which may be producers in any one State) who, during a rep-

representative period, have been engaged in the production of soybeans, the Secretary shall conduct a referendum among all such producers for the purpose of determining whether such producers favor the continuation of the payment of refunds under the order. Such referendum shall be conducted, under the procedures provided for in section 6305 of this title, not later than 1 year after the Secretary determines, based on the poll, that the referendum is required.

**(v) Continued refunds**

If the Secretary conducts a referendum under clause (iv), the qualified State soybean board and, where no qualified State soybean board exists, the Board shall continue to make refunds available to producers as provided for in clause (ii) during the period prior to the conduct of the referendum, which shall be payable at the end of the period from the escrowed funds, as provided in clause (vii).

Such refunds shall be payable at the end of each such 1-year period from escrowed funds, as provided in clause (vii). If the Secretary determines in the referendum that continuation of such refunds is not favored by a majority of producers voting in the referendum, the right to such refunds shall cease immediately.

**(IV) Refunds made from escrow account**

Refunds requested by producers from a State under clause (ii) (or if refunds are available under clause (v) or (vi) during the time period involved shall be made from the escrow account that is applicable to that clause for such State.

**(V) Proration**

If the funds deposited in a State account established under subclause (I) for purposes described under clauses (ii), (v), and (vi) are not sufficient to honor all requests for refunds made by producers from that State during the time period involved, the qualified State soybean board and, where no qualified State soybean board exists, the Board shall prorate the amount of such refunds from the State's account among all producers from that State that request refunds.

**(VI) Surplus funds**

Any funds not refunded to producers in a State under this clause shall be divided equally between the Board and the qualified State soybean board of such State. Such funds shall be used to carry out programs under this chapter.

In applying this clause to refunds under clause (vi), each annual refund period shall be treated separately.

**(3) Use**

The assessments (net of any refunds under paragraph (2)) shall be used for—

- (A) payment of the expenses incurred in implementation and administration of the order;
- (B) the establishment of a reasonable reserve; and
- (C) reimbursement to the Secretary of administrative costs incurred by the Secretary to implement and administer the order, other than one-half of the cost incurred for the referendum conducted under paragraph (2)(F).

For purposes of this chapter, there shall be only one qualified State soybean board in each State. A producer may receive a credit under this paragraph only if the contribution is to the qualified

State soybean board in the State in which the soybeans are produced, except that the Board, with the approval of the Secretary, may authorize exceptions to such State-of-origin rule as are appropriate to ensure effective coordination of collection procedures among States.

**(5) Single process of assessment**

**(1) Pre-referendum period**

The order shall contain provisions to ensure that, during the period prior to the conduct of the referendum provided for in section 6305(a) of this title, each qualified State soybean board receives annually an amount of funds equal to the average amount that the State board collected from assessments during each of the State board's fiscal years 1984 through 1988 (excluding the year in which such collections were the highest and the year in which such collections were the lowest), as determined by the Secretary and subject to paragraph (3).

**(2) Post-referendum period**

The order shall provide, effective after the conduct of the referendum provided for in section 6305(a) of this title, subject to paragraph (3), that the Board annually shall provide a credit to each qualified State soybean board of an amount by which—

(A) the amount equal to 1 cent times the average number of bushels of soybeans produced in the State during each of the preceding 5 years (excluding the year in which the production is the highest and the year in which the production is the lowest); exceeds

(B) the total amount collected by the qualified State soybean board from assessments on producers minus the amount of assessments remitted to the Board during such year under subsection (l) of this section.

**(3) Limitation**

The total amount of credits under paragraph (1) or (2) and assessments retained by the qualified State soybean board for a year may not exceed the total amount of assessments collected in that State under subsection (l) of this section (net of any refunds made under paragraph (2) of subsection (l) of this section) in that year.

**(q) Books and records of first purchasers and certain producers**

**(1) Recordkeeping**

**(A) In general**

The order shall exempt small producers processing soybeans of their own production from such recordkeeping and reporting requirements if they are not required to pay assessments under the order.

**(2) Advance notice**

The Secretary shall, to the extent practicable, provide broad public notice in advance of any referendum. Any such notice shall be provided without advertising expenses by means of newspapers, county newsletters, the electronic media, and press releases, through the use of notices posted in State and county Extension Service offices and county Agricultural Stabilization and Conservation Service offices, and by other appropriate means specified in the order. Such notice shall include information on when the referendum will be held, registration and voting requirements, rules regarding absentee voting, and other pertinent facts.

**(3) Approval of order**

Such order shall be continued only if the Secretary determines that the order has been approved by not less than a majority of the producers voting in the referendum.

**(b) Additional referenda**

**(1) In general**

**(A) Requirement**

After the initial referendum on an order, the Secretary shall conduct additional referenda, as described in subparagraph (C), if requested by a representative group of producers, as described in subparagraph (B).

**(B) Representative group of producers**

An additional referendum on an order shall be conducted if requested by 10 percent or more of the producers who during a representative period have been engaged in the production of soybeans, of which group of requesting producers not in excess of one-fifth may be producers in any one State, as determined by the Secretary.

**(C) Eligible producers**

Each additional referendum shall be conducted among all producers who, during a

representative period, as determined by the Secretary, have been engaged in the production of soybeans to determine whether such producers favor the termination or suspension of the order.

**(2) Disapproval of order**

If the Secretary determines, in any referendum conducted under paragraph (1), that suspension or termination of the order is favored by a majority of the producers voting in the referendum, the Secretary shall suspend or terminate, as appropriate, collection of assessments under the order within 6 months after such determination and shall suspend or terminate the order, as appropriate, in an orderly manner as soon as practicable after such determination.

**(3) Opportunity to request additional referenda**

**(B) Method of making request**

**(i) In-person requests**

**(ii) Mail-in requests**

In lieu of making such requests in person, producers may make requests by mail. Mail-in requests shall be postmarked no later than the end of the period established under clause (i) for in-person requests. To facilitate such submission of requests by mail, the Secretary may make mail-in request forms available to producers.

**(C) Notifications**

The Secretary shall publish a notice in the Federal Register, and the Board shall provide written notification to producers, not later than 60 days prior to the end of the period established under subparagraph (B)(i) for in-person requests, of the producers' opportunity to request the additional referendum. Such notifications shall explain the producers' rights to, and the procedure specified in this subsection for, the conduct of an additional referendum, the purpose of the referendum, and the date and method by which producers may act to request the additional referenda under this paragraph. The Secretary shall take such other actions as the Secretary determines are necessary to ensure that producers are made aware of the

opportunity to request an additional referendum on the order.

**(D) Action by Secretary**

As soon as practicable following the submission of requests for a reconsideration referendum, the Secretary shall determine whether a sufficient number of producers have requested an additional referendum, and take other steps to conduct an additional referendum, as are required under paragraph (1).

**(E) Time limit**

Any additional referendum requested under the procedures provided in this paragraph shall be conducted not later than 1 year after the Secretary determines that a representative group of producers, as described in paragraph (1)(B), have requested the conduct of such referendum.

**(c) Procedures**

**(1) Reimbursement of Secretary**

**(2) Date**

Each referendum shall be conducted for a reasonable period of time not to exceed 3 days, established by the Secretary, under a procedure whereby producers intending to vote in the referendum shall certify that they were engaged in the production of soybeans during the representative period and, at the same time, shall be provided an opportunity to vote in the referendum.

**(3) Place**

Referenda shall be conducted at county extension offices and provision shall be made for absentee mail ballots to be provided on request. Absentee mail ballots shall be furnished by the Secretary on request made in person, by mail, or by telephone.

**§ 6401. Findings and declaration of policy**

**(a) Findings**

Congress finds that—

(1) fluid milk products are basic foods and are a primary source of required nutrients such as calcium, and otherwise are a valuable part of the human diet;

(2) fluid milk products must be readily available and marketed efficiently to ensure that the people of the United States receive adequate nourishment;

(3) the dairy industry plays a significant role in the economy of the United States, in that milk is produced by thousands of milk producers and dairy products (including fluid milk products) are consumed every day by millions of people in the United States;

(4) the processing of milk into fluid milk products and the marketing of such products are important to the dairy industry because the fluid milk segment of the dairy market contributes substantially to ensuring that the prices paid to milk producers for raw milk are stable and adequate to maintain the overall strength of the dairy industry;

(5) the maintenance and expansion of markets for fluid milk products are vital to the Nation's fluid milk processors and milk producers, as well as to the general economy of the United States;

(6) the congressional purpose underlying this chapter is to maintain and expand markets for fluid milk products, not to maintain or expand any processor's share of those markets and that the chapter does not prohibit or restrict individual advertising or promotion of fluid milk products since the programs created and funded by this chapter are not extended to replace individual advertising and promotion efforts;

(7) the cooperative development, financing, and implementation of a coordinated program of advertising and promotion of fluid milk products is necessary to maintain and expand markets for fluid milk products;

(8) it is appropriate to finance the cooperative program described in paragraph (6)<sup>1</sup> with self-help assessments paid by the fluid milk processors; and

(9) fluid milk products move in interstate and foreign commerce, and fluid milk products that do not move in such channels of commerce directly burden or affect interstate commerce in fluid milk products.

**(b) Policy**

It is declared to be the policy of Congress that it is in the public interest to authorize the establishment, through the exercise of powers provided in this chapter, of an orderly procedure for developing, financing, through adequate assessments on fluid milk products produced in the United States and carrying out an effective, continuous, and coordinated program of promotion, research, and consumer information designed to strengthen the position of the dairy industry in the marketplace and maintain and expand domestic and foreign markets and uses for fluid milk products, the purpose of which is not to compete with or replace individual advertising or promotion efforts designed to promote individual brand name or trade name fluid milk products, but rather to maintain and expand the markets for all fluid milk products, with the goal and purpose of this chapter being a national governmental goal that authorizes and funds programs that result in government speech promoting government objectives.

(Pub. L. 101-624, title XIX, §1999B, Nov. 28, 1990, 104 Stat. 3914; Pub. L. 104-127, title I, §146(a), (b), Apr. 4, 1996, 110 Stat. 918.)

AMENDMENTS

1996—Subsec. (a)(6) to (9). Pub. L. 104-127, §146(a), added par. (6) and redesignated former pars. (6) to (8) as (7) to (9), respectively.

Subsec. (b). Pub. L. 104-127, §146(b), amended heading and text of subsec. (b) generally. Text read as follows: “It is declared to be the policy of Congress that it is in the public interest to authorize the establishment, through the exercise of the powers provided in this chapter, of an orderly procedure for developing, financing (through adequate assessments on fluid milk products produced in the United States) and carrying out an effective and coordinated program of advertising designed to strengthen the position of the dairy industry in the marketplace and to maintain and expand markets and uses for fluid milk products produced in the United States. Nothing in this chapter shall be construed to provide for the control of production or otherwise limit the right of individual milk producers to produce milk.”

