"(D) The Secretary may recoup from a redevelopment authority such portion of the proceeds from a sale or lease described in subparagraph (B) as the Secretary determines appropriate if the redevelopment authority does not use the proceeds to support economic redevelopment of, or related to, the installation for the period specified in subparagraph (B).

"(E)(i) The Secretary may transfer real property at an installation approved for closure or realignment under this part (including property at an installation approved for realignment which will be retained by the Department of Defense or another Federal agency after realignment) to the redevelopment authority for the installation if the redevelopment authority agrees to lease, directly upon transfer, one or more portions of the property transferred under this subparagraph to the Secretary or to the head of another department or agency of the Federal Government. Subparagraph (B) shall apply to a transfer under this subparagraph.

"(iv) A lease under clause (i) shall include a provision specifying that if the department or agency concerned ceases requiring the use of the leased property before the expiration of the term of the lease, the remainder of the lease term may be satisfied by the same or another department or agency of the Federal Government using the property for a use similar to the use under the lease. Exercise of the authority provided by this clause shall be made in consultation with the redevelopment authority concerned.

"(v) Notwithstanding clause (iii), if a lease under clause (i) involves a substantial portion of the installation, the department or agency concerned may obtain facility services for the leased property and common area maintenance from the redevelopment authority or the redevelopment authority's assignee as a provision of the lease. The facility services and common area maintenance shall be provided at a rate no higher than the rate charged to non-Federal tenants of the transferred property. Facility services and common area maintenance covered by the lease shall not include—

"(I) municipal services that a State or local government is required by law to provide to all landowners in its jurisdiction without direct charge; or

"(II) firefighting or security-guard functions.

"(F) The transfer of personal property under subparagraph (A) shall not be subject to the provisions of subchapters II and III of chapter 5 of title 40, United States Code, if the Secretary determines that the transfer of such property is necessary for the effective implementation of a redevelopment plan with respect to the installation at which such property is located.

"(G) The provisions of section 120(h) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. 9620(h)) shall apply to any transfer of real property under this paragraph.

"(H)(i) In the case of an agreement for the transfer of property of a military installation under this paragraph that was entered into before April 21, 1999, the Secretary may modify the agreement, and in so doing compromise, waive, adjust, release, or reduce any right, title, claim, lien, or demand of the United States, if—

"(I) the Secretary determines that as a result of changed economic circumstances, a modification of the agreement is necessary;

"(II) the terms of the modification do not require the return of any payments that have been made to the Secretary;

"(III) the terms of the modification do not compromise, waive, adjust, release, or reduce any right, title, claim, lien, or demand of the United States with respect to in-kind consideration; and

"(IV) the cash consideration to which the United States is entitled under the modified agreement, when combined with the cash consideration to be received by the United States for the disposal of other real property assets on the installation, are as sufficient as they were under the original agreement to fund the reserve account established under section 204(b)(7)(C) of the Defense Authorization Amendments and Base Closure and Realignment Act [Pub. L. 100–526, 10 U.S.C. 2687 note], with the depreciated value of the investment made with commissary store funds or nonappropriated funds in property disposed of pursuant to the agreement being modified, in accordance with section 2906(d).

"(ii) When exercising the authority granted by clause (i), the Secretary may waive some or all future payments if, and to the extent that, the Secretary determines such waiver is necessary.

"(iii) With the exception of the requirement that the transfer be without consideration, the requirements of subparagraphs (B), (C), and (D) shall be applicable to any agreement modified pursuant to clause (i).

"(I) In the case of an agreement for the transfer of property of a military installation under this paragraph that was entered into during the period beginning on April 21, 1999, and ending on the date of enactment of the National Defense Authorization Act for Fiscal Year 2000 [Oct. 5, 1999], at the request of the redevelopment authority concerned, the Secretary shall modify the agreement to conform to all the requirements of subparagraphs (B), (C), and (D). Such a modification may include the compromise, waiver, adjustment, release, or reduction of any right, title, claim, lien, or demand of the United States under the agreement.

"(J) The Secretary may require any additional terms and conditions in connection with a transfer under this paragraph as such Secretary considers appropriate to protect the interests of the United States.

"(5)(A) Except as provided in subparagraphs (B) and (C), the Secretary shall take such actions as the Secretary determines necessary to ensure that final determinations under paragraph (1) regarding whether another department or agency of the Federal Government has identified a use for any portion of a military installation to be closed or realigned under this part, or will accept transfer of any portion of such installation, are made not later than 6 months after the date of approval of closure or realignment of that installation.

"(B) The Secretary may, in consultation with the redevelopment authority with respect to an installation, postpone making the final determinations referred to in subparagraph (A) with respect to the installation for such period as the Secretary determines appropriate if the Secretary determines that such postponement is in the best interests of the communities affected by the closure or realignment of the installation.

"(C)(i) Before acquiring non-Federal real property as the location for a new or replacement Federal facility of any type, the head of the Federal agency acquiring the property shall consult with the Secretary regarding the feasibility and cost advantages of using Federal property or facilities at a military installation closed or realigned or to be closed or realigned under this part as the location for the new or replacement facility. In considering the availability and suitability of a specific military installation, the Secretary and the head of the Federal agency involved shall obtain the concurrence of the redevelopment authority with respect to the installation and comply with the redevelopment plan for the installation.

"(ii) Not later than 30 days after acquiring non-Federal real property as the location for a new or replacement Federal facility, the head of the Federal agency acquiring the property shall submit to Congress a report containing the results of the consultation under clause (i) and the reasons why military installations referred to in such clause that are located within the area to be served by the new or replacement Federal facility or within a 200-mile radius of the new or replacement facility, whichever area is greater, were considered to be unsuitable or unavailable for the site of the new or replacement facility.

"(iii) This subparagraph shall apply during the period beginning on the date of the enactment of the National Defense Authorization Act for Fiscal Year 1998 [Nov. 18, 1997] and ending on July 31, 2001.

"(6)(A) Except as provided in this paragraph, nothing in this section shall limit or otherwise affect the application of the provisions of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11301 et seq.) to military installations closed under this part. For procedures relating to the use to assist the homeless of buildings and property at installations closed under this part after the date of the enactment of this sentence [Oct. 25, 1994], see paragraph (7).

"(B)(i) Not later than the date on which the Secretary of Defense completes the determination under paragraph (5) of the transferability of any portion of an installation to be closed under this part, the Secretary shall—

"(ii) an application for use of such buildings or property for such purpose is submitted to the Secretary

of Health and Human Services in accordance with section 501(e)(2) of such Act; and

"(C)(i) State and local governments, representatives of the homeless, and other interested parties located in

the communities in the vicinity of an installation covered by this paragraph shall submit to the redevelopment authority for the installation a notice of the interest, if any, of such governments, representatives, and parties in the buildings or property, or any portion thereof, at the installation that are identified under subparagraph (B)(i)(II). A notice of interest under this clause shall describe the need of the government, representative, or party concerned for the buildings or property covered by the notice.

"(F)(i) The redevelopment authority for each installation covered by this paragraph shall prepare a redevelopment plan for the installation. The redevelopment authority shall, in preparing the plan, consider the interests in the use to assist the homeless of the buildings and property at the installation that are expressed in the notices submitted to the redevelopment authority under subparagraph (C).

"(ii)(I) In connection with a redevelopment plan for an installation, a redevelopment authority and representatives of the homeless shall prepare legally binding agreements that provide for the use to assist the homeless of buildings and property, resources, and assistance on or off the installation. The implementation of such agreements shall be contingent upon the decision regarding the disposal of the buildings and property covered by the agreements by the Secretary of Defense under subparagraph (K) or (L).

"(II) Agreements under this clause shall provide for the reversion to the redevelopment authority concerned, or to such other entity or entities as the agreements shall provide, of buildings and property that are made available under this paragraph for use to assist the homeless in the event that such buildings and property cease being used for that purpose.

"(ii) For purposes of carrying out an environmental assessment of the closure or realignment of an installation, the Secretary of Defense shall treat the redevelopment plan for the installation (including the aspects of the plan providing for disposal to State or local governments, representatives of the homeless, and other interested parties) as part of the proposed Federal action for the installation.

"(iii) The Secretary of Defense shall dispose of buildings and property under clause (i) in accordance with the record of decision or other decision document prepared by the Secretary in accordance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.). In preparing the record of decision or other decision document, the Secretary shall give substantial deference to the redevelopment plan concerned.

"(IV) based on the actions of that Secretary under subclauses (I) and (II), and on any information obtained by that Secretary as a result of such actions, indicate to the Secretary of Defense the buildings and property at the installation that meet the requirements set forth in subparagraph (H)(i).

"(ii) The Secretary of Housing and Urban Development may request under clause (i)(III) that a representative of the homeless submit to that Secretary the following:

"(I) A description of the program of such representative to assist the homeless.

"(II) A description of the manner in which the buildings and property that the representative proposes to use for such purpose will assist the homeless.

The Secretary of Defense shall incorporate the notification of the Secretary of Housing and Urban Development under clause (iii)(I) as part of the proposed Federal action for the installation only to the extent, if any, that the Secretary of Defense considers such incorporation to be appropriate and consistent with the best and highest use of the installation as a whole, taking into consideration the redevelopment plan submitted by the redevelopment authority.

"(III) The Secretary of Defense shall dispose of buildings and property under subclause (I) in accordance with the record of decision or other decision document prepared by the Secretary in accordance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.). The determination of such eligibility should be made before submission of the redevelopment plan concerned under subparagraph (G).

"(M)(i) In the event of the disposal of buildings and property of an installation pursuant to subparagraph (K) or (L), the redevelopment authority for the installation shall be responsible for the implementation of and compliance with agreements under the redevelopment plan described in that subparagraph for the installation.

"(ii) If a building or property reverts to a redevelopment authority under such an agreement, the redevelopment authority shall take appropriate actions to secure, to the maximum extent practicable, the utilization of the building or property by other homeless representatives to assist the homeless. A redevelopment authority may not be required to utilize the building or property to assist the homeless.

"(N) The Secretary of Defense may postpone or extend any deadline provided for under this paragraph in the case of an installation covered by this paragraph for such period as the Secretary considers appropriate if the Secretary determines that such postponement is in the interests of the communities affected by the closure or realignment of the installation. The Secretary shall make such determinations in consultation with the redevelopment authority concerned and, in the case of deadlines provided for under this paragraph with respect to the Secretary of Housing and Urban Development, in consultation with the Secretary of Housing and Urban Development.

"(E) Before any action may be taken with respect to the disposal of any surplus real property or facility located at any military installation to be closed or realigned under this title, the Secretary shall consult with the Governor of the State and the heads of the local governments concerned for the purpose of considering any plan for the use of such property by the local community concerned.

"(F) The provisions of this paragraph and paragraph (1) are subject to paragraphs (3) through (6).

"(3)(A) Not later than 6 months after the date of the enactment of the National Defense Authorization Act for Fiscal Year 1994 [Nov. 30, 1993], the Secretary, in consultation with the redevelopment authority with respect to each military installation to be closed under this title after such date of enactment, shall—

"(i) inventory the personal property located at the installation; and

"(ii) identify the items (or categories of items) of such personal property that the Secretary determines to be related to real property and anticipates will support the implementation of the redevelopment plan with respect to the installation.

"(B) If no redevelopment authority referred to in subparagraph (A) exists with respect to an installation, the Secretary shall consult with—

"(i) the local government in whose jurisdiction the installation is wholly located; or

"(ii) a local government agency or State government agency designated for the purpose of such consultation by the chief executive officer of the State in which the installation is located.

"(C)(i) Except as provided in subparagraphs (E) and (F), the Secretary may not carry out any of the activities referred to in clause (ii) with respect to an installation referred to in that clause until the earlier of—

"(I) one week after the date on which the redevelopment plan for the installation is submitted to the Secretary;

"(II) the date on which the redevelopment authority notifies the Secretary that it will not submit such a plan;

"(III) twenty-four months after the date referred to in subparagraph (A); or

"(IV) ninety days before the date of the closure of the installation.

"(D) Except as provided in paragraph (4), the Secretary may not transfer items of personal property located at an installation to be closed under this title to another installation, or dispose of such items, if such items are identified in the redevelopment plan for the installation as items essential to the reuse or redevelopment of the installation. In connection with the development of the redevelopment plan for the installation, the Secretary shall consult with the entity responsible for developing the redevelopment plan to identify the items of personal property located at the installation, if any, that the entity desires to be retained at the installation for reuse or redevelopment of the installation.

"(E) This paragraph shall not apply to any related personal property located at an installation to be closed under this title if the property—

"(i) is required for the operation of a unit, function, component, weapon, or weapons system at another installation;

"(ii) is uniquely military in character, and is likely to have no civilian use (other than use for its material content or as a source of commonly used components);

"(iii) is not required for the reutilization or redevelopment of the installation (as jointly determined by the Secretary and the redevelopment authority);

"(iv) is stored at the installation for purposes of distribution (including spare parts or stock items); or

"(v)(I) meets known requirements of an authorized program of another Federal department or agency for which expenditures for similar property would be necessary, and (II) is the subject of a written request by the head of the department or agency.

"(F) Notwithstanding subparagraphs (C)(i) and (D), the Secretary may carry out any activity referred to in subparagraph (C)(ii) or (D) if the Secretary determines that the carrying out of such activity is in the national security interest of the United States.

"(4)(A) The Secretary may transfer real property and personal property located at a military installation to be closed or realigned under this title to the redevelopment authority with respect to the installation for purposes of job generation on the installation.

"(B) The transfer of property of a military installation under subparagraph (A) shall be without consideration if the redevelopment authority with respect to the installation—

"(i) agrees that the proceeds from any sale or lease of the property (or any portion thereof) received by the redevelopment authority during at least the first seven years after the date of the initial transfer of property under subparagraph (A) shall be used to support the economic redevelopment of, or related to, the installation; and

"(ii) executes the agreement for transfer of the property and accepts control of the property within a reasonable time after the date of the property disposal record of decision or finding of no significant impact under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.).

"(C) For purposes of subparagraph (B), the use of proceeds from a sale or lease described in such subparagraph to pay for, or offset the costs of, public investment on or related to the installation for any of the following purposes shall be considered a use to support the economic redevelopment of, or related to, the installation:

"(i) Road construction.

"(ii) Transportation management facilities.

"(iii) Storm and sanitary sewer construction.

"(iv) Police and fire protection facilities and other public facilities.

"(v) Utility construction.

"(D) The Secretary may recoup from a redevelopment authority such portion of the proceeds from a sale or lease described in subparagraph (B) as the Secretary determines appropriate if the redevelopment authority does not use the proceeds to support economic redevelopment of, or related to, the installation for the period specified in subparagraph (B).

"(E)(i) The Secretary may transfer real property at an installation approved for closure or realignment under this title (including property at an installation approved for realignment which will be retained by the Department of Defense or another Federal agency after realignment) to the redevelopment authority for the installation if the redevelopment authority agrees to lease, directly upon transfer, one or more portions of the property transferred under this subparagraph to the Secretary or to the head of another department or agency of the Federal Government. Subparagraph (B) shall apply to a transfer under this subparagraph.

"(ii) A lease under clause (i) shall be for a term of not to exceed 50 years, but may provide for options for renewal or extension of the term by the department or agency concerned.

"(iii) A lease under clause (i) may not require rental payments by the United States.

"(iv) A lease under clause (i) shall include a provision specifying that if the department or agency concerned ceases requiring the use of the leased property before the expiration of the term of the lease, the remainder of the lease term may be satisfied by the same or another department or agency of the Federal Government using the property for a use similar to the use under the lease. Exercise of the authority provided by this clause shall be made in consultation with the redevelopment authority concerned.

"(v) Notwithstanding clause (iii), if a lease under clause (i) involves a substantial portion of the installation,

the department or agency concerned may obtain facility services for the leased property and common area maintenance from the redevelopment authority or the redevelopment authority's assignee as a provision of the lease. The facility services and common area maintenance shall be provided at a rate no higher than the rate charged to non-Federal tenants of the transferred property. Facility services and common area maintenance covered by the lease shall not include—

"(I) municipal services that a State or local government is required by law to provide to all landowners in its jurisdiction without direct charge; or

"(II) firefighting or security-guard functions.

