(2) **TERMINATION DATE.**—Section 419(g) is amended by striking out “the last day” and all that follows through the period at the end thereof and inserting in lieu thereof “September 30, 1988.”

(3) **EFFECTIVE DATE.**—The amendments made by this subsection shall take effect October 1, 1987.

(b) **FISCAL YEARS 1988-1998.**—

(1) **GENERAL RULES.**—Section 419 is amended to read as follows:

“**SEC. 419. SMALL COMMUNITY AIR SERVICE.**

“(a) **ELIGIBLE POINT DEFINED.**—For the purposes of this section, the term ‘eligible point’ means any point in the United States—

“(1) which is defined as an eligible point under this section as in effect before October 1, 1988, and which, at any time in the 12-month period ending on such date, received scheduled air transportation, and

“(2) which the Secretary determines is 45 highway miles or more from the nearest hub airport.

“(b) **BASIC ESSENTIAL AIR SERVICE.**—

“(1) **LEVEL OF SERVICE.**—

“(A) **DETERMINATION FOR ESSENTIAL AIR SERVICE POINTS.**—With respect to each eligible point for which a determination of what constitutes essential air transportation was made under this section before October 1, 1988, the Secretary shall determine what is basic essential air service for such point. Such determination shall be made no later than the last day of the 1-year period beginning on the date of the enactment of the Airport and Airway Safety and Capacity Expansion Act of 1987 and only after consideration of the views of any interested community and the State agency of the State in which such community is located.

“(B) **DETERMINATION FOR OTHER POINTS.**—With respect to each eligible point for which a determination of what constitutes essential air transportation was not made before October 1, 1988, the Secretary shall determine what is basic essential air service to such point if the Secretary receives notice that service to such point will be provided by only 1 air carrier. Such determination shall be made no later than the last day of the 6-month period beginning on the date on which the Secretary receives such notice and only after the

note.

State and local
governments.

Secretary considers the views of any interested community and the State agency of the State in which such community is located. The Secretary may impose such notice requirements as may be necessary to implement this subparagraph.

“(C) CONTINUATION OF REQUIREMENT; TRANSITION PROVISIONS.—An air carrier required to provide essential air transportation before October 1, 1988, to an eligible point shall be required to continue to provide such transportation to such point after such date and the level of such transportation shall be deemed to be basic essential air service for purposes of this subsection until a determination is made under subparagraph (A) with respect to such point. The rate of compensation in effect for essential air transportation before such date shall continue in effect until a new rate is determined in accordance with the guidelines under subsection (f) of this section.

“(D) REVIEW.—The Secretary shall periodically review the basic essential air service level for each eligible point, and may, based upon such review and consultations with the interested community and the State agency of the State in which such community is located, make appropriate adjustments to the basic essential air service level.

“(2) NOTICE REQUIRED BEFORE TERMINATION, SUSPENSION, OR REDUCTION IN SERVICE.—An air carrier may not terminate, suspend, or reduce air transportation to any eligible point below the level of basic essential air service established under paragraph (1) unless such air carrier has given the Secretary, the appropriate State agency or agencies, and the communities affected at least 90 days notice before such termination, suspension, or reduction.

“(3) DETERMINATION OF NEED FOR COMPENSATION.—

“(A) SELECTION OF CARRIER.—Whenever the Secretary determines that basic essential air service will not be provided to an eligible point without compensation, the Secretary shall provide notice that applications may be submitted by any air carrier that is willing to provide such service to such point for compensation under this subsection. In selecting an applicant to provide basic essential air service to a point for compensation the Secretary shall, among other factors, consider—

“(i) the applicant's demonstrated reliability in providing scheduled air service;

“(ii) the contractual and marketing arrangements that the applicant has made with a larger air carrier to assure service beyond the hub airport;

“(iii) the interline arrangements which the applicant has made with a larger air carrier which allow passengers and cargo of the applicant at the hub airport to be transported by such large carrier through one reservation, one ticket, and one baggage check-in;

“(iv) the preferences of the actual and potential users of air transportation at the eligible point, giving substantial weight to the views of elected officials representing such users; and

“(v) with respect to any eligible point in the State of Alaska, the experience of an applicant in providing

Alaska.

scheduled air service, or significant patterns of non-scheduled air service pursuant to an exemption granted pursuant to section 416 of this title, in Alaska.