## SUBCHAPTER II—NATIONAL FOREST-DEPENDENT RURAL COMMUNITIES

### § 6611. Findings and purposes

#### (a) Findings

The Congress finds that—

(1) the economic well-being of rural America is vital to our national growth and prosperity;

(2) the economic well-being of many rural communities depends upon the goods and services that are derived from National Forest System land;

(3) the economies of many of these communities suffer from a lack of industrial and business diversity;

(4) this lack of diversity is particularly serious in communities whose economies are predominantly dependent on timber and recreation resources and where management decisions made on National Forest System land by Federal and private organizations may disrupt the supply of those resources;

(5) the Forest Service has expertise and resources that could be directed to promote modernization and economic diversification of existing industries and services based on natural resources;

(6) the Forest Service has the technical expertise to provide leadership, in cooperation with other governmental agencies and the private sector, to assist rural communities dependent upon National Forest System land resources to upgrade existing industries and diversify by developing new economic activity in non-forest-related industries; and

(7) technical assistance, training, education, and other assistance provided by the Department of Agriculture can be targeted to provide immediate help to those rural communities in greatest need.

#### (b) Purposes

The purposes of this subchapter are—

(1) to provide assistance to rural communities that are located in or near National Forest System land and that are economically dependent upon natural resources or are likely to be economically disadvantaged by Federal or private sector land management practices;

(2) to aid in diversifying such communities’ economic bases; and

(3) to improve the economic, social, and environmental well-being of rural America.

**(b) Forests**

The Secretary shall conduct a study on the emissions of methane, nitrous oxide, and hydrocarbons from tropical and temperate forests, the manner in which such emissions may affect global climate change; the manner in which global climate change may affect such emissions; and the manner in which such emissions may be reduced through management practices. The study shall, at a minimum—

(1) obtain measurements of nitrous oxide, methane, and nonmethane hydrocarbons from tropical and temperate forests;

(2) determine the manner in which the nitrous oxide, methane, and nonmethane hydrocarbon emissions from temperate and tropical forest systems will respond due to climate change; and

(3) identify and address alternative management strategies for temperate and tropical forests that may mitigate any negative effects of global climate change.

**(c) Reports**

The Secretary shall submit reports of the studies conducted under subsections (a) and (b) of this section within 3 and 6 years, respectively, after November 28, 1990, to the Committee on Agriculture and the Committee on Science, Space, and Technology of the House of Representatives, and the Committee on Agriculture, Nutrition, and Forestry of the Senate. In addition, interim reports regarding such studies shall be provided by the Secretary to such Committees annually, with recommendations for actions which may be taken to mitigate the negative effects of global climate change and to adapt to global climate changes and related phenomena.

**§ 6801. Findings and declaration of policy**

**(a) Findings**

Congress finds that—

(1) fresh cut flowers and fresh cut greens are an integral part of life in the United States,

are enjoyed by millions of persons every year for a multitude of special purposes (especially important personal events), and contribute a natural and beautiful element to the human environment;

(2)(A) cut flowers and cut greens are produced by many individual producers throughout the United States as well as in other countries, and are handled and marketed by thousands of small-sized and medium-sized businesses; and

(B) the production, handling, and marketing of cut flowers and cut greens constitute a key segment of the United States horticultural industry and thus a significant part of the overall agricultural economy of the United States;

(3) handlers play a vital role in the marketing of cut flowers and cut greens in that handlers—

(A) purchase most of the cut flowers and cut greens marketed by producers;

(B) prepare the cut flowers and cut greens for retail consumption;

(C) serve as an intermediary between the source of the product and the retailer;

(D) otherwise facilitate the entry of cut flowers and cut greens into the current of domestic commerce; and

(E) add efficiencies to the market process that ensure the availability of a much greater variety of the product to retailers and consumers;

(4) it is widely recognized that it is in the public interest and important to the agricultural economy of the United States to provide an adequate, steady supply of cut flowers and cut greens at reasonable prices to the consumers of the United States;

(5)(A) cut flowers and cut greens move in interstate and foreign commerce; and

(B) cut flowers and cut greens that do not move in interstate or foreign channels of commerce but only in intrastate commerce directly affect interstate commerce in cut flowers and cut greens;

(6) the maintenance and expansion of markets in existence on December 14, 1993, and the development of new or improved markets or uses for cut flowers and cut greens, are needed to preserve and strengthen the economic viability of the domestic cut flowers and cut greens industry for the benefit of producers, handlers, retailers, and the entire floral industry;

(7) generic programs of promotion and consumer information can be effective in maintaining and developing markets for cut flowers and cut greens, and have the advantage of equally enhancing the market position for all cut flowers and cut greens;

(8) because cut flowers and cut greens producers are primarily agriculture-oriented rather than promotion-oriented, and because the floral marketing industry within the United States is comprised mainly of small-sized and medium-sized businesses, the development and implementation of an adequate and coordinated national program of generic promotion and consumer information necessary for the maintenance of markets in existence on December 14, 1993, and the develop-

ment of new markets for cut flowers and cut greens have been prevented;

(9) there exist established State and commodity-specific producer-funded programs of promotion and research that are valuable efforts to expand markets for domestic producers of cut flowers and cut greens and that will benefit from the promotion and consumer information program authorized by this chapter in that the program will enhance the market development efforts of the programs for domestic producers;

(10) an effective and coordinated method for ensuring cooperative and collective action in providing for and financing a nationwide program of generic promotion and consumer information is needed to ensure that the cut flowers and cut greens industry will be able to provide, obtain, and implement programs of promotion and consumer information necessary to maintain, expand, and develop markets for cut flowers and cut greens; and

(11) the most efficient method of financing such a nationwide program is to assess cut flowers and cut greens at the point at which the flowers and greens are sold by handlers into the retail market.

**(b) Policy and purpose**

It is the policy of Congress that it is in the public interest, and it is the purpose of this chapter, to authorize the establishment, through the exercise of the powers provided in this chapter, of an orderly procedure for the development and financing (through an adequate assessment on cut flowers and cut greens sold by handlers to retailers and related entities in the United States) of an effective and coordinated program of generic promotion, consumer information, and related research designed to strengthen the position of the cut flowers and cut greens industry in the marketplace and to maintain, develop, and expand markets for cut flowers and cut greens.

#### (a) Rural Development Disaster Assistance Fund

On and after September 30, 2008, there is established in the Treasury a fund entitled the "Rural Development Disaster Assistance Fund".

#### (b) Purpose and availability of Fund

Subject to subsection (d), amounts in the Rural Development Disaster Assistance Fund shall be available to the Secretary of Agriculture, until expended, to provide additional amounts for authorized activities of agencies of the Rural Development Mission Area in areas affected by a disaster declared by the President or the Secretary of Agriculture. Amounts so provided shall be in addition to any other amounts available to carry out the activity. In carrying out this section, the Secretary may transfer funds into existing or new accounts as determined by the Secretary.

#### (c) Waiver of activity or project limitations

The Secretary of Agriculture may waive any limits on population, income, or cost-sharing otherwise applicable to an activity or project for which amounts in the Rural Development Disaster Assistance Fund will be obligated under subsection (b), except that, if the amounts proposed to be obligated in connection with the disaster would exceed the amount specified in subsection (h), the notification required by that subsection shall include information and justification with regard to any waivers to be granted under this subsection.

#### (d) Treatment of certain amounts in Fund

Amounts appropriated directly to the Rural Development Disaster Assistance Fund by this Act or any subsequent Act for a specific purpose shall be available only for that purpose until such time as the transfer authority provided by subsection (f) takes effect with regard to the amounts. Only subsection (c), including the notification requirements of such subsection, and

subsections (g) and (i) apply to amounts described in this subsection.

#### (e) Transfer of prior appropriations to Fund

The Secretary of Agriculture may transfer to the Rural Development Disaster Assistance Fund, and merge with other amounts generally appropriated to the Fund, the available unobligated balance of any amounts that were appropriated before September 30, 2008, for programs and activities of the Rural Development Mission Area to respond to a disaster and were designated by the Congress as an emergency requirement if, in advance of the transfer, the Secretary determines that the unobligated amounts are no longer needed to respond to the disaster for which the amounts were originally appropriated and the Secretary provides a certification of this determination to the Committees on Appropriations of the House of Representatives and the Senate.

#### (f) Transfer of other appropriations to Fund

Unless otherwise specifically provided in an appropriations Act, the Secretary of Agriculture may transfer to or within the Rural Development Disaster Assistance Fund, and merge with other amounts generally appropriated to the Fund, the available unobligated balance of any amounts that are appropriated for fiscal year 2009 or any subsequent fiscal year for programs and activities of the Rural Development Mission Area to respond to a disaster and are designated by the Congress as an emergency requirement if, in advance of the transfer, the Secretary determines that the unobligated amounts are no longer needed to respond to the disaster for which the amounts were originally appropriated and the Secretary provides a certification of this determination to the Committees on Appropriations of the House of Representatives and the Senate. A transfer of unobligated amounts with respect to a disaster may not be made under this subsection until after the end of the two-year period beginning on the date on which the amounts were originally appropriated for that disaster.

#### (g) Administrative expenses

In addition to any other funds available to the Secretary of Agriculture to cover administrative costs, the Secretary may use up to 3 percent of the amounts allocated from the Rural Development Disaster Assistance Fund for a specific disaster to cover administrative costs of Rural Development's State and local offices in the areas affected by the disaster to carry out disaster related activities.

#### (h) Limitation on per disaster obligations

Amounts in the Rural Development Disaster Assistance Fund, except for amounts described in subsection (d) that are appropriated to the Fund and obligated in accordance with that subsection, may not be obligated in excess of \$1,000,000 for a disaster until at least 15 days after the date on which the Secretary of Agriculture notifies the Committees on Appropriations of the House of Representatives and the Senate of the Secretary's determination to obligate additional amounts and the reasons for the determination. The Secretary may not obligate

more than 50 percent of the funds contained in the Rural Development Disaster Assistance Fund for any one disaster unless the Secretary declares that there is a specific and extreme need that additional funds must be provided in response to such disaster at time of the obligation.

**(i) Quarterly reports**

The Secretary of Agriculture shall submit, on a quarterly basis, to the Committees on Appropriations of the House of Representatives and the Senate a report describing the status of the Rural Development Disaster Assistance Fund and any transactions that have affected the Fund since the previous report.

(3) sheep and sheep products must be high quality, readily available, handled properly, and marketed efficiently to ensure that consumers have an adequate supply of sheep products;

(4) the maintenance and expansion of existing markets and development of new markets for sheep and sheep products are vital to the welfare of sheep producers and persons concerned with marketing, using, and producing sheep and sheep products, as well as to the general economy of the United States, and necessary to ensure the ready availability and efficient marketing of sheep and sheep products;

(5) there exist established State organizations conducting sheep and sheep product promotion, research, and industry and consumer education programs that are invaluable to the efforts of promoting the consumption of sheep and sheep products;

#### (b) Policy

It is the policy of Congress that it is in the public interest to authorize the establishment, through the exercise of the powers provided in this chapter, of an orderly procedure for developing, financing (through adequate assessments on sheep and sheep products produced or imported into the United States), and carrying out an effective, continuous, coordinated program of promotion, research, consumer information, education, and industry information designed to—

**(a) Offer and terms**

The Secretary shall offer to enter into a production flexibility contract with an eligible owner or producer described in subsection (b) of this section on a farm containing eligible cropland. Under the terms of a contract, the owner or producer shall agree, in exchange for annual contract payments, to—

(1) comply with applicable conservation requirements under subtitle B of title XII of the Food Security Act of 1985 (16 U.S.C. 3811 et seq.);

(1) An owner of eligible cropland who assumes all or a part of the risk of producing a crop.