"(F) The transfer of personal property under subparagraph (A) shall not be subject to the provisions of subchapters II and III of chapter 5 of title 40, United States Code, if the Secretary determines that the transfer of such property is necessary for the effective implementation of a redevelopment plan with respect to the installation at which such property is located.

"(G) The provisions of section 120(h) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. 9620(h)) shall apply to any transfer of real property under this paragraph.

"(H)(i) In the case of an agreement for the transfer of property of a military installation under this paragraph that was entered into before April 21, 1999, the Secretary may modify the agreement, and in so doing compromise, waive, adjust, release, or reduce any right, title, claim, lien, or demand of the United States, if—

"(I) the Secretary determines that as a result of changed economic circumstances, a modification of the agreement is necessary;

"(II) the terms of the modification do not require the return of any payments that have been made to the Secretary;

"(III) the terms of the modification do not compromise, waive, adjust, release, or reduce any right, title, claim, lien, or demand of the United States with respect to in-kind consideration; and

"(IV) the cash consideration to which the United States is entitled under the modified agreement, when combined with the cash consideration to be received by the United States for the disposal of other real property assets on the installation, are as sufficient as they were under the original agreement to fund the reserve account established under paragraph (7)(C), with the depreciated value of the investment made with commissary store funds or nonappropriated funds in property disposed of pursuant to the agreement being modified, in accordance with [former] section 2906(d) of the Defense Base Closure and Realignment Act of 1990 [Pub. L. 101–510, 10 U.S.C. 2687 note].

"(ii) When exercising the authority granted by clause (i), the Secretary may waive some or all future payments if, and to the extent that, the Secretary determines such waiver is necessary.

"(iii) With the exception of the requirement that the transfer be without consideration, the requirements of subparagraphs (B), (C), and (D) shall be applicable to any agreement modified pursuant to clause (i).

"(I) In the case of an agreement for the transfer of property of a military installation under this paragraph that was entered into during the period beginning on April 21, 1999, and ending on the date of enactment of the National Defense Authorization Act for Fiscal Year 2000 [Oct. 5, 1999], at the request of the redevelopment authority concerned, the Secretary shall modify the agreement to conform to all the requirements of subparagraphs (B), (C), and (D). Such a modification may include the compromise, waiver, adjustment, release, or reduction of any right, title, claim, lien, or demand of the United States under the agreement.

"(J) The Secretary may require any additional terms and conditions in connection with a transfer under this paragraph as such Secretary considers appropriate to protect the interests of the United States.

"(5)(A) Except as provided in subparagraphs (B) and (C), the Secretary shall take such actions as the Secretary determines necessary to ensure that final determinations under paragraph (1) regarding whether another department or agency of the Federal Government has identified a use for any portion of a military installation to be closed under this title after the date of the enactment of the National Defense Authorization Act for Fiscal Year 1994 [Nov. 30, 1993], or will accept transfer of any portion of such installation, are made not later than 6 months after such date of enactment.

"(B) The Secretary may, in consultation with the redevelopment authority with respect to an installation, postpone making the final determinations referred to in subparagraph (A) with respect to the installation for such period as the Secretary determines appropriate if the Secretary determines that such postponement is in the best interests of the communities affected by the closure of the installation.

"(C)(i) Before acquiring non-Federal real property as the location for a new or replacement Federal facility of any type, the head of the Federal agency acquiring the property shall consult with the Secretary regarding the feasibility and cost advantages of using Federal property or facilities at a military installation closed or realigned or to be closed or realigned under this title as the location for the new or replacement facility. In considering the availability and suitability of a specific military installation, the Secretary and the head of the

Federal agency involved shall obtain the concurrence of the redevelopment authority with respect to the installation and comply with the redevelopment plan for the installation.

"(ii) Not later than 30 days after acquiring non-Federal real property as the location for a new or replacement Federal facility, the head of the Federal agency acquiring the property shall submit to Congress a report containing the results of the consultation under clause (i) and the reasons why military installations referred to in such clause that are located within the area to be served by the new or replacement Federal facility or within a 200-mile radius of the new or replacement facility, whichever area is greater, were considered to be unsuitable or unavailable for the site of the new or replacement facility.

"(iii) This subparagraph shall apply during the period beginning on the date of the enactment of the National Defense Authorization Act for Fiscal Year 1998 [Nov. 18, 1997] and ending on July 31, 2001.

"(6)(A) Except as provided in this paragraph, nothing in this section shall limit or otherwise affect the application of the provisions of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11301 et seq.) to military installations closed under this title.

"(B)(i) Not later than the date on which the Secretary of Defense completes the determination under paragraph (5) of the transferability of any portion of an installation to be closed under this title, the Secretary shall—

"(I) complete any determinations or surveys necessary to determine whether any building or property referred to in clause (ii) is excess property, surplus property, or unutilized or underutilized property for the purpose of the information referred to in section 501(a) of such Act (42 U.S.C. 11411(a)); and

"(II) submit to the Secretary of Housing and Urban Development information on any building or property that is so determined.

"(C) Not later than 60 days after the date on which the Secretary of Defense submits information to the Secretary of Housing and Urban Development under subparagraph (B)(ii), the Secretary of Housing and Urban Development shall—

"(i) identify the buildings and property described in such information that are suitable for use to assist the homeless;

"(ii) notify the Secretary of Defense of the buildings and property that are so identified;

"(iii) publish in the Federal Register a list of the buildings and property that are so identified, including with respect to each building or property the information referred to in section 501(c)(1)(B) of such Act [42 U.S.C. 11411(c)(1)(B)]; and

"(iv) make available with respect to each building and property the information referred to in section 501(c)(1)(C) of such Act in accordance with such section 501(c)(1)(C).

"(D) Any buildings and property included in a list published under subparagraph (C)(iii) shall be treated as property available for application for use to assist the homeless under section 501(d) of such Act.

"(E) The Secretary of Defense shall make available in accordance with section 501(f) of such Act any buildings or property referred to in subparagraph (D) for which—

"(i) a written notice of an intent to use such buildings or property to assist the homeless is received by the Secretary of Health and Human Services in accordance with section 501(d)(2) of such Act;

"(ii) an application for use of such buildings or property for such purpose is submitted to the Secretary of Health and Human Services in accordance with section 501(e)(2) of such Act; and

"(F)(i) Subject to clause (ii), a redevelopment authority may express in writing an interest in using buildings and property referred to in subparagraph (D), and buildings and property referred to in subparagraph (B)(ii) which have not been identified as suitable for use to assist the homeless under subparagraph (C), or use such buildings and property, in accordance with the redevelopment plan with respect to the installation at which such buildings and property are located as follows:

"(I) If no written notice of an intent to use such buildings or property to assist the homeless is received by the Secretary of Health and Human Services in accordance with section 501(d)(2) of such Act during the 60-day period beginning on the date of the publication of the buildings and property under subparagraph (C)(iii).

"(II) In the case of buildings and property for which such notice is so received, if no completed application for use of the buildings or property for such purpose is received by the Secretary of Health and Human Services in accordance with section 501(e)(2) of such Act during the 90-day period beginning on

the date of the receipt of such notice.

"(III) In the case of building and property for which such application is so received, if the Secretary of Health and Human Services rejects the application under section 501(e) of such Act.

"(III) In the case of buildings and property referred to in clause (i)(III), during the one-year period beginning on the date of the rejection of the application referred to in that clause.

"(iii) A redevelopment authority shall express an interest in the use of buildings and property under this subparagraph by notifying the Secretary of Defense, in writing, of such an interest.

"(G)(i) Buildings and property available for a redevelopment authority under subparagraph (F) shall not be available for use to assist the homeless under section 501 of such Act [42 U.S.C. 11411] while so available for a redevelopment authority.

"(ii) If a redevelopment authority does not express an interest in the use of buildings or property, or commence the use of buildings or property, under subparagraph (F) within the applicable time periods specified in clause (ii) of such subparagraph, such buildings or property shall be treated as property available for use to assist the homeless under section 501(a) of such Act.

"(7)(A) Except as provided in subparagraph (B) or (C), all proceeds—

"(i) from any transfer under paragraphs (3) through (6); and

"(ii) from the transfer or disposal of any other property or facility made as a result of a closure or realignment under this title,

shall be deposited into the Account.

"(B) In any case in which the General Services Administration is involved in the management or disposal of such property or facility, the Secretary shall reimburse the Administrator of General Services from the proceeds of such disposal, in accordance with section 1535 of title 31, United States Code, for any expenses incurred in such activities.

"(C)(i) If any real property or facility acquired, constructed, or improved (in whole or in part) with commissary store funds or nonappropriated funds is transferred or disposed of in connection with the closure or realignment of a military installation under this title, a portion of the proceeds of the transfer or other disposal of property on that installation shall be deposited in a reserve account established in the Treasury to be administered by the Secretary. Subject to the limitation in clause (iii), amounts in the reserve account are hereby made available to the Secretary, without appropriation and until expended, for the purpose of acquiring, constructing, and improving—

"(I) commissary stores; and

"(II) real property and facilities for nonappropriated fund instrumentalities.

"(ii) The amount deposited under clause (i) shall be equal to the depreciated value of the investment made with such funds in the acquisition, construction, or improvement of that particular real property or facility. The depreciated value of the investment shall be computed in accordance with regulations prescribed by the Secretary of Defense.

"(iii) The aggregate amount obligated from the reserve account established under clause (i) may not exceed the following:

"(I) In fiscal year 2004, $31,000,000.

"(II) In fiscal year 2005, $24,000,000.

"(8)(A) Subject to subparagraph (C), the Secretary may enter into agreements (including contracts,

cooperative agreements, or other arrangements for reimbursement) with local governments for the provision of police or security services, fire protection services, airfield operation services, or other community services by such governments at military installations to be closed under this title, or at facilities not yet transferred or otherwise disposed of in the case of installations closed under this title, if the Secretary determines that the provision of such services under such agreements is in the best interests of the Department of Defense.

"(B) The Secretary may exercise the authority provided under this paragraph without regard to the provisions of chapter 146 of title 10, United States Code.

"(C) The Secretary may not exercise the authority under subparagraph (A) with respect to an installation earlier than 180 days before the date on which the installation is to be closed.

"(D) The Secretary shall include in a contract for services entered into with a local government under this paragraph a clause that requires the use of professionals to furnish the services to the extent that professionals are available in the area under the jurisdiction of such government.

"(c) APPLICABILITY OF OTHER LAW.—(1) The provisions of the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) shall not apply to—

"(A) the actions of the Commission, including selecting the military installations which the Commission recommends for closure or realignment under this title, recommending any military installation to receive functions from an installation to be closed or realigned, and making its report to the Secretary and the committees under section 203(b); and

"(B) the actions of the Secretary in establishing the Commission, in determining whether to accept the recommendations of the Commission, in selecting any military installation to receive functions from an installation to be closed or realigned, and in transmitting the report to the Committees referred to in section 202(a)(1).

"(2) The provisions of the National Environmental Policy Act of 1969 shall apply to the actions of the Secretary (A) during the process of the closing or realigning of a military installation after such military installation has been selected for closure or realignment but before the installation is closed or realigned and the functions relocated, and (B) during the process of the relocating of functions from a military installation being closed or realigned to another military installation after the receiving installation has been selected but before the functions are relocated. In applying the provisions of such Act, the Secretary shall not have to consider—

"(i) the need for closing or realigning a military installation which has been selected for closure or realignment by the Commission;

"(ii) the need for transferring functions to another military installation which has been selected as the receiving installation; or

"(iii) alternative military installations to those selected.

"(3) A civil action for judicial review, with respect to any requirement of the National Environmental Policy Act of 1969 to the extent such Act is applicable under paragraph (2), or with respect to any requirement of the Commission made by this title, of any action or failure to act by the Secretary during the closing, realigning, or relocating referred to in clauses (A) and (B) of paragraph (2), or of any action or failure to act by the Commission under this title, may not be brought later than the 60th day after the date of such action or failure to act.

"(d) TRANSFER AUTHORITY IN CONNECTION WITH PAYMENT OF ENVIRONMENTAL REMEDIATION COSTS.—(1)(A) Subject to paragraph (2) of this subsection and section 120(h) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. 9620(h)), the Secretary may enter into an agreement to transfer by deed real property or facilities referred to in subparagraph (B) with any person who agrees to perform all environmental restoration, waste management, and environmental compliance activities that are required for the property or facilities under Federal and State laws, administrative decisions, agreements (including schedules and milestones), and concurrences.

"(B) The real property and facilities referred to in subparagraph (A) are the real property and facilities located at an installation closed or to be closed under this title that are available exclusively for the use, or expression of an interest in a use, of a redevelopment authority under subsection (b)(6)(F) during the period provided for that use, or expression of interest in use, under that subsection.

"(C) The Secretary may require any additional terms and conditions in connection with an agreement authorized by subparagraph (A) as the Secretary considers appropriate to protect the interests of the United States.

"(2) A transfer of real property or facilities may be made under paragraph (1) only if the Secretary certifies to Congress that—

"(A) the costs of all environmental restoration, waste management, and environmental compliance activities to be paid by the recipient of the property or facilities are equal to or greater than the fair market

value of the property or facilities to be transferred, as determined by the Secretary; or

"(B) if such costs are lower than the fair market value of the property or facilities, the recipient of the property or facilities agrees to pay the difference between the fair market value and such costs.

"(3) As part of an agreement under paragraph (1), the Secretary shall disclose to the person to whom the property or facilities will be transferred any information of the Secretary regarding the environmental restoration, waste management, and environmental compliance activities described in paragraph (1) that relate to the property or facilities. The Secretary shall provide such information before entering into the agreement.

"(4) Nothing in this subsection shall be construed to modify, alter, or amend the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. 9601 et seq.) or the Solid Waste Disposal Act (42 U.S.C. 6901 et seq.).

Enduring locations include main operating bases, forward operating sites, and cooperative security locations.

In evaluating the proposed settlement, the Director shall consider such factors as the extent of the United States capital investment in the improvements being released to the host country, the depreciation of the improvements, the condition of the improvements, and any applicable requirements for environmental remediation or restoration at the installation.

(2) Each year, the Secretary of Defense shall submit to the Committees on Armed Services of the Senate and the House of Representatives a report on each proposed agreement of settlement that was not submitted by the Secretary to the Director of the Office of Management and Budget in the previous year under paragraph (1) because the fair market value of the improvements to be released pursuant to the proposed agreement did not exceed $10,000,000.

§2688. Utility systems: conveyance authority

(a) CONVEYANCE AUTHORITY.—The Secretary of a military department may convey a utility system, or part of a utility system, under the jurisdiction of the Secretary to a municipal, private, regional, district, or cooperative utility company or other entity. The conveyance may consist of all right, title, and interest of the United States in the utility system or such lesser estate as the Secretary considers appropriate to serve the interests of the United States.

(b) SELECTION OF CONVEYEE.—(1) If more than one utility or entity referred to in subsection (a) notifies the Secretary concerned of an interest in a conveyance under such subsection, the Secretary shall carry out the conveyance through the use of competitive procedures.

(2) Notwithstanding paragraph (1), the Secretary concerned may use procedures other than competitive procedures, but only in accordance with subsections (a), (b), (d), and (e) of section 3204 of this title, to select the conveyee of a utility system (or part of a utility system) under subsection (a).

(3) With respect to the solicitation process used in connection with the conveyance of a utility system (or part of a utility system) under subsection (a), the Secretary concerned shall ensure that the process is conducted in a manner consistent with the laws and regulations of the State in which the utility system is located to the extent necessary to ensure that all interested regulated and unregulated utility companies and other interested entities receive an opportunity to acquire and operate the utility system to be conveyed.

(c) CONSIDERATION.—(1) The Secretary concerned may require as consideration for a conveyance under subsection (a) an amount equal to the fair market value (as determined by the Secretary) of the right, title, or interest of the United States conveyed. The consideration may take

the form of—

(A) a lump sum payment; or

(B) a reduction in charges for utility services provided by the utility or entity concerned to the military installation at which the utility system is located.

(2) If the utility services proposed to be provided as consideration under paragraph (1) are subject to regulation by a Federal or State agency, any reduction in the rate charged for the utility services shall be subject to establishment or approval by that agency.

(d) CONTRACTS FOR UTILITY SERVICES.—(1) Except as provided in paragraph (2), a contract for the receipt of utility services as consideration under subsection (c), or any other contract for utility services entered into by the Secretary concerned in connection with the conveyance of a utility system under this section, may be for a period not to exceed 10 years.

