## STATUTORY NOTES AND RELATED SUBSIDIARIES

### EFFECTIVE DATE OF 2025 AMENDMENT

Amendment by Pub. L. 118–210 applicable to any pay period of the Department of Veterans Affairs beginning on or after the date that is 180 days after Jan. 2, 2025, see section 142(a)(5) of Pub. L. 118–210, set out as a note under section 7431 of this title.

## SUBCHAPTER IV—PAY FOR NURSES AND OTHER HEALTH-CARE PERSONNEL

### §7451. Nurses and other health-care personnel: competitive pay

(a)(1) It is the purpose of this section to ensure, by a means providing increased responsibility and authority to directors of Department health-care facilities, that the rates of basic pay for health-care personnel positions described in paragraph (2) in each Department health-care facility (including the rates of basic pay of personnel employed in such positions on a part-time basis) are sufficient for that facility to be competitive, on the basis of pay and other employee benefits, with non-Department health-care facilities in the same labor-market area in the recruitment and retention of qualified personnel for those positions.

(2) The health-care personnel positions referred to in paragraph (1) (hereinafter in this section referred to as "covered positions") are the following:

(A) Registered nurse.

(B) Physician assistant.

(C) Such positions referred to in paragraphs (1) and (3) of section 7401 of this title (other than the positions of physician, optometrist, dentist, registered nurse, physician assistant, and podiatrist) as the Secretary may determine upon the recommendation of the Under Secretary for Health.

(3)(A) Except as provided in subparagraph (B), the rates of basic pay for covered positions in the Department shall be established and adjusted in accordance with this section instead of subsection (b)(1) of section 7404 of this title or chapter 53 of title 5.

(B) Under such regulations as the Secretary shall prescribe, the Secretary shall establish and adjust the rates of basic pay for covered positions at the following health-care facilities in order to provide rates of basic pay that enable the Secretary to recruit and retain sufficient numbers of health-care personnel in such positions at those facilities:

- (i) The Veterans Memorial Medical Center in the Republic of the Philippines.
- (ii) Department of Veterans Affairs health-care facilities located outside the contiguous States, Alaska, and Hawaii.

(4) The Secretary, after receiving the recommendation of the Under Secretary for Health, shall prescribe regulations setting forth criteria and procedures to carry out this section and section 7452 of this title. Requirements in such regulations for directors to provide and maintain documentation of actions taken under this section shall require no more documentation than the minimum essential for responsible administration.

(b) The Secretary shall maintain the five grade levels for nurses employed by the Department under section 7401(1) of this title as specified in the Nurse Schedule in section 7404(b) of this title. The Secretary shall, pursuant to regulations prescribed to carry out this subchapter, establish grades for other covered positions as the Secretary considers appropriate.

(c)(1) For each grade in a covered position, there shall be a range of basic pay. The maximum rate of basic pay for a grade shall be 133 percent of the minimum rate of basic pay for the grade, except that, if the Secretary determines that a higher maximum rate is necessary with respect to any such grade in order to recruit and retain a sufficient number of high-quality health-care personnel, the Secretary may raise the maximum rate of basic pay for that grade to a rate not in excess of 175 percent of the minimum rate of basic pay for the grade. Whenever the Secretary exercises the authority under the preceding sentence to establish the maximum rate of basic pay at a rate in excess of 133 percent of the minimum rate for that grade, the Secretary shall, in the next annual report required by subsection (g),<sup>1</sup> provide justification for doing so to the Committees on Veterans' Affairs of the Senate and House of Representatives.

(2)(A) The maximum rate of basic pay for any grade for a covered position may not exceed—

- (i) in the case of an advanced practice nurse, the maximum rate of basic pay established for positions in level I of the Executive Schedule under section 5312 of title 5;
- (ii) in the case of a physician assistant, the maximum rate of basic pay established for positions in level I of the Executive Schedule under section 5312 of title 5;
- (iii) in the case of a registered nurse, the maximum rate of basic pay established for positions in level II of the Executive Schedule under section 5313 of title 5; and
- (iv) in the case of any other covered position, the maximum rate of basic pay established for positions in level IV of the Executive Schedule under section 5315 of title 5.

(B) The maximum rate of basic pay for a grade for the position of certified registered nurse anesthetist pursuant to an adjustment under subsection (d) may exceed the maximum rate otherwise provided in subparagraph (A).

(3) The range of basic pay for each such grade shall be divided into equal increments, known as "steps". The Secretary shall prescribe the number of steps. Each grade in a covered position shall have the same number of steps. Rates of pay within a grade may not be established at rates other than whole steps. Any increase (other than an adjustment under subsection (d)) within a grade in the rate of basic pay payable to an employee in a covered position shall be by one or more of such step increments.

(4)(A) The director of each medical center of the Department shall submit to the Secretary an annual locality pay survey and rates of basic pay for covered positions at such medical center to ensure that pay rates remain competitive in the local labor market.

(B) Not less than once per fiscal year, the Secretary shall submit to the Committees on Veterans' Affairs of the House of Representatives and the Senate a report on rates of basic pay for covered positions at medical centers of the Department.

(d)(1) Subject to subsection (e), the rates of basic pay for each grade in a covered position shall be adjusted periodically in accordance with this subsection in order to achieve the purposes of this section. Such adjustments shall be made—

(A) whenever there is an adjustment under section 5303 of title 5 in the rates of pay under the General Schedule, with the adjustment under this subsection to have the same effective date and to be by the same percentage as the adjustment in the rates of basic pay under the General Schedule; and

(B) at such additional times as the director of a Department health-care facility, with respect to employees in that grade at that facility, or the Under Secretary for Health, with respect to covered Regional and Central Office employees in that grade, determines.

(2) An adjustment in rates of basic pay under this subsection for a grade shall be carried out by adjusting the amount of the minimum rate of basic pay for that grade in accordance with paragraph (3) and then adjusting the other rates for that grade to conform to the requirements of subsection (c). Except as provided in paragraph (1)(A), such an adjustment in the minimum rate of basic pay for a grade shall be made by the director of a Department health-care facility so as to achieve consistency with the beginning rate of compensation for corresponding health-care professionals in the Bureau of Labor Statistics (BLS) labor-market area of that facility.

(3)(A) In the case of a Department health-care facility located in an area for which there is current information, based upon an industry-wage survey by the Bureau of Labor Statistics for that labor market, on compensation for corresponding health-care professionals for the BLS labor-market area of that facility, the director of the facility concerned shall use that information as the basis for making adjustments in rates of pay under this subsection. Whenever the Bureau of Labor Statistics releases the results of a new industry-wage survey for that labor market that includes information on compensation for corresponding health-care professionals, the director of that facility shall determine, not later than 30 days after the results of the survey are released, whether an adjustment in rates of pay for employees at that facility for any covered position is necessary in order to meet the purposes of this section. If the director determines that such an adjustment is necessary, the adjustment, based upon the information determined in the survey, shall take effect on the first day of the first pay period beginning after that determination.

(B) In the case of a Department health-care facility located in an area for which the Bureau of Labor Statistics does not have current information on compensation for corresponding health-care professionals for the labor-market area of that facility for any covered position, the director of that facility shall conduct a survey in accordance with this subparagraph and shall adjust the amount of the minimum rate of basic pay for grades in that covered position at that facility based upon that survey. To the extent practicable, the director shall use third-party industry wage surveys to meet the requirements of the preceding sentence. Any such survey shall be conducted in accordance with regulations prescribed by the Secretary. Those regulations shall be developed in consultation with the Secretary of Labor in order to ensure that the director of a facility collects information that is valid and reliable and is consistent with standards of the Bureau. The survey should be conducted using methodology comparable to that used by the Bureau in making industry-wage surveys except to the extent determined infeasible by the Secretary. To the extent practicable, all surveys conducted pursuant to this subparagraph or subparagraph (A) shall include the collection of salary midpoints, actual salaries, lowest and highest salaries, average salaries, bonuses, incentive pays, differential pays, actual beginning rates of pay, and such other information needed to meet the purpose of this section. Upon conducting a survey under this subparagraph, the director concerned shall determine, not later than 30 days after the date on which the collection of information through the survey is completed or published, whether an adjustment in rates of pay for employees at that facility for any

covered position is necessary in order to meet the purposes of this section. If the director determines that such an adjustment is necessary, the adjustment, based upon the information determined in the survey, shall take effect on the first day of the first pay period beginning after that determination.