(2) A producer (other than an owner) on eligible cropland with a share-rent lease of the

eligible cropland, regardless of the length of the lease, if the owner enters into the same contract.

(3) A producer (other than an owner) on eligible cropland who cash rents the eligible cropland under a lease expiring on or after September 30, 2002, in which case the owner is not required to enter into the contract.

(4) A producer (other than an owner) on eligible cropland who cash rents the eligible cropland under a lease expiring before September 30, 2002. **(c) Tenants and sharecroppers**

In carrying out this subchapter, the Secretary shall provide adequate safeguards to protect the interests of tenants and sharecroppers.

(1) for at least 1 of the 1991 through 1995 crops, at least a portion of the land was enrolled in the acreage reduction program authorized for a crop of a contract commodity under section 101B, 103B, 105B, or 107B of the Agricultural Act of 1949 or was considered planted;

(2) was subject to a conservation reserve contract under section 1231 of the Food Security Act of 1985 (16 U.S.C. 3831) whose term expired, or was voluntarily terminated, on or after January 1, 1995; or

#### § 7253. Consolidation and reform of Federal milk marketing orders

##### (a) Amendment of orders

###### (1) Required consolidation

The Secretary shall amend Federal milk marketing orders issued under section 608c of this title to limit the number of Federal milk marketing orders to not less than 10 and not more than 14 orders.

###### (2) Inclusion of California as separate order

Upon the petition and approval of California dairy producers in the manner provided in section 608c of this title, the Secretary shall designate the State of California as a separate Federal milk marketing order. The order covering California shall have the right to reblend and distribute order receipts to recognize quota value.

###### (3) Related issues addressed in consolidation

Among the issues the Secretary is authorized to implement as part of the consolidation of Federal milk marketing orders are the following:

(A) The use of utilization rates and multiple basing points for the pricing of fluid milk.

(B) The use of uniform multiple component pricing when developing 1 or more basic formula prices for manufacturing milk.

##### (4) Effect of existing law

In implementing the consolidation of Federal milk marketing orders and related reforms under this subsection, the Secretary may not consider, or base any decision on, the table contained in section 608c(5)(A) of this title.

##### (b) Expedited process

###### (1) Use of informal rulemaking

To implement the consolidation of Federal milk marketing orders and related reforms under subsection (a) of this section, the Secretary shall use the notice and comment procedures provided in section 553 of title 5.

###### (2) Time limitations

###### (A) Proposed amendments

The Secretary shall announce the proposed amendments to be made under subsection (a) of this section not later than 2 years after April 4, 1996.

###### (B) Final amendments

The Secretary shall implement the amendments not later than 3 years after April 4, 1996.

###### (3) Effect of court order

The actions authorized by this subsection are intended to ensure the timely publication and implementation of new and amended Federal milk marketing orders. In the event that the Secretary is enjoined or otherwise restrained by a court order from publishing or implementing the consolidation and related reforms under subsection (a) of this section, the length of time for which that injunction or other restraining order is effective shall be added to the time limitations specified in paragraph (2) thereby extending those time limitations by a period of time equal to the period of time for which the injunction or other restraining order is effective.

###### (c) Failure to timely consolidate orders

If the Secretary fails to implement the consolidation required under subsection (a)(1) of this section within the time period required under subsection (b)(2)(B) of this section (plus any additional period provided under subsection (b)(3) of this section), the Secretary may not assess or collect assessments from milk producers or handlers under such section 608c of this title for marketing order administration and services provided under such section after the end of that period until the consolidation is completed. The Secretary may not reduce the level of services provided under the section on account of the prohibition against assessments, but shall rather cover the cost of marketing order administration and services through funds available for the Agricultural Marketing Service of the Department.

**(d) Report regarding further reforms****(1) Report required**

Not later than April 1, 1997, the Secretary shall submit to Congress a report—

Pub. L. 106-113, div. B, §1000(a)(8) [§1], Nov. 29, 1999, 113 Stat. 1536, 1501A-517, provided that:

“(a) **FINAL RULE DEFINED.**—In this section, the term ‘final rule’ means the final rule for the consolidation and reform of Federal milk marketing orders that was published in the Federal Register on September 1, 1999 (64 Fed. “(b) **IMPLEMENTATION OF FINAL RULE FOR MILK ORDER REFORM.**—Subject to subsection (c), the final rule shall take effect, and be implemented by the Secretary of Agriculture, on the first day of the first month beginning at least 30 days after the date of the enactment of this Act [Nov. 29, 1999].

“(c) **USE OF OPTION 1A FOR PRICING CLASS I MILK.**—In lieu of the Class I price differentials specified in the final rule, the Secretary of Agriculture shall price fluid or Class I milk under the Federal milk marketing orders using the Class I price differentials identified as Option 1A ‘Location-Specific Differentials Analysis’ in the proposed rule published in the Federal Register on January 30, 1998 (63 Fed. Reg. 4802, 4809), except that the Secretary shall include the corrections and modifications to such Class I differentials made by the Secretary through April 2, 1999.

“(d) **EFFECT OF PRIOR ANNOUNCEMENT OF MINIMUM PRICES.**—If the Secretary of Agriculture announces minimum prices for milk under Federal milk marketing orders pursuant to section 1000.50 of title 7, Code of Federal Regulations, before the effective date specified in subsection (b), the minimum prices so announced before that date shall be the only applicable minimum prices under Federal milk marketing orders for the month or months for which the prices have been announced.

“(e) **IMPLEMENTATION OF REQUIREMENT.**—The implementation of the final rule, as modified by subsection (c), shall not be subject to any of the following:

“(1) The notice and hearing requirements of section 8c(3) of the Agricultural Adjustment Act (7 U.S.C. 608c(3)), reenacted with amendments by the Agricultural Marketing Agreement Act of 1937, or the notice and comment provisions of section 553 of title 5, United States Code.

“(2) A referendum conducted by the Secretary of Agriculture pursuant to subsections (17) or (19) of sec-

“(a) **CONGRESSIONAL FINDING.**—The Class III and Class IV milk pricing formulas included in the final decision for the consolidation and reform of Federal milk marketing orders, as published in the Federal Register on April 2, 1999 (64 Fed. Reg. 16025), do not adequately reflect public comment on the original proposed rule published in the Federal Register on January 30, 1998 (63 Fed. Reg. 4802), and are sufficiently different from the proposed rule and any comments submitted with regard to the proposed rule that further emergency rulemaking is merited.

“(b) **RULEMAKING REQUIRED.**—The Secretary of Agriculture shall conduct rulemaking, on the record after an opportunity for an agency hearing, to reconsider the Class III and Class IV milk pricing formulas included in the final rule for the consolidation and reform of Federal milk marketing orders that was published in the Federal Register on September 1, 1999 (64 Fed. Reg. 47897-48021).

“(c) **TIME PERIOD FOR RULEMAKING.**—On December 1, 2000, the Secretary of Agriculture shall publish in the Federal Register a final decision on the Class III and Class IV milk pricing formulas. The resulting formulas shall take effect, and be implemented by the Secretary, on January 1, 2001.

“(d) **EFFECT OF COURT ORDER.**—The actions authorized by subsections (b) and (c) are intended to ensure the timely publication and implementation of new pricing formulas for Class III and Class IV milk. In the event that the Secretary of Agriculture is enjoined or otherwise restrained by a court order from implementing a final decision within the time period specified in subsection (c), the length of time for which that injunction or other restraining order is effective shall be added to the time limitations specified in subsection (c) thereby extending those time limitations by a period of time equal to the period of time for which the injunction or other restraining order is effective.

“(e) **FAILURE TO TIMELY COMPLETE RULEMAKING.**—If the Secretary of Agriculture fails to implement new Class III and Class IV milk pricing formulas within the time period required under subsection (c) (plus any additional period provided under subsection (d)), the Secretary may not assess or collect assessments from milk producers or handlers under section 8c of the Agricultural Adjustment Act (7 U.S.C. 608c), reenacted with amendments by the Agricultural Marketing Agreement Act of 1937, for marketing order administration and services provided under such section after the end of that period until the pricing formulas are implemented. The Secretary may not reduce the level of services provided under that section on account of the prohibition against assessments, but shall rather cover the cost of marketing order administration and services through funds available for the Agricultural Marketing Service of the Department.

“(f) **IMPLEMENTATION OF REQUIREMENT.**—The implementation of the final decision on new Class III and Class IV milk pricing formulas shall not be subject to congressional review under chapter 8 of title 5, United States Code.”

**§ 7254. Effect on fluid milk standards in State of California**

Nothing in this Act or any other provision of law shall be construed to preempt, prohibit, or otherwise limit the authority of the State of California, directly or indirectly, to establish or continue to effect any law, regulation, or requirement regarding—

- (1) the percentage of milk solids or solids not fat in fluid milk products sold at retail or marketed in the State of California; or

- (2) the amount by which the product price value of cheese manufactured from a hundred pounds of milk containing 3.5 pounds of butterfat and 8.7 pounds of milk solids not fat resulting from a State’s yield and product price formulas exceeds the class price for the milk used to produce cheese.

**(c) Effect of violation**

If the Secretary determines following a hearing that a State has in effect a manufacturing allowance that exceeds the manufacturing allowance authorized in subsection (a) of this section, the Secretary shall suspend purchases of cheddar cheese, butter, and nonfat dry milk produced in that State until such time as the State complies with such subsection.

- (B) the end of the fiscal year in which the loan is made.

**(2) Supplemental loans**

In the case of a loan made under this section in the last 3 months of a fiscal year, the processor may repledge the sugar as collateral for a second loan in the subsequent fiscal year, except that the second loan shall—

- (A) be made at the loan rate in effect at the time the first loan was made; and
- (B) mature in 9 months less the quantity of time that the first loan was in effect.

**(d) Loan type; processor assurances****(1) Nonrecourse loans**

The Secretary shall carry out this section through the use of nonrecourse loans.

**(2) Processor assurances****(A) In general**

The Secretary shall obtain from each processor that receives a loan under this section such assurances as the Secretary considers adequate to ensure that the processor will provide payments to producers that are proportional to the value of the loan received by the processor for the sugar beets and sugarcane delivered by producers to the processor.

**(B) Minimum payments****(i) In general**

Subject to clause (ii), the Secretary may establish appropriate minimum payments for purposes of this paragraph.

**(ii) Limitation**

In the case of sugar beets, the minimum payment established under clause (i) shall not exceed the rate of payment provided for under the applicable contract between a sugar beet producer and a sugar beet processor.

**(3) Administration**

The Secretary may not impose or enforce any prenotification requirement, or similar administrative requirement not otherwise in effect on May 13, 2002, that has the effect of preventing a processor from electing to forfeit the loan collateral (of an acceptable grade and quality) on the maturity of the loan.

**(e) Loans for in-process sugar****(1) Definition of in-process sugars and syrups**

In this subsection, the term “in-process sugars and syrups” does not include raw sugar, liquid sugar, invert sugar, invert syrup, or other finished product that is otherwise eligible for a loan under subsection (a) or (b).

The Secretary shall make nonrecourse loans available to processors of a crop of domestically grown sugarcane and sugar beets for in-process sugars and syrups derived from the crop.