(2) The Secretary concerned may authorize a contract for utility services described in paragraph (1) or the renewal of such a contract to have a term in excess of 10 years, but not to exceed 50 years, if the Secretary concerned determines that a contract for a longer term will be cost effective. The determination of cost effectiveness shall be made using a business case analysis that includes an independent estimate of the level of investment that should be required to maintain adequate operation of the utility system over the proposed term of the contract or contract renewal. The business case analysis must also demonstrate how a privatized system will operate in a manner consistent with subsection (g)(3). A renewal of a contract pursuant to this paragraph may be entered into only within the last five years of the existing contract term.

(e) TREATMENT OF PAYMENTS.—(1) A lump sum payment received under subsection (c) shall be credited, at the election of the Secretary concerned—

(A) to an appropriation of the military department concerned available for the procurement of the same utility services as are provided by the utility system conveyed under this section;

(B) to an appropriation of the military department available for carrying out energy savings projects or water conservation projects; or

(C) to an appropriation of the military department available for improvements to other utility systems.

(2) Amounts so credited shall be merged with funds in the appropriation to which credited and shall be available for the same purposes, and subject to the same conditions and limitations, as the appropriation with which merged.

[(f) Repealed. Pub. L. 112–81, div. A, title X, §1061(21)(C), Dec. 31, 2011, 125 Stat. 1584.]

(g) ADDITIONAL TERMS AND CONDITIONS.—(1) The Secretary concerned may require such additional terms and conditions in connection with a conveyance under subsection (a) as the Secretary considers appropriate to protect the interests of the United States.

(2) The Secretary concerned shall require in any contract for the conveyance of a utility system (or part of a utility system) under subsection (a) that the conveyee manage and operate the utility system in a manner consistent with applicable Federal and State regulations pertaining to health, safety, fire, and environmental requirements.

(3) The Secretary concerned shall require in any contract for the conveyance of a utility system (or part of a utility system) under subsection (a) that the conveyee manage and operate the utility system in a manner consistent with energy resilience and cybersecurity requirements and associated metrics provided to the conveyee to ensure that the reliability of the utility system meets mission requirements.

(4) The Secretary of Defense, in consultation with the Secretaries of the military departments, shall include in the report submitted under section 2925(a) [1] of this title a description of progress in meeting energy resilience metrics for all conveyance contracts entered into pursuant to this section.

(h) ASSISTANCE FOR CONSTRUCTION, REPAIR, OR REPLACEMENT OF UTILITY SYSTEMS.—In lieu of carrying out a military construction project to construct, repair, or replace a utility system, the Secretary concerned may use funds authorized and appropriated for the project to facilitate the conveyance of the utility system under this section by making a contribution toward the

cost of construction, repair, or replacement of the utility system by the entity to which the utility system is being conveyed.

(i) UTILITY SYSTEM DEFINED.—(1) In this section, the term "utility system" means any of the following:

(A) A system for the generation and supply of electric power.

(B) A system for the treatment or supply of water.

(j) CONVEYANCE OF ADDITIONAL UTILITY INFRASTRUCTURE AFTER CONVEYANCE OF A UTILITY SYSTEM.—(1) Upon conveyance of a utility system, the Secretary of a military department may convey additional utility infrastructure under the jurisdiction of the Secretary on a military installation to a utility or entity to which a utility system for the installation has been conveyed under subsection (a) if the Secretary determines that—

(A) the additional utility infrastructure cannot operate without being a part of the conveyed utility system or operation of the additional utility infrastructure by the utility or entity would be in the best interest of the Government; and

(B) the military department receives as consideration an amount for the utility infrastructure determined in the same manner as the consideration the Secretary could require under subsection (c) for a conveyance under subsection (a).

(2) The conveyance under this paragraph may consist of all right, title, and interest of the United States or such lesser estate as the Secretary considers appropriate to serve the interests of the United States.

(k) IMPROVEMENT OF CONVEYED UTILITY SYSTEM.—(1) In lieu of carrying out a military construction project for an infrastructure improvement that enhances the reliability, resilience, efficiency, physical security, or cybersecurity of a utility system conveyed under subsection (a), the Secretary concerned may use funds authorized and appropriated for the project to make a monetary contribution equal to the total amount for the completed project to the conveyee of the utility system to carry out the project using a contract for utility services entered into under subsection (d).

(2) All right, title, and interest to infrastructure improvements constructed by the conveyee pursuant to paragraph (1) shall vest in the conveyee.

(3) The Secretary concerned shall provide to the conveyee the necessary real property interests to access and use lands under the jurisdiction and control of the Secretary for construction of the project under paragraph (1) and for ongoing use, operations, and maintenance.

(4) If the Secretary concerned exercises a repurchase option under a contract entered into under subsection (d) for a system conveyed under subsection (a), the Secretary shall receive an offset in the amount of the contribution to the conveyee under paragraph (1) against the payment made by the Secretary as consideration for the repurchase, except that the maximum offset may not exceed the full amount of the consideration for the repurchase.

(C) Chapters 221 and 223 of this title.

(l) LIMITATION.—This section shall not apply to projects constructed or operated by the Army Corps of Engineers under its civil works authorities.

(a) RESTORATION OF OTHER AGENCY LAND USED BY PERMIT.—The Secretary of the military department concerned may remove improvements and take any other action necessary in the judgment of the Secretary to restore land used by that military department by permit from another military department or Federal agency if the restoration is required by the permit making that land available to the military department. The Secretary concerned may carry out this section using funds available for operations and maintenance or for military construction.

During the period required to make such a determination, the Secretary may provide for maintenance and repair of improvements on the land to the standards established for excess property by the Administrator of General Services.

(c) RESTORATION OF DEPARTMENT OF DEFENSE LAND USED BY OTHER AGENCY .—(1) As a condition of any permit, license, or other grant of access entered into by the Secretary of a military department with another Federal agency authorizing the agency to use lands under the control of the Secretary, the Secretary may require the agency to agree to remove any improvements and to take any other action necessary in the judgment of the Secretary to restore the land used by the agency to its condition before its use by the agency.

(2) In lieu of performing any removal or restoration work under paragraph (1), a Federal agency may elect, with the consent of the Secretary, to reimburse the Secretary for the costs incurred by the military department in performing such removal or restoration work.

(3) Demolition and removal of unsafe buildings and structures, including buildings and structures of the Department of Defense at sites formerly used by or under the jurisdiction of the Secretary.

(c) RESPONSIBILITY FOR RESPONSE ACTIONS.—

(2) CROSS-FISCAL YEAR AGREEMENTS.—An agreement with an agency under paragraph (1) may be for a period that begins in one fiscal year and ends in another fiscal year so long as the period of the agreement does not exceed two years. This two-year limitation does not apply to an agreement funded using amounts in the Department of Defense Base Closure Account established by section 2906 of the Defense Base Closure and Realignment Act of 1990 (part A of title XXIX of Public Law 101–510; 10 U.S.C. 2687 note).

(3) LIMITATION ON REIMBURSABLE AGREEMENTS.—An agreement with an agency under paragraph (1) may not provide for reimbursement of the agency for regulatory enforcement activities. (g) REMOVAL OF UNSAFE BUILDINGS AND DEBRIS BEFORE RELEASE FROM FEDERAL CONTROL.—In the case of property formerly used by the Department of Defense which is to be released from Federal Government control and at which there are unsafe buildings or debris of the Department of Defense, all actions necessary to comply with regulations of the General Services Administration on the transfer of property in a safe condition shall be completed before the property is released from Federal Government control, except in the case of property to be conveyed to an entity of State or local government or to a native corporation.

(h) SURETY-CONTRACTOR RELATIONSHIP.—Any surety which provides a bid, performance, or payment bond in connection with any direct Federal procurement for a response action contract under the Defense Environmental Restoration Program and begins activities to meet its obligations under such bond, shall, in connection with such activities or obligations, be entitled to any indemnification and the same standard of liability to which its principal was entitled under the contract or under any applicable law or regulation.

(1) APPLICABILITY OF SECTIONS 3131 AND 3133 OF TITLE 40.—If under sections 3131 and 3133 of title 40 surety bonds are required for any direct Federal procurement of any response action contract under the Defense Environmental Restoration Program and are not waived pursuant to section 3134 of title 40, the surety bonds shall be issued in accordance with sections 3131 and 3133.

(2) LIMITATION OF ACCRUAL OF RIGHTS OF ACTION UNDER BONDS.—If, under

applicable Federal law, surety bonds are required for any direct Federal procurement of any response action contract under the Defense Environmental Restoration Program, no right of action shall accrue on the performance bond issued on such contract to or for the use of any person other than an obligee named in the bond.

(3) LIABILITY OF SURETIES UNDER BONDS.—If, under applicable Federal law, surety bonds are required for any direct Federal procurement of any response action contract under the Defense Environmental Restoration Program, unless otherwise provided for by the Secretary in the bond, in the event of a default, the surety's liability on a performance bond shall be only for the cost of completion of the contract work in accordance with the plans and specifications of the contract less the balance of funds remaining to be paid under the contract, up to the penal sum of the bond. The surety shall in no event be liable on bonds to indemnify or compensate the obligee for loss or liability arising from personal injury or property damage whether or not caused by a breach of the bonded contract.

(4) NONPREEMPTION.—Nothing in this section shall be construed as preempting, limiting, superseding, affecting, applying to, or modifying any State laws, regulations, requirements, rules, practices, or procedures. Nothing in this section shall be construed as affecting, applying to, modifying, limiting, superseding, or preempting any rights, authorities, liabilities, demands, actions, causes of action, losses, judgment, claims, statutes of limitation, or obligations under Federal or State law, which do not arise on or under the bond.

§2733. Property loss; personal injury or death: incident to noncombat activities

of Department of Army, Navy, or Air Force

(a) Under such regulations as the Secretary concerned may prescribe, he, or, subject to appeal to him, the Judge Advocate General of an armed force under his jurisdiction, or the chief Counsel of the Coast Guard, as appropriate, if designated by him, may settle, and pay in an amount not more than $100,000, a claim against the United States for—

(1) damage to or loss of real property, including damage or loss incident to use and occupancy;

(2) damage to or loss of personal property, including property bailed to the United States and including registered or insured mail damaged, lost, or destroyed by a criminal act while in the possession of the Army, Navy, Air Force, Marine Corps, Space Force, or Coast Guard, as the case may be; or

(3) personal injury or death;

either caused by a civilian officer or employee of that department, or the Coast Guard, or a member of the Army, Navy, Air Force, Marine Corps, Space Force, or Coast Guard, as the case may be, acting within the scope of his employment, or otherwise incident to noncombat activities of that department, or the Coast Guard.

(b) A claim may be allowed under subsection (a) only if—

(1) it is presented in writing within two years after it accrues, except that if the claim accrues in time of war or armed conflict or if such a war or armed conflict intervenes within two years after it accrues, and if good cause is shown, the claim may be presented not later than two years after the war or armed conflict is terminated;

(2) it is not covered by section 2734 of this title or section 2672 of title 28;

(3) it is not for personal injury or death of such a member or civilian officer or employee whose injury or death is incident to his service;

(4) the damage to, or loss of, property, or the personal injury or death, was not caused wholly or partly by a negligent or wrongful act of the claimant, his agent, or his employee; or, if so caused, allowed only to the extent that the law of the place where the act or omission complained of occurred would permit recovery from a private individual under like circumstances; and

(5) it is substantiated as prescribed in regulations of the Secretary concerned.

For the purposes of clause (1), the dates of the beginning and ending of an armed conflict are the dates established by concurrent resolution of Congress or by a determination of the President.

(c) Payment may not be made under this section for reimbursement for medical, hospital, or burial services furnished at the expense of the United States.

(d) If the Secretary concerned considers that a claim in excess of $100,000 is meritorious, and the claim otherwise is payable under this section, the Secretary may pay the claimant $100,000 and report any meritorious amount in excess of $100,000 to the Secretary of the Treasury for payment under section 1304 of title 31.

(e) Except as provided in subsection (d), no claim may be paid under this section unless the amount tendered is accepted by the claimant in full satisfaction.

(f) For the purposes of this section, a member of the National Oceanic and Atmospheric Administration or of the Public Health Service who is serving with the Navy or Marine Corps shall be treated as if he were a member of that armed force.

(g) Under regulations prescribed by the Secretary concerned, an officer or employee under the jurisdiction of the Secretary may settle a claim that otherwise would be payable under this section in an amount not to exceed $25,000. A decision of the officer or employee who makes a final settlement decision under this section may be appealed by the claimant to the Secretary concerned or an officer or employee designated by the Secretary for that purpose.

(h) Under such regulations as the Secretary of Defense may prescribe, he or his designee has the same authority as the Secretary of a military department under this section with respect to the settlement of claims based on damage, loss, personal injury, or death caused by a civilian officer or employee of the Department of Defense acting within the scope of his employment or otherwise incident to noncombat activities of that department.

In subsection (a), the words "a civilian officer or employee of that department, or a member of the Army, Navy, Air Force, or Marine Corps, as the case may be" are substituted for the words "military personnel or civilian employees of the Department of the Army or of the Army". The words "whether under a lease, express or implied" are omitted as surplusage. The words "consider, ascertain, adjust, determine" are omitted as covered by the word "settle", as defined in section 2731 of this title. The words "arising on or after May 27, 1941" are omitted as executed, since, under revised subsection (b), a claim must be filed within one year after it accrues, or within one year after the war is terminated, if it accrues in time of war.

In subsection (a)(1), the words "or loss" are inserted before the word "incident", for clarity.

In subsection (b)(1), the words "it accrues" are substituted for the words "the accident or incident out of which such claim arises shall have occurred", in 31:223b. The words "the claim accrues" are substituted for the words "That if such accident or incident occurs". The words "not later than" are substituted for the words "within" to make it clear that a claim may be presented during a war. The words "the war is terminated" are substituted for the words "after peace is established", since the other time covered is "time of war". 31:223b (last 49 words of proviso of 2d sentence) is omitted as executed.

In subsection (b)(2), the words "or section 2672 of title 28" are substituted for the words "claims cognizable under part 2 of this title", to reflect the express amendment of 31:223b and 223c by the fourth clause of section 424(a) of the Federal Tort Claims Act, 60 Stat. 847. Section 424(a) of the Federal Tort Claims Act referred to "claims cognizable under part 2 of this title". Part 2 of that act consisted of sections 403 and 404 which were repealed by section 39 of the Act of June 25, 1948, ch. 646, 62 Stat. 1008, and replaced by sections 2672 and 2673 of title 28. The words "or possessions thereof" are omitted, since possessions of foreign countries are not specifically covered by the section to which the words refer.

In subsection (d), the words "claim * * * that would otherwise be covered by this section" are substituted for the words "such claims".

In subsection (e), the words "and final settlement" are omitted as surplusage.

In the section, the words "disbursing official" are substituted for "disbursing officer" for consistency with other titles of the United States Code. The words "Secretary of the Treasury" are substituted for "Treasurer of

the United States" because of section 1(a) of Reorganization Plan No. 26 of 1950 (eff. July 31, 1950, 64 Stat. 1280), restated as section 321 of the revised title contained in section 1 of the bill. The text of 10:2773 is omitted as being superseded by 31:103a and 103b.

The title of Secretary of War was changed to Secretary of the Army by section 205(a) of the Act of July 26, 1947 (ch. 343, 61 Stat. 501), and by sections 1 and 53 of the Act of August 10, 1956 (ch. 1041, 70A Stat. 157, 676). The Secretary of the Air Force is included because of sections 205(a) and 207(a) and (f) of the Act of July 26, 1947 (ch. 343, 61 Stat. 501, 502), and section 1 of the Act of August 10, 1956 (ch. 1041, 70A Stat. 488). The words "deputy disbursing official" are substituted for "deputies" for clarity. In clause (A), the words "to make payments" are substituted for "for the purpose of having them make disbursements" to eliminate unnecessary words. In clause (C), the words "to be performed by such disbursing officers" are omitted as unnecessary.

In subsection (a)(2), the words "deputy disbursing official" are substituted for "agent officer" for clarity and consistency.

In subsection (b)(1), the word "disabled" is substituted for "incapacity" for consistency in the title. The word "until" is substituted for "for a period of time not to extend beyond" to eliminate unnecessary words.

