AN ACT

To simplify the admeasurement of small vessels.

June 29, 1966
[S. 2142]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 4148 of the Revised Statutes (46 U.S.C. 71) is amended to read as follows:

Small vessels.
Admeasurement
simplification.

"SEC. 4148. (a) Before a vessel is documented under the laws of the United States or issued a certificate of record she shall be admeasured by the Secretary of the Treasury as provided in subsection (b) or (c) of this section. A vessel which has been admeasured need not be readmeasured solely to obtain another document, unless it is a vessel admeasured under subsection (b) which is required to be readmeasured under subsection (c); but a vessel which is intended to be used exclusively as a pleasure vessel may at the owner's option be readmeasured under subsection (b).

Gross and net tonnages.

“(b) Subject to the owner’s option to have his vessel admeasured under subsection (c) of this section, a vessel which is intended to be used exclusively as a pleasure vessel shall be assigned gross and net tonnages which are the product of its length, breadth, and depth in feet and appropriate coefficients. The Secretary of the Treasury shall prescribe the manner in which the length, breadth, and depth shall be measured and the appropriate coefficients to be applied, taking due account of variations in vessel construction, to the end that, taken as a group and so far as practicable, the resulting gross tonnages shall reasonably reflect the relative internal volumes of the vessels admeasured and the resulting net tonnages shall be in the same ratio to the corresponding gross tonnages as the net and gross tonnages of comparable vessels if admeasured under subsection (c) of this section.

“(c) A vessel not admeasured under subsection (b) of this section, or a vessel admeasured under subsection (b) which is thereafter to be documented for use other than exclusively as a pleasure vessel, shall be admeasured as prescribed in sections 4150, 4151, and 4153 of the Revised Statutes, as amended (46 U.S.C. 74, 75, 77).

“(d) Whenever a vessel documented under the laws of the United States undergoes a change affecting tonnage, or its owner or the Secretary of the Treasury alleges error in its tonnage, it shall be readmeasured to the extent necessary and its tonnage redetermined under this section.

“(e) The tonnage of a vessel for which a document or certificate of record has been issued before the effective date of this subsection need not be redetermined solely because of amendments to Federal law enacted at the same time as this subsection; but if it is eligible for admeasurement under subsection (b) of this section its owner shall have the option of having it readmeasured under that subsection.

“(f) The Secretary of the Treasury shall make such regulations as may be necessary to carry out the provisions and intent of this section and of sections 4149, 4150, 4151, and 4153 of the Revised Statutes, as amended (46 U.S.C. 72, 74, 75, 77).”

Repeals.

SEC. 2. The following statutes and parts of statutes are repealed:

(a) Section 4152 of the Revised Statutes (46 U.S.C. 76).

(b) The second and third paragraphs following paragraph (i), and the first sentence of the last paragraph, reading “The register of the vessel shall express the number of decks, the tonnage under the tonnage deck, that of the between decks, above the tonnage decks; also that of the poop or other enclosed spaces above the deck, each separately.”, of section 4153 of the Revised Statutes, as amended (46 U.S.C. 77).

(c) Section 4181 of the Revised Statutes (46 U.S.C. 73).

(d) Section 4331 of the Revised Statutes (46 U.S.C. 273).

(e) Section 2 of the Act of March 2, 1895 (ch. 173, 28 Stat. 743; 46 U.S.C. 78).

(f) Section 4 of the Act of March 2, 1895 (ch. 173, 28 Stat. 743), as amended (46 U.S.C. 79).

Effective date.

SEC. 3. This Act shall take effect upon the expiration of ninety days after the date of its enactment.

Approved June 29, 1966.