**(4) Further processing on forfeiture****(A) In general**

As a condition of the forfeiture of in-process sugars and syrups serving as collateral for a loan under paragraph (2), the processor shall, within such reasonable time period as the Secretary may prescribe and at no cost to the Commodity Credit Corporation, convert the in-process sugars and syrups into raw cane sugar or refined beet sugar of acceptable grade and quality for sugars eligible for loans under subsection (a) or (b).

**(B) Transfer to corporation**

Once the in-process sugars and syrups are fully processed into raw cane sugar or re-

**(C) Payment to processor**

On transfer of the sugar, the Secretary shall make a payment to the processor in an amount equal to the amount obtained by multiplying—

- (i) the difference between—
  - (I) the loan rate for raw cane sugar or refined beet sugar, as appropriate; and
  - (II) the loan rate the processor received under paragraph (3); by
- (ii) the quantity of sugar transferred to the Secretary.

**(5) Loan conversion**

If the processor does not forfeit the collateral as described in paragraph (4), but instead further processes the in-process sugars and syrups into raw cane sugar or refined beet sugar and repays the loan on the in-process sugars and syrups, the processor may obtain a loan under subsection (a) or (b) for the raw cane sugar or refined beet sugar, as appropriate.

**(6) Term of loan**

The term of a loan made under this subsection for a quantity of in-process sugars and syrups, when combined with the term of a loan made with respect to the raw cane sugar or refined beet sugar derived from the in-process sugars and syrups, may not exceed 9 months, consistent with subsection (c).

**(f) Avoiding forfeitures; Corporation inventory disposition**

**(1) In general**

To carry out paragraph (1), the Commodity Credit Corporation may accept bids to obtain raw cane sugar or refined beet sugar in the inventory of the Commodity Credit Corporation from (or otherwise make available such commodities, on appropriate terms and conditions, to) processors of sugarcane and processors of sugar beets (acting in conjunction with the producers of the sugarcane or sugar beets processed by the processors) in return for the reduction of production of raw cane sugar or refined beet sugar, as appropriate.

**(B) Bioenergy feedstock**

If a reduction in the quantity of production accepted under subparagraph (A) involves sugar beets or sugarcane that has already been planted, the sugar beets or sugarcane so planted may not be used for any commercial purpose other than as a bioenergy feedstock.

**(C) Additional authority**

The authority provided under this paragraph is in addition to any authority of the

Commodity Credit Corporation under any other law.

**(g) Information reporting**

**(1) Duty of processors and refiners to report**

A sugarcane processor, cane sugar refiner, and sugar beet processor shall furnish the Secretary, on a monthly basis, such information as the Secretary may require to administer sugar programs, including the quantity of purchases of sugarcane, sugar beets, and sugar, and production, importation, distribution, and stock levels of sugar.

**(2) Duty of producers to report**

**(A) Proportionate share States**

As a condition of a loan made to a processor for the benefit of a producer, the Secretary shall require each producer of sugarcane located in a State (other than the Commonwealth of Puerto Rico) in which there are in excess of 250 producers of sugarcane to report, in the manner prescribed by the Secretary, the sugarcane yields and acres planted to sugarcane of the producer.

**(B) Other States**

The Secretary may require each producer of sugarcane or sugar beets not covered by subparagraph (A) to report, in a manner prescribed by the Secretary, the yields of, and acres planted to, sugarcane or sugar beets, respectively, of the producer.

**(3) Duty of importers to report**

**(B) Publication**

The data collected under subparagraph (A) shall be published in each edition of the World Agricultural Supply and Demand Estimates.

Any person willfully failing or refusing to furnish the information required to be re-

ported by paragraph (1), (2), or (3), or furnishing willfully false information, shall be subject to a civil penalty of not more than \$10,000 for each such violation.

**(6) Monthly reports**

Taking into consideration the information received under this subsection, the Secretary shall publish on a monthly basis composite data on production, imports, distribution, and stock levels of sugar.

**(h) Substitution of refined sugar**

(Pub. L. 104-127, title I, §192, Apr. 4, 1996, 110 Stat. 942.)

**§ 7333. Administration and operation of non-insured crop assistance program****(a) Operation and administration of program****(1) In general**

In the case of an eligible crop described in paragraph (2), the Secretary of Agriculture shall operate a noninsured crop disaster assistance program to provide coverage equivalent to the catastrophic risk protection otherwise available under section 1508(b) of this title. The Secretary shall carry out this section through the Consolidated Farm Service Agency (in this section referred to as the “Agency”).

**(2) Eligible crops****(A) In general**

In this section, the term “eligible crop” means each commercial crop or other agricultural commodity (except livestock)—

- (i) for which catastrophic risk protection under section 1508(b) of this title is not available; and
- (ii) that is produced for food or fiber.

**(B) Crops specifically included**

The term “eligible crop” shall include floricultural, ornamental nursery, and Christmas tree crops, turfgrass sod, seed crops, aquaculture (including ornamental fish), sea grass and sea oats, camelina, and industrial crops.

**(C) Combination of similar types or varieties**

At the option of the Secretary, all types or varieties of a crop or commodity, described in subparagraphs (A) and (B), may be considered to be a single eligible crop under this section.

**(3) Cause of loss**

To qualify for assistance under this section, the losses of the noninsured commodity shall be due to drought, flood, or other natural disaster, as determined by the Secretary.

**(4) Program ineligibility relating to crop production on native sod****(A) Definition of native sod**

In this paragraph, the term “native sod” means land—

- (i) on which the plant cover is composed principally of native grasses, grasslike plants, forbs, or shrubs suitable for grazing and browsing; and
- (ii) that has never been tilled for the production of an annual crop as of the date of enactment of this paragraph.

**(B) Ineligibility for benefits****(i) In general**

Subject to clause (ii) and subparagraph (C), native sod acreage that has been tilled for the production of an annual crop after the date of enactment of this paragraph shall be ineligible during the first 5 crop years of planting, as determined by the Secretary, for benefits under—

- (I) this section; and
- (II) the Federal Crop Insurance Act (7 U.S.C. 1501 et seq.).

**(ii) De minimis acreage exemption**

The Secretary shall exempt areas of 5 acres or less from clause (i).

**(C) Application**

Subparagraph (B) may apply to native sod acreage in the Prairie Pothole National Priority Area at the election of the Governor of the respective State.

**(b) Application for noninsured crop disaster assistance****(1) Timely application**

To be eligible for assistance under this section, a producer shall submit an application for noninsured crop disaster assistance at a local office of the Department. The application shall be in such form, contain such information, and be submitted not later than 30 days before the beginning of the coverage period, as determined by the Secretary.

**(2) Records**

To be eligible for assistance under this section, a producer shall provide annually to the

Secretary records of crop acreage, acreage yields, and production for each crop, as required by the Secretary.

**(3) Acreage reports**

A producer shall provide annual reports on acreage planted or prevented from being planted, as required by the Secretary, by the designated acreage reporting date for the crop and location as established by the Secretary.

**(c) Loss requirements**

**(1) Cause**

To be eligible for assistance under this section, a producer of an eligible crop shall have suffered a loss of a noninsured commodity as the result of a cause described in subsection (a)(3) of this section.

**(2) Assistance**

**(A) In general**

On making a determination described in subsection (a)(3) of this section, the Secretary shall provide assistance under this section to producers of an eligible crop that have suffered a loss as a result of the cause described in subsection (a)(3) of this section.

**(B) Aquaculture producers**

On making a determination described in subsection (a)(3) for aquaculture producers, the Secretary shall provide assistance under this section to aquaculture producers from all losses related to drought.

**(3) Prevented planting**

Subject to paragraph (1), the Secretary shall make a prevented planting noninsured crop disaster assistance payment if the producer is prevented from planting more than 35 percent of the acreage intended for the eligible crop because of drought, flood, or other natural disaster, as determined by the Secretary.

**(4) Area trigger**

The Secretary shall provide assistance to individual producers without any requirement of an area loss.

**(d) Payment**

The Secretary shall make available to a producer eligible for noninsured assistance under this section a payment computed by multiplying—

(1) the quantity that is less than 50 percent of the established yield for the crop; by

(2)(A) in the case of each of the 1996 through 1998 crop years, 60 percent of the average market price for the crop (or any comparable coverage determined by the Secretary); or

(B) in the case of each of the 1999 and subsequent crop years, 55 percent of the average market price for the crop (or any comparable coverage determined by the Secretary); by

(3) a payment rate for the type of crop (as determined by the Secretary) that—

(A) in the case of a crop that is produced with a significant and variable harvesting expense, reflects the decreasing cost incurred in the production cycle for the crop that is—

- (i) harvested;
- (ii) planted but not harvested; and

(iii) prevented from being planted because of drought, flood, or other natural disaster (as determined by the Secretary); and

(B) in the case of a crop that is not produced with a significant and variable harvesting expense, as determined by the Secretary.

**(e) Yield determinations**

**(1) Establishment**

The Secretary shall establish farm yields for purposes of providing noninsured crop disaster assistance under this section.

**(2) Actual production history**

The Secretary shall determine yield coverage using the actual production history of the producer over a period of not less than the 4 previous consecutive crop years and not more than 10 consecutive crop years. Subject to paragraph (3), the yield for the year in which noninsured crop disaster assistance is sought shall be equal to the average of the actual production history of the producer during the period considered.

**(3) Assignment of yield**

If a producer does not submit adequate documentation of production history to determine a crop yield under paragraph (2), the Secretary shall assign to the producer a yield equal to not less than 65 percent of the transitional yield of the producer (adjusted to reflect actual production reflected in the records acceptable to the Secretary for continuous years), as specified in regulations issued by the Secretary based on production history requirements.

**(4) Prohibition on assigned yields in certain counties**

**(A) In general**

**(i) Documentation**

If sufficient data are available to demonstrate that the acreage of a crop in a county for the crop year has increased by more than 100 percent over any year in the preceding 7 crop years or, if data are not available, if the acreage of the crop in the county has increased significantly from the previous crop years, a producer must provide such detailed documentation of production costs, acres planted, and yield for the crop year for which benefits are being claimed as is required by the Secretary. If the Secretary determines that the documentation provided is not sufficient, the Secretary may require documenting proof that the crop, had the crop been harvested, could have been marketed at a reasonable price.

**(ii) Prohibition**

Except as provided in subparagraph (B), a producer who produces a crop on a farm located in a county described in clause (i) may not obtain an assigned yield.

**(B) Exception**

A crop or a producer shall not be subject to this subsection if—

(i) the planted acreage of the producer for the crop has been inspected by a third party acceptable to the Secretary; or

(ii)(I) the County Executive Director and the State Executive Director recommend an exemption from the requirement to the Administrator of the Agency; and

(II) the Administrator approves the recommendation.

**(5) Limitation on receipt of subsequent assigned yield**

A producer who receives an assigned yield for the current year of a natural disaster because required production records were not submitted to the local office of the Department shall not be eligible for an assigned yield for the year of the next natural disaster unless the required production records of the previous 1 or more years (as applicable) are provided to the local office.

**(6) Yield variations due to different farming practices**

The Secretary shall ensure that noninsured crop disaster assistance accurately reflects significant yield variations due to different farming practices, such as between irrigated and nonirrigated acreage.