(C)(i) A director of a Department health-care facility may use data on the compensation paid to certified registered nurse anesthetists who are employed on a salary basis by entities that provide anesthesia services through certified registered nurse anesthetists in the labor-market area only if the director—

(I) has conducted a survey of compensation for certified registered nurse anesthetists in the local labor-market area of the facility under subparagraph (B);

(II) has used all available administrative authority with regard to collection of survey data; and

(III) makes a determination (under regulations prescribed by the Secretary) that such survey methods are insufficient to permit the adjustments referred to in subparagraph (B) for such nurse anesthetists employed by the facility.

(ii) For the purposes of this subparagraph, certified registered nurse anesthetists who are so employed by such entities shall be deemed to be corresponding health-care professionals to the certified registered nurse anesthetists employed by the facility.

(D) The Under Secretary for Health shall prescribe regulations providing for the adjustment of the rates of basic pay for Regional and Central Office employees in covered positions in order to assure that those rates are sufficient and competitive.

(E) The director of a facility or Under Secretary for Health may not adjust rates of basic pay under this subsection for any pay grade so that the minimum rate of basic pay for that grade is greater than the beginning rates of compensation for corresponding positions at non-Department health-care facilities.

(F) The Under Secretary for Health shall provide appropriate education, training, and support to directors of Department health care facilities in the conduct and use of surveys, including the use of third-party surveys, under this paragraph.

(4) If the director of a Department health-care facility, or the Under Secretary for Health with respect to Regional and Central Office employees, determines, after any survey under paragraph (3)(B) that it is not necessary to adjust the rates of basic pay for employees in a grade of a covered position at that facility in order to carry out the purpose of this section, such an adjustment for employees at that facility in that grade shall not be made.

(5) Information collected by the Department in surveys conducted under this subsection is not subject to disclosure under section 552 of title 5.

(6) In this subsection—

(A) The term "beginning rate of compensation", with respect to health-care personnel positions in non-Department health-care facilities corresponding to a grade of a covered position, means the sum of—

(i) the minimum rate of pay established for personnel in such positions who have education, training, and experience equivalent or similar to the education, training, and experience required for health-care personnel employed in the same category of Department covered positions; and

(ii) other employee benefits for those positions to the extent that those benefits are reasonably quantifiable.

(B) The term "corresponding", with respect to health-care personnel positions in non-Department health-care facilities, means those positions for which the education, training, and experience requirements are equivalent or similar to the education, training, and experience requirements for health-care personnel positions in Department health-care facilities.

(e)(1) An adjustment in a rate of basic pay under subsection (d) may not reduce the rate of basic pay applicable to any grade of a covered position.

(2) The director of a Department health-care facility, in determining whether to carry out a wage survey under subsection (d)(3) with respect to rates of basic pay for a grade of a covered position,

may not consider as a factor in such determination the absence of a current recruitment or retention problem for personnel in that grade of that position. The director shall make such a determination based upon whether, in accordance with criteria established by the Secretary, there is a significant pay-related staffing problem at that facility in any grade for a position. If the director determines that there is such a problem, or that such a problem is likely to exist in the near future, the Director shall provide for a wage survey in accordance with subsection (d)(3).

(3) The Under Secretary for Health may, to the extent necessary to carry out the purposes of subsection (d), modify any determination made by the director of a Department health-care facility with respect to adjusting the rates of basic pay applicable to covered positions. If the determination of the director would result in an adjustment in rates of basic pay applicable to covered positions, any action by the Under Secretary under the preceding sentence shall be made before the effective date of such pay adjustment. Upon such action by the Under Secretary, any adjustment shall take effect on the first day of the first pay period beginning after such action. The Secretary shall ensure that the Under Secretary establishes a mechanism for the timely exercise of the authority in this paragraph.

(4) Each director of a Department health-care facility shall provide to the Secretary, not later than July 31 each year, a report on staffing for covered positions at that facility. The report shall include the following:

(A) Information on turnover rates and vacancy rates for each covered position, including a comparison of those rates with the rates for the preceding three years.

(B) The director's findings concerning the review and evaluation of the facility's staffing situation, including whether there is, or is likely to be, in accordance with criteria established by the Secretary, a significant pay-related staffing problem at that facility for any covered position and, if so, whether a wage survey was conducted, or will be conducted with respect to that position.

(C) In any case in which the director conducts such a wage survey during the period covered by the report, information describing the survey and any actions taken or not taken based on the survey, and the reasons for taking (or not taking) such actions.

(D) In any case in which the director conducts such a wage survey during the period covered by the report and makes adjustment in rates of basic pay applicable to one or more covered positions at the facility, information on the methodology used in making such adjustment or adjustments.

(E) In any case in which the director, after finding that there is, or is likely to be, in accordance with criteria established by the Secretary, a significant pay-related staffing problem at that facility for any covered position, determines not to conduct a wage survey with respect to that position, a statement of the reasons why the director did not conduct such a survey.

(5) Not later than September 30 of each year, the Secretary shall submit to the Committees on Veterans' Affairs of the Senate and House of Representatives a report on staffing for covered positions at Department health care facilities. Each such report shall include the following:

(A) A summary and analysis of the information contained in the most recent reports submitted by facility directors under paragraph (4).

(B) The information for each such facility specified in paragraph (4).

(6)(A) Upon the request of an individual described in subparagraph (B) for a report provided under paragraph (4) with respect to a Department health-care facility, the Under Secretary for Health or the director of such facility shall provide to the individual the most current report for such facility provided under such paragraph.

(B) An individual described in this subparagraph is—

(i) an individual in a covered position at a Department health-care facility; or

(ii) a representative of the labor organization representing that individual who is designated by that individual to make the request.

(f) For the purposes of this section, the term "health-care facility" means a medical center, an

independent outpatient clinic, or an independent domiciliary facility.

### **§7452. Nurses and other health-care personnel: administration of pay**

(a)(1) Regulations prescribed under section 7451(a) of this title shall provide that whenever an employee in a covered position is given a new duty assignment which is a promotion, the rate of basic pay of that employee shall be increased at least one step increment in that employee's grade.

(2) A nurse serving in a head nurse position shall while so serving receive basic pay at a rate two step increments above the rate that would otherwise be applicable to the nurse. If such a nurse is in the highest or next-to-highest step for that nurse's grade, the preceding sentence shall be applied by extrapolation to create additional steps only for the purposes of this paragraph. The limitation in section 7451(c)(1) of this title shall not apply with respect to increased basic pay under this paragraph.

(3) An employee in a covered position who is promoted to the next higher grade shall be paid in that grade at a step having a rate of basic pay that is greater than the rate of basic pay applicable to the employee in a covered position on the day before the effective date of the promotion.

(b)(1) Under regulations which the Secretary prescribes for the administration of this section, the director of a Department health-care facility (A) shall pay a cash bonus (in an amount to be determined by the director not to exceed \$2,000) to an employee in a covered position at that facility who becomes certified in a specialty recognized by the Department, and (B) may provide such a bonus to an employee in such a position who has demonstrated both exemplary job performance and exemplary job achievement. The authority of the Secretary under this subsection is in addition to any other authority of the Secretary to provide job performance incentives.

(2) The Secretary shall include in the annual report under section 7451(g) <sup>1</sup> of this title a discussion of the use during the period covered by the report of the payment of bonuses under this subsection and other job performance incentives available to the Secretary.

(c)(1) The Secretary shall provide (in regulations prescribed for the administration of this section) that the director of a Department health-care facility, in making a new appointment of a person under section 7401(1) of this title as an employee in a covered position for employment at that facility, may make that appointment at a rate of pay described in paragraph (3) without being subject to a requirement for prior approval at any higher level of authority within the Department in any case in which the director determines that it is necessary to do so in order to obtain the services of employees in covered positions in cases in which vacancies exist at that health-care facility.

(2) Such a determination may be made by the director of a health-care facility only in order to recruit employees in covered positions with specialized skills, especially employees with skills which are especially difficult or demanding.

(3) A rate of pay referred to in paragraph (1) is a rate of basic pay in excess of the minimum rate

of basic pay applicable to the grade in which the appointment is made (but not in excess of the maximum rate of basic pay for that grade).

(4) Whenever the director of a health-care facility makes an appointment described in paragraph (1) without prior approval at a higher level of authority within the Department, the director shall—

(A) state in a document the reasons for employing the employee in a covered position at a rate of pay in excess of the minimum rate of basic pay applicable to the grade in which the employee is appointed (and retain that document on file); and

(B) in the first budget documents submitted to the Secretary by the director after the employee is employed, include documentation for the need for such increased rates of basic pay described in clause (A).

(5) Whenever the director of a health-care facility makes an appointment described in paragraph (1) on the basis of a determination described in paragraph (2), the covered employee appointed may continue to receive pay at a rate higher than that which would otherwise be applicable to that employee only so long as the employee continues to serve in a position requiring the specialized skills with respect to which the determination was made.