“(B) RATE OF COMPENSATION.—The Secretary shall establish, in accordance with the guidelines promulgated under subsection (f), the rate of compensation to be paid for providing basic essential air service under this subsection.

“(4) PAYMENT OF COMPENSATION.—The Secretary shall make payments of compensation under this subsection at times and in a manner determined by the Secretary to be appropriate. The Secretary shall continue to pay compensation to any air carrier to provide basic essential air service to an eligible point only for so long as the Secretary determines it is necessary in order to maintain basic essential air service to such point.

“(5) REQUIREMENT TO CONTINUE SERVICE.—If an air carrier has provided notice to the Secretary under paragraph (2) of such air carrier’s intention to suspend, terminate, or reduce service to any eligible point below the level of basic essential air service to such point, and if at the conclusion of the applicable period of notice the Secretary has not been able to find another air carrier to provide basic essential air service to such point, the Secretary shall require the carrier which provided such notice to continue such service to such point for an additional 30-day period, or until another air carrier has begun to provide basic essential air service to such point, whichever first occurs. If at the end of such 30-day period the Secretary determines that no other air carrier can be secured to provide basic essential air service to such eligible point on a continuing basis, either with or without compensation, then the Secretary shall extend such requirement for such additional 30-day periods (making the same determination at the end of each such period) as may be necessary to continue basic essential air service to such eligible point until an air carrier can be secured to provide basic essential air service to such eligible point on a continuing basis.

“(6) COMPENSATION FOR CONTINUED SERVICE.—

“(A) CARRIERS RECEIVING COMPENSATION.—If an air carrier (i) which is providing air transportation to any eligible point, and (ii) which is receiving compensation under this subsection for providing such transportation, is required by the Secretary to continue service to such point beyond the date on which such carrier would, but for paragraph (5), be able to suspend, terminate, or reduce such service below the level of basic essential air service to such point, then after such date such carrier shall continue to receive such compensation until the Secretary secures another air carrier to provide basic essential air service to such point or the 90th day following such date, whichever is earlier. If, after such 90th day, the Secretary has not secured another air carrier to provide such service, the carrier required to continue to provide such service shall receive compensation in an amount sufficient—

“(i) to cover the carrier’s fully allocated actual cost of performing the basic essential air service that was being provided at the time the 90-day notice of termination, suspension, or reduction of service is given to the Secretary under paragraph (2) plus a fair and

reasonable return on investment which shall not be less than 5 percent of operating costs; and

“(ii) to provide the carrier an additional return which recognizes the demonstrated additional lost profits from opportunities foregone and the likelihood that such lost profits increase as the duration of the required basic essential air service increases.

“(B) CARRIERS NOT RECEIVING COMPENSATION.—If the Secretary requires an air carrier which is providing air transportation to an eligible point without compensation pursuant to paragraph (4) to continue to provide basic essential air service to such point beyond the 90-day notice period after which, but for paragraph (5) of this subsection, such air carrier would be able to suspend, terminate, or reduce service to such point below basic essential air service for such point, then the Secretary shall compensate such air carrier in an amount sufficient—

“(i) to cover the carrier’s fully allocated actual cost of performing the basic essential air service that was being provided at the time the 90-day notice of termination, suspension, or reduction of service is given to the Secretary under paragraph (2) plus a fair and reasonable return on investment which shall not be less than 5 percent of operating costs; and

“(ii) to provide the carrier an additional return which recognizes the demonstrated additional lost profits from opportunities foregone and the likelihood that such lost profits increase as the duration of the required basic essential air service increases.

“(7) TRANSFER OF OPERATIONAL AUTHORITY AT CERTAIN HIGH-DENSITY AIRPORTS.—If an air carrier which is providing basic essential air service under this subsection between an eligible point and an airport at which the Administrator limits the number of instrument flight rule takeoffs and landings of aircraft provides notice to the Secretary of its intention to suspend, terminate, or reduce such service and another air carrier is secured to provide such service on a continuing basis, the Secretary shall require the carrier suspending, terminating, or reducing such service to transfer any operational authority which such carrier has to conduct a landing or takeoff at such airport with respect to such service to the carrier secured to provide such service unless the carrier secured to provide such service does not need such authority or such authority is being used to provide air service with respect to more than 1 eligible point.