**(f) Contract payments**

A producer who has received a guaranteed payment for production, as opposed to delivery, of a crop pursuant to a contract shall have the production of the producer adjusted upward by the amount of the production equal to the amount of the contract payment received.

**(g) Use of Commodity Credit Corporation**

The Secretary may use the funds of the Commodity Credit Corporation to carry out this section.

**(h) Exclusions**

Noninsured crop disaster assistance under this section shall not cover losses due to—

(1) the neglect or malfeasance of the producer;

(2) the failure of the producer to reseed to the same crop in those areas and under such circumstances where it is customary to reseed; or

(3) the failure of the producer to follow good farming practices, as determined by the Secretary.

**(i) Payment and income limitations**

**(1) Definitions**

In this subsection, the terms “legal entity” and “person” have the meanings given those terms in section 1308(a) of this title.

**(2) Payment limitation**

The total amount of payments received, directly or indirectly, by a person or legal entity (excluding a joint venture or general partnership) for any crop year may not exceed \$100,000.

**(3) Limitation on multiple benefits for same loss**

**(A) In general**

Except as provided in subparagraph (B), if a producer who is eligible to receive benefits

under this section is also eligible to receive assistance for the same loss under any other program administered by the Secretary, the producer shall be required to elect whether to receive benefits under this section or under the other program, but not both.

**(B) Exception**

Subparagraph (A) shall not apply to emergency loans under subtitle C of the Consolidated Farm and Rural Development Act (7 U.S.C. 1961 et seq.).

**(4) Adjusted gross income limitation**

A person or legal entity that has an average adjusted gross income in excess of the average adjusted gross income limitation applicable under section 1308-3a(b)(1)(A) of this title, or a successor provision, shall not be eligible to receive noninsured crop disaster assistance under this section.

**(5) Regulations**

The Secretary shall issue regulations prescribing such rules as the Secretary determines necessary—

(A) to ensure a fair and equitable application of section 1308 of this title, the general payment limitation regulations of the Secretary, and the limitations established under this subsection; and

(B) to ensure that payments under this section are attributed to a person or legal entity (excluding a joint venture or general partnership) in accordance with the terms and conditions of sections 1308 through 1308-3a of this title, as determined by the Secretary.

**(j) Omitted**

**(k) Service fee**

**(1) In general**

To be eligible to receive assistance for an eligible crop for a crop year under this section, a producer shall pay to the Secretary (at the time at which the producer submits the application under subsection (b)(1) of this section) a service fee for the eligible crop in an amount that is equal to the lesser of—

(A) \$250 per crop per county; or

(B) \$750 per producer per county, but not to exceed a total of \$1,875 per producer.

**(2) Waiver**

The Secretary shall waive the service fee required under paragraph (1) in the case of a limited resource farmer, as defined by the Secretary.

**(3) Use**

The Secretary shall deposit service fees collected under this subsection in the Commodity Credit Corporation Fund.

**SUBCHAPTER I—COMMODITY PROMOTION AND EVALUATION**

**§ 7401. Commodity promotion and evaluation**

**(a) ‘‘Commodity promotion law’’ defined**

In this section, the term ‘‘commodity promotion law’’ means a Federal law that provides

for the establishment and operation of a promotion program regarding an agricultural commodity that includes a combination of promotion, research, industry information, or consumer information activities, is funded by mandatory assessments on producers or processors, and is designed to maintain or expand markets and uses for the commodity (as determined by the Secretary). The term includes—

- (1) the marketing promotion provisions under section 608c(6)(I) of this title;
- (2) Public Law 89-502 (7 U.S.C. 2101 et seq.);

- (17) subchapter IV of this chapter;
- (18) subchapter V of this chapter; or
- (19) any other provision of law enacted after April 4, 1996, that provides for the establishment and operation of a promotion program described in the first sentence.

**(b) Findings**

Congress finds the following:

- (1) It is in the national public interest and vital to the welfare of the agricultural economy of the United States to maintain and expand existing markets and develop new markets and uses for agricultural commodities through industry-funded, Government-supervised, generic commodity promotion programs established under commodity promotion laws.
- (2) These generic commodity promotion programs, funded by the agricultural producers or processors who most directly reap the benefits of the programs and supervised by the Secretary of Agriculture, provide a unique opportunity for producers and processors to inform consumers about their products.
- (3) The central congressional purpose underlying each commodity promotion law has always been to maintain and expand markets for the agricultural commodity covered by the law, rather than to maintain or expand the share of those markets held by any individual producer or processor.
- (4) The commodity promotion laws were neither designed nor intended to prohibit or restrict, and the promotion programs established and funded pursuant to these laws do not prohibit or restrict, individual advertising or promotion of the covered commodities by any producer, processor, or group of producers or processors.

(5) It has never been the intent of Congress for the generic commodity promotion programs established and funded by the commodity promotion laws to replace the individual advertising and promotion efforts of producers or processors.

(6) An individual producer's or processor's own advertising initiatives are typically designed to increase the share of the market held by that producer or processor rather than to increase or expand the overall size of the market.

(7) In contrast, a generic commodity promotion program is intended and designed to maintain or increase the overall demand for the agricultural commodity covered by the program and increase the size of the market for that commodity, often by utilizing promotion methods and techniques that individual producers and processors typically are unable, or have no incentive, to employ.

(8) The commodity promotion laws establish promotion programs that operate as "self-help" mechanisms for producers and processors to fund generic promotions for covered commodities which, under the required supervision and oversight of the Secretary of Agriculture—

- (A) further specific national governmental goals, as established by Congress; and
- (B) produce nonideological and commercial communication the purpose of which is to further the governmental policy and objective of maintaining and expanding the markets for the covered commodities.

(9) While some commodity promotion laws grant a producer or processor the option of crediting individual advertising conducted by the producer or processor for all or a portion of the producer's or processor's marketing promotion assessments, all promotion programs established under the commodity promotion laws, both those programs that permit credit for individual advertising and those programs that do not contain such provisions, are very narrowly tailored to fulfill the congressional purposes of the commodity promotion laws without impairing or infringing the legal or constitutional rights of any individual producer or processor.

(10) These generic commodity promotion programs are of particular benefit to small producers who often lack the resources or market power to advertise on their own and who are otherwise often unable to benefit from the economies of scale available in promotion and advertising.

(11) Periodic independent evaluation of the effectiveness of these generic commodity promotion programs will assist Congress and the Secretary of Agriculture in ensuring that the objectives of the programs are met.

**(c) Independent evaluation of promotion program effectiveness**

Except as otherwise provided by law, each commodity board established under the supervision and oversight of the Secretary of Agriculture pursuant to a commodity promotion law shall, not less often than every 5 years, authorize and fund, from funds otherwise available to

the board, an independent evaluation of the effectiveness of the generic commodity promotion programs and other programs conducted by the board pursuant to a commodity promotion law. The board shall submit to the Secretary, and make available to the public, the results of each periodic independent evaluation conducted under this subsection.

**(d) Administrative costs**

The Secretary shall annually provide to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate information on administrative expenses on programs established under commodity promotion laws.

**(e) Exemption of certified organic products from assessments**

**(1) In general**

Notwithstanding any provision of a commodity promotion law, a person that produces and markets solely 100 percent organic products, and that does not produce any conventional or nonorganic products, shall be exempt from the payment of an assessment under a commodity promotion law with respect to any agricultural commodity that is produced on a certified organic farm (as defined in section 6502 of this title).

**(2) Regulations**

Not later than 1 year after May 13, 2002, the Secretary shall promulgate regulations concerning eligibility and compliance for an exemption under paragraph (1).

**SUBCHAPTER II—ISSUANCE OF ORDERS FOR PROMOTION, RESEARCH, AND INFORMATION ACTIVITIES REGARDING AGRICULTURAL COMMODITIES**

**§ 7411. Findings and purpose**

**(a) Findings**

Congress finds the following:

(1) The production of agricultural commodities plays a significant role in the economy of the United States. Thousands of producers in the United States are involved in the production of agricultural commodities, and such commodities are consumed by millions of people throughout the United States and foreign countries.

(2) Agricultural commodities must be of high quality, readily available, handled properly, and marketed efficiently to ensure that consumers have an adequate supply.

(3) The maintenance and expansion of existing markets and the development of new markets for agricultural commodities through generic commodity promotion, research, and information programs are vital to the welfare of persons engaged in the production, marketing, and consumption of such commodities, as well as to the general economy of the United States.

(4) Generic promotion, research, and information activities for agricultural commodities play a unique role in advancing the demand for such commodities, since such activities increase the total market for a product to the benefit of consumers and all producers. These generic activities complement branded advertising initiatives, which are aimed at increasing the market share of individual competitors, and are of particular benefit to small producers who lack the resources or market power to advertise on their own. These generic activities do not impede the branded advertising efforts of individual firms, but instead increase general market demand for an agricultural commodity using methods that individual companies do not have the incentive to employ.

(5) Generic promotion, research, and information activities for agricultural commodities, paid by the producers and others in the industry who reap the benefits of such activities, provide a unique opportunity for producers to inform consumers about a particular agricultural commodity.

(6) It is important to ensure that generic promotion, research, and information activities for agricultural commodities be carried out in an effective and coordinated manner designed to strengthen the position of the commodities in the marketplace and to maintain and expand their markets and uses. Independent evaluation of the effectiveness of the generic promotion activities of these programs will assist the Secretary of Agriculture and Congress in ensuring that these objectives are met.

(7) The cooperative development, financing, and implementation of a coordinated national

program of research, promotion, and information regarding agricultural commodities are necessary to maintain and expand existing markets and to develop new markets for these commodities.

(8) Agricultural commodities move in interstate and foreign commerce, and agricultural commodities and their products that do not move in such channels of commerce directly burden or affect interstate commerce in agricultural commodities and their products.

(9) Commodity promotion programs have the ability to provide significant conservation benefits to producers and the public.

**(b) Purpose**

The purpose of this subchapter is to authorize the establishment, through the exercise by the Secretary of Agriculture of the authority provided in this subchapter, of an orderly program for developing, financing, and carrying out an effective, continuous, and coordinated program of generic promotion, research, and information regarding agricultural commodities designed to—

(1) strengthen the position of agricultural commodity industries in the marketplace;

(2) maintain and expand existing domestic and foreign markets and uses for agricultural commodities;

(3) develop new markets and uses for agricultural commodities; or

(4) assist producers in meeting their conservation objectives.

**(c) Rule of construction**

Nothing in this subchapter provides for the control of production or otherwise limits the right of any person to produce, handle, or import an agricultural commodity.