(d) Whenever the director of a health-care facility makes an appointment described in subsection (c)(1), the director may (without a regard to any requirement for prior approval at any higher level of authority within the Department) increase the rate of pay of other employees in the same covered position at that facility who are in the grade in which the appointment is made and are serving in a position requiring the specialized skills with respect to which the determination under subsection (c)(2) concerning the appointment was made. Any such increase shall continue in effect with respect to any employee only so long as the employee continues to serve in such a position.

(e) An employee in a covered position employed under section 7401(1) of this title who (without a break in employment) transfers from one Department health-care facility to another may not be reduced in grade or step within grade (except pursuant to a disciplinary action otherwise authorized by law) if the duties of the position to which the employee transfers are similar to the duties of the position from which the employee transferred. The rate of basic pay of such employee shall be established at the new health-care facility in a manner consistent with the practices at that facility for an employee of that grade and step, except that in the case of an employee whose transfer (other than pursuant to a disciplinary action otherwise authorized by law) to another health-care facility is at the request of the Secretary, the Secretary may provide that for at least the first year following such transfer the employee shall be paid at a rate of basic pay up to the rate applicable to such employee before the transfer, if the Secretary determines that such rate of pay is necessary to fill the position. Whenever the Secretary exercises the authority under the preceding sentence relating to the rate of basic pay of a transferred employee, the Secretary shall, in the next annual report required under section 7451(g) <sup>1</sup> of this title, provide justification for doing so.

(f) In this section, the term "covered position" has the meaning given that term in section 7451 of this title.

(g)(1) In order to recruit and retain highly qualified Department nurse executives, the Secretary may, in accordance with regulations prescribed by the Secretary, pay special pay to the nurse executive at each location as follows:

(A) Each Department health care facility.

(B) The Central Office.

(2) The amount of special pay paid to a nurse executive under paragraph (1) shall be not less than \$10,000 or more than \$100,000.

(3) The amount of special pay paid to a nurse executive under paragraph (1) shall be based on factors such as the grade of the nurse executive position, the scope and complexity of the nurse executive position, the personal qualifications of the nurse executive, the characteristics of the health care facility concerned, the nature and number of specialty care units at the health care facility concerned, demonstrated difficulties in recruitment and retention of nurse executives at the health care facility concerned, and such other factors as the Secretary considers appropriate.

(4) Special pay paid to a nurse executive under paragraph (1) shall be in addition to any other pay (including basic pay) and allowances to which the nurse executive is entitled, and shall be considered pay for all purposes, including retirement benefits under chapters 83 and 84 of title 5, and other benefits, but shall not be considered basic pay for purposes of adverse actions under subchapter V of this chapter.

(b) A nurse performing service, any part of which is within the period commencing at 6 postmeridian and ending at 6 antemeridian, shall receive additional pay for each hour of such service at a rate equal to 10 percent of the nurse's hourly rate of basic pay if at least four hours of such

service fall between 6 postmeridian and 6 antemeridian. When less than four hours of such service fall between 6 postmeridian and 6 antemeridian, the nurse shall be paid the differential for each hour of service performed between those hours.

(c) A nurse performing service, any part of which is within the period commencing at midnight Friday and ending at midnight Sunday, shall receive additional pay for each hour of such service at a rate equal to 25 percent of such nurse's hourly rate of basic pay.

(d) A nurse performing service on a holiday designated by Federal statute or Executive order shall receive for each hour of such service the nurse's hourly rate of basic pay, plus additional pay at a rate equal to such hourly rate of basic pay, for that holiday service, including overtime service. Any service required to be performed by a nurse on such a designated holiday shall be deemed to be a minimum of two hours in duration.

(e)(1) A nurse performing officially ordered or approved hours of service in excess of 40 hours in an administrative workweek, or in excess of eight consecutive hours, shall receive overtime pay for each hour of such additional service. The overtime rates shall be one and one-half times such nurse's hourly rate of basic pay.

(2) For the purposes of this subsection, overtime must be of at least 15 minutes duration in a day to be creditable for overtime pay.

(3) Compensatory time off in lieu of pay for service performed under the provisions of this subsection shall not be permitted, except as voluntarily requested in writing by the nurse in question.

(4) Any excess service performed under this subsection on a day when service was not scheduled for such nurse, or for which such nurse is required to return to the nurse's place of employment, shall be deemed to be a minimum of two hours in duration.

(5) For the purposes of this subsection, the period of a nurse's officially ordered or approved travel away from such nurse's duty station may not be considered to be hours of service unless—

(ii) is incident to travel that involves the performance of services while traveling,

(iii) is carried out under arduous conditions as determined by the Secretary, or

(iv) results from an event which could not be scheduled or controlled administratively.

(f) For the purpose of computing the additional pay provided by subsection (b), (c), (d), or (e), a nurse's hourly rate of basic pay shall be derived by dividing such nurse's annual rate of basic pay by 2,080.

(g) When a nurse is entitled to two or more forms of additional pay under subsection (b), (c), (d), or (e) for the same period of service, the amounts of such additional pay shall be computed separately on the basis of such nurse's hourly rate of basic pay, except that no overtime pay as provided in subsection (e) shall be payable for overtime service performed on a holiday designated by Federal statute or Executive order in addition to pay received under subsection (d) for such service.

(h) A nurse who is officially scheduled to be on call outside such nurse's regular hours or on a holiday designated by Federal statute or Executive order shall be paid for each hour of such on-call duty, except for such time as such nurse may be called back to work, at a rate equal to 10 percent of the hourly rate for excess service as provided in subsection (e).

Any increase in such rates of basic pay—

(A) may be made on a nationwide basis, local basis, or other geographic basis; and

(B) may be made—

(i) for one or more of the grades listed in the schedules in subsection (b)(1) of section 7404 <sup>1</sup> of this title;

(ii) for one or more of the health personnel fields within such grades; or

(iii) for one or more of the grades of the General Schedule under section 5332 of title 5.

(2) Paragraph (1) applies to the following:

(A) Individuals employed in positions listed in paragraphs (1) and (3) of section 7401 of this title.

(B) Health-care personnel who—

(i) are employed in the Administration (other than administrative, clerical, and physical plant maintenance and protective services employees);

(2)(A) The Secretary may make a payment in an amount not in excess of 25 percent of the total bonus in a lump sum at the time that the period of obligated service commences under the agreement.

(B) If the Secretary makes a lump-sum payment under subparagraph (A) of this paragraph, the remaining balance of the bonus shall be paid in equal installments after each year of service is completed throughout the period of obligated service specified in the agreement.

(d)(1) A bonus paid to any individual under this section shall be in addition to any pay or allowance to which the individual is entitled.

(2) The amount of a bonus paid under this section shall not be considered to be basic pay for the purposes of sections 5551, 5552, and 5595 of title 5, chapters 81, 83, 84, and 87 of such title, or any other provision of law creating an entitlement to benefits based on basic pay.

(e) At least once each year the Secretary, upon the recommendation of the Under Secretary for Health, shall determine the specific health-care facilities and clinical services, if any, as to which there are significant problems with respect to the recruitment and retention of registered nurses. If the period actually served is less than two years, the amount to be refunded is the entire amount paid to the individual.

(2) An individual shall not be required to make a refund under paragraph (1) of this subsection if

the Secretary determines, in accordance with regulations prescribed under subsection (h) of this section, that the individual's failure to perform services for the period of obligated service is due to circumstances (not including separation for cause) beyond the control of the individual.

(3) An obligation to refund any portion of a bonus payment under this subsection is, for all purposes, a debt owed to the United States.

(4) The provisions of this subsection and the specific amounts that the individual could be required to refund shall be disclosed to the individual at the time the agreement is entered into and shall be clearly set forth in the contract.

(h) The Secretary shall prescribe regulations to carry out this section.

(Such a participant is hereinafter in this subchapter referred to as a "part-time student".)

(3) For the purposes of paragraph (2) of this subsection, an eligible Department employee is a full-time Department employee who is permanently assigned to a Department health-care facility on the date on which the individual submits the application referred to in section 7603 of this title and on the date on which the individual becomes a participant in the Scholarship Program.

training leading to employment as an appointee under paragraph (1) or (3) of section 7401 of this title.

(3) The Secretary may designate additional fields of education or training as qualifying fields of education or training if the education or training leads to employment in a position which would qualify the individual for increased basic pay under subsection (a)(1) of section 7455 of this title for personnel described in subsection (a)(2)(B) of such section.