“(8) EFFORT TO SECURE CARRIERS.—During any period for which the Secretary requires an air carrier to continue providing air transportation to an eligible point which such air carrier has proposed to terminate, reduce, or suspend, the Secretary shall continue to make every effort to secure an air carrier to provide at least basic essential air service to such eligible point, on a continuing basis.

“(9) PROHIBITION ON CERTAIN REDUCTIONS IN SERVICE.—Unless the Secretary has determined what is basic essential air service for any eligible point pursuant to paragraph (1) of this subsection, the Secretary shall, upon petition of any appropriate representative of such point prohibit any termination, suspen-

governments.

tion, or reduction of air transportation which reasonably appears to deprive such point of basic essential air service, until the Secretary has completed such determination.

“(c) ENHANCED ESSENTIAL AIR SERVICE.—

“(1) PROPOSAL.—

“(A) SUBMISSION.—A State or local government may submit a proposal to the Secretary for enhanced essential air service to an eligible point with respect to which basic essential air service is being provided under subsection (b).

“(B) CONTENTS.—A proposal submitted under this subsection shall specify the level and type of enhanced essential air service which the State or local government considers appropriate. Such proposal shall also include an agreement relating to compensation required for the proposed enhanced essential air service. Such agreement shall be subject to the requirements of subparagraph (C).

“(C) COMPENSATION AGREEMENT.—The agreement relating to compensation included in the proposal submitted by a State or local government under this subsection shall either—

“(i) provide for the State or local government or any person to pay 50 percent of the compensation required for the proposed enhanced essential air service and for the Federal share of such compensation to be 50 percent; or

“(ii) provide for the Federal share for such compensation to be 100 percent and provide that, if the proposed service is not successful in terms of the criteria established under paragraph (3)(C) for not less than a 2-year period, the eligible point shall not be eligible for air service for which compensation is payable by the Secretary under this section.

“(2) ESTABLISHMENT OF SERVICE.—Not later than 90 days after receiving a proposal under paragraph (1), the Secretary shall issue a decision on the proposal. The Secretary shall approve such proposal unless the Secretary determines that such proposal is not reasonable. If the Secretary determines that such proposal is not reasonable, the Secretary shall disapprove such proposal and notify the State or local government submitting such proposal of such disapproval and the reasons therefor.

“(3) REVIEW.—

“(A) PROPOSALS FOR 50 PERCENT FEDERAL SHARE.—If the enhanced essential air service approved under this subsection is to be at a 50 percent Federal share, the Secretary shall periodically review the level and type of such service to an eligible point and may, based upon such review and consultations with the community and the government or person paying the non-Federal share, make appropriate adjustments to the level and type of enhanced essential air service to such point.

“(B) PROPOSALS FOR 100 PERCENT FEDERAL SHARE.—If the enhanced essential air service approved under this subsection is to be at a 100 percent Federal share, the Secretary shall periodically review air service provided to an eligible point under this subsection. If the Secretary finds, after consultation with the State or local government which submitted the proposal, that such service has not been

successful in terms of the criteria established under subparagraph (C) for not less than a 2-year period, such eligible point shall not be eligible for air service for which compensation is payable by the Secretary under this section.

“(C) CRITERIA OF SUCCESS.—The Secretary shall establish, by regulation, objective criteria for determining whether or not enhanced essential air service to an eligible point provided under this subsection is successful in terms of increasing passenger usage of the airport facilities at such point and reducing the amount of compensation provided by the Secretary under this subsection for such service.

Regulations.

“(4) NOTICE BEFORE TERMINATION, SUSPENSION, OR REDUCTION OF SERVICE.—An air carrier may not terminate, suspend, or reduce air transportation to an eligible point for which a determination of enhanced essential air service has been made below the level of such service approved by the Secretary under this subsection unless such carrier has given the Secretary, the community affected, and the government or person paying the non-Federal share at least 30 days’ notice before such termination, suspension, or reduction. Nothing in this paragraph relieves an air carrier of its obligations under subsection (b).