In subsection (b)(2), the words "The deputy disbursing official, and not the former disbursing official or the estate of the former disbursing official" are substituted for "The former disbursing officer or his estate . . . but the deputy disbursing officer shall be responsible therefor" for clarity and because of the restatement. The word "liable" is substituted for "subject to any legal liability or penalty" to eliminate unnecessary words. The word "actions" is substituted for "official acts and defaults". The words "in the name or in the place of the former disbursing officer" are omitted as unnecessary.

If the person from whom the property is seized is found to have been lawfully in possession of the property and the return of the property could undermine national security or create a hazard to public health or safety, the Secretary of Defense shall reimburse the person for the market value for the property.

(3) Paragraph (2) shall not apply to any firearm, ammunition, or ammunition component, or firearm part or accessory that is not prohibited for commercial sale.

(2) In the event of a declaration by the President of a national emergency in which the construction authority described in subsection (a) is used, a construction project to be undertaken using such construction authority may be carried out only after the end of the five-day period beginning on the date the notification required by paragraph (1) is received by the congressional defense committees.

§2825. Improvements to family housing units

(a)(1) Authority provided by law to improve existing military family housing units and ancillary family housing support facilities is authority to make alterations, additions, expansions, and extensions.

(2) In this section, the term "improvement" includes rehabilitation of a housing unit and major maintenance or repair work to be accomplished concurrently with an improvement project. Such term does not include day-to-day maintenance and repair work.

(b)(1) Funds may not be expended for the improvement of any single family housing unit, or for the improvement of two or more housing units that are to be converted into or are to be used as a single family housing unit, if the cost per unit of such improvement will exceed (A) $50,000 multiplied by the area construction cost index as developed by the Department of Defense for the location concerned at the time of contract award, or (B) in the case of improvements necessary to make the unit suitable for habitation by a handicapped person, $60,000 multiplied by such index.

(2) The Secretary concerned may waive the limitations contained in paragraph (1) if such Secretary determines that, considering the useful life of the structure to be improved and the useful life of a newly constructed unit and the cost of construction and of operation and maintenance of each kind of unit over its useful life, the improvement will be cost-effective. If the Secretary concerned makes a determination under the preceding sentence with respect to an improvement, the waiver under that sentence with respect to that improvement may take effect only after the end of the 14-day period beginning on the date on which the Secretary submits, in an electronic medium

pursuant to section 480 of this title, to the appropriate committees of Congress notice of the proposed waiver, together with an economic analysis demonstrating that the improvement will be cost effective.

(3) In determining the applicability of the limitation contained in paragraph (1), the Secretary concerned shall include as part of the cost of the improvement of the unit or units concerned the following:

(A) The cost of major maintenance or repair work undertaken in connection with the improvement.

(B) Any cost, other than the cost of activities undertaken beyond a distance of five feet from the unit or units concerned, in connection with—

(i) the furnishing of electricity, gas, water, and sewage disposal;

(ii) the construction or repair of roads, drives, and walks; and

(iii) grading and drainage work.

(4) In determining the applicability of the limitation contained in paragraph (1), the Secretary concerned shall not include as part of the cost of the improvement of the unit or units concerned the following:

(A) The cost of the installation of communications, security, or antiterrorism equipment required by an occupant of the unit or units to perform duties assigned to the occupant as a member of the armed forces.

(B) The cost of the maintenance or repair of equipment described in subparagraph (A) installed for the purpose specified in such subparagraph.

(5) The limitation contained in paragraph (1) does not apply to a project for the improvement of a family housing unit or units referred to in that paragraph if the project (including the amount requested for the project) is identified in the budget materials submitted to Congress by the Secretary of Defense in connection with the submission to Congress of the budget for a fiscal year pursuant to section 1105 of title 31.

(c)(1) The Secretary concerned may construct replacement military family housing units in lieu of improving existing military family housing units if—

(A) the improvement of the existing housing units has been authorized by law; and

(B) the Secretary determines that the improvement project is no longer cost-effective after a review of post-design or bid cost estimates.

(2) The amount that may be expended to construct replacement military family housing units under this subsection may not exceed the amount that is otherwise available to carry out the previously authorized improvement project.

(d) This section does not apply to projects authorized for restoration or replacement of housing units that have been damaged or destroyed.

§2828. Leasing of military family housing

(a)(1) Subject to paragraph (2), the Secretary of the military department concerned may lease housing facilities at or near a military installation in the United States, Puerto Rico, or Guam for assignment, without rental charge, as family housing to members of the armed forces and for assignment, with fair market rental charge, as family housing to civilian employees of the Department of Defense stationed at such installation.

(2) A lease may only be made under paragraph (1) if the Secretary concerned finds that there is a shortage of adequate housing at or near such military installation and that—

(A) the requirement for such housing is temporary;

(B) leasing would be more cost effective than construction or acquisition of new housing;

(C) family housing is required for personnel attending service school academic courses on permanent change of station orders;

(D) construction of family housing at such installation has been authorized by law but is not yet completed; or

(E) a military construction authorization bill pending in Congress includes a request for authorization of construction of family housing at such installation.

(b)(1) Not more than 10,000 family housing units may be leased at any one time under subsection (a).

(2) Except as provided in paragraphs (3), (4), and (7), expenditures for the rental of housing units under subsection (a) (including the cost of utilities, maintenance, and operation) may not exceed $12,000 per unit per year, as adjusted from time to time under paragraph (5).

(3) Not more than 500 housing units may be leased under subsection (a) for which the expenditure for the rental of such units (including the cost of utilities, maintenance, and operation) exceeds the maximum amount per unit per year in effect under paragraph (2) but does not exceed $14,000 per unit per year, as adjusted from time to time under paragraph (5).

(4)(A) The Secretary of the Army may lease not more than eight housing units in the vicinity of Miami, Florida, for key and essential personnel, as designated by the Secretary, for the United States

Southern Command for which the expenditure for the rental of such units (including the cost of utilities, maintenance, and operation, including security enhancements) exceeds the expenditure limitations in paragraphs (2) and (3).

(B) The amount of all leases under this paragraph may not exceed $280,000 per year, as adjusted from time to time under paragraph (6).

(C) The term of any lease under this paragraph may not exceed 5 years.

(D) Until September 30, 2008, the Secretary of the Army may authorize family members of a member of the armed forces on active duty who is assigned to a family-member-restricted area and who, before such assignment, was occupying a housing unit leased under this paragraph, to remain in the leased housing unit until the member completes the assignment. Costs incurred for the leased housing unit during the assignment shall be included in the costs subject to the limitation under subparagraph (B).

(5) At the beginning of each fiscal year, the Secretary concerned shall adjust the maximum lease amount provided for leases under paragraphs (2), (3), and (7) for the previous fiscal year by the percentage (if any) by which the national average monthly cost of housing (as calculated for purposes of determining rates of basic allowance for housing under section 403 of title 37) for the preceding fiscal year exceeds the national average monthly cost of housing (as so calculated) for the fiscal year before such preceding fiscal year.

(6) At the beginning of each fiscal year, the Secretary of the Army shall adjust the maximum aggregate amount for leases under paragraph (4) for the previous fiscal year by the percentage (if any) by which the annual average cost of housing for the Miami Military Housing Area (as calculated for purposes of determining rates of basic allowance for housing under section 403 of title 37) for the preceding fiscal year exceeds the annual average cost of housing for the Miami Military Housing Area (as so calculated) for the fiscal year before such preceding fiscal year.

(7)(A) Not more than 600 housing units may be leased by the Secretary of the Army under subsection (a) for which the expenditure for the rental of such units (including the cost of utilities, maintenance, and operation) exceeds the maximum amount per unit per year in effect under paragraph (2) but does not exceed $35,000 per unit per year, as adjusted from time to time under paragraph (5).

(B) The maximum lease amount provided in subparagraph (A) shall apply only to Army family housing in areas designated by the Secretary of the Army.

(C) The term of a lease under subparagraph (A) may not exceed 2 years.

(c) The Secretary concerned may lease housing facilities in foreign countries for assignment, without rental charge, as family housing to members of the armed forces and for assignment, with or without rental charge, as family housing to civilian employees of the Department of Defense—

(1) under circumstances specified in clause (A), (B), (D), or (E) of subsection (a)(2);

(2) for incumbents of special command positions (as determined by the Secretary of Defense);

(3) in countries where excessive costs of housing or other lease terms would cause undue hardship on Department of Defense personnel; and

(4) in countries that prohibit leases by individual military or civilian personnel of the United States.

(d)(1) Leases of housing units in foreign countries under subsection (c) for assignment as family housing may be for any period not in excess of 10 years, or 15 years in the case of leases in Korea, and the costs of such leases for any year may be paid out of annual appropriations for that year.

(2) The Secretary may enter into an agreement under this paragraph in connection with a lease entered into under subsection (c). Such an agreement—

(A) shall be for the purpose of compensating a developer for any costs resulting from the termination of the lease during the construction of the housing units that are to be occupied pursuant to the lease;

(B) may be for a period not in excess of three years; and

(C) shall include a provision that the obligation of the United States to make payments under the agreement in any fiscal year is subject to the availability of appropriations.

(e)(1) Expenditures for the rental of family housing in foreign countries (including the costs of utilities, maintenance, and operation) may not exceed $20,000 per unit per year, except that 450 units may be leased in foreign countries for not more than $25,000 per unit per year. These maximum lease amounts may be waived by the Secretary concerned with respect to not more than a total of 350 such units that are leased for incumbents of special positions or for personnel assigned to Defense Attache Offices or that are leased in countries where excessive costs of housing would cause undue hardship on Department of Defense personnel.

(2) In addition to the 450 units of family housing referred to in paragraph (1) for which the maximum lease amount is $25,000 per unit per year, the Secretaries of the military departments may lease not more than 3,300 units of family housing in Italy, subject to that maximum lease amount.

(5) The Secretary concerned shall adjust the maximum lease amounts provided for under paragraphs (1), (2), (3), and (4) for the previous fiscal year—

(A) for foreign currency fluctuations from October 1, 1987; and

(B) at the beginning of each fiscal year, by the percentage (if any) by which the Consumer Price Index for All Urban Consumers, published by the Bureau of Labor Statistics, during the preceding fiscal year exceeds such Consumer Price Index for the fiscal year before such preceding fiscal year.

(6) The maximum number of family housing units that may be leased in foreign countries under this section at any one time is 55,775.

(f) A lease for family housing facilities, or for real property related to family housing facilities, in a foreign country for which the average estimated annual rental during the term of the lease exceeds $1,000,000 may be made under this section only after the end of the 14-day period beginning on the date on which the Secretary concerned submits, in an electronic medium pursuant to section 480 of this title, to the appropriate committees of Congress notice of the facts concerning the proposed lease.

EFFECTIVE DATE

For effective date and applicability of section, see section 12(a) of Pub. L. 97–214, set out as a note under section 2801 of this title.

§2853. Authorized cost and scope of work variations

(a) COST VARIATIONS AUTHORIZED; LIMITATION.—Except as provided in subsection (c), (d), or (e), the cost authorized for a military construction project or for the construction, improvement, and acquisition of a military family housing project may be increased or decreased by not more than 25 percent of the total authorized cost of the project or 200 percent of the minor construction project ceiling specified in section 2805(a) of this title, whichever is less, if the Secretary concerned determines that such revised cost is required for the sole purpose of meeting unusual variations in cost and that such variations in cost could not have reasonably been anticipated at the time the project was authorized by Congress.

(b) SCOPE OF WORK VARIATIONS AUTHORIZED; LIMITATION.—(1) Except as provided in subsection (c), the scope of work for a military construction project or for the construction, improvement, and acquisition of a military family housing project may be reduced by not more than 25 percent from the amount specified for that project, construction, improvement, or acquisition in the justification data provided to Congress as part of the request for authorization of the project, construction, improvement, or acquisition. Any reduction in scope of work for a military construction project shall not result in a facility or item of infrastructure that is not complete and useable or does not fully meet the mission requirement contained in the justification data provided to Congress as part of the request for authorization of the project, construction, improvement, or acquisition.

(2) Except as provided in subsection (d), the scope of work for a military construction project or for the construction, improvement, and acquisition of a military family housing project may not be increased above the amount specified for that project, construction, improvement, or acquisition in the justification data provided to Congress as part of the request for authorization of the project, construction, improvement, or acquisition.

(3) In this subsection, the term "scope of work" refers to the function, size, or quantity of a facility or item of complete and useable infrastructure contained in the justification data provided to Congress as part of the request for authorization of the project, construction, improvement, or acquisition.

(c) EXCEPTIONS TO LIMITATION ON COST VARIATIONS AND SCOPE OF WORK REDUCTIONS.—(1)(A) Except as provided in subparagraph (D), the Secretary concerned may waive the percentage or dollar cost limitation applicable to a military construction project or a

military family housing project under subsection (a) and approve an increase in the cost authorized for the project in excess of that limitation if the Secretary concerned notifies the appropriate committees of Congress of the cost increase in the manner provided in this paragraph.

(B) The notification required by subparagraph (A) shall—

(i) identify the amount of the cost increase and the reasons for the increase;

(ii) certify that the cost increase is sufficient to meet the mission requirement identified in the justification data provided to Congress as part of the request for authorization of the project; and

(iii) describe the funds proposed to be used to finance the cost increase.

(C) A waiver and approval by the Secretary concerned under subparagraph (A) shall take effect only after the end of the 14-day period beginning on the date on which the notification required by such subparagraph is received by the appropriate committees of Congress in an electronic medium pursuant to section 480 of this title.

(D) The Secretary concerned may not use the authority provided by subparagraph (A) to waive the cost limitation applicable to a military construction project with a total authorized cost greater than $500,000,000 or a military family housing project with a total authorized cost greater than $500,000,000 if that waiver would increase the project cost by more than 50 percent of the total authorized cost of the project.

(E) In addition to the notification required by this paragraph, subsection (f) applies whenever a military construction project or military family housing project with a total authorized cost greater than $40,000,000 will have a cost increase of 25 percent or more. Subsection (f) may not be construed to authorize a cost increase in excess of the limitation imposed by subparagraph (D).

(2)(A) The Secretary concerned may waive the percentage or dollar cost limitation applicable to a military construction project or a military family housing project under subsection (a) and approve a decrease in the cost authorized for the project in excess of that limitation if the Secretary concerned notifies the appropriate committees of Congress of the cost decrease not later than 14 days after the date funds are obligated in connection with the project.

(B) The notification required by subparagraph (A) shall be provided in an electronic medium pursuant to section 480 of this title.

(3)(A) The Secretary concerned may waive the limitation on a reduction in the scope of work applicable to a military construction project or a military family housing project under subsection (b)(1) and approve a scope of work reduction for the project in excess of that limitation if the Secretary concerned notifies the appropriate committees of Congress of the reduction in the manner provided in this paragraph.

(B) The notification required by subparagraph (A) shall—

(i) describe the reduction in the scope of work and the reasons for the decrease; and

(ii) certify that the mission requirement identified in the justification data provided to Congress can still be met with the reduced scope.

(C) A waiver and approval by the Secretary concerned under subparagraph (A) shall take effect only after the end of the 14-day period beginning on the date on which the notification required by such subparagraph is received by the appropriate committees of Congress in an electronic medium pursuant to section 480 of this title.

(d) EXCEPTIONS TO LIMITATION ON SCOPE OF WORK INCREASES.—(1) Except as provided in paragraph (4), the Secretary concerned may waive the limitation on an increase in the scope of work applicable to a military construction project or a military family housing project under subsection (b)(1) and approve an increase in the scope of work for the project in excess of that limitation if the Secretary concerned notifies the appropriate committees of Congress of the reduction in the manner provided in this subsection.

(2) The notification required by paragraph (1) shall describe the increase in the scope of work and the reasons for the increase.

(3) A waiver and approval by the Secretary concerned under paragraph (1) shall take effect only after the end of the 14-day period beginning on the date on which the notification required by such

paragraph is received by the appropriate committees of Congress in an electronic medium pursuant to section 480 of this title.

(4) The Secretary concerned may not use the authority provided by paragraph (1) to waive the limitation on an increase in the scope of work applicable to a military construction project or a military family housing project and approve an increase in the scope of work for the project that would increase the scope of work by more than 10 percent of the amount specified for the project in the justification data provided to Congress as part of the request for authorization of the project.