(4) Before awarding the initial scholarship in a course of education or training other than medicine or nursing, the Secretary shall notify the Committees on Veterans' Affairs of the Senate and House of Representatives of the Secretary's intent to award a scholarship in such course of education or training. (6)(A) Of the scholarships awarded under this subchapter, the Secretary shall ensure that not less than 50 scholarships are awarded each year to individuals who are accepted for enrollment or enrolled (as described in section 7602 of this title) in a program of education or training leading to employment as a physician or dentist until such date as the Secretary determines that the staffing shortage of physicians and dentists in the Department is less than 500.

(2) In a case in which an extension is granted under section 7614(3) of this title, the number of years for which a scholarship may be provided under this subchapter shall be the number of school years provided for as a result of the extension.

(3) In the case of a participant who is a part-time student—

(A) the period of obligated service shall be reduced in accordance with the proportion that the number of credit hours carried by such participant in any such school year bears to the number of credit hours required to be carried by a full-time student in the course of training being pursued by the participant, but in no event to less than one year; and

(B) the agreement shall include the participant's agreement to maintain employment, while enrolled in such course of education or training, as a Department employee permanently assigned to a Department health-care facility.

(4) If a participant's period of obligated service is deferred under section 7616(b)(3)(A)(i) of this title, the agreement terms under paragraph (1) of this subsection shall provide for the participant to serve any additional period of obligated service that is prescribed by the Secretary under section 7616(b)(4)(B) of this title.

### §7616. Obligated service

(a) Each participant in the Scholarship Program shall provide service as a full-time employee of the Department for the period of obligated service provided in the agreement of the participant

entered into under section 7603 of this title. Such service shall be provided in the full-time clinical practice of such participant's profession or in another health-care position in an assignment or location determined by the Secretary.

(b)(1) Not later than 60 days before the participant's service commencement date, the Secretary shall notify the participant of that service commencement date. That date is the date for the beginning of the participant's period of obligated service.

(2) As soon as possible after the participant's service commencement date, the Secretary shall—

(A) in the case of a participant who is not a full-time employee in the Veterans Health Administration, appoint such participant as such an employee; and

(B) in the case of a participant who is an employee in the Veterans Health Administration but is not serving in a position for which such participant's course of education or training prepared such participant, assign such participant to such a position.

(3)(A)(i) In the case of a participant receiving a degree from a school of medicine, osteopathy, dentistry, optometry, or podiatry, the participant's service commencement date is the date upon which the participant becomes licensed to practice medicine, osteopathy, dentistry, optometry, or podiatry, as the case may be, in a State. However, the Secretary may, at the request of such participant, defer such date until the end of the period of time required for the participant to complete an internship or residency or other advanced clinical training. If the participant requests such a deferral, the Secretary shall notify the participant that such deferral could lead to an additional period of obligated service in accordance with paragraph (4) of this subsection.

(ii) No such period of internship or residency or other advanced clinical training shall be counted toward satisfying a period of obligated service under this subchapter.

(B) In the case of a participant receiving a degree from a school of nursing, the participant's service commencement date is the later of (i) the participant's course completion date, or (ii) the date upon which the participant becomes licensed as a registered nurse in a State.

(C) In the case of a participant not covered by subparagraph (A) or (B) of this paragraph, the participant's service commencement date is the later of (i) the participant's course completion date, or (ii) the date the participant meets any applicable licensure or certification requirements.

Such a participant may, at the discretion of the Secretary and upon the recommendation of the Under Secretary for Health, incur an additional period of obligated service—

(A) at the rate of one-half of a calendar year for each year of internship or residency or other advanced clinical training (or a proportionate ratio thereof), if the internship, residency, or advanced clinical training is in a medical specialty necessary to meet the health-care requirements of the Department (as determined under regulations prescribed by the Secretary); or

(B) at the rate of three-quarters of a calendar year for each year of internship or residency or other advanced clinical training (or a proportionate ratio thereof), if the internship, residency, or advanced clinical training is not in a medical specialty necessary to meet the health-care requirements of the Department (as determined under regulations prescribed by the Secretary).

(5) The Secretary shall by regulation prescribe the service commencement date for participants who were part-time students. Such regulations shall prescribe terms as similar as practicable to the terms set forth in paragraph (3) of this subsection.

(c)(1) Except as provided in paragraph (2) of this subsection, a participant in the Scholarship Program shall be considered to have begun serving such participant's period of obligated service—

(A) on the date, after such participant's course completion date, on which such participant (in accordance with subsection (b) of this section) is appointed under this chapter as a full-time

employee in the Veterans Health Administration; or

(B) if the participant is a full-time employee in the Veterans Health Administration on such course completion date, on the date thereafter on which such participant is assigned to a position for which such participant's course of training prepared such participant.

(2) A participant in the Scholarship Program who on such participant's course completion date is a full-time employee in the Veterans Health Administration serving in a capacity for which such participant's course of training prepared such participant shall be considered to have begun serving such participant's period of obligated service on such course completion date.

(3) For the purposes of this section, the term "course completion date" means the date on which a participant in the Scholarship Program completes such participant's course of education or training under the program.

### **§8104. Congressional approval of certain medical facility acquisitions**

(a)(1) The purpose of this subsection is to enable Congress to ensure the equitable distribution of medical facilities throughout the United States, taking into consideration the comparative urgency of the need for the services to be provided in the case of each particular facility.

(2)(A) No funds may be appropriated for any fiscal year, and the Secretary may not obligate or expend funds (other than for advance planning and design), for any major medical facility project unless funds for that project have been specifically authorized by law.

(B) No funds may be appropriated for any fiscal year, and the Secretary may not obligate or expend funds (other than for advance planning and design), for any major medical facility lease unless the Committee on Veterans' Affairs of the Senate and the Committee on Veterans' Affairs of the House of Representatives each adopt a resolution approving the lease.

(3) For purposes of this subsection:

(A) The term "major medical facility project" means a project for the construction, alteration, or acquisition of a medical facility involving a total expenditure of more than the amount specified in paragraph (4), but such term does not include an acquisition by exchange, nonrecurring maintenance projects of the Department, or the construction, alteration, or acquisition of a shared Federal medical facility for which the Department's estimated share of the project costs does not exceed the amount specified in paragraph (4).

(B) The term "major medical facility lease"—

(i) means a lease for space for use as a new medical facility approved through the General Services Administration under section 3307(a) of title 40 at an average annual rent equal to or greater than the appropriate dollar threshold described in such section, which shall be subject to annual adjustment in accordance with section 3307(h) of such title; and

(ii) does not include a lease for space for use as a shared Federal medical facility for which the Department's estimated share of the lease costs does not exceed such dollar threshold.

(4)(A) The amount specified in this paragraph is \$30,000,000, as adjusted pursuant to this paragraph.

(B)(i) The Secretary may annually adjust the amount specified in this paragraph to reflect a percentage increase, if any, in construction costs during the prior calendar year, as determined by—

(I) the relevant composite construction and lease cost indices pursuant to section 3307(h) of title 40, or any similar successor index developed by the Administrator of the General Services Administration; or

(II) the Producer Price Index for New Health Care Building Construction published by the Bureau of Labor Statistics of the Department of Labor, or any similar successor index developed by the Secretary of Labor.

(ii) If there is no percentage increase in construction costs determined as described in clause (i) for a calendar year, the Secretary may not adjust the amount specified in subparagraph (A) for that year.

(C) If the Secretary adjusts the amount specified in this paragraph, the Secretary shall publish a notice of such adjustment in the Federal Register.

(D) Not later than 30 days before adjusting the amount specified in this paragraph, the Secretary shall notify the Committee on Veterans' Affairs and the Committee on Appropriations of the Senate and the Committee on Veterans' Affairs and the Committee on Appropriations of the House of Representatives.

(E) The Secretary shall determine a logical schedule for adjustments under this paragraph to take effect so that the amounts for and types of construction projects requested by the Department in the budget of the President under section 1105(a) of title 31 are consistent with the threshold for construction projects as so adjusted.

(b)(1) Whenever the President or the Secretary submit <sup>1</sup> to Congress a request for the funding of a major medical facility project (as defined in subsection (a)(3)(A)), the Secretary shall submit to each committee, on the same day, a prospectus of the proposed medical facility. Any such prospectus shall include the following:

(A) A detailed estimate of the total costs of the medical facility to be constructed, altered, or otherwise acquired under this subchapter, including a description of the location of such facility and, in the case of a prospectus proposing the construction of a new or replacement medical facility, a detailed report of the consideration that was given to acquiring an existing facility by lease or purchase and to the sharing of health-care resources with the Department of Defense under section 8111 of this title. Such detailed estimate shall include an identification of each of the following:

- (i) Total construction costs.
- (ii) Activation costs.
- (iii) Special purpose alterations (lump-sum payment) costs.
- (iv) Number of personnel.
- (v) Total costs of ancillary services, equipment, and all other items.