“(5) PAYMENT OF COMPENSATION.—The Secretary shall make payments of compensation under this subsection at times and in a manner determined by the Secretary to be appropriate. The Secretary shall continue to pay the compensation to an air carrier to provide enhanced essential air service to an eligible point only for so long as such carrier maintains the level of enhanced essential air service and the government or person agreeing to pay any non-Federal share continues to pay such share and only for so long as the Secretary determines it is necessary in order to maintain such service to such point.

“(6) PAYMENT OF NON-FEDERAL SHARE.—The Secretary may require appropriate payment in advance or such other security to assure that non-Federal payments for enhanced essential air service under this subsection are made on a timely basis.

“(7) COMPENSATION FOR ENHANCED ESSENTIAL AIR SERVICE DEFINED.—For purposes of this subsection, compensation for enhanced essential air service to an eligible point covers only those costs incurred for providing air service to such point which are in addition to the costs incurred for providing basic essential air service to such point under this section.

“(d) COMPENSATION FOR SERVICE TO OTHER SMALL COMMUNITIES.—

State and local governments.

“(1) PROPOSAL.—A State or local government may make a proposal to the Secretary for compensated air transportation in accordance with this subsection to a point that is not an eligible point under this section.

“(2) DETERMINATION OF ELIGIBILITY.—

“(A) DESIGNATION OF POINTS.—Not later than 90 days after the submission of a proposal under this subsection, the Secretary—

“(i) shall determine whether or not to designate the point for which such proposal is made as eligible to receive compensation under this subsection; and

“(ii) shall approve or disapprove such proposal and notify the State or local government submitting such proposal of such decision.

The Secretary shall approve such proposal if the State or local government submitting the proposal or any other person is willing and able to pay 50 percent of the cost of providing the proposed compensated air transportation; except that the Secretary shall disapprove such proposal if the Secretary determines that such proposal is not reasonable. In the case of disapproval of a proposal, the notification of such disapproval must include the reasons for such disapproval.

“(B) **SMALL COMMUNITY SERVICE.**—Notwithstanding subparagraph (A)(ii), the Secretary shall approve a proposal submitted under this subsection for compensated air transportation to a point in the 48 contiguous States and designate such point as eligible for compensation under this subsection—

“(i) if, at any time before October 23, 1978, the point was served by an air carrier that held a certificate issued under section 401;

“(ii) if the point is more than 50 miles from the nearest small hub airport or an eligible point;

“(iii) if the point is more than 150 miles from the nearest hub airport; and

“(iv) if the State or local government submitting the proposal or any other person is willing and able to pay 25 percent of the cost of providing the proposed compensated air transportation.

“(C) **CRITERIA FOR DETERMINING REASONABLENESS.**—In determining whether or not a proposal submitted under this subsection is reasonable, the Secretary shall consider, among other factors, the traffic generating potential of the point, the cost to the Federal Government of providing the proposed service, and the distance of the point from the closest hub airport.

“(D) **WITHDRAWAL OF DESIGNATION.**—After notice and an opportunity for any interested person to comment, the Secretary may withdraw the designation of a point under subparagraph (A) as eligible to receive compensation under this subsection if the point has received air service under this subsection for at least 2 years and the Secretary determines that withdrawal of that designation would be in the public interest. The Secretary shall establish, by regulation, standards for determining whether or not withdrawal of a designation under this paragraph is in the public interest. Such standards shall include, but not be limited to, the factors set forth in subparagraph (C).

“(3) **LEVEL OF SERVICE.**—

“(A) **INITIAL DETERMINATION.**—If the Secretary designates a point under paragraph (2), the Secretary shall determine the level of service to be provided under this subsection. The Secretary shall determine such level after considering the views of any interested community, the State agency of the State in which the point is located, and the government or person agreeing to pay the non-Federal share of the cost of the proposed service. The Secretary shall determine such level not later than 6 months after the date on which the Secretary designates such point under paragraph (2).