(e) ADDITIONAL COST VARIATION EXCEPTIONS.—The limitation on cost variations in subsection (a) does not apply to the following:

(1) The settlement of a contractor claim under a contract.

(2) The costs associated with the required remediation of an environmental hazard in connection with a military construction project or military family housing project, such as asbestos removal, radon abatement, lead-based paint removal or abatement, or any other legally required environmental hazard remediation, if the required remediation could not have reasonably been anticipated at the time the project was approved originally by Congress.

(f) ADDITIONAL REPORTING REQUIREMENT FOR CERTAIN COST INCREASES.—(1) In addition to the notification sent under paragraph (1) of subsection (c) of a cost increase with respect to a project, the Secretary concerned shall provide an additional report notifying the congressional defense committees of any military construction project or military family housing project with a total authorized cost greater than $40,000,000 that has a cost increase of 25 percent or more.

(2) The report under paragraph (1) shall include the following—

(A) A description of the specific reasons for the cost increase and the specific organizations and individuals responsible.

(B) A description of any ongoing or completed proceedings or investigation into a government employee, prime contractor, subcontractor, or non-governmental organization that may be responsible for the cost increase, and the status of such proceeding or investigation.

(C) If any proceeding or investigation identified in subparagraph (B) resulted in final judicial or administrative action, the following:

(i) In the case of a judicial or administrative action taken against a government employee, the report shall identify the individual's organization, position within the organization, and the action taken against the individual, but shall exclude personally identifiable information about the individual.

(ii) In the case of a judicial or administrative action taken against a prime contractor, subcontractor, or non-governmental organization, the report shall identify the prime contractor, subcontractor, or non-governmental organization and the action taken against the prime contractor, subcontractor, or non-governmental organization.

(D) A summary of any changes the Secretary concerned believes may be required to the organizational structure, project management and oversight practices, policy, or authorities of a government organization involved in military construction projects as a result of problems identified and lessons learned from the project.

(3) If any proceeding or investigation described in paragraph (2)(C) is still ongoing at the time the Secretary concerned submits the report under paragraph (1), the Secretary shall provide a supplemental report to the congressional defense committees not later than 30 days after such proceeding or investigation has been completed. If such proceeding or investigation resulted in final judicial or administrative action against a government employee, prime contractor, subcontractor, or non-governmental organization, the Secretary shall include in the supplemental report the information required by paragraph (2)(C).

(4) Each report under this subsection shall be cosigned by the senior engineer authorized to supervise military construction projects and military family housing projects under section 2851(a).

(5) The Secretary shall send the report required under paragraph (1) with respect to a project not

later than 180 days after the Secretary sends to the appropriate committees of Congress the notification under paragraph (1) of subsection (c) of a cost increase with respect to the project.

(g) RELATION TO OTHER LAW.—Notwithstanding the authority under subsections (a) through (f), the Secretary concerned shall ensure compliance of contracts for military construction projects and for the construction, improvement, and acquisition of military family housing projects with section 1341 of title 31 (commonly referred to as the "Anti-Deficiency Act").

(b) When a decision is made to carry out construction under subsection (a) and the cost of the repair, restoration, or replacement is greater than the maximum amount for a minor construction project, the Secretary concerned shall notify the appropriate committees of Congress of that decision, of the justification for the project, of the current estimate of the cost of the project, of the source of funds for the project, and of the justification for carrying out the project under this section. The project may then be carried out only after the end of the 14-day period beginning on the date the notification is received by such committees in an electronic medium pursuant to section 480 of this title.

DEPARTMENT OF DEFENSE GUIDANCE

Pub. L. 115–232, div. B, title XXVIII, §2806(b), Aug. 13, 2018, 132 Stat. 2264, provided that: "The Secretary of Defense shall, in coordination with the Under Secretary of Defense (Comptroller), update Department of Defense Financial Management Regulation 7000.14–R, and any other appropriate instructions and guidance, to ensure that the Department of Defense takes appropriate actions to comply with section 2865 of title 10, United States Code, as added by this section."

§2866. Water conservation at military installations

(a) WATER CONSERVATION ACTIVITIES.—(1) The Secretary of Defense shall permit and encourage each military department, Defense Agency, and other instrumentality of the Department of Defense to participate in programs conducted by a utility for the management of water demand or for water conservation.

(2) The Secretary of Defense may authorize a military installation to accept a financial incentive

(including an agreement to reduce the amount of a future water bill), goods, or services generally available from a utility, for the purpose of adopting technologies and practices that—

(A) relate to the management of water demand or to water conservation; and

(B) as determined by the Secretary, are cost effective for the Federal Government.

(3) Subject to paragraph (4), the Secretary of Defense may authorize the Secretary of a military department having jurisdiction over a military installation to enter into an agreement with a utility to design and implement a cost-effective program that provides incentives for the management of water demand and for water conservation and that addresses the requirements and circumstances of the installation. Activities under the program may include the provision of water management services, the alteration of a facility, and the installation and maintenance by the utility of a water-saving device or technology.

(4)(A) If an agreement under paragraph (3) provides for a utility to pay in advance the financing costs for the design or implementation of a program referred to in that paragraph and for such advance payment to be repaid by the United States, the cost of such advance payment may be recovered by the utility under terms that are not less favorable than the terms applicable to the most favored customer of the utility.

(B) Subject to the availability of appropriations, a repayment of an advance payment under subparagraph (A) shall be made from funds available to a military department for the purchase of utility services.

(C) An agreement under paragraph (3) shall provide that title to a water-saving device or technology installed at a military installation pursuant to the agreement shall vest in the United States. Such title may vest at such time during the term of the agreement, or upon expiration of the agreement, as determined to be in the best interests of the United States.

(b) USE OF FINANCIAL INCENTIVES AND WATER COST SAVINGS.—(1) Financial incentives received from utilities for management of water demand or water conservation under subsection (a)(2) shall be credited to an appropriation designated by the Secretary of Defense. Amounts so credited shall be merged with the appropriation to which credited and shall be available for the same purposes and the same period as the appropriation with which merged.

(2) Water cost savings realized under subsection (a)(3) shall be used as follows:

(A) One-half of the amount shall be used for water conservation activities at such buildings, facilities, or installations of the Department of Defense as may be designated (in accordance with regulations prescribed by the Secretary of Defense) by the head of the department, agency, or instrumentality that realized the water cost savings.

(B) One-half of the amount shall be used at the installation at which the savings were realized, as determined by the commanding officer of such installation consistent with applicable law and regulations, for—

(i) improvements to existing military family housing units;

(ii) any unspecified minor construction project that will enhance the quality of life of personnel; or

(iii) any morale, welfare, or recreation facility or service.

(c) WATER CONSERVATION CONSTRUCTION PROJECTS.—(1) The Secretary of Defense may carry out a military construction project for water conservation, not previously authorized, using funds appropriated or otherwise made available to the Secretary for water conservation.

(2) When a decision is made to carry out a project under paragraph (1), the Secretary of Defense shall notify the appropriate committees of Congress of that decision. Such project may be carried out only after the end of the 14-day period beginning on the date the notification is received by such committees in an electronic medium pursuant to section 480 of this title.

(ii) decreasing water levels or sources that supply water to the military installation;

(iii) effects of new defense water uses on the total water requirement of the military installation; and

(iv) increases to the demand for water that result from nondefense or defense-adjacent requirements and that could affect—

(I) the supply of water available for use by the military installation;

(II) the quality of such water; and

(III) any legal rights to use of such water by the military installation, such as water rights disputes.

(F) An evaluation of the capacity of the water supply of a military installation to withstand or quickly recover from water constraints, and the overall health of the aquifer basin of which the water supply is a part, including the robustness of the resource, redundancy, and ability to recover

from disruption.

(G) An evaluation of existing water metering and water consumption at a military installation, disaggregated—

(i) by type of activity, including training, maintenance, medical, housing, and grounds maintenance and landscaping; and

(3) The Secretary of Defense, in coordination with each Secretary of a military department, shall update the methodology under paragraph (1) not less frequently than once every ten years.

(c) REASSESSMENT OF WATER SECURITY RISK.—The Secretary of Defense shall update assessments of the military installations with the highest water security risk not less frequently than as determined under subsection (b)(2)(H).

(d) MITIGATION OF HIGHEST WATER SECURITY RISK INSTALLATIONS.—(1) Each Secretary of a military department shall—

(A) identify the three military installations under the jurisdiction of the Secretary with the highest water security risk; and

(B) develop, for each military installation identified, a plan of action and milestones to address—

(i) risks to water security; and

(ii) adverse effects on mission assurance because of such risks.

(2) Each such plan of action shall include the following:

(A) A description of each risk and the effect on the capacity of the military installation and mission assurance.

(B) A list of the factors contributing to the risk, disaggregated by risks originating from—

(i) the geographic area under the control of the military installation; and

(ii) the geographic area not under the control of the military installation.

(C) A plan for implementing installation-level water metering to ensure more accurate assessments of demand for water at the military installation.

(D) An assessment of—

(i) the effects of planned future missions and tenant commands on the demand for water at the military installation; and

(ii) the corresponding requirements for water infrastructure serving the military installation.

(E) A list of infrastructure projects to mitigate loss of available water supply to leakage, including new construction, recapitalization, required maintenance, and modernization of existing infrastructure.

(F) A cost-benefit analysis of using "no dig" technologies to mitigate infrastructure degradation that leads to water loss.

(e) EVALUATION OF INSTALLATIONS FOR NONPOTABLE WATER REUSE.—(1) The Secretary of Defense shall evaluate each military installation identified under subsection (d) to determine the potential to mitigate risks to water security for such installation through the reuse of nonpotable water for nondrinking water uses.

(2) Such evaluation shall include the following:

(A) An evaluation of alternative water sources to offset use of freshwater, including water recycling and harvested rainwater for use as nonpotable water.

(B) An assessment of the feasibility of incorporating, when practicable, water-efficient technologies and systems to minimize water consumption and wastewater discharge on the

installation.

(C) An evaluation of the practicality of implementing water reuse systems and other water-saving infrastructure into new construction in water-constrained areas, as determined pursuant to the applicable water management and security assessment under subsection (b).

(f) COST EFFECTIVE LANDSCAPING MANAGEMENT PRACTICES.—(1) The Secretary of Defense shall, to the maximum extent practicable, implement, at each military installation identified under subsection (d), landscaping management practices that mitigate risks to water management and water security and enhance mission assurance by enabling greater quantities of water availability for operational, training, and maintenance requirements.

(2) For military installations located in arid or semi-arid regions, such landscaping management practices shall, to the extent practicable, include practices that avoid the cost of irrigation.

(3) To the extent practicable, each Secretary of a military department shall institute landscaping management practices that include plants native to, or appropriate for, the region in which the installation is located and native grass and plants that decrease water consumption requirements.

(g) BRIEFINGS REQUIRED.—(1) Not later than 180 days after the date of the enactment of this section, the Secretary of Defense shall provide to the Committees of the Armed Services of the House of Representatives and the Senate a briefing that includes—

(a) EXCHANGE AUTHORIZED.—(1) The Secretary concerned may enter into an agreement to convey real property, including any improvements thereon, described in paragraph (2) to any person who agrees, in exchange for the real property, to transfer to the United States all right, title, and interest of the person in and to a parcel of real property, including any improvements thereon under

the person's control, or to carry out a land acquisition, including the acquisition of all right, title, and interest or a lesser interest in real property under an agreement entered into under section 2684a of this title to limit encroachments and other constraints on military training, testing, and operations.

(2) Paragraph (1) applies with respect to real property under the jurisdiction of the Secretary concerned—

(A) that is located on a military installation that is closed or realigned under a base closure law; or

(B) that is located on a military installation not covered by subparagraph (A) and for which the Secretary concerned makes a determination that the conveyance under paragraph (1) is advantageous to the United States.

(3)(A) The Secretary of Defense shall establish a pilot program under which the Secretary concerned, during the term of the pilot program, may use the authority provided by paragraph (1) to also convey real property, including any improvements thereon, described in paragraph (2) to any person who agrees, in exchange for the real property, to provide—

(i) installation-support services (as defined in section 2679(f) of this title); or

(ii) a new facility or improvements to an existing facility.

(B) The acquisition of a facility or improvements to an existing facility using the authority provided by subparagraph (A) shall not be treated as a military construction project for which an authorization is required by section 2802 of this title.

(C) The expanded conveyance authority provided by subparagraph (A) applies only during the eight-year period beginning on the date on which the Secretary of Defense issues guidance regarding the use by the Secretaries concerned of such authority.

(b) CONDITIONS ON CONVEYANCE AUTHORITY.—(1) The fair market value of the real property, installation-support services, or facility or improvements to an existing facility obtained by the Secretary concerned under subsection (a) in exchange for the conveyance of real property by the Secretary under such subsection shall be at least equal to the fair market value of the conveyed real property, as determined by the Secretary. If the fair market value of the real property conveyed by the Secretary concerned exceeds the fair market value of the real property, installation-support services, or facility or improvements received by the Secretary, the recipient of the property shall pay to the United States an amount equal to the difference in the fair market values.

(2) In the case of a conveyance of real property to a political subdivision of a State, the value of the real property to be conveyed by the Secretary concerned under subsection (a) may exceed the fair market value of the land to be obtained, as determined under paragraph (1), by an amount not to exceed the reduction in value of the land which is attributable to voluntary zoning actions taken by such political subdivision to limit encroachment on a military installation, but only if the notice required by subsection (d)(2) contains—

(A) a certification by the Secretary concerned that the military value to the United States of the land to be acquired justifies a payment in excess of the fair market value; and

(B) a description of the military value to be obtained.

(3) The Secretary concerned may agree to accept a facility or improvements to an existing facility under subsection (a)(3) only if the Secretary concerned determines that the facility or improvements—

(A) are completed and usable, fully functional, and ready for occupancy;

(B) satisfy all operational requirements; and

(C) meet all Federal, State, and local requirements applicable to the facility relating to health, safety, and the environment.

(c) LIMITATION ON USE OF CONVEYANCE AUTHORITY AT INSTALLATIONS CLOSED UNDER BASE CLOSURE LAWS.—The authority under subsection (a)(2)(A) to convey property located on a military installation may only be used to the extent the conveyance is

consistent with an approved redevelopment plan for such installation.

(d) ADVANCE NOTICE OF USE OF AUTHORITY.—(1) Notice of the proposed use of the conveyance authority provided by subsection (a) shall be provided in such manner as the Secretary of Defense may prescribe, including publication in the Federal Register and otherwise. When real property located at a military installation is proposed for conveyance by means of a public sale, the Secretary concerned may notify prospective purchasers that consideration for the property may be provided in the manner authorized by such subsection.

(2) The Secretary concerned may not enter into an agreement under subsection (a) for the conveyance of real property until—

(A) the Secretary submits to Congress notice of the conveyance, including—

(i) a description of the real property to be conveyed by the Secretary under the agreement;

(ii) a description of the land acquisition to be carried out under the agreement in exchange for the conveyance of the property; and

(iii) the amount of any payment to be made under subsection (b) or under section 2684a(d) [1] of this title to equalize the fair market values of the property to be conveyed and the land acquisition to be carried out under the agreement in exchange for the conveyance of the property; and

(B) the waiting period applicable to that notice under paragraph (3) expires.

(3) If the notice submitted under paragraph (2) deals with the conveyance of real property located on a military installation that is closed or realigned under a base closure law or the conveyance of real property under an agreement entered into under section 2684a of this title, the Secretary concerned may enter into the agreement under subsection (a) for the conveyance of the property after the end of the 14-day period beginning on the date of the submission of the notice in an electronic medium pursuant to section 480 of this title. In the case of other real property to be conveyed under subsection (a), the Secretary concerned may enter into the agreement only after the end of the 45-day period beginning on the date of the submission of the notice in an electronic medium pursuant to section 480 of this title.

(e) DEPOSIT AND USE OF FUNDS.—The Secretary concerned shall deposit funds received under subsection (b) in the appropriation "Foreign Currency Fluctuations, Construction, Defense". The funds deposited shall be available, in such amounts as provided in appropriation Acts, for the purpose of paying increased costs of overseas military construction and family housing construction or improvement associated with unfavorable fluctuations in currency exchange rates. The use of such funds for this purpose does not relieve the Secretary concerned from the duty to provide advance notice to Congress under section 2853(c) of this title whenever the Secretary approves an increase in the cost of an overseas project under such section.