(B) Demographic data applicable to such facility, including information on projected changes in the population of veterans to be served by the facility over a five-year period, a ten-year period, and a twenty-year period.

(C) Current and projected workload and utilization data regarding the facility, including information on projected changes in workload and utilization over a five-year period, a ten-year period, and a twenty-year period.

(D) Projected operating costs of the facility, including both recurring and non-recurring costs (including and identifying both recurring and non-recurring costs (including activation costs and total costs of ancillary services, equipment and all other items)) over a five-year period, a ten-year period, and a twenty-year period.

(E) The priority score assigned to the project under the Department's prioritization methodology and, if the project is being proposed for funding before a project with a higher score, a specific explanation of the factors other than the priority score that were considered and the basis on which the project is proposed for funding ahead of projects with higher priority scores.

(F) In the case of a prospectus proposing the construction of a new or replacement medical facility, each of the following:

- (i) A detailed estimate of the total costs (including total construction costs, activation costs, special purpose alterations (lump-sum payment) costs, number of personnel and total costs of ancillary services, equipment and all other items) for each alternative to construction of the facility that was considered.
- (ii) A comparison of total costs to total benefits for each such alternative.
- (iii) An explanation of why the preferred alternative is the most effective means to achieve the stated project goals and the most cost-effective alternative.

(2) Whenever the President or the Secretary submit <sup>1</sup> to Congress a request for the funding of a major medical facility lease (as defined in subsection (a)(3)(B)), the Secretary shall submit to each committee, on the same day, a prospectus of the proposed medical facility. Any such prospectus

shall include the following:

(A) A description of the facility to be leased.

(B) An estimate of the cost to the Federal Government of the facility to be leased.

(C) An estimate of the energy performance of the proposed lease space, to include a description of anticipated utilization of renewable energy, energy efficient and climate resilient elements, and related matters.

(D) Current and projected workload and utilization data regarding the facility to be leased, including information on projected changes in workload and utilization over a five-year period, a ten-year period, and a twenty-year period.

(E) A detailed analysis of how the lease is expected to comply with Office of Management and Budget Circular A-11 and section 1341 of title 31 (commonly referred to as the "Anti-Deficiency Act"). Any such analysis shall include—

(i) an analysis of the classification of the lease as a "lease purchase", a "capital lease", or an "operating lease" as those terms are defined in Office of Management and Budget Circular A-11;

(ii) an analysis of the obligation of budgetary resources associated with the lease; and

(iii) an analysis of the methodology used in determining the asset cost, fair market value, and cancellation costs of the lease.

(c)(1) Not less than 30 days before obligating funds for a major medical facility project approved by a law described in subsection (a)(2) of this section in an amount that would cause the total amount obligated for that project to exceed the amount specified in the law for that project (or would add to total obligations exceeding such specified amount) by more than 10 percent, the Secretary shall provide the committees with notice of the Secretary's intention to do so and the reasons for the specified amount being exceeded.

(2) The Secretary shall—

(A) enter into a contract or agreement with an appropriate non-department Federal entity with the ability to conduct forensic audits on medical facility projects for the conduct of an external forensic audit of the expenditures relating to any major medical facility or super construction project for which the total expenditures exceed the amount requested in the initial budget request for the project submitted to Congress under section 1105 of title 31 by more than 25 percent; and

(B) enter into a contract or agreement with an appropriate non-department Federal entity with the ability to conduct forensic audits on medical facility projects for the conduct of an external audit of the medical center construction project in Aurora, Colorado.

(d)(1) Except as provided in paragraph (2), in any case in which the Secretary proposes that funds be used for a purpose other than the purpose for which such funds were appropriated, the Secretary shall promptly notify each committee, in writing, of the particulars involved and the reasons why such funds were not used for the purpose for which appropriated.

(2)(A) In any fiscal year, unobligated amounts in the Construction, Major Projects account that are a direct result of bid savings from a major construction project may only be obligated for major construction projects authorized for that fiscal year or a previous fiscal year.

(B) Whenever the Secretary obligates amounts for a major construction project under subparagraph (A), the Secretary shall submit to the Committee on Veterans' Affairs and the Committee on Appropriations of the Senate and the Committee on Veterans' Affairs and the Committee on Appropriations of the House of Representatives notice of the following:

(i) The major construction project that is the source of the bid savings.

(ii) If the major construction project that is the source of the bid savings is not complete—

(I) the amount already obligated by the Department or available in the project reserve for such project;

(II) the percentage of such project that has been completed; and

(III) the amount available to the Department to complete such project.

- (iii) The other major construction project for which the bid savings amounts are being obligated.
- (iv) The bid savings amounts being obligated for such other major construction project.

(C) The Secretary may not obligate an amount under subparagraph (A) to expand the purpose of a major construction project except pursuant to a provision of law enacted after the date on which the Secretary submits to the committees described in subparagraph (B) notice of the following:

- (i) The major construction project that is the source of the bid savings.
- (ii) The major construction project for which the Secretary intends to expand the purpose.
- (iii) A description of such expansion of purpose.
- (iv) The amounts the Secretary intends to obligate to expand the purpose.

(e) The Secretary may accept gifts or donations for any of the purposes of this subchapter.

(f) The Secretary may not obligate funds in an amount in excess of \$500,000 from the Advance Planning Fund of the Department toward design or development of a major medical facility project (as defined in subsection (a)(3)(A)) until—

- (1) the Secretary submits to the committees a report on the proposed obligation; and
- (2) a period of 30 days has passed after the date on which the report is received by the committees.

(g) The limitation in subsection (f) does not apply to a project for which funds have been authorized by law in accordance with subsection (a)(2).

(h)(1) Not less than 30 days before entering into a major medical facility lease, the Secretary shall submit to the Committees on Veterans' Affairs of the Senate and the House of Representatives—

- (A) notice of the Secretary's intention to enter into the lease;
- (B) a detailed summary of the proposed lease;
- (C) a description and analysis of any differences between the prospectus submitted pursuant to subsection (b) and the proposed lease; and
- (D) a scoring analysis demonstrating that the proposed lease fully complies with Office of Management and Budget Circular A-11.

(2) Each committee described in paragraph (1) shall ensure that any information submitted to the committee under such paragraph is treated by the committee with the same level of confidentiality as is required by law of the Secretary and subject to the same statutory penalties for unauthorized disclosure or use as the Secretary.

(3) Not more than 30 days after entering into a major medical facility lease, the Secretary shall submit to each committee described in paragraph (1) a report on any material differences between the lease that was entered into and the proposed lease described under such paragraph, including how the lease that was entered into changes the previously submitted scoring analysis described in subparagraph (D) of such paragraph.

(i)(1) Notwithstanding subsection (a)(2)(B), the Secretary may carry out interim leasing actions as the Secretary considers necessary for the following leases:

- (A) Major medical facility leases (as defined in subsection (a)(3)(B)) approved pursuant to this section and for which a prospectus for a replacement lease has been submitted to Congress pursuant to subsection (b)(2).

### **§8110. Operation of medical facilities**

(a)(1) The Secretary shall establish the total number of hospital beds and nursing home beds in medical facilities over which the Secretary has direct jurisdiction for the care and treatment of eligible veterans. The Secretary shall establish the total number of such beds so as to maintain a contingency capacity to assist the Department of Defense in time of war or national emergency to care for the casualties of such war or national emergency. Of the number of beds authorized pursuant to the preceding sentence, the Secretary shall maintain the availability of such additional beds and facilities in addition to the operating bed level as the Secretary considers necessary for such contingency purposes. The President shall include in the Budget transmitted to the Congress for each fiscal year pursuant to section 1105 of title 31, an amount for medical care and amounts for construction sufficient to maintain the availability of the contingency capacity referred to in the second sentence of this paragraph. The Secretary shall staff and maintain, in such a manner as to ensure the immediate acceptance and timely and complete care of patients, and in a manner consistent with the policies of the Secretary on overtime, sufficient beds and other treatment capacities to accommodate, and provide such care to, eligible veterans applying for admission and found to be in need of hospital care or medical services.

(2) The Secretary shall maintain the bed and treatment capacities of all Department medical facilities, including the staffing required to maintain such capacities, so as to ensure the accessibility and availability of such beds and treatment capacities to eligible veterans in all States, to minimize delays in admissions and in the provision of hospital, nursing home, and domiciliary care, and of medical services furnished pursuant to section 1710(a) of this title, and to ensure that eligible veterans are provided such care and services in an appropriate manner.