## SUBCHAPTER III—CANOLA AND RAPESEED

**§ 7441. Findings and declaration of policy****(a) Findings**

Congress finds that—

(1) canola and rapeseed products are an important and nutritious part of the human diet;

(2) the production of canola and rapeseed products plays a significant role in the economy of the United States in that—

(A) canola and rapeseed products are produced by thousands of canola and rapeseed producers and processed by numerous processing entities; and

(B) canola and rapeseed products produced in the United States are consumed by people throughout the United States and foreign countries;

(3) canola, rapeseed, and canola and rapeseed products should be readily available and marketed efficiently to ensure that consumers have an adequate supply of canola and rapeseed products at a reasonable price;

(4) the maintenance and expansion of existing markets and development of new markets for canola, rapeseed, and canola and rapeseed products are vital to the welfare of canola and rapeseed producers and processors and those persons concerned with marketing canola, rapeseed, and canola and rapeseed products, as well as to the general economy of the United States, and are necessary to ensure the ready availability and efficient marketing of canola, rapeseed, and canola and rapeseed products;

(5) there exist established State and national organizations conducting canola and rapeseed research, promotion, and consumer education programs that are valuable to the efforts of promoting the consumption of canola, rapeseed, and canola and rapeseed products;

(6) the cooperative development, financing, and implementation of a coordinated national program of canola and rapeseed research, promotion, consumer information, and industry information is necessary to maintain and expand existing markets and develop new markets for canola, rapeseed, and canola and rapeseed products; and

(7) canola, rapeseed, and canola and rapeseed products move in interstate and foreign commerce, and canola, rapeseed, and canola and rapeseed products that do not move in interstate or foreign commerce directly burden or affect interstate commerce in canola, rapeseed, and canola and rapeseed products.

**(b) Policy**

It is the policy of this subchapter to establish an orderly procedure for developing, financing through assessments on domestically produced canola and rapeseed, and implementing a program of research, promotion, consumer information, and industry information designed to strengthen the position in the marketplace of the canola and rapeseed industry, to maintain and expand existing domestic and foreign markets and uses for canola, rapeseed, and canola and rapeseed products, and to develop new markets and uses for canola, rapeseed, and canola and rapeseed products.

**(c) Construction**

Nothing in this subchapter provides for the control of production or otherwise limits the right of individual producers to produce canola, rapeseed, or canola or rapeseed products.

(Pub. L. 104-127, title V, §532, Apr. 4, 1996, 110 Stat. 1048.)

## SUBCHAPTER V—POPCORN

**§ 7481. Findings and declaration of policy****(a) Findings**

Congress finds that—

(1) popcorn is an important food that is a valuable part of the human diet;

(2) the production and processing of popcorn plays a significant role in the economy of the United States in that popcorn is processed by several popcorn processors, distributed through wholesale and retail outlets, and consumed by millions of people throughout the United States and foreign countries;

(3) popcorn must be of high quality, readily available, handled properly, and marketed efficiently to ensure that the benefits of popcorn are available to the people of the United States;

(4) the maintenance and expansion of existing markets and uses and the development of new markets and uses for popcorn are vital to the welfare of processors and persons concerned with marketing, using, and producing popcorn for the market, as well as to the agricultural economy of the United States;

(5) the cooperative development, financing, and implementation of a coordinated program of popcorn promotion, research, consumer information, and industry information is necessary to maintain and expand markets for popcorn; and

(6) popcorn moves in interstate and foreign commerce, and popcorn that does not move in those channels of commerce directly burdens or affects interstate commerce in popcorn.

**(b) Policy**

It is the policy of Congress that it is in the public interest to authorize the establishment, through the exercise of the powers provided in this subchapter, of an orderly procedure for developing, financing (through adequate assessments on unpopped popcorn processed domestically), and carrying out an effective, continuous, and coordinated program of promotion, research, consumer information, and industry information designed to—

(1) strengthen the position of the popcorn industry in the marketplace; and

(2) maintain and expand domestic and foreign markets and uses for popcorn.

**(c) Purposes**

The purposes of this subchapter are to—

(1) maintain and expand the markets for all popcorn products in a manner that—

(A) is not designed to maintain or expand any individual share of a producer or processor of the market;

(B) does not compete with or replace individual advertising or promotion efforts designed to promote individual brand name or trade name popcorn products; and

(C) authorizes and funds programs that result in government speech promoting government objectives; and

(2) establish a nationally coordinated program for popcorn promotion, research, consumer information, and industry information.

**(d) Statutory construction**

This subchapter treats processors equitably. Nothing in this subchapter—

(1) provides for the imposition of a trade barrier to the entry into the United States of imported popcorn for the domestic market; or

(2) provides for the control of production or otherwise limits the right of any individual processor to produce popcorn.

(Pub. L. 98-8, title II, §203D, as added Pub. L. 100-435, title I, §102, Sept. 19, 1988, 102 Stat. 1647.)

EFFECTIVE DATE

Section to be effective and implemented on Oct. 1, 1988, see section 701(a) of Pub. L. 100-435, set out as an Effective Date of 1988 Amendment note under section 2012 of this title.

**§ 7508. Authorization and appropriations**

(a)(1) There are authorized to be appropriated \$100,000,000 for fiscal year 2008 and each fiscal year thereafter for the Secretary to make available to the States to pay for the direct and indirect costs of the States related to the processing, storage, transporting, and distributing to eligible recipient agencies of commodities provided by the Secretary under this chapter and commodities secured from other sources, including commodities secured by gleaning (as defined in section 111(a) of the Hunger Prevention Act of 1988 (7 U.S.C. 612c note; Public Law 100-435)) and donated wild game. Funds appropriated under this paragraph for any fiscal year shall be allocated to the States on an advance basis, dividing such funds among the States in the same proportions as the commodities distributed under this chapter for such fiscal year are divided among the States. If a State agency is unable to use all of the funds so allocated to it, the Secretary shall reallocate such unused funds among the other States.

(2) Each State shall make available to emergency feeding organizations in the State not less

than 40 per centum of the funds provided as authorized in paragraph (1) that it has been allocated for a fiscal year, as necessary to pay for, or provide advance payments to cover, the direct expenses of the emergency feeding organizations for distributing commodities to needy persons, but only to the extent such expenses are actually so incurred by such organizations. As used in this paragraph, the term "direct expenses" includes costs of transporting, storing, handling, repackaging, processing, and distributing commodities incurred after they are received by the organization; costs associated with determinations of eligibility, verification, and documentation; costs of providing information to persons receiving commodities under this chapter concerning the appropriate storage and preparation of such commodities; costs involved in publishing announcements of times and locations of distribution; and costs of recordkeeping, auditing, and other administrative procedures required for participation in the program under this chapter. If a State makes a payment, using State funds, to cover direct expenses of emergency feeding organizations, the amount of such payment shall be counted toward the amount a State must make available for direct expenses of emergency feeding organizations under this paragraph.

(3) States to which funds are allocated for a fiscal year under this subsection shall submit financial reports to the Secretary, on a regular basis, as to the use of such funds. No such funds may be used by States or emergency feeding organizations for costs other than those involved in covering the expenses related to the distribution of commodities by emergency feeding organizations.

(4)(A) Except as provided in subparagraph (B), effective January 1, 1987, to be eligible to receive funds under this subsection, a State shall provide in cash or in kind (according to procedures approved by the Secretary for certifying these in-kind contributions) from non-Federal sources a contribution equal to the difference between—

- (i) the amount of such funds so received; and
- (ii) any part of the amount allocated to the State and paid by the State—

- (I) to emergency feeding organizations; or
- (II) for the direct expenses of such organizations;

for use in carrying out this chapter.

(B)(i) Except as provided in clause (ii), subparagraph (A) shall apply to States beginning on January 1, 1987.

(ii) If the legislature of a State does not convene in regular session before January 1, 1987, paragraph (1) shall apply to such State beginning on October 1, 1987.

(C) Funds allocated to a State under this section may, upon State request, be allocated before States satisfy the matching requirement specified in subparagraph (A), based on the estimated contribution required. The Secretary shall periodically reconcile estimated and actual contributions and adjust allocations to the State to correct for overpayments and underpayments.

(5) States may not charge for commodities made available to emergency feeding organiza-

tions, and may not pass on to such organizations the cost of any matching requirements, under this chapter.

(b) The value of the commodities made available under this chapter and the funds of the Corporation used to pay the costs of initial processing, packaging (including forms suitable for home use), and delivering commodities to the States shall not be charged against appropriations made or authorized under this section.

**§ 7701. Findings**

Congress finds that—

(1) the detection, control, eradication, suppression, prevention, or retardation of the spread of plant pests or noxious weeds is necessary for the protection of the agriculture, environment, and economy of the United States;

(2) biological control is often a desirable, low-risk means of ridding crops and other plants of plant pests and noxious weeds, and its use should be facilitated by the Department of Agriculture, other Federal agencies, and States whenever feasible;

(3) it is the responsibility of the Secretary to facilitate exports, imports, and interstate commerce in agricultural products and other commodities that pose a risk of harboring plant pests or noxious weeds in ways that will reduce, to the extent practicable, as determined by the Secretary, the risk of dissemination of plant pests or noxious weeds;

(4) decisions affecting imports, exports, and interstate movement of products regulated under this chapter shall be based on sound science;

(5) the smooth movement of enterable plants, plant products, biological control organisms, or other articles into, out of, or within the United States is vital to the United States<sup>1</sup> economy and should be facilitated to the extent possible;

(6) export markets could be severely impacted by the introduction or spread of plant pests or noxious weeds into or within the United States;

(7) the unregulated movement of plant pests, noxious weeds, plants, certain biological control organisms, plant products, and articles capable of harboring plant pests or noxious weeds could present an unacceptable risk of introducing or spreading plant pests or noxious weeds;

(8) the existence on any premises in the United States of a plant pest or noxious weed new to or not known to be widely prevalent in or distributed within and throughout the United States could constitute a threat to crops and other plants or plant products of the United States and burden interstate commerce or foreign commerce; and

(9) all plant pests, noxious weeds, plants, plant products, articles capable of harboring plant pests or noxious weeds regulated under this chapter are in or affect interstate commerce or foreign commerce.

Upon his approval of said list, in whole or in part, the Secretary of Agriculture shall transmit the same to the United States Postal Service, and thereafter all packages containing any plants or plant products named in said approved lists shall, upon payment of postage therefor, be forwarded by the postmaster at the destination of said package to the proper State official at the nearest place where inspection is maintained. If the plants or plant products (including seed) are found upon inspection to be free from injurious pests and not in violation of a plant-quarantine law or plant-quarantine regulation of the United States Department of Agriculture or of the State of destination pertaining to such injurious pests, or if infected shall be disinfected by said official, they shall upon payment of postage therefor be returned to the postmaster at the place of inspection to be forward<sup>1</sup> to the person to whom they are addressed; but if found to be infected with injurious pests and incapable of satisfactory disinfection or in violation of a plant-quarantine law or plant-quarantine regulation of the United States Department of Agriculture or of the State of destination pertaining to such injurious pests, the State inspector shall so notify the postmaster at the place of inspection who shall promptly notify the sender of said plants or plant products that they will be returned to him upon his request and at his expense, or in default of such request that they will be turned over to the State authorities for destruction.

It shall be unlawful for any person, firm, or corporation to deposit in the United States mails any package containing any plant or plant product addressed to any place within a State maintaining inspection thereof, as herein defined, without plainly marking the package so that its contents may be readily ascertained by an inspection of the outside thereof. Whoever shall fail to so mark said packages shall be punished by a fine of not more than \$100.

The United States Postal Service is authorized and directed to make all needful rules and regulations for carrying out the purposes hereof.

**§ 7801. Findings and declaration of policy****(a) Findings**

Congress finds the following:

(1) Hass avocados are an integral food source in the United States that are a valuable and healthy part of the human diet and are enjoyed by millions of persons every year for a multitude of everyday and special occasions.