Regulations.

“(B) REVIEW.—The Secretary shall periodically review the level of air service provided under this subsection and may, based upon such review and consultation with any interested community, any State agency of the State in which the community is located, and any government or person providing the non-Federal share of the compensation for the service, make appropriate adjustments in the level of service.

“(4) SELECTION OF CARRIER.—After making the determinations required by paragraph (3) with respect to a designated point, the Secretary shall provide notice that applications may be submitted by any air carrier that is willing to provide the level of air service determined under paragraph (3) with respect to such point. In selecting an applicant to provide such service the Secretary shall, among other factors, consider the factors set forth in subsection (b)(3)(A) and shall also consider the views of the government or person paying the non-Federal share of the cost of the service.

“(5) NON-FEDERAL SHARE.—Except as provided in paragraph (2)(B), the non-Federal share for compensation required for providing air service under this subsection shall be 50 percent.

“(6) NOTICE BEFORE TERMINATION, SUSPENSION, OR REDUCTION OF SERVICE.—An air carrier may not terminate, suspend, or reduce air transportation to an eligible point for which compensation is paid under this subsection below the level of such service established by the Secretary under paragraph (3) unless such carrier has given the Secretary, the community affected, and the government or person paying the non-Federal share at least 30 days' notice before such termination, suspension, or reduction.

“(7) PAYMENT OF COMPENSATION.—The Secretary shall make payments of compensation under this subsection at times and in a manner determined by the Secretary to be appropriate. The Secretary shall continue to pay compensation to an air carrier to provide service to a point designated under this subsection only for so long as such carrier maintains such service and the government or person agreeing to pay the non-Federal share continues to pay such share and only for so long as the Secretary determines it is necessary in order to maintain such service to such point.

“(8) PAYMENT OF NON-FEDERAL SHARE.—The Secretary may require appropriate payment in advance or such other security to assure that the non-Federal payments for air service under this subsection are timely made.

“(e) FITNESS.—

“(1) GENERAL RULE.—Notwithstanding section 416(b) of this title, the Secretary shall prohibit any air carrier from providing service to an eligible point and from providing service to a point designated under subsection (d), unless the Secretary determines that such air carrier—

“(A) is fit, willing, and able to perform such service; and

“(B) that all aircraft which will be used to perform such service and all operations relating to such service will conform to the safety standards established by the Administrator.

“(2) LIMITATION ON COMPENSATION.—The Secretary may not pay compensation to any air carrier for providing air service

under this section unless the Secretary finds that such carrier is able to provide the air service in a reliable manner.

“(f) **GUIDELINES FOR COMPENSATION.**—The Secretary shall establish guidelines to be used in computing the fair and reasonable amount of compensation required to ensure the continuation of air service under this section. Such guidelines shall provide for a reduction in compensation in any case in which an air carrier fails to perform any agreed upon air service. Such guidelines shall take into account amounts needed by air carriers to promote public use of the service for which compensation is to be made and shall include expense elements based upon representative costs of air carriers providing scheduled air transportation of persons, property, and mail, using aircraft of the type determined by the Secretary to be appropriate for providing such service. Amounts needed for promotion of such service shall be a special, segregated element of the required compensation.

“(g) **DEADLINE FOR PAYMENT OF COMPENSATION.**—Not later than 15 days after receiving a written claim for compensation from an air carrier for providing air service under this section, the Secretary shall pay the Federal share of such claim or deny payment of the Federal share of such claim and notify the carrier of such denial and the reasons therefor.

“(h) **INSURANCE.**—An air carrier shall not receive compensation under this section unless such air carrier complies with regulations or orders issued by the Secretary governing the filing and approval of policies of insurance or plans for self-insurance in the amount prescribed by the Secretary which are conditioned to pay, within the amount of such insurance, amounts for which such air carrier may become liable for bodily injuries to or the death of any person, or for loss of or damage to property of others, resulting from the operation or maintenance of aircraft.

“(i) **CARRIER OBLIGATIONS.**—If 2 or more air carriers enter into an agreement to operate under or use a single air carrier designator code to provide air transportation, the air carrier whose code is being used under such agreement shall share responsibility with the other carriers for the quality of service provided under such code to the public by such other carriers.