(3)(A) The Under Secretary for Health shall at the end of each fiscal year (i) analyze agencywide admission policies and the records of those eligible veterans who apply for hospital care, medical services, and nursing home care, but are rejected or not immediately admitted or provided such care or services, and (ii) review and make recommendations regarding the adequacy of staff levels for compliance with the policy established under subparagraph (C), the adequacy of the established operating bed levels, the geographic distribution of operating beds, the demographic characteristics

of the veteran population and the associated need for medical care and nursing home facilities and services in each State, and the proportion of the total number of operating beds that are hospital beds and that are nursing home beds.

(B) After considering the analyses and recommendations of the Under Secretary for Health pursuant to subparagraph (A) of this paragraph for any fiscal year, the Secretary shall report to the committees, on or before December 1 after the close of such fiscal year, on the results of the analysis of the Under Secretary for Health and on the numbers of operating beds and level of treatment capacities required to enable the Department to carry out the primary function of the Veterans Health Administration. The Secretary shall include in each such report recommendations for (i) the numbers of operating beds and the level of treatment capacities required for the health care of veterans and the maintenance of the contingency capacity referred to in paragraph (1) of this subsection, and (ii) the appropriate staffing and funds therefor.

(C) The Secretary shall, in consultation with the Under Secretary for Health, establish a nationwide policy on the staffing of Department medical facilities in order to ensure that such facilities have adequate staff for the provision to veterans of appropriate, high-quality care and services. The policy shall take into account the staffing levels and mixture of staff skills required for the range of care and services provided veterans in Department facilities.

(4)(A) With respect to each law making appropriations for the Department for any fiscal year (or any part of a fiscal year), there shall be provided to the Department the funded personnel ceiling defined in subparagraph (C) of this paragraph and the funds appropriated therefor.

(B) In order to carry out the provisions of subparagraph (A) of this paragraph, the Director of the Office of Management and Budget shall, with respect to each such law (i) provide to the Department for the fiscal year (or part of a fiscal year) concerned such funded personnel ceiling and the funds necessary to achieve such ceiling, and (ii) submit to the appropriate committees of the Congress and to the Comptroller General of the United States certification that the Director has so provided such ceiling. Not later than the thirtieth day after the enactment of such a law or, in the event of the enactment of such a law more than thirty days prior to the fiscal year for which such law makes such appropriations, not later than the tenth day of such fiscal year, the certification required in the first sentence of this subparagraph shall be submitted, together with a report containing complete information on the personnel ceiling that the Director has provided to the Department for the employees described in subparagraph (C) of this paragraph.

(C) For the purposes of this paragraph, the term "funded personnel ceiling" means, with respect to any fiscal year (or part of a fiscal year), the authorization by the Director of the Office of Management and Budget to employ (under the appropriation accounts for medical care, medical and prosthetic research, and medical administration and miscellaneous operating expenses) not less than the number of employees for the employment of which appropriations have been made for such fiscal year (or part of a fiscal year).

(5) Notwithstanding any other provision of this title or of any other law, funds appropriated for the Department under the appropriation accounts for medical care, medical and prosthetic research, and medical administration and miscellaneous operating expenses may not be used for, and no employee compensated from such funds may carry out any activity in connection with, the conduct of any study comparing the cost of the provision by private contractors with the cost of the provision by the Department of commercial or industrial products and services for the Veterans Health Administration unless such funds have been specifically appropriated for that purpose.

(6)(A) Temporary research personnel of the Veterans Health Administration shall be excluded from any ceiling on full-time equivalent employees of the Department or any other personnel ceiling otherwise applicable to employees of the Department.

(B) For purposes of subparagraph (A) of this paragraph, the term "temporary research personnel" means personnel who are employed in the Veterans Health Administration in other than a career appointment for work on a research activity and who are not paid by the Department or are paid from funds appropriated to the Department to support such activity.

(b) When the Secretary determines, in accordance with regulations which the Secretary shall prescribe, that a Department facility serves a substantial number of veterans with limited

English-speaking ability, the Secretary shall establish and implement procedures, upon the recommendation of the Under Secretary for Health, to ensure the identification of sufficient numbers of individuals on such facility's staff who are fluent in both the language most appropriate to such veterans and in English and whose responsibilities shall include providing guidance to such veterans and to appropriate Department staff members with respect to cultural sensitivities and bridging linguistic and cultural differences.

(c) The Secretary may not in any fiscal year close more than 50 percent of the beds within a bed section (of 20 or more beds) of a Department medical center unless the Secretary first submits to the Committees on Veterans' Affairs of the Senate and the House of Representatives a report providing a justification for the closure. No action to carry out such closure may be taken after the submission of such report until the end of the 21-day period beginning on the date of the submission of the report.

(d) The Secretary shall submit to the Committees on Veterans' Affairs of the Senate and the House of Representatives, not later than January 20 of each year, a report documenting by network for the preceding fiscal year the following:

(1) The number of medical service and surgical service beds, respectively, that were closed during that fiscal year and, for each such closure, a description of the changes in delivery of services that allowed such closure to occur.

(2) The number of nursing home beds that were the subject of a mission change during that fiscal year and the nature of each such mission change.

(e) For purposes of this section:

(1) The term "closure", with respect to beds in a medical center, means ceasing to provide staffing for, and to operate, those beds. Such term includes converting the provision of such bed care from care in a Department facility to care under contract arrangements.

(2) The term "bed section", with respect to a medical center, means psychiatric beds (including beds for treatment of substance abuse and post-traumatic stress disorder), intermediate, neurology, and rehabilitation medicine beds, extended care (other than nursing home) beds, and domiciliary beds.

(3) The term "justification", with respect to closure of beds, means a written report that includes the following:

(A) An explanation of the reasons for the determination that the closure is appropriate and advisable.

(B) A description of the changes in the functions to be carried out and the means by which such care and services would continue to be provided to eligible veterans.

(B) hospital care for a veteran who—

(i) is receiving hospital care under section 1710 of this title; or

(ii) is eligible for hospital care under such section and requires such care in a medical emergency that poses a serious threat to the life or health of the veteran;

if Department facilities are not capable of furnishing or continuing to furnish the care required because of the furnishing of care and services to members of the Armed Forces under subsection (a) of this section.

(c)(1) The cost of any care or services provided by the Department under subsection (a) of this section shall be reimbursed to the Department by the Department of Defense at such rates as may be agreed upon by the Secretary and the Secretary of Defense based on the cost of the care or services provided.

(2) Amounts received under this subsection shall be credited to funds allotted to the Department facility that provided the care or services.

(d)(1) The Secretary of Veterans Affairs and the Secretary of Defense shall jointly review plans for the implementation of this section not less often than annually.

(2) Whenever a modification to such plans is agreed to, the Secretaries shall jointly submit to the Committees on Veterans' Affairs of the Senate and House of Representatives a report on such modification. Any such report shall be submitted within 30 days after the modification is agreed to.

(e) The Secretary shall prescribe regulations to govern any exercise of the authority of the Secretary under subsections (a) and (b) of this section and of the Under Secretary for Health under subsection (b)(2)(A) of this section.

(ii) the transfer is made subject to the conditions (I) that the property be used by the State for a nursing-home or domiciliary care facility in accordance with the conditions and limitations applicable to State home facilities constructed with assistance under subchapter III of chapter 81 of this title, and (II) that, if the property is used at any time for any other purpose, all right, title, and interest in and to the property shall revert to the United States.

(C) A transfer of real property may not be made under this paragraph until—

(2) The Secretary may transfer real property under this section, or under section 8118 of this title, if the Secretary—

(A) places a notice in the real estate section of local newspapers and in the Federal Register of the Secretary's intent to transfer that real property (including land, structures, and equipment associated with the property);

(2) with respect to each covered drug of the manufacturer procured by a Federal agency described in subsection (b) on or after January 1, 1993, that is purchased under depot contracting systems or listed on the Federal Supply Schedule, the manufacturer has entered into and has in effect a pharmaceutical pricing agreement with the Secretary (or the Federal agency involved, if the Secretary delegates to the Federal agency the authority to enter into such a pharmaceutical pricing agreement) under which the price charged during the one-year period beginning on the date on which the agreement takes effect may not exceed 76 percent of the non-Federal average manufacturer price (less the amount of any additional discount required under subsection (c)) during the one-year period ending one month before such date (or, in the case of a covered drug for which sufficient data for determining the non-Federal average manufacturer price during such period are not available, during such period as the Secretary considers appropriate), except that such price may nominally exceed such amount if found by the Secretary to be in the best interests of the Department or such Federal agencies;

(3) with respect to each covered drug of the manufacturer procured by a State home receiving funds under section 1741 of this title, the price charged may not exceed the price charged under the Federal Supply Schedule at the time the drug is procured; and

(1) the non-Federal average manufacturer price of the drug during the 3-month period that ends one year before the last day of the month preceding the month during which the contract for the covered drug goes into effect (or, in the case of a covered drug for which sufficient data for determining the non-Federal average manufacturer price during such period is not available, during such period as the Secretary considers appropriate); multiplied by

(2) the percentage increase in the Consumer Price Index for all urban consumers (U.S. city average) between the last month of the period described in paragraph (1) and the last month preceding the month during which the contract goes into effect for which Consumer Price Index data is available.