(f) DESCRIPTION OF PROPERTY.—The exact acreage and legal description of real property conveyed under subsection (a) shall be determined by surveys satisfactory to the Secretary concerned.

(g) ADDITIONAL TERMS AND CONDITIONS.—The Secretary concerned may require such additional terms and conditions in connection with a conveyance under subsection (a) as the Secretary considers appropriate to protect the interests of the United States.

(b) PROCESS ELEMENTS.—(1) The dispute resolution process shall include the process by which a tenant may request that certain payments otherwise authorized to be paid to a landlord are withheld, as provided in subsection (e).

(2) The process shall designate the installation or regional commander in charge of oversight of housing units as the deciding authority under the dispute resolution process.

(3) The Secretary concerned shall establish a standardized mechanism and forms by which a tenant of a housing unit may submit, through online or other means, a request for resolution of a landlord-tenant dispute through the dispute resolution process.

(4) The Secretary shall ensure that, in preparing a request described in paragraph (3), a tenant has access to advice and assistance from a military housing advocate employed by the military department concerned or a military legal assistance attorney under section 1044 of this title.

(5) The Secretary concerned shall minimize costs to tenants for participation in the dispute resolution process.

(6) The dispute resolution process shall require the installation or regional commander (as the case may be) to record each dispute in the complaint database established under section 2894a of this title.

(A) notify the tenant that the request has been received;

(B) transmit a copy of the request to the installation or regional commander (as the case may be), housing management office responsible for the housing unit, and the landlord of the housing unit; and

(C) if the request includes a request to withhold payments under subsection (e), initiate the process under such subsection.

(2) For purposes of conducting an assessment necessary to render a decision under the dispute resolution process, both the landlord and representatives of the installation housing management office may access the housing unit at a time and for a duration mutually agreed upon amongst the parties.

(3) Not later than seven business days after the date on which the request was received by the installation housing management office, such office shall complete an investigation that includes a physical inspection and transmit the results of the investigation to the installation or regional commander (as the case may be).

(2) If the landlord does not remediate the issues before the end of the time period specified in the final decision in a manner consistent with the instructions contained in the decision, any amounts payable to the landlord for the housing unit shall be reduced by 10 percent for each period of five calendar days during which the issues remain unremediated.

(e) REQUEST TO WITHHOLD PAYMENTS DURING RESOLUTION PROCESS.—(1) As part of the submission of a request for resolution of a landlord-tenant dispute through the dispute resolution process regarding maintenance guidelines or procedures or habitability, the tenant may request that all or part of the payments described in paragraph (3) for lease of the housing unit be segregated and not used by the property owner, property manager, or landlord pending completion of the dispute resolution process.

(2) The amount allowed to be withheld under paragraph (1) shall be limited to amounts associated with the period during which—

for the housing unit, the tenant's rights under this section and the procedures under this section for submitting a request for resolution of a landlord-tenant dispute through the dispute resolution process, including the ability to submit a request to withhold payments during the resolution process.

(2) The Secretary of Defense shall ensure that each lease entered into with a tenant for a housing unit clearly expresses, in a separate addendum, the dispute resolution procedures.

(g) RULE OF CONSTRUCTION ON USE OF OTHER ADJUDICATIVE BODIES.—Nothing in this section or any other provision of law shall be construed to prohibit a tenant of a housing unit from pursuing a claim against a landlord in any adjudicative body with jurisdiction over the housing unit or the claim.

§2911. Energy policy of the Department of Defense

(a) GENERAL ENERGY POLICY.—The Secretary of Defense shall ensure the readiness of the armed forces for their military missions by pursuing energy security and energy resilience.

(b) AUTHORITIES.—In order to achieve the policy set forth in subsection (a), the Secretary of Defense may—

(1) establish metrics and standards for the assessment of energy resilience;

(2) require the Secretary of a military department to perform mission assurance and readiness assessments of energy power systems for mission critical assets and supporting infrastructure, applying uniform mission standards established by the Secretary of Defense;

(3) require the Secretary of a military department to establish and maintain an energy resilience master plan for an installation;

(4) authorize the use of energy security and energy resilience, including the benefits of on-site generation resources that reduce or avoid the cost of backup power, as factors in the cost-benefit analysis for procurement of energy; and

(5) in selecting facility energy projects that will use renewable energy sources, pursue energy security and energy resilience by giving favorable consideration to projects that provide power directly to a military facility or into the installation electrical distribution network.

(c) ENERGY PERFORMANCE GOALS.—(1) The Secretary of Defense shall submit to the congressional defense committees the energy performance goals for the Department of Defense regarding transportation systems, support systems, utilities, and infrastructure and facilities.

(2) The energy performance goals shall be submitted annually not later than the date on which the President submits to Congress the budget for the next fiscal year under section 1105 of title 31 and cover that fiscal year as well as the next five, l0, and 20 years. The Secretary shall identify changes

to the energy performance goals since the previous submission.

(3) The Secretary of Defense shall include the energy security and resilience goals of the Department of Defense in the report submitted under section 2925(a) of this title for fiscal year 2018 and every fiscal year thereafter. In the development of energy security and resilience goals, the Department of Defense shall conform with the definitions of energy security and resilience under this title. The report shall include the amount of critical energy load, together with the level of availability and reliability by fiscal year the Department of Defense deems necessary to achieve energy security and resilience.

(d) ENERGY PERFORMANCE MASTER PLAN.—(1) The Secretary of Defense shall develop a comprehensive master plan for the achievement of the energy performance goals of the Department of Defense, as set forth in laws, executive orders, and Department of Defense policies.

(2) The master plan shall include the following:

(A) A separate master plan, developed by each military department and Defense Agency, for the achievement of energy performance goals.

(B) The use of a baseline standard for the measurement of energy consumption by transportation systems, support systems, utilities, and facilities and infrastructure that is consistent for all of the military departments.

(C) A method of measurement of reductions or conservation in energy consumption that provides for the taking into account of changes in the current size of fleets, number of facilities, and overall square footage of facility plants.

(D) Metrics to track annual progress in meeting energy performance goals.

(E) A description of specific requirements, and proposed investments, in connection with the achievement of energy performance goals reflected in the budget of the President for each fiscal year (as submitted to Congress under section 1105(a) of title 31).

(F) The up-to date list of energy-efficient products maintained under section 2915(e)(2) of this title.

(3) Not later than 30 days after the date on which the budget of the President is submitted to Congress for a fiscal year under section 1105(a) of title 31, the Secretary shall submit the current version of the master plan to Congress.

(e) SPECIAL CONSIDERATIONS.—For the purpose of developing and implementing the energy performance goals and energy performance master plan, the Secretary of Defense shall consider at a minimum the following:

(1) Opportunities to reduce the current rate of consumption of energy, the future demand for energy, and the requirement for the use of energy.

(2) Opportunities to enhance energy resilience to ensure the Department of Defense has the ability to prepare for and recover from energy disruptions that affect mission assurance on military installations.

(3) Opportunities to implement conservation measures to improve the efficient use of energy.

(4) Opportunities for the high-performance construction, lease, operation, and maintenance of buildings.

(5) Cost effectiveness, cost savings, and net present value of alternatives.

(6) The value of diversification of types and sources of energy used.

(7) The value of economies-of-scale associated with fewer energy types used.

(8) The value of the use of renewable energy sources.

(9) The potential for an action to serve as an incentive for members of the armed forces and civilian personnel to reduce energy consumption or adopt an improved energy performance measure.

(10) Opportunities for improving energy security for facility energy projects that will use renewable energy sources.

(11) Opportunities to leverage financing provided by a non-Department entity to address installation energy needs.

(12) The reliability and security of energy resources in the event of a military conflict.

(13) The value of resourcing energy from partners and allies of the United States.

(f) SELECTION OF ENERGY CONSERVATION MEASURES.—For the purpose of implementing the energy performance master plan, the Secretary of Defense shall provide that the selection of energy conservation measures, including energy efficient maintenance, shall be limited to those measures that—

(1) are readily available;

(2) demonstrate an economic return on the investment;

(3) are consistent with the energy performance goals and energy performance master plan for the Department; and

(4) are supported by the special considerations specified in subsection (c).

(g) GOAL REGARDING USE OF RENEWABLE ENERGY TO MEET FACILITY ENERGY NEEDS.—(1) It shall be the goal of the Department of Defense—

(A) to produce or procure not less than 25 percent of the total quantity of facility energy it consumes within its facilities during fiscal year 2025 and each fiscal year thereafter from renewable energy sources; and

(B) to produce or procure facility energy from renewable energy sources whenever the use of such renewable energy sources is consistent with the energy performance goals and energy performance master plan for the Department and supported by the special considerations specified in subsection (c).

(2) To help ensure that the goal specified in paragraph (1)(A) regarding the use of renewable energy by the Department of Defense is achieved, the Secretary of Defense shall establish an interim goal for fiscal year 2018 for the production or procurement of facility energy from renewable energy sources.

(3)(A) The Secretary of Defense shall establish a policy to maximize savings for the bulk purchase of replacement renewable energy certificates in connection with the development of facility energy projects using renewable energy sources.

(B) Under the policy required by subparagraph (A), the Secretary of a military department shall submit requests for the purchase of replacement renewable energy certificates to a centralized purchasing authority maintained by such department or the Defense Logistics Agency with expertise regarding—

(i) the market for renewable energy certificates;

(ii) the procurement of renewable energy certificates; and

(iii) obtaining the best value for the military department by maximizing the purchase of renewable energy certificates from projects placed into service before January 1, 1999.

(C) The centralized purchasing authority shall solicit industry for the most competitive offer for replacement renewable energy certificates, to include a combination of renewable energy certificates from new projects and projects placed into service before January 1, 1999.

(D) Subparagraph (B) does not prohibit the Secretary of a military department from entering into an agreement outside of the centralized purchasing authority if the Secretary will obtain the best value by bundling the renewable energy certificates with the facility energy project through a power purchase agreement or other contractual mechanism at the installation.

(E) Nothing in this paragraph shall be construed to authorize the purchase of renewable energy certificates to meet Federal goals or mandates in the absence of the development of a facility energy project using renewable energy sources.

(F) This policy does not make the purchase of renewable energy certificates mandatory, but the policy shall apply whenever original renewable energy certificates are proposed to be swapped for replacement renewable energy certificates.

(h) PROMOTION OF ON-SITE ENERGY SECURITY AND ENERGY RESILIENCE.—(1) Consistent with the energy security and resilience goals of the Department of Defense and the energy

performance master plan referred to in this section, the Secretary concerned shall consider, when feasible, projects for the production of installation energy that benefits military readiness and promotes installation energy security and energy resilience in the following manner:

(A) Location of the energy-production infrastructure on the military installation that will consume the energy.

(B) Incorporation of energy resilience features, such as microgrids, to ensure that energy remains available to the installation even when the installation is not connected to energy sources located off the installation.

(C) Reduction in periodic refueling needs from sources off the installation to not more than once every two years.

(2)(A) Using amounts made available for military construction projects under section 2914 of this title, the Secretary of Defense shall carry out at least four projects to promote installation energy security and energy resilience in the manner described in paragraph (1).

(B) At least one project shall be designed to develop technology that demonstrates the ability to connect an existing on-site energy generation facility that uses solar power with one or more installation facilities performing critical missions in a manner that allows the generation facility to continue to provide electrical power to these facilities even if the installation is disconnected from the commercial power supply.

(C) At least one project shall be designed to develop technology that demonstrates that one or more installation facilities performing critical missions can be isolated, for purposes of electrical power supply, from the remainder of the installation and from the commercial power supply in a manner that allows an on-site energy generation facility that uses a renewable energy source, other than solar energy, to provide the necessary power exclusively to these facilities.

(D) At least two projects shall be designed to develop technology that demonstrates the ability to store sufficient electrical energy from an on-site energy generation facility that uses a renewable energy source to provide the electrical energy required to continue operation of installation facilities performing critical missions during nighttime operations.

(E) The authority of the Secretary of Defense to commence a project under this paragraph expires on September 30, 2025.

(3) In this subsection, the term "microgrid" means an integrated energy system consisting of interconnected loads and energy resources that, if necessary, can be removed from the local utility grid and function as an integrated, stand-alone system.

(i) ASSESSMENT OF LIFE-CYCLE COSTS AND PERFORMANCE OF POTENTIAL ENERGY RESILIENCE PROJECTS.—(1) Subject to the availability of appropriations, the Secretary of Defense shall develop and institute a process to ensure that the Department of Defense, when evaluating energy resilience measures, uses analytical tools that are accurate and effective in projecting the costs and performance of such measures.

(2) Analytical tools used under paragraph (1) shall be—

(A) designed to—

(i) provide an accurate projection of the costs and performance of the energy resilience measure being analyzed;

(ii) be used without specialized training; and

(iii) produce resulting data that is understandable and usable by the typical source selection official;

(B) consistent with standards and analytical tools commonly applied by the Department of Energy and by commercial industry;

(C) adaptable to accommodate a rapidly changing technological environment;

(D) peer reviewed for quality and precision and measured against the highest level of development for such tools; and

(E) periodically reviewed and updated, but not less frequently than once every three years.

(j) AGGREGATE ENERGY CONSERVATION MEASURES AND FUNDING.—(1) To the maximum extent practicable, the Secretary concerned shall take a holistic view of the energy project opportunities on installations under the jurisdiction of such Secretary and shall consider aggregate energy conservation measures, including energy conservation measures with quick payback, with energy resilience enhancement projects and other projects that may have a longer payback period.

EXECUTIVE DOCUMENTS

EX. ORD. NO. 13972. PROMOTING SMALL MODULAR REACTORS FOR NATIONAL DEFENSE AND SPACE EXPLORATION

Ex. Ord. No. 13972, Jan. 5, 2021, 86 F.R. 3727, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

SECTION 1. *Purpose*. Nuclear energy is critical to United States national security. That is why I have taken a series of actions to promote its development and facilitate its use. On June 29, 2017, I announced an initiative to revive and expand the nuclear energy sector and directed a complete review of United States nuclear energy policy to help find new ways to revitalize this crucial energy resource. On July 12, 2019, I signed a Presidential Memorandum entitled "The Effect of Uranium Imports on the National Security and Establishment of the United States Nuclear Fuel Working Group," with the goal of examining the current state of domestic nuclear fuel production and reinvigorating the nuclear fuel supply chain, consistent with United States national security and nonproliferation goals. On August 20, 2019, I signed National Security

Presidential Memorandum–20, entitled "Launch of Spacecraft Containing Space Nuclear Systems," calling for development and use of space nuclear systems to enable or enhance space exploration and operational capabilities.

The purpose of this order is to take an important additional step to revitalize the United States nuclear energy sector, reinvigorate America's space exploration program, and develop diverse energy options for national defense needs. Under this action, the United States Government will coordinate its nuclear activities to apply the benefits of nuclear energy most effectively toward American technology supremacy, including the use of small modular reactors for national defense and space exploration. This work is critical to advancing my Administration's priorities for the United States to lead in research, technology, invention, innovation, and advanced technology development; its mission to promote and protect the United States national security innovation base; its drive to secure energy dominance; and its commitment to achieving all of these goals in a manner consistent with the highest nuclear nonproliferation standards.

The United States was the first nation to invent and develop the technology to harness nuclear energy. Since the 1950s, the United States Navy has been operating and advancing transportable nuclear reactors, resulting in powerfully enhanced marine propulsion for its aircraft carriers and allowing nuclear-powered submarines to remain submerged for extended periods of time.

The United States must sustain its ability to meet the energy requirements for its national defense and space exploration initiatives. The ability to use small modular reactors will help maintain and advance United States dominance and strategic leadership across the space and terrestrial domains.

SEC. 2. *Policy*. It is the policy of the United States to promote advanced reactor technologies, including small modular reactors, to support defense installation energy flexibility and energy security, and for use in space exploration, guided by the following principles:

(a) A healthy and robust nuclear energy industry is critical to the national security, energy security, and economic prosperity of the United States;

(b) The United States should maintain technology supremacy for nuclear research and development, manufacturing proficiency, and security and safety; and

(c) The United States Government should bolster national defense and space exploration capabilities and enable private-sector innovation of advanced reactor technologies.