“(j) **ENCOURAGEMENT OF JOINT AIR SERVICE PROPOSALS.**—The Secretary shall encourage the submission of joint proposals by 2 or more air carriers for providing air service under this section through arrangements which will maximize service to and from major destinations beyond the hub.

“(k) **DEFINITIONS.**—For purposes of this section—

“(1) **BASIC ESSENTIAL AIR SERVICE.**—The term ‘basic essential air service’ means scheduled air transportation of persons and cargo to a hub airport (or, in any case in which the nearest hub airport is more than 400 miles and in the case of Alaska, to a small hub or nonhub airport) which has convenient connecting or single-plane air service to a substantial number of destinations beyond such airport. Such transportation shall include, at least, the following elements:

“(A)(i) with respect to a point not in the State of Alaska, 2 daily round trips 6 days per week, with not more than 1 intermediate stop on each flight; or

“(ii) with respect to a point in the State of Alaska, a level of service that is not less than that which existed in calendar year 1976, or 2 round trips per week, whichever is

greater, unless otherwise specified under an agreement between the Secretary and the State agency of the State of Alaska, after consultation with the community affected;

“(B) flights at reasonable times taking into account the needs of passengers with connecting flights at such airport and at rates, fares, and charges which are not excessive when compared to the generally prevailing fares of other air carriers for like service between similar pairs of points;

“(C) with respect to a point not in the State of Alaska, service provided in an aircraft with an effective capacity of at least 15 passengers if the average daily enplanements at such point in any calendar year beginning after December 31, 1975, and ending on or before December 31, 1986, exceeded 11 passengers unless—

“(i) requiring such service would require the payment of compensation in a fiscal year under subsection (b)(4) or (b)(6) with respect to such point when no compensation under such subsection would otherwise be paid with respect to such point in such fiscal year; or

“(ii) the community concerned agrees in writing with the Secretary to the use of smaller aircraft to provide service to such point;

“(D) service which accommodates the estimated passenger and cargo traffic at an average load factor of not greater than—

“(i) 50 percent, or

“(ii) in any case in which such service is being provided with aircraft with 15 passenger seats or more, 60 percent,

for each class of traffic taking into account seasonal demands for such service;

“(E) service provided in an aircraft with at least 2 engines and using 2 pilots, unless scheduled air transportation in aircraft with at least 2 engines and using 2 pilots has not been provided with respect to the point on each of 60 consecutive operating days at any time since October 31, 1978; and

“(F) in the case of service which regularly exceeds 8,000 feet in altitude, service provided with pressurized aircraft.

“(2) **ENHANCED ESSENTIAL AIR SERVICE.**—The term ‘enhanced essential air service’ means scheduled air transportation to an eligible point of a higher level or quality than basic essential air service.

“(3) **HUB AIRPORT.**—The term ‘hub airport’ means an airport that annually has 0.25 percent or more of the total annual enplanements in the United States.

“(4) **NONHUB AIRPORT.**—The term ‘nonhub airport’ means an airport that annually has less than 0.05 percent of the total annual enplanements in the United States.

“(5) **SMALL HUB AIRPORT.**—The term ‘small hub airport’ means an airport that annually has 0.05 percent or more, but less than 0.25 percent, of the total annual enplanements in the United States.

“(1) **DURATION OF PROGRAM.**—This section shall not be in effect after September 30, 1998.”

SEC. 203. AIRCRAFT COLLISION AVOIDANCE SYSTEMS.

(a) **FINDINGS.**—Congress finds that—

(1) the number of near midair collisions is an indication that additional measures must be taken to assure the highest level of air safety in the United States;

(2) public health and safety requirements necessitate the timely completion and installation of a collision avoidance system for use by commercial aircraft flying in the United States;

(3) the Traffic Alert and Collision Avoidance System promises to reduce the threat to life caused by midair collisions, particularly collisions between general aviation aircraft and commercial aircraft;

(4) the Traffic Alert and Collision Avoidance System will succeed only to the degree that other aircraft posing a collision threat use operating transponders with automatic altitude reporting capability; and

(5) the Federal Aviation Administration should continue at a deliberate pace the development of additional technologies, including the collision avoidance system known as TCAS-III, to ensure the safe separation of aircraft.