(2) A manufacturer is deemed to meet the requirements of subsection (a) if the manufacturer establishes to the satisfaction of the Secretary that the manufacturer would comply (and has offered to comply) with the provisions of this section (as in effect immediately after the enactment of this section), and would have entered into an agreement under this section (as such section was in effect at such time), but for a legislative change in this section after November 4, 1992.

(h) In this section:

(1) The term "change in non-Federal price" means, with respect to a covered drug that is subject to an agreement under this section, an amount equal to—

(A) the non-Federal average manufacturer price of the drug during the 3-month period that ends with the month preceding the month during which a contract goes into effect (or, in the

case of a covered drug for which sufficient data for determining the non-Federal average manufacturer price during such period is not available, during such period as the Secretary considers appropriate); minus

(B) the non-Federal average manufacturer price of the drug during the 3-month period that ends one year before the end of the period described in subparagraph (A) (or, in the case of a covered drug for which sufficient data for determining the non-Federal average manufacturer price during such period is not available, during such period preceding the period described in subparagraph (A) as the Secretary considers appropriate).

(2) The term "covered drug" means—

(B) in the packaging, repackaging, labeling, relabeling, or distribution of prescription drug products.

Such term does not include a wholesale distributor of drugs or a retail pharmacy licensed under State law.

(5) The term "non-Federal average manufacturer price" means, with respect to a covered drug and a period of time (as determined by the Secretary), the weighted average price of a single form and dosage unit of the drug that is paid by wholesalers in the United States to the manufacturer, taking into account any cash discounts or similar price reductions during that period, but not taking into account—

(A) any prices paid by the Federal Government; or

(B) any prices found by the Secretary to be merely nominal in amount.

(6) The term "weighted average price" means, with respect to a covered drug and a period of time (as determined by the Secretary) an amount equal to—

(A) the sum of the products of the average price per package unit of each quantity of the drug sold during the period and the number of package units of the drug sold during the period; divided by

(B) the total number of package units of the drug sold during the period.

(i)(1) If the Secretary modifies a multi-year contract described in subsection (d) to include a

covered drug of the manufacturer that was not available for inclusion under the contract at the time the contract went into effect, the price of the drug shall be determined as follows:

(A) For the portion of the first contract year during which the drug is so included, the price of the drug shall be determined in accordance with subsection (a)(2), except that the reference in such subsection to "the one-year period beginning on the date the agreement takes effect" shall be considered a reference to such portion of the first contract year.

(B) For any subsequent contract year, the price of the drug shall be determined in accordance with subsection (d), except that each reference in such subsection to "the first year for which the contract is in effect" shall be considered a reference to the portion of the first contract year during which the drug is included under the contract.

(2) In this subsection, the term "contract year" means any one-year period for which a multi-year contract described in subsection (d) is in effect.

(a)(1) The Secretary shall prescribe regulations for the purposes of this subchapter.

(2) In those regulations, the Secretary shall prescribe for each State the number of nursing home and domiciliary beds for which assistance under this subchapter may be furnished. Such regulations shall be based on projected demand for such care 10 years after the date of the enactment of the Veterans Millennium Health Care and Benefits Act by veterans who at such time are 65 years of age or older and who reside in that State. In determining such projected demand, the Secretary shall take into account travel distances for veterans and their families.

(3)(A) In those regulations, the Secretary shall establish criteria under which the Secretary shall determine, with respect to an application for assistance under this subchapter for a project described in subparagraph (B) which is from a State that has a need for additional beds as determined under subsections (a)(2) and (d)(1), whether the need for such beds is most aptly characterized as great, significant, or limited. Such criteria shall take into account the availability of beds already operated by the Secretary and other providers which appropriately serve the needs which the State proposes to meet with its application.

(B) This paragraph applies to a project for the construction or acquisition of a new State home facility, a project to increase the number of beds available at a State home facility, and a project to replace beds at a State home facility.

(4) The Secretary shall review and, as necessary, revise regulations prescribed under paragraphs (2) and (3) not less often than every four years.

(b) The Secretary shall prescribe the following by regulation:

(1) General standards of construction, repair, and equipment for facilities constructed or acquired with assistance received under this subchapter.

(2) General standards for the furnishing of care in facilities which are constructed or acquired with assistance received under this subchapter, which standards shall be no less stringent than those standards prescribed by the Secretary pursuant to section 1720(b) of this title.

(c) The Secretary may inspect any State facility constructed or acquired with assistance received under this subchapter at such times as the Secretary deems necessary to insure that such facility meets the standards prescribed under subsection (b)(2).

(d)(1) In prescribing regulations to carry out this subchapter, the Secretary shall provide that in the case of a State that seeks assistance under this subchapter for a project described in subsection (a)(3)(B), the determination of the unmet need for beds for State homes in that State shall be reduced by the number of beds in all previous applications submitted by that State under this subchapter, including beds which have not been recognized by the Secretary under section 1741 of this title.

(2)(A) Financial assistance under this subchapter for a renovation project may only be provided for a project for which the total cost of construction is in excess of \$400,000 (as adjusted from time-to-time in such regulations to reflect changes in costs of construction).

(B) For purposes of this paragraph, a renovation project is a project to remodel or alter existing buildings for which financial assistance under this subchapter may be provided and does not include maintenance and repair work which is the responsibility of the State.

(3) In according priorities to projects under paragraph (2) of this subsection, the Secretary—

(A) may not accord any priority to a project for the construction or acquisition of a hospital; and

(B) may not accord any priority to a project which would expand a State's capacity to furnish hospital care in a State home.

(4) The Secretary shall establish a list of approved projects (including projects that have been conditionally approved under paragraph (6) of this subsection), in the order of their priority, as of August 15 of each year. The Secretary shall award grants in the order of their priority on the list during the fiscal year beginning on October 1 of the calendar year in which the list was made.

(5)(A) The Secretary shall defer approval of an application that otherwise meets the requirements of this section if the State submitting the application does not, by the July 1 deadline (as defined in subparagraph (D) of this paragraph), demonstrate to the satisfaction of the Secretary that the State has provided adequate financial support for construction of the project.

(B) In a case in which approval of an application is deferred under subparagraph (A) of this paragraph, the Secretary shall select for award of a grant or grants under this subsection an application or applications which would not have been approved during the fiscal year but for the deferral and to which the Secretary accords the highest priority under paragraph (2) of this subsection.

(6)(A) The Secretary may conditionally approve a project under this section, conditionally award a

grant for the project, and obligate funds for the grant if the Secretary determines that the application for the grant is sufficiently complete to warrant awarding the grant and that, based on assurances provided by the State submitting the application, the State will complete the application and meet all the requirements referred to in paragraph (1)(A) of this subsection by the date, not later than 180 days after the date of the conditional approval, specified by the Secretary.

(B) If a State does not complete the application and meet all the requirements referred to in such paragraph by the date specified by the Secretary under subparagraph (A) of this paragraph, the Secretary shall rescind the conditional approval and award under such subparagraph and deobligate the funds previously obligated in connection with the application. In the event the Secretary rescinds conditional approval of a project under this subparagraph, the Secretary may not further obligate funds for the project during the fiscal year in which the Secretary rescinds such approval.

### **AMENDMENTS**

**1996**—Pub. L. 104–262 amended section generally. Prior to amendment, section read as follows: "It is the purpose of this subchapter to improve the quality of hospital care and other medical service provided veterans under this title, by authorizing the Secretary to enter into agreements with medical schools, health-care facilities, and research centers throughout the country in order to receive from and share with such medical schools, health-care facilities, and research centers the most advanced medical techniques and information, as well as certain specialized medical resources which otherwise might not be feasibly available or to effectively utilize other medical resources with the surrounding medical community, without diminution of services to veterans. Among other things, it is intended, by these means, to strengthen the medical programs at those Department hospitals which are located in small cities or rural areas and thus are remote from major medical centers. (a)(1) To secure health-care resources which otherwise might not be feasibly available, or to effectively utilize certain other health-care resources, the Secretary may, when the Secretary determines it to be in the best interest of the prevailing standards of the Department medical care program, make arrangements, by contract or other form of agreement for the mutual use, or exchange of use, of health-care resources between Department health-care facilities and any health-care provider, or other entity or individual.