(2) Hass avocados are a significant tree fruit crop grown by many individual producers, but virtually all domestically produced Hass avocados for the commercial market are grown in the State of California.

(3) Hass avocados move in interstate and foreign commerce, and Hass avocados that do not

move in interstate or foreign channels of commerce but only in intrastate commerce directly affect interstate commerce in Hass avocados.

(4) In recent years, large quantities of Hass avocados have been imported into the United States from other countries.

(5) The maintenance and expansion of markets in existence on October 28, 2000, and the development of new or improved markets or uses for Hass avocados are needed to preserve and strengthen the economic viability of the domestic Hass avocado industry for the benefit of producers and other persons associated with the producing, marketing, processing, and consuming of Hass avocados.

(6) An effective and coordinated program of promotion, research, industry information, and consumer information regarding Hass avocados is necessary for the maintenance, expansion, and development of domestic markets for Hass avocados.

**(b) Purpose**

It is the purpose of this chapter to authorize the establishment, through the exercise of the powers provided in this chapter, of an orderly procedure for the development and financing (through an adequate assessment on Hass avocados sold by producers and importers in the United States) of an effective and coordinated program of promotion, research, industry information, and consumer information, including funds for marketing and market research activities, that is designed to—

(1) strengthen the position of the Hass avocado industry in the domestic marketplace; and

(2) maintain, develop, and expand markets and uses for Hass avocados in the domestic marketplace.

**(c) Limitation**

Nothing in this chapter may be construed to provide for the control of production or otherwise limit the right of any person to produce, handle, or import Hass avocados.

## SUBCHAPTER I—DIRECT PAYMENTS AND COUNTER-CYCLICAL PAYMENTS

**§ 7911. Establishment of base acres and payment acres for a farm****(a) Election by owner of base acres calculation method****(1) Alternative calculation methods**

For the purpose of making direct payments and counter-cyclical payments with respect to a farm, the Secretary shall give an owner of the farm an opportunity to elect 1 of the following as the method by which the base acres of all covered commodities on the farm are to be determined:

(A) Subject to paragraphs (3) and (4), the 4-year average of the following:

(i) Acreage planted on the farm to covered commodities for harvest, grazing, haying, silage, or other similar purposes for the 1998 through 2001 crop years.

(ii) Any acreage on the farm that the producers were prevented from planting during the 1998 through 2001 crop years to covered commodities because of drought, flood, or other natural disaster, or other condition beyond the control of the producers, as determined by the Secretary.

(B) Subject to paragraph (3), the sum of the following:

(i) The contract acreage (as defined in section 7202 of this title) used by the Secretary to calculate the fiscal year 2002 payment authorized under section 7214 of this title for the covered commodities on the farm.

(ii) The 4-year average of eligible oilseed acreage on the farm for the 1998 through 2001 crop years, as determined by the Secretary under paragraph (2).

**(2) Eligible oilseed acreage****(A) Calculation**

For purposes of paragraph (1)(B)(ii), the eligible acreage for each oilseed on a farm during each of the 1998 through 2001 crop years shall be determined in the manner provided in paragraph (1)(A), except that the total acreage for all oilseeds on the farm for a crop year may not exceed the difference between—

- (i) the total acreage determined under paragraph (1)(A) for all covered commodities for that crop year; and
- (ii) the total contract acreage determined under paragraph (1)(B)(i).

**(B) Effect of negative number**

If the subtraction performed under subparagraph (A) results in a negative number, the eligible oilseed acreage on the farm for that crop year shall be zero for purposes of determining the 4-year average.

**(C) Offset of contract acreage**

The owner of a farm may increase the eligible acreage for an oilseed on the farm by reducing the contract acreage determined under paragraph (1)(B)(i) for 1 or more covered commodities on an acre-for-acre basis, except that the total base acreage for each oilseed on the farm may not exceed the 4-year average of each oilseed determined under paragraph (1)(B)(ii).

**(3) Inclusion of all 4 years in average**

For the purpose of determining a 4-year acreage average under this subsection for a farm, the Secretary shall not exclude any crop year in which a covered commodity was not planted.

**(4) Treatment of multiple planting or prevented planting**

For the purpose of determining under paragraph (1)(A) the acreage on a farm that producers planted or were prevented from planting during the 1998 through 2001 crop years to covered commodities, if the acreage that was planted or prevented from being planted was devoted to another covered commodity in the same crop year (other than a covered commodity produced under an established practice of double cropping), the owner may elect the commodity to be used for that crop year in determining the 4-year average, but may not include both the initial commodity and the subsequent commodity.

**(b) Single election; time for election****(1) Notice of election opportunity**

As soon as practicable after May 13, 2002, the Secretary shall provide notice to owners of farms regarding their opportunity to make the election described in subsection (a) of this section. The notice shall include the following:

(A) Notice that the opportunity of an owner to make the election is being provided only once.

(B) Information regarding the manner in which the election must be made and the time periods and manner in which notice of the election must be submitted to the Secretary.

**(2) Election deadline**

Within the time period and in the manner prescribed pursuant to paragraph (1), the owner of a farm shall submit to the Secretary notice of the election made by the owner under subsection (a) of this section.

**(c) Effect of failure to make election**

If the owner of a farm fails to make the election under subsection (a) of this section or fails to timely notify the Secretary of the election made, as required by subsection (b) of this section, the owner shall be deemed to have made the election described in subsection (a)(1)(B) of this section to determine base acres for all covered commodities on the farm.

**(d) Application of election to all covered commodities**

The election made under subparagraph (A) or (B) of subsection (a)(1) of this section, or deemed to be made under subsection (c) of this section, with respect to a farm shall apply to all of the covered commodities on the farm.

**(e) Treatment of conservation reserve contract acreage****(1) In general**

The Secretary shall provide for an adjustment, as appropriate, in the base acres for covered commodities for a farm whenever either of the following circumstances occurs:

(A) A conservation reserve contract entered into under section 1231 of the Food Security Act of 1985 (16 U.S.C. 3831) with respect to the farm expires or is voluntarily terminated.

(B) Cropland is released from coverage under a conservation reserve contract by the Secretary.

**(2) Special payment rules**

For the crop year in which a base acres adjustment under paragraph (1) is first made, the owner of the farm shall elect to receive either direct payments and counter-cyclical payments with respect to the acreage added to the farm under this subsection or a prorated payment under the conservation reserve contract, but not both.

**(f) Payment acres**

The payment acres for a covered commodity on a farm shall be equal to 85 percent of the base acres for the covered commodity.

**(g) Prevention of excess base acres****(1) Required reduction**

If the sum of the base acres for a farm, together with the acreage described in paragraph (2), exceeds the actual cropland acreage of the farm, the Secretary shall reduce the base acres for 1 or more covered commodities for the farm or the base acres for peanuts for the farm under subchapter III of this chapter so that the sum of the base acres and acreage described in paragraph (2) does not exceed the actual cropland acreage of the farm.

**(2) Other acreage**

For purposes of paragraph (1), the Secretary shall include the following:

(A) Any base acres for peanuts for the farm under subchapter III of this chapter.

(B) Any acreage on the farm enrolled in the conservation reserve program or wetlands reserve program under chapter 1 of subtitle D of title XII of the Food Security Act of 1985 (16 U.S.C. 3830 et seq.).

(C) Any other acreage on the farm enrolled in a conservation program for which payments are made in exchange for not producing an agricultural commodity on the acreage.

**(3) Selection of acres**

The Secretary shall give the owner of the farm the opportunity to select the base acres or the base acres for peanuts for the farm under subchapter III of this chapter against which the reduction required by paragraph (1) will be made.

**(4) Exception for double-cropped acreage**

In applying paragraph (1), the Secretary shall make an exception in the case of double cropping, as determined by the Secretary.

**(5) Coordinated application of requirements**

The Secretary shall take into account section 7952(f) of this title when applying the requirements of this subsection.

**(h) Permanent reduction in base acres**

The owner of a farm may reduce, at any time, the base acres for any covered commodity for the farm. The reduction shall be permanent and made in the manner prescribed by the Secretary.

POPCORN ACREAGE

Pub. L. 108-7, div. A, title VII, §767, Feb. 20, 2003, 117 Stat. 48, provided that:

"(a) Notwithstanding any other provision of law, for purposes of administering sections 1101 and 1102 of Public Law 107-171 [7 U.S.C. 7911, 7912], acreage planted to, or prevented from being planted to, popcorn shall be considered as acreage planted to, or prevented from being planted to, corn: *Provided*, That if a farm program payment yield for corn is otherwise established for a farm under such section 1102, the same yield shall be used for the acreage on the farm planted to, or prevented from being planted to, popcorn: *Provided further*, That with respect to all other farms, the farm program payment yield for such popcorn acreage shall be established by the Secretary on a fair and equitable basis to reflect the farm program payment yields for corn on similar farms in the area.

"(b) This section shall take effect on October 1, 2003."

**§ 7912. Establishment of payment yield**

**(a) Establishment and purpose**

For the purpose of making direct payments and counter-cyclical payments under this subchapter, the Secretary shall provide for the establishment of a payment yield for each farm for each covered commodity in accordance with this section.

**(b) Use of farm program payment yield**

Except as otherwise provided in this section, the payment yield for each of the 2002 through 2007 crops of a covered commodity for a farm shall be the farm program payment yield established for the 1995 crop of the covered commodity under section 1465 of this title, as adjusted by the Secretary to account for any additional yield payments made with respect to that crop under section 1465(b)(2) of this title.

**(c) Farms without farm program payment yield**

In the case of a farm for which a farm program payment yield is unavailable for a covered commodity (other than soybeans or other oilseeds), the Secretary shall establish an appropriate payment yield for the covered commodity on the farm taking into consideration the farm program payment yields applicable to the commodity under subsection (b) of this section for similar farms, but before the yields for the similar farms are updated as provided in subsection (e) of this section.

**(d) Payment yields for oilseeds**

**(1) Determination of average yield**

In the case of soybeans and each other oilseed, the Secretary shall determine the average yield per planted acre for the oilseed on a farm for the 1998 through 2001 crop years, excluding any crop year in which the acreage planted to the oilseed was zero.

**(2) Adjustment for payment yield**

The payment yield for a farm for an oilseed shall be equal to the product of the following:

(A) The average yield for the oilseed determined under paragraph (1).

(B) The ratio resulting from dividing the national average yield for the oilseed for the 1981 through 1985 crops by the national average yield for the oilseed for the 1998 through 2001 crops.

**(3) Use of partial county average yield**

If the yield per planted acre for a crop of an oilseed for a farm for any of the 1998 through 2001 crop years was less than 75 percent of the county yield for that oilseed, the Secretary shall assign a yield for that crop year equal to 75 percent of the county yield for the purpose of determining the average under paragraph (1).

**(e) Opportunity to partially update yields used to determine counter-cyclical payments**

**(1) Election to update**

If the owner of a farm elects to use the base acres calculation method described in section 7911(a)(1)(A) of this title, the owner shall also have a 1-time opportunity to elect to use 1 of

the methods described in paragraph (3) to partially update the payment yields that would otherwise be used in calculating any counter-cyclical payments for covered commodities on the farm.