SEC. 3. *Demonstration of Commercial Reactors to Enhance Energy Flexibility at a Defense Installation*. (a) Micro-reactors have the potential to enhance energy flexibility and energy security at domestic military installations in remote locations. Accordingly, the Secretary of Defense shall, within 180 days of the date of this order [Jan. 5, 2021], establish and implement a plan to demonstrate the energy flexibility capability and cost effectiveness of a Nuclear Regulatory Commission-licensed micro-reactor at a domestic military installation.

(b) If the demonstration is successful, the Secretary of Defense shall identify opportunities at domestic military installations where this capability could enhance or supplement the fulfillment of installation energy requirements. In identifying these opportunities, the Secretary of Defense shall take into account considerations that are unique to national defense needs and requirements that may not be relevant in the private sector, such as:

(i) the ability to provide resilient, independent energy delivery to installations in the event that connections to an electrical grid are compromised;

(ii) the ability to operate for an extended period of time without refueling;

(iii) system resistance to disruption from an electro-magnetic pulse event; and

(iv) system cybersecurity requirements.

SEC. 4. *Defense Capabilities*. (a) The Department of Defense is one of the largest consumers of energy in the world, using more than 10 million gallons of fuel per day and 30,000 gigawatt-hours of electricity per year, nearly all of which is provided through civilian electrical grids. Fuel demands for a modern United States military have dramatically grown since World War II and are anticipated to continue to increase in order to support high-energy-usage military systems. In this context, nuclear power could significantly enhance national defense power capabilities.

(b) The Secretary of Defense shall, in consultation with the Secretary of State, the Secretary of Commerce, the Secretary of Energy, and the Administrator of the National Aeronautics and Space Administration (NASA Administrator):

(i) determine whether advanced nuclear reactors can be made to benefit Department of Defense future space power needs;

(ii) pilot a transportable micro-reactor prototype;

(iii) direct an analysis of alternatives for personnel, regulatory, and technical requirements to inform future decisions with respect to nuclear power usage; and

(iv) direct an analysis of United States military uses for space nuclear power and propulsion technologies and an analysis of foreign adversaries' space power and propulsion programs.

SEC. 5. *Space Exploration*. (a) Nuclear power sources that use uranium fuel or plutonium heat sources are essential to deep space exploration and in areas where solar power is not practical. NASA uses radioisotope power systems, such as radioisotope thermoelectric generators and radioisotope heater units, to provide power and heat for deep space robotic missions. Nuclear power sources in the kilowatt range may be needed for demonstrating In-situ Resource Utilization (ISRU) and robotic exploration of permanently shadowed craters on the Moon that contain frozen water. Nuclear reactors up to 100 kilowatts may be needed to support human habitats, ISRU, other facilities, and rovers on both the Moon and Mars. Power sources in the megawatt range would be necessary for efficient, long-duration deep space propulsion. Affordable, lightweight nuclear power sources in space would enable new opportunities for scientific discovery. The sustainable exploration of the Moon, Mars, and other locations will be enhanced if small modular reactors can be deployed and operated remotely from Earth.

(b) Within 180 days of the date of this order, the NASA Administrator, in consultation with heads of other executive departments and agencies (agencies), as appropriate, shall define requirements for NASA utilization of nuclear energy systems for human and robotic exploration missions through 2040 and analyze the costs and benefits of such requirements. In defining these requirements, the NASA Administrator shall take into account considerations unique to the utilization of nuclear energy systems in space, such as:

(i) transportability of a reactor prior to and after deployment;

(ii) thermal management in a reduced- or zero-gravity environment in a vacuum or near-vacuum;

(iii) fluid transfer within reactor systems in a reduced or zero-gravity environment;

(iv) reactor size and mass that can be launched from Earth and assembled in space;

(v) cooling of nuclear reactors in space;

(vi) electric power requirements;

(vii) space safety rating to enable operations as part of human space exploration missions;

(viii) period of time for which a reactor can operate without refueling; and

(ix) conditioning of reactor components for use in the space environment.

SEC. 6. *Domestic Fuel Supply*. (a) A thriving and secure domestic nuclear fuel supply chain is critical to the national interests of the United States. A viable domestic nuclear fuel supply chain not only supports defense and national security activities, but also enables the success of the commercial nuclear industry. Many advanced reactor concepts, however, will require high-assay, low-enriched uranium (HALEU), for which no domestic commercial enrichment capability currently exists. The United States must take steps to ensure a viable United States-origin HALEU supply.

(b) The Secretary of Energy shall complete the Department of Energy's ongoing 3-year, $115 million demonstration of a United States-origin enrichment technology capable of producing HALEU for use in defense-related advanced reactor applications. Within funding available for the demonstration project, the Secretary of Energy should develop a plan to promote successful transition of this technology to the private sector for commercial adoption.

(c) The Secretary of Energy shall consult with the Secretary of Defense, the Director of the Office of Management and Budget, and the NASA Administrator regarding how advanced fuels and related technologies can best support implementation of sections 3, 4, and 5 of this order.

SEC. 7. *Common Technology Roadmap*. (a) The Secretary of State, the Secretary of Defense, the Secretary of Commerce, the Secretary of Energy, and the NASA Administrator shall develop a common technology roadmap through 2030 that describes potential development programs and that coordinates, to the extent practicable, terrestrial-based advanced nuclear reactor and space-based nuclear power and propulsion efforts. Agencies shall remain responsible for funding their respective mission-unique requirements. The roadmap shall also include, at a minimum:

(i) assessments of foreign nations' space nuclear power and propulsion technological capabilities;

(ii) pathways for transitioning technologies developed through Federally supported programs to private-sector activities; and

(iii) other applications supporting the goals provided in section 1 of this order.

(b) The roadmap shall be submitted to the President by the Director of the Office of Management and Budget, the Assistant to the President for Domestic Policy, the Director of the Office of Science and Technology Policy, the Assistant to the President for National Security Affairs, the Assistant to the President for Economic Policy, and the Executive Secretary of the National Space Council before submissions of budget proposals by the Secretary of State, the Secretary of Commerce, the Secretary of Energy, and the NASA Administrator.

SEC. 8. *Definitions*. For purposes of this order:

(a) The term "small modular reactor" refers to an advanced nuclear reactor of electric generation capacity less than 300 megawatt-electric. Because of the smaller size, small modular reactors can generally be designed for factory fabrication and modular construction to take advantage of economies of serial production and shorter construction times.

(b) The term "micro-reactor" refers to a nuclear reactor of electric generation capacity less than 10 megawatt-electric that can be deployed remotely. Micro-reactors are a subset of small modular reactors and are also known as "very small modular reactors."

(c) The term "transportable micro-reactor" refers to a micro-reactor that can be moved by truck, ship, or large military transport aircraft and is capable of both rapid deployment and teardown or removal, typically with safe teardown or removal less than 1 week after 1 year of full-power operation.

(d) The term "space exploration" refers to in-space scientific and resource exploration, in-space economic and industrial development, and development of associated in-space logistical infrastructure.

(e) The term "national defense" refers to the protection of the United States and its interests from foreign attack or other natural danger, including phenomena occurring on Earth and in space.

SEC. 9. *General Provisions*. (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

§2912. Availability and use of energy cost savings

(a) AVAILABILITY.—An amount of the funds appropriated to the Department of Defense for a fiscal year that is equal to the amount of energy cost savings realized by the Department, including financial benefits resulting from shared energy savings contracts entered into under section 2913 of this title, and, in the case of operational energy, from both training and operational missions, shall remain available for obligation under subsection (b) or (c), as the case may be, for that fiscal year and the succeeding fiscal year, without additional authorization or appropriation.

(b) USE.—Except as provided in subsection (c) with respect to operational energy cost savings, the Secretary of Defense shall provide that the amount that remains available for obligation under subsection (a) and the funds made available under section 2916(b)(2) of this title shall be used as follows:

(1) One-half of the amount shall be used for the implementation of additional energy resilience, mission assurance, weather damage repair and prevention, energy conservation, and energy security measures, including energy resilience and energy conservation construction projects, at buildings, facilities, or installations of the Department of Defense or related to vehicles and equipment of the Department, which are designated, in accordance with regulations prescribed by the Secretary of Defense, by the head of the department, agency, or instrumentality that realized the savings referred to in subsection (a).

(2) One-half of the amount shall be used at the installation at which the savings were realized, as determined by the commanding officer of such installation consistent with applicable law and regulations, for—

(A) improvements to existing military family housing units;

(B) any unspecified minor construction project that will enhance the quality of life of personnel; or

(C) any morale, welfare, or recreation facility or service.

(c) USE OF OPERATIONAL ENERGY COST SAVINGS.—(1) The amount that remains available for obligation under subsection (a) that relates to operational energy cost savings realized

by the Department shall be used for the implementation of operational energy initiatives.

(2) The Secretary of Defense shall design operational energy initiatives under paragraph (1) to advance the objectives of the Department in the areas of energy resilience and fuel efficiency.

(3) Operational energy initiatives carried out under paragraph (1) may directly contribute to enhanced mission and combat capabilities, fund operational environment training activities, or establish programs to incentivize demonstrable reductions in energy expenditures within the department, agency, or instrumentality credited with achieving the energy cost savings under subsection (a).

(d) TREATMENT OF CERTAIN FINANCIAL INCENTIVES.—Financial incentives received from gas or electric utilities under section 2913 of this title shall be credited to an appropriation designated by the Secretary of Defense. Amounts so credited shall be merged with the appropriation to which credited and shall be available for the same purposes and the same period as the appropriation with which merged.

(e) TRANSFER OF AMOUNTS.—(1) Not later than 60 days after being notified of amounts described in subsection (a) that remain available for obligation, the Secretary of Defense shall transfer such amounts to other funding accounts of the Department of Defense if the purpose for which such amounts will be used is a purpose specified in subsection (b) or (c).

(2) Amounts transferred to a funding account of the Department under paragraph (1) shall be available for obligation for the same period as amounts in that account.

(3) At the end of each fiscal year, the Secretary of Defense shall submit to Congress a report detailing any funds transferred pursuant to paragraph (1) during that fiscal year, including a detailed description of the purpose for which such amounts have been used.

(f) OPERATIONAL ENERGY COST SAVINGS DEFINED.—In this section, the term "operational energy cost savings" means the monetary savings achieved through measures to reduce energy expenditures relative to the amount that would have been necessary to sustain an equivalent level of capability in the absence of such measures.

§2913. Energy savings contracts and activities

(a) SHARED ENERGY SAVINGS CONTRACTS.—(1) The Secretary of Defense shall develop a simplified method of contracting for shared energy savings contract services that will accelerate the use of these contracts with respect to military installations and will reduce the administrative effort and cost on the part of the Department of Defense as well as the private sector.

(2) In carrying out paragraph (1), the Secretary of Defense may—

(A) request statements of qualifications (as prescribed by the Secretary of Defense), including financial and performance information, from firms engaged in providing shared energy savings contracting;

(B) designate from the statements received, with an update at least annually, those firms that are presumptively qualified to provide shared energy savings services;

(C) select at least three firms from the qualifying list to conduct discussions concerning a particular proposed project, including requesting a technical and price proposal from such selected firms for such project; and

(D) select from such firms the most qualified firm to provide shared energy savings services pursuant to a contractual arrangement that the Secretary determines is fair and reasonable, taking into account the estimated value of the services to be rendered and the scope and nature of the

project.

(3) In carrying out paragraph (1), the Secretary may also provide for the direct negotiation, by departments, agencies, and instrumentalities of the Department of Defense, of contracts with shared energy savings contractors that have been selected competitively and approved by any gas or electric utility serving the department, agency, or instrumentality concerned.

(b) PARTICIPATION IN GAS OR ELECTRIC UTILITY PROGRAMS.—The Secretary of Defense shall permit and encourage each military department, Defense Agency, and other instrumentality of the Department of Defense to participate in programs conducted by any gas or electric utility for the management of energy demand or for energy conservation.

(c) ACCEPTANCE OF FINANCIAL INCENTIVE, GOODS, OR SERVICES.—The Secretary of Defense may authorize any military installation to accept any financial incentive, goods, or services generally available from a State or local government or gas or electric utility, to adopt technologies and practices that the Secretary determines are in the interests of the United States and consistent with the energy performance goals for the Department of Defense.

(d) AGREEMENTS WITH GAS OR ELECTRIC UTILITIES.—(1) The Secretary of Defense may authorize the Secretary of a military department having jurisdiction over a military installation to enter into agreements with gas or electric utilities to design and implement cost-effective demand and conservation incentive programs (including energy management services, facilities alterations, and the installation and maintenance of energy saving devices and technologies by the utilities) to address the requirements and circumstances of the installation.

(2) If an agreement under this subsection provides for a utility to advance financing costs for the design or implementation of a program referred to in that paragraph to be repaid by the United States, the cost of such advance may be recovered by the utility under terms no less favorable than those applicable to its most favored customer.

(3) Subject to the availability of appropriations, repayment of costs advanced under paragraph (2) shall be made from funds available to a military department for the purchase of utility services.

(4) An agreement under this subsection shall provide that title to any energy-saving device or technology installed at a military installation pursuant to the agreement vest in the United States. Such title may vest at such time during the term of the agreement, or upon expiration of the agreement, as determined to be in the best interests of the United States.

STATUTORY NOTES AND RELATED SUBSIDIARIES

EFFECTIVE DATE OF 2016 AMENDMENT

Pub. L. 114–328, div. B, title XXVIII, §2805(b)(1)(B), Dec. 23, 2016, 130 Stat. 2714, provided that: "The amendment made by subparagraph (A) [amending this section] shall apply with respect to notifications provided during fiscal year 2017 or any succeeding fiscal year."

§2915. Facilities: use of renewable forms of energy and energy efficient products

(a) USE OF RENEWABLE FORMS OF ENERGY ENCOURAGED.—The Secretary of Defense shall encourage the use of energy systems using solar energy or other renewable forms of energy as a source of energy for military construction projects (including military family housing projects) and facility repairs and renovations where use of such form of energy is consistent with the energy performance goals and energy performance master plan for the Department of Defense developed under section 2911 of this title and supported by the special considerations specified in subsection (e) of such section.

(b) CONSIDERATION DURING DESIGN PHASE OF PROJECTS.—(1) The Secretary concerned shall require that the design for the construction, repair, or renovation of facilities (including family housing and back-up power generation facilities) requires consideration of energy systems using solar energy or other renewable forms of energy when use of a renewable form of energy—

(A) is consistent with the energy performance goals and energy performance master plan for the Department of Defense developed under section 2911 of this title; and

(B) supported by the special considerations specified in subsection (e) of such section.

(2) The Secretary concerned shall require that contracts for construction resulting from such design include a requirement that energy systems using solar energy or other renewable forms of energy be installed if such systems can be shown to be cost effective.

(c) DETERMINATION OF COST EFFECTIVENESS.—(1) For the purposes of this section, an energy system using solar energy or other renewable forms of energy for a facility shall be considered to be cost effective if the difference between (A) the original investment cost of the energy system for the facility with such a system, and (B) the original investment cost of the energy system for the facility without such a system can be recovered over the expected life of the facility.

(2) A determination under paragraph (1) concerning whether a cost-differential can be recovered over the expected life of a facility shall be made using the life-cycle cost methods and procedures established pursuant to section 544(a) of the National Energy Conservation Policy Act (42 U.S.C. 8254(a)).

(d) EXCEPTION TO SQUARE FEET AND COST PER SQUARE FOOT LIMITATIONS.—In order to equip a military construction project (including a military family housing project) with heating equipment, cooling equipment, or both heating and cooling equipment using solar energy or

other renewable forms of energy or with a passive energy system using solar energy or other renewable forms of energy, the Secretary concerned may authorize an increase in any otherwise applicable limitation with respect to the number of square feet or the cost per square foot of the project by such amount as may be necessary for such purpose. Any such increase under this subsection shall be in addition to any other administrative increase in cost per square foot or variation in floor area authorized by law.

(e) USE OF ENERGY EFFICIENT PRODUCTS IN FACILITIES.—(1) The Secretary of Defense shall ensure, to the maximum extent practicable, that energy efficient products meeting the requirements of the Department of Defense are used in construction, repair, or renovation of facilities by or for the Department carried out under chapter 169 of this title if such products are readily available and their use is consistent with the energy performance goals and energy performance master plan for the Department developed under section 2911 of this title and supported by the special considerations specified in subsection (e) of such section.