(2) The Secretary may enter into a contract or other agreement under paragraph (1) if such resources are not, or would not be, used to their maximum effective capacity.

(3)(A) If the health-care resource required is a commercial service, the use of medical equipment

or space, or research, and is to be acquired from an institution affiliated with the Department in accordance with section 7302 of this title, including medical practice groups and other entities associated with affiliated institutions, blood banks, organ banks, or research centers, the Secretary may make arrangements for acquisition of the resource without regard to any law or regulation (including any Executive order, circular, or other administrative policy) that would otherwise require the use of competitive procedures for acquiring the resource.

(B)(i) If the health-care resource required is a commercial service or the use of medical equipment or space, and is not to be acquired from an entity described in subparagraph (A), any procurement of the resource may be conducted without regard to any law or regulation that would otherwise require the use of competitive procedures for procuring the resource, but only if the procurement is conducted in accordance with the simplified procedures prescribed pursuant to clause (ii).

(ii) The Secretary, in consultation with the Administrator for Federal Procurement Policy, may prescribe simplified procedures for the procurement of health-care resources under this subparagraph. The Secretary shall publish such procedures for public comment in accordance with section 1707 of title 41. Such procedures shall permit all responsible sources, as appropriate, to submit a bid, proposal, or quotation (as appropriate) for the resources to be procured and provide for the consideration by the Department of bids, proposals, or quotations so submitted.

(iii) Pending publication of the procedures under clause (ii), the Secretary shall (except as provided under subparagraph (A)) procure health-care resources referred to in clause (i) in accordance with all procurement laws and regulations.

(C) Any procurement of health-care resources other than those covered by subparagraph (A) or (B) shall be conducted in accordance with all procurement laws and regulations.

(D) For any procurement to be conducted on a sole source basis other than a procurement covered by subparagraph (A), a written justification shall be prepared that includes the information and is approved at the levels prescribed in section 3304(e) of title 41.

(E) As used in this paragraph, the term "commercial service" means a service that is offered and sold competitively in the commercial marketplace, is performed under standard commercial terms and conditions, and is procured using firm-fixed price contracts.

(b) Arrangements entered into under this section shall provide for payment to the Department in accordance with procedures that provide appropriate flexibility to negotiate payment which is in the best interest of the Government. Any proceeds to the Government received therefrom shall be credited to the applicable Department medical appropriation and to funds that have been allotted to the facility that furnished the resource involved.

(c) Eligibility for hospital care and medical services furnished any veteran pursuant to this section shall be subject to the same terms as though provided in a Department health care facility, and provisions of this title applicable to persons receiving hospital care or medical services in a Department health care facility shall apply to veterans treated under this section.

(d) When a Department health care facility provides hospital care or medical services, pursuant to a contract or agreement authorized by this section, to an individual who is not eligible for such care or services under chapter 17 of this title and who is entitled to hospital or medical insurance benefits under title XVIII of the Social Security Act (42 U.S.C. 1395 et seq.), such benefits shall be paid, notwithstanding any condition, limitation, or other provision in that title which would otherwise preclude such payment to such facility for such care or services or, if the contract or agreement so provides, to the community health care facility which is a party to the contract or agreement.

(e) The Secretary may make an arrangement that authorizes the furnishing of services by the Secretary under this section to individuals who are not veterans only if the Secretary determines—

(1) that veterans will receive priority under such an arrangement; and

(2) that such an arrangement—

(A) is necessary to maintain an acceptable level and quality of service to veterans at that facility; or

(B) will result in the improvement of services to eligible veterans at that facility.

(f) Any amount received by the Secretary from a non-Federal entity as payment for services

provided by the Secretary during a prior fiscal year under an agreement entered into under this section may be obligated by the Secretary during the fiscal year in which the Secretary receives the payment.

(g) The Secretary shall submit to the Congress not later than February 1 of each year a report on the activities carried out under this section during the preceding fiscal year. Each report shall include—

(1) an appraisal of the effectiveness of the activities authorized in this section and the degree of cooperation from other sources, financial and otherwise; and

(2) recommendations for the improvement or more effective administration of such activities.

In carrying out this chapter and section 7302 of this title in connection with health manpower and training programs assisted or conducted under this title or in affiliation with a Department medical facility, the Secretary shall take appropriate steps to encourage the institutions involved to afford the priorities described in the first sentence of this subsection and to advise all qualified veterans with such medical military occupation specialties of the steps the Secretary has taken under this subsection and the opportunities available to them as a result of such steps.

(g)(1) Each recipient of assistance under this chapter shall keep such records as the Secretary shall prescribe, including records which fully disclose the amount and disposition by such recipient of the proceeds of such assistance, the total cost of the project or undertaking in connection with which such assistance is made or used, the amount of that portion of the cost of the project or undertaking supplied by other sources, and such records as will facilitate an effective audit.

## **§8502. Disposition of unclaimed personal property**

(a) Notwithstanding the provisions of section 8501 of this title, the Secretary may dispose of the personal property of such decedent left or found upon such premises as hereafter provided in this subchapter.

(b) If any veteran (admitted as a veteran), or a dependent or survivor of a veteran receiving care under the penultimate sentence of section 1781(b) of this title, upon such person's last admission to, or during such person's last period of maintenance in, a Department facility, has personal property situated on such facility and shall have designated in writing a person (natural or corporate) to receive such property when such veteran, dependent or survivor dies, the Secretary or employee of the Department authorized by the Secretary so to act, may transfer possession of such personal property to the person so designated. If there exists no person so designated by such veteran, dependent, or survivor or if the one so designated declines to receive such property, or failed to request such property within ninety days after the Department mails to such designate a notice of death and of the fact of such designation, a description of the property, and an estimate of transportation cost, which shall be paid by such designate if required under the regulations hereinafter mentioned, or if the Secretary declines to transfer possession to such designate, possession of such property may in the discretion of the Secretary or the Secretary's designated subordinate, be transferred to the following persons in the order and manner herein specified unless the parties otherwise agree in writing delivered to the Department, namely, executor or administrator, or if no notice of appointment received, to the spouse, children, grandchildren, parents, grandparents, siblings of the veteran. If claim is made by two or more such relatives having equal priorities, as hereinabove prescribed, or if there are conflicting claims the Secretary or the Secretary's designee may in such case deliver the property either jointly or separately in equal values, to those equally entitled thereto or may make delivery as may be agreed upon by those entitled, or may in the discretion of the Secretary or the Secretary's designee withhold delivery from them and require the qualification of an administrator or executor of the veterans' estate and thereupon make delivery to such.

(c) If the property of any decedent is not so delivered or claimed and accepted the Secretary or the Secretary's designee may dispose of such property by public or private sale in accordance with the provisions of this subchapter and regulations prescribed by the Secretary.

(d) All sales authorized by this subchapter shall be for cash upon delivery at the premises where sold and without warranty, express or implied. The proceeds of such sales after payment of any expenses incident thereto as may be prescribed by regulations, together with any other moneys left or found on a facility, not disposed of in accordance with this subchapter, shall be credited to the General Post Fund, National Homes, Department of Veterans Affairs, a trust fund provided for in section 1321(a)(45) of title 31. In addition to the purposes for which such fund may be used under the existing law, disbursements may be made therefrom as authorized by the Secretary by regulation or otherwise for the purpose of satisfying any legal liability incurred by any employee in administering the provisions of this subchapter, including any expense incurred in connection therewith. Legal liability shall not exist when delivery or sale shall have been made in accordance with this subchapter.

(e) If, notwithstanding such sale, a claim is filed with the Secretary within five years after notice of sale as herein required, by or on behalf of any person or persons who if known would have been entitled to the property under section 8501 of this title or to possession thereof under this section, the Secretary shall determine the person or persons entitled under the provisions of this subchapter and may pay to such person or persons so entitled the proceeds of sale of such property, less expenses. Such payment shall be made out of the said trust fund, and in accord with the provisions of this section or section 8501 of this title. Persons under legal disability to sue in their own name may make claim for the proceeds of sale of such property at any time within five years after termination of such legal disability.

(f) Any such property, the sale of which is authorized under this subchapter and which remains unsold, may be used, destroyed, or otherwise disposed of in accordance with regulations promulgated by the Secretary.