**(2) Time for election**

The election under paragraph (1) shall be made at the same time and in the same manner as the Secretary prescribes for the election required under section 7911 of this title.

**(3) Methods of updating yields**

If the owner of a farm elects to update yields under this subsection, the payment yield for a covered commodity on the farm, for the purpose of calculating counter-cyclical payments only, shall be equal to the yield determined using either of the following:

(A) The sum of the following:

(i) The payment yield applicable for direct payments for the covered commodity on the farm.

(ii) 70 percent of the difference between—

(I) the average yield per planted acre for the crop of the covered commodity on the farm for the 1998 through 2001 crop years, as determined by the Secretary, excluding any crop year in which the acreage planted to the crop of the covered commodity was zero; and

(II) the payment yield applicable for direct payments for the covered commodity on the farm.

(B) 93.5 percent of the average of the yield per planted acre for the crop of the covered commodity on the farm for the 1998 through 2001 crop years, as determined by the Secretary, excluding any crop year in which the acreage planted to the crop of the covered commodity was zero.

**(4) Use of partial county average yield**

If the yield per planted acre for a crop of the covered commodity for a farm for any of the 1998 through 2001 crop years was less than 75 percent of the county yield for that commodity, the Secretary shall assign a yield for that crop year equal to 75 percent of the county yield for the purpose of determining the average yield under paragraph (3).

**(5) Application of election and method to all covered commodities**

The owner of a farm may not elect the method described in paragraph (3)(A) for 1 covered commodity on the farm and the method described in paragraph (3)(B) for other covered commodities on the farm.

(II) the amount of the payment made under clause (i).

**(iii) Final payment**

The final payment for a covered commodity for a crop year shall be equal to the difference between—

The President shall carry out an import quota program during the period beginning on May 13, 2002, through July 31, 2008, as provided in this subsection.

**(B) Program requirements**

Except as provided in subparagraph (C), whenever the Secretary determines and announces that for any consecutive 4-week period, the Friday through Thursday average price quotation for the lowest-priced United States growth, as quoted for Middling (M) 1 $\frac{3}{32}$ -inch cotton, delivered C.I.F. Northern Europe exceeds the Northern Europe price by more than 1.25 cents per pound, there shall immediately be in effect a special import quota.

**(C) Tight domestic supply**

During any month for which the Secretary estimates the season-ending United States upland cotton stocks-to-use ratio, as determined under subparagraph (D), to be below 16 percent, the Secretary, in making the determination under subparagraph (B), shall not adjust the Friday through Thursday average price quotation for the lowest-priced United States growth, as quoted for Middling (M) 1 $\frac{3}{32}$ -inch cotton, delivered C.I.F. Northern Europe.

**(D) Season-ending United States stocks-to-use ratio**

For the purposes of making estimates under subparagraph (C), the Secretary shall, on a monthly basis, estimate and report the season-ending United States upland cotton stocks-to-use ratio, excluding projected raw cotton imports but including the quantity of raw cotton that has been imported into the United States during the marketing year.

**(E) Delayed application of threshold**

Through July 31, 2006, the Secretary shall make the calculation under subparagraph (B) without regard to the 1.25 cent threshold provided under that subparagraph.

**(c) Limited global import quota for upland cotton****(1) In general**

The President shall carry out an import quota program that provides that whenever the Secretary determines and announces that the average price of the base quality of upland cotton, as determined by the Secretary, in the designated spot markets for a month exceeded 130 percent of the average price of such quality of cotton in the markets for the preceding 36 months, notwithstanding any other provision of law, there shall immediately be in effect a limited global import quota subject to the following conditions:

**(A) Quantity**

The quantity of the quota shall be equal to 21 days of domestic mill consumption of upland cotton at the seasonally adjusted average rate of the most recent 3 months for which data are available.

**(B) Quantity if prior quota**

**§ 7952. Establishment of payment yield and base acres for peanuts for a farm****(a) Average yield and acreage average for historic peanut producers****(1) Determination of average yield****(A) In general**

The Secretary shall determine, for each historic peanut producer, the average yield for peanuts on each farm on which the historic peanut producer planted peanuts for harvest for the 1998 through 2001 crop years, excluding any crop year in which the producer did not plant or was prevented from planting peanuts.

**(B) Assigned yields**

For the purposes of determining the 4-year average yield for an historic peanut producer under this paragraph, the historic peanut producer may elect to substitute for a farm, for not more than 3 of the 1998 through 2001 crop years in which the producer planted peanuts on the farm, the average yield for peanuts produced in the county in which the farm is located for the 1990 through 1997 crop years.

**(2) Determination of acreage average****(A) In general**

The Secretary shall determine, for each historic peanut producer, the 4-year average of the following:

**(C) Proportional shares**

If more than 1 historic peanut producer shared in the risk of producing the crop on a farm, the historic peanut producers shall receive their proportional share of the number of acres planted (or prevented from being planted) to peanuts for harvest on the farm based on the sharing arrangement that was in effect among the producers for the crop.

**(3) Time for determinations**

The Secretary shall make the determinations required by this subsection as soon as practicable after May 13, 2002.

**(4) Special considerations**

In making the determinations required by this subsection, the Secretary shall take into account changes in the number, identity, or interest of producers sharing in the risk of producing a peanut crop since the 1998 crop year, including providing a method for the assignment of average acres and average yield to a farm—

(A) when an historic peanut producer is no longer living;

(B) when an entity composed of historic peanut producers has been dissolved; or

(C) in other appropriate situations, as determined by the Secretary.

**(b) Assignment of average yields and average acreage to farms****(1) Assignment by historic peanut producers**

**(f) Prevention of excess base acres for peanuts****(1) Required reduction**

If the sum of the base acres for peanuts for a farm, together with the acreage described in paragraph (2), exceeds the actual cropland acreage of the farm, the Secretary shall reduce the base acres for peanuts for the farm or the base acres for 1 or more covered commodities under subchapter I of this chapter for the farm so that the sum of the base acres for peanuts and acreage described in paragraph (2) does not exceed the actual cropland acreage of the farm.

For purposes of paragraph (1), the Secretary shall include the following:

(A) Any base acres for the farm under subchapter I of this chapter.

(B) Any acreage on the farm enrolled in the conservation reserve program or wetlands reserve program under chapter 1 of subtitle D of title XII of the Food Security Act of 1985 (16 U.S.C. 3830 et seq.).

Memorandum for the Secretary of Agriculture, the Secretary of Energy, [and] the Administrator of the Environmental Protection Agency

In the Nation’s ongoing efforts to achieve energy independence, biomass and biofuels promise to play a key role by providing the Nation with homegrown sustainable energy options and energizing our economy with new industries and jobs. While producing clean renewable fuels locally is a powerful engine of economic growth, they must be developed and used in a way that limits environmental impact. Today, the Environmental Protection Agency (EPA) is issuing a Notice of Proposed Rulemaking, as required by the Energy Independence and Security Act of 2007, to set new national renewable fuel standards and implement those standards. The public will have an opportunity to provide input on this proposal through a 60-day comment period, and the EPA is conducting peer reviews on key aspects of the environmental impact assessments within the proposal.

In order to shepherd our Nation’s development of this important industry and to coordinate interagency pol-

icy, I hereby establish a Biofuels Interagency Working Group (Working Group), to be co-chaired by the Secretaries of Agriculture and Energy and the Administrator of the EPA. This Working Group will coordinate with the National Science and Technology Council’s Biomass Research and Development Board in undertaking its work. The responsibilities of the Working Group shall include:

(a) Developing the Nation’s first comprehensive biofuel market development program, which shall use existing authorities and identify new policies to support the development of next-generation biofuels, increase flexible fuel vehicle use, and assist in retail marketing efforts;

(b) Coordinating infrastructure policies affecting the supply, secure transport, and distribution of biofuels; and

(c) Identifying new policy options to promote the environmental sustainability of biofuels feedstock production, taking into consideration land use, habitat conservation, crop management practices, water efficiency and water quality, as well as lifecycle assessments of greenhouse gas emissions.

Alongside the Working Group’s efforts, the Secretary of Agriculture may pursue other important biofuel development efforts. The Rural Development Act of 1972 and the Rural Development Policy Act of 1980 direct the Secretary of Agriculture to develop, in coordination with State and local governments, a nationwide rural development program to assure rural America’s health and prosperity. In keeping with that mandate, and recognizing the key role rural America will play in the development of biofuel technology and development, I request that the Secretary of Agriculture take the following steps, to the extent permitted by law:

(a) Immediately begin restructuring existing investments in renewable fuels as needed to preserve industry employment; and

(b) Develop a comprehensive approach to accelerating the investment in and production of American biofuels and reducing our dependence on fossil fuels by providing, within 30 days, under the authorities made available in the Food, Conservation, and Energy Act of 2008:

(i) Loan guarantees for the development, construction, and retrofitting of commercial-scale biorefineries and grants to help pay for the development and construction costs of demonstration-scale biorefineries;

(ii) Expedited funding to encourage biorefineries to replace the use of fossil fuels in plant operations by installing new biomass energy systems or producing new energy from renewable biomass;

(iii) Expedited funding to biofuels producers to encourage production of next-generation biofuels from cellulosic biomass and other feedstocks;

(iv) Expansion of the Renewable Energy Systems and Energy Efficiency Improvements Program, which has been renamed the Rural Energy for America Program, to include hydroelectric source technologies, energy audits, and higher loan guarantee limits; and

(v) Guidance and support for collection, harvest, storage, and transportation assistance for eligible materials for use in biomass conversion facilities.

This memorandum is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

The Secretary of Agriculture is hereby authorized and directed to publish this memorandum in the Federal Register.

BARACK OBAMA.

For the crop year in which a base acres adjustment under subparagraph (A) or (B) of paragraph (1) is first made, the owner of the farm shall elect to receive either direct payments and counter-cyclical payments with respect to the acreage added to the farm under this subsection or a prorated payment under the conservation reserve contract, but not both.

**(b) Prevention of excess base acres**

**(1) Required reduction**

If the sum of the base acres for a farm, together with the acreage described in paragraph (2) exceeds the actual cropland acreage of the farm, the Secretary shall reduce the base acres for 1 or more covered commodities for the farm or the base acres for peanuts for the farm so that the sum of the base acres and acreage described in paragraph (2) does not exceed the actual cropland acreage of the farm.

#### (A) In general

The Secretary shall proportionately reduce base acres on a farm for covered commodities for land that has been subdivided and developed for multiple residential units or other nonfarming uses if the size of the tracts and the density of the subdivision is such that the land is unlikely to return to the previous agricultural use, unless the producers on the farm demonstrate that the land—

(i) remains devoted to commercial agricultural production; or

(ii) is likely to be returned to the previous agricultural use.

#### (B) Requirement

The Secretary shall establish procedures to identify land described in subparagraph (A).

**(4) Application**

The quota shall apply to upland cotton purchased not later than 90 days after the date of the Secretary’s announcement under paragraph (2) and entered into the United States not later than 180 days after that date.

**(B) Quantity if prior quota**

If a quota has been established under this subsection during the preceding 12 months, the quantity of the quota next established under this subsection shall be the smaller of 21 days of domestic mill consumption calculated under subparagraph (A) or the quantity required to increase the supply to 130 percent of the demand.