(b) **GENERAL RULES.**—Section 601 is amended by adding at the end the following new subsection:

49 USC app.
1421.

"(f) **COLLISION AVOIDANCE SYSTEMS.**—

"(1) **DEVELOPMENT AND CERTIFICATION.**—

"(A) **STANDARDS.**—The Administrator shall complete development of the collision avoidance system known as TCAS-II so that such system will be operable under visual and instrument flight rules and will be upgradable to the performance standards applicable to the collision avoidance system known as TCAS-III.

"(B) **SCHEDULE.**—The Administrator shall develop and implement a schedule for development and certification of the collision avoidance system known as TCAS-II which will result in completion of such certification not later than 18 months after the date of the enactment of this subsection.

"(C) **MONTHLY REPORTS.**—The Administrator shall transmit to Congress monthly reports on the progress being

made in development and certification of the collision avoidance system known as TCAS-II.

“(2) **INSTALLATION.**—The Administrator shall require by regulation that, not later than 30 months after the date of certification of the collision avoidance system known as TCAS-II, such system be installed and operated on each civil aircraft which has a maximum passenger capacity of more than 30 seats and which is used to provide air transportation of passengers, including intrastate air transportation of passengers.

Regulations.

“(3) **TRANSPONDERS.**—Not later than 6 months after the date of the enactment of this subsection, the Administrator shall promulgate a final rule requiring the installation and use of operating transponders with automatic altitude reporting capability for aircraft operating in designated terminal airspace where radar service is provided for separation of aircraft. For such terminal airspace, other than Terminal Control Areas and Airport Radar Service Areas, the Administrator may provide for access to such airspace by nonequipped aircraft if the Administrator determines that such access will not interfere with the normal traffic flow. Such final rule shall require the installation and use of such transponders not later than 36 months after the date of the enactment of this subsection.”

Regulations.

(c) **CONFORMING AMENDMENT.**—That portion of table of contents contained in the first section of the Federal Aviation Act of 1958 which appears under the heading

“Sec. 601. General safety powers and duties.”

is amended by adding at the end the following:

“(f) Collision avoidance systems.”

(d) **COMPLETION OF RESEARCH AND DEVELOPMENT.**—

(1) **GENERAL RULE.**—The Administrator shall complete the research and the development on, and the certification of, the collision avoidance system known as TCAS-III as soon as possible.

1471.

(b) **INCREASED PENALTY FOR AIR CARRIERS.**—The first sentence of section 901(a)(1) is amended by inserting after “\$1,000 for each such violation,” the following: “except that a person who operates aircraft for the carriage of persons or property for compensation or hire (other than an airman serving in the capacity of an airman) shall be subject to a civil penalty not to exceed \$10,000 for each violation of title III, VI, or XII of this Act, or any rule, regulation, or order issued thereunder, occurring after the date of the enactment of the Airport and Airway Safety and Capacity Expansion Act of 1987, and”.

(c) **CLARIFICATION OF DETERMINATION OF PENALTY.**—The second sentence of section 901(a)(1) is amended by inserting “, or each flight with respect to which such violation is committed, if applicable,” after “each day of such violation”.

(d) **COMPROMISE.**—Section 901(a)(2) is amended by inserting “, or of section 1101, 1114, or 1115(e)(2)(B),” after “XII”.

(e) **PENALTY FOR INTERFERENCE WITH AIRCRAFT ACCIDENT INVESTIGATIONS.**—Section 902(p) is amended by striking out “shall be subject to a fine of no less than \$100 nor more than \$5,000, or imprisonment for not more than one year, or both” and inserting in lieu thereof “shall be fined in accordance with title 18, United States Code, or imprisoned not more than 10 years, or both”.

(f) **SECURED AREAS OF AIRPORTS.**—Section 902 is amended—

(1) in subsection (o) by inserting “and subsection (r)” after “inclusive,”; and

(2) by adding at the end thereof the following new subsection:

“(r) **SECURED AREAS OF AIRPORTS.**—