(2)(A) The Secretary of Defense shall prescribe a definition of the term "energy-efficient product" for purposes of this subsection and establish and maintain a list of products satisfying the definition. The definition and list shall be developed in consultation with the Secretary of Energy to ensure, to the maximum extent practicable, consistency with definitions of the term used by other Federal agencies.

(B) The Secretary shall modify the definition and list of energy-efficient products as necessary to account for emerging or changing technologies.

(B) align organizations with critical missions to coordinate in meeting critical mission requirements;

(C) validate mission operation plans, such as continuity of operations plans;

(D) identify infrastructure interdependencies; and

(E) verify backup electric power system performance.

(3) The term "critical mission"—

(A) means those aspects of the missions of an installation, including mission essential operations, that are critical to successful performance of the strategic national defense mission;

(B) may include operational headquarters facilities, airfields and supporting infrastructure, harbor facilities supporting naval vessels, munitions production and storage facilities, missile fields, radars, satellite control facilities, cyber operations facilities, space launch facilities, operational communications facilities, and biological defense facilities; and

(C) does not include military housing (including privatized military housing), morale, welfare, and recreation facilities, exchanges, commissaries, or privately owned facilities.

§2922g. Preference for motor vehicles using electric or hybrid propulsion systems; purchase or lease of certain electric and other vehicles

(a) PREFERENCE.—During the period preceding October 1, 2035, in leasing or procuring motor vehicles for use by a military department or Defense Agency, the Secretary of the military department or the head of the Defense Agency may provide a preference for the lease or procurement of motor vehicles using electric or hybrid propulsion systems, including plug-in hybrid systems, if the electric or hybrid vehicles—

(2) an advanced-biofuel-powered vehicle; or

(3) a hydrogen-powered vehicle.

(e) RELATION TO OTHER VEHICLE TECHNOLOGIES THAT REDUCE CONSUMPTION OF FOSSIL FUELS.—Notwithstanding the requirement under subsection (d), beginning on October 1, 2035, the Secretary of Defense may authorize the purchase or lease of a covered nontactical vehicle that is not described in such subsection if the Secretary determines, on a case-by-case basis, that—

(1) the technology used in the vehicle to be purchased or leased reduces the consumption of fossil fuels compared to vehicles that use conventional internal combustion technology;

(2) the purchase or lease of such vehicle is consistent with the energy performance goals and plan of the Department of Defense required by section 2911 of this title; and

(3) the purchase or lease of a vehicle described in subsection (d) is impracticable under the circumstances.

(f) WAIVER.—(1) The Secretary of Defense may waive the requirement under subsection (d).

(2) The Secretary of Defense may not delegate the waiver authority under paragraph (1).

(g) DEFINITIONS.—In this section:

(1) The term "advanced-biofuel-powered vehicle" includes a vehicle that uses a fuel described in section 9001(3)(A) of the Farm Security and Rural Investment Act of 2002 (7 U.S.C. 8101(3)(A)).

EXECUTIVE DOCUMENTS

EX. ORD. NO. 14265. MODERNIZING DEFENSE ACQUISITIONS AND SPURRING INNOVATION IN THE DEFENSE INDUSTRIAL BASE

Ex. Ord. No. 14265, Apr. 9, 2025, 90 F.R. 15621, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered:

SECTION 1. *Purpose*. As Chief Executive and Commander in Chief, I am committed to ensuring that the United States military possesses the most lethal warfighting capabilities in the world. America's defense industrial base is central to this effort. Similarly, the defense acquisition workforce is a national strategic asset that will be decisive in any conflict, where the factory floor can be just as significant as the battlefield.

Unfortunately, after years of misplaced priorities and poor management, our defense acquisition system does not provide the speed and flexibility our Armed Forces need to have decisive advantages in the future. In order to strengthen our military edge, America must deliver state-of-the?art [sic] capabilities at speed and scale through a comprehensive overhaul of this system.

SEC. 2. *Policy*. It is the policy of the United States Government to accelerate defense procurement and revitalize the defense industrial base to restore peace through strength. To achieve this, the United States will rapidly reform our antiquated defense acquisition processes with an emphasis on speed, flexibility, and execution. We will also modernize the duties and composition of the defense acquisition workforce, as well as incentivize and reward risk-taking and innovation from these personnel.

SEC. 3. *Acquisition Process Reform*. Within 60 days of the date of this order [Apr. 9, 2025], the Secretary of Defense shall submit to the President a plan to reform the Department of Defense's acquisition processes that, to the maximum extent possible, incorporates the following:

(a) Utilization of existing authorities to expedite acquisitions throughout the Department of Defense, including a first preference for commercial solutions and a general preference for Other Transactions Authority, application of Rapid Capabilities Office policies, or any other authorities or pathways to promote streamlined acquisitions under the Adaptative Acquisition Framework. Starting upon issuance of this order, and during the formation of the plan, the Secretary of Defense shall prioritize use of these authorities in all pending Department of Defense contracting actions and require their application, where appropriate and consistent with applicable law, for all Department of Defense contracting actions pursued while the plan directed by this section is under consideration.

(b) A detailed process review of each functional support role within the acquisition workforce to eliminate unnecessary tasks, reduce duplicative approvals, and centralize decision-making. These reviews should also include evaluations of program managers, contracting officers, engineering authorities, financial managers, cost estimators, and logisticians.

(c) A detailed process by which the Under Secretary of Defense for Acquisition and Sustainment, Service Acquisition Executives, and Component Acquisition Executives can effectively manage risk for all acquisition programs through a formal steering board known as a Configuration Steering Board.

SEC. 4. *Internal Regulations Review*. The Secretary of Defense shall oversee the review of and, as appropriate, propose revisions to relevant Department of Defense instructions, implementation guides, manuals, and regulations relating to acquisition to:

(a) Eliminate or revise any unnecessary supplemental regulations or any other internal guidance, such as relevant parts of the Financial Management Regulation and Defense Federal Acquisition Regulation Supplement.

(b) Promote expedited and streamlined acquisitions. Where new supplemental regulations or internal guidance is proposed, the Secretary of Defense shall apply the ten-for-one rule as described in Executive Order 14192 of January 31, 2025 (Unleashing Prosperity Through Deregulation) [5 U.S.C. 601 note].

SEC. 5. *Acquisition Workforce Reform*. Within 120 days of the date of this order, the Secretary of Defense, in coordination with the Secretary of the Army, the Secretary of the Navy, the Secretary of the Air Force, and Component Acquisition Executives, shall develop and submit to the President a plan for consideration to reform, right-size, and train the acquisition workforce that includes the following components:

(a) The restructuring of performance evaluation metrics for acquisition workforce members to include the ability to demonstrate and apply a first consideration of commercial solutions, adaptive acquisition pathways through the Adaptive Acquisition Framework, and iterative requirements based on the perspective of the end user.

(b) An analysis of acquisition workforce staff levels required to develop, deliver, and sustain warfighting capabilities.

(c) The establishment of field training teams by the Under Secretary of Defense for Acquisition and

Sustainment, led by senior acquisition executives or managers with expertise in innovative acquisition authorities and commercial solutions, and modeled after field training teams authorized by section 832 of Public Law 118–159 (10 U.S.C. 1749). These teams should provide hands-on guidance, deliver templates and case studies of successful approaches for implementing innovative acquisition authorities, and should assist integrated functional program teams in completing acquisition and sustainment tasks.

(d) The development and implementation of policies, procedures, and tools to incentivize acquisition officials to, in good faith, utilize innovative acquisition authorities and take measured and calculated risks.

SEC. 6. *Major Defense Acquisition Program Review*. (a) Within 90 days of the date of this order, the Secretary of Defense, acting through the Deputy Secretary of Defense, in coordination with the Secretary of the Army, the Secretary of the Navy, the Secretary of the Air Force, the Under Secretary of Defense for Acquisition and Sustainment, and Component Acquisition Executives, shall complete a comprehensive review of all major defense acquisition programs (MDAPs), as defined in section 4201 of title 10, United States Code, to determine if any such programs are inconsistent with the policy objectives set forth in section 2 of this order. As part of the review of all MDAPs:

(i) any program more than 15 percent behind schedule based on the current Acquisition Program Baseline (APB), 15 percent over cost based on the current APB, unable to meet any key performance parameters, or unaligned with the Secretary of Defense's mission priorities, will be considered for potential cancellation. The Secretary of Defense shall submit the potential cancellation list to the Director of the Office of Management and Budget (OMB) for future budget determinations.

(ii) the Secretary of Defense shall provide a listing of all MDAPs contracts, along with performance against original and approved Government cost estimates to the Director of OMB for review within 90 days from the date of this order.

(b) Following this comprehensive review of MDAPs, the Secretary of Defense shall provide the Director of OMB with a plan for reviewing all remaining major systems, as defined in section 3041 of title 10, United States Code, that are not MDAPs.

SEC. 7. *Requirements*. The Secretary of Defense, acting through the Deputy Secretary of Defense, in coordination with the Secretary of the Army, the Secretary of the Navy, the Secretary of the Air Force, and the Joint Chiefs of Staff, shall complete a comprehensive review of the Joint Capabilities Integration and Development System within 180 days of the date of this order, with the goal of streamlining and accelerating acquisition.

SEC. 8. *Definitions*. For purposes of this order:

(a) The term "Adaptive Acquisition Framework" means the series of acquisition pathways that enable the workforce to deliver "effective, suitable, survivable, sustainable, and affordable solutions to the end user in a timely manner," as stated in Department of Defense Instruction 5000.02.

(f) The term "Joint Capabilities Integration and Development System" means the formally established Department of Defense process used to identify, assess, and prioritize joint military capability requirements across the Department of Defense.

(g) The term "Other Transactions Authority" means the ability of the United States Government to enter into contracts other than standard contracts, grants, or cooperative agreements.

(h) The term "Rapid Capabilities Office" means the Army Rapid Capabilities and Critical Technologies Office, Naval Air Warfare Rapid Capabilities Office, Department of the Air Force Rapid Capabilities Office, or Space Force Rapid Capabilities Office.

SEC. 9. *General Provisions*. (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or

(ii) the functions of the Director of OMB relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of

appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

§3136. Defense Modernization Account

(a) ESTABLISHMENT.—There is established in the Treasury an account to be known as the "Defense Modernization Account".

(b) FUNDS AVAILABLE FOR ACCOUNT.—The Defense Modernization Account shall consist of the following:

(1) Amounts appropriated to the Defense Modernization Account for the costs of projects described in subsection (d)(1), and amounts reimbursed to the Defense Modernization Account under subsection (c)(1)(B)(ii) out of savings derived from such projects.

(2) Amounts transferred to the Defense Modernization Account under subsection (c).

(c) TRANSFERS TO ACCOUNT.—(1)(A) Upon a determination by the Secretary of a military department, or the Secretary of Defense with respect to Defense-wide appropriations accounts, of the availability and source of funds described in subparagraph (B), the Secretary concerned may transfer to the Defense Modernization Account during any fiscal year any amount of funds available to the Secretary described in that subparagraph. Such funds may be transferred to that account only after

the Secretary concerned notifies the congressional defense committees in writing of the amount and source of the proposed transfer.

(B) This subsection applies to the following funds that have been appropriated for fiscal years after fiscal year 2016 and are available to the Secretary concerned:

(i) Unexpired funds in appropriations accounts that are available for new obligations and that, as a result of economies, efficiencies, and other savings achieved in carrying out an acquisition program, are excess to the requirements of that program.

(ii) Unexpired funds in appropriations accounts that are available for procurement or operation and maintenance of a system, if and to the extent that savings are achieved for such accounts through reductions in life cycle costs of such system that result from one or more projects undertaken with respect to such systems with funds made available from the Defense Modernization Account under subsection (b)(1).

(C) Any transfer under subparagraph (A) shall be made under regulations prescribed by the Secretary of Defense.

(2) Funds referred to in paragraph (1) may not be transferred to the Defense Modernization Account if the balance of funds in the account, after transfer of funds to the account, would exceed $1,000,000,000.

(3) Amounts deposited in the Defense Modernization Account shall remain available for transfer and obligation until the end of the third fiscal year that follows the fiscal year in which the amounts are deposited in the account.

(d) AUTHORIZED USE OF FUNDS.—Funds in the Defense Modernization Account may be used for the following purposes:

(1) For paying the costs of any project that, in accordance with criteria prescribed by the Secretary concerned, is undertaken by the Secretary of a military department or the head of a Defense Agency or other element of the Department of Defense to reduce the life cycle cost of a new or existing system.

(2) For increasing, subject to subsection (e), the quantity of items and services procured under an acquisition program in order to achieve a more efficient production or delivery rate.

(3) For research, development, test, and evaluation, for procurement, and for sustainment activities necessary for paying costs of unforeseen contingencies that are approved by the milestone decision authority concerned, that could prevent an ongoing acquisition program from meeting critical schedule or performance requirements.

(4) For paying costs of changes to program requirements or system configuration that are approved by the configuration steering board for a major defense acquisition program.

(5) For procuring and integrating available commercial technologies and services to satisfy a joint urgent operational need, joint emergent operational need, or a validated service requirement.

(6) For providing infrastructure to support Department goals of accelerating the fielding and adoption of new capabilities.

(e) LIMITATIONS.—(1) Funds in the Defense Modernization Account may not be used to increase the quantity of an item or services procured under a particular acquisition program to the extent that doing so would—

(A) result in procurement of a total quantity of items or services in excess of a specific limitation provided by law on the quantity of the items or services that may be procured; or

(B) result in an obligation or expenditure of funds in excess of a specific limitation provided by law on the amount that may be obligated or expended, respectively, for that acquisition program.

(2) Funds in the Defense Modernization Account may not be used for a purpose or program for which Congress has not authorized appropriations, unless the procedures for initiating a new start program are complied with.

(3) Funds may not be transferred from the Defense Modernization Account in any year for the purpose of—

(A) making an expenditure for which there is no corresponding obligation; or

(B) making an expenditure that would satisfy an unliquidated or unrecorded obligation arising in a prior fiscal year.

(f) TRANSFER OF FUNDS.—(1) The Secretary of a military department, or the Secretary of Defense with respect to Defense-wide appropriations accounts, may transfer funds in the Defense Modernization Account to appropriations available for purposes set forth in subsection (d).

(2) Funds in the Defense Modernization Account may not be transferred under paragraph (1) until 30 days after the date on which the Secretary concerned notifies the congressional defense committees in writing of the amount and purpose of the proposed transfer.

(3) The total amount of transfers from the Defense Modernization Account during any fiscal year under this subsection may not exceed $500,000,000.

(g) AVAILABILITY OF FUNDS BY APPROPRIATION.—In addition to transfers under subsection (f), funds in the Defense Modernization Account may be made available for purposes set forth in subsection (d), but only to the extent authorized in an Act other than an appropriations Act. Funds deposited in the Defense Modernization Account shall remain available for obligation until the end of the third fiscal year that follows the fiscal year in which the amounts are deposited in the account.

(h) SECRETARY TO ACT THROUGH COMPTROLLER.—(1) The Secretary of Defense shall carry out this section through the Under Secretary of Defense (Comptroller), who shall be authorized to implement this section through the issuance of any necessary regulations, policies, and procedures after consultation with the General Counsel and Inspector General of the Department of Defense.

(2) The regulations prescribed under paragraph (1) shall, at a minimum, provide for—

(A) the establishment and management of subaccounts for each of the military departments and Defense Agencies concerned for the use of funds in the Defense Modernization Account, consistent with each military department's or Defense Agency's deposits in the Account;

(B) the submission of proposals by the Secretaries concerned or heads of Defense Agencies or other elements of the Department of Defense to the Comptroller for the use of Defense Modernization Account funds for purposes set forth in subsection (d);

(C) the use of a competitive process for the evaluation of such proposals and the selection of programs, projects, and activities to be funded out of the Defense Modernization Account and subaccounts from among those proposed for such funding; and

(D) the calculation of—

(i) the savings to be derived from projects described in subsection (d)(1) that are to be funded out of the Defense Modernization Account; and

(ii) the amounts to be reimbursed to the Defense Modernization Account out of such savings pursuant to subsection (c)(1)(B)(ii).
