

Public Law 94-377
94th Congress

An Act

To amend the Mineral Leasing Act of 1920, and for other purposes.

Aug. 4, 1976
[S. 391]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) this Act may be cited as the "Federal Coal Leasing Amendments Act of 1975".

(b) Except as otherwise expressly provided, whenever in this Act an amendment or repeal is expressed in terms of an amendment to, or repeal of, a section or other provision of the Mineral Lands Leasing Act, the reference shall be considered to be made to a section or other provision of the Act of February 25, 1920, entitled "An Act to promote the mining of coal, phosphate, oil, oil shale, gas, and sodium on the public domain" (41 Stat. 437).

SEC. 2. The first sentence of section 2(a) of the Mineral Lands Leasing Act (30 U.S.C. 201(a)) is amended to read as follows:

"(1) The Secretary of the Interior is authorized to divide any lands subject to this Act which have been classified for coal leasing into leasing tracts of such size as he finds appropriate and in the public interest and which will permit the mining of all coal which can be economically extracted in such tract and thereafter he shall, in his discretion, upon the request of any qualified applicant or on his own motion, from time to time, offer such lands for leasing and shall award leases thereon by competitive bidding. No less than 50 per centum of the total acreage offered for lease by the Secretary in any one year shall be leased under a system of deferred bonus payment. Upon default or cancellation of any coal lease for which bonus payments are due, any unpaid remainder of the bid shall be immediately payable to the United States. A reasonable number of leasing tracts shall be reserved and offered for lease in accordance with this section to public bodies, including Federal agencies, rural electric cooperatives, or non-profit corporations controlled by any of such entities: *Provided*, That the coal so offered for lease shall be for use by such entity or entities in implementing a definite plan to produce energy for their own use or for sale to their members or customers (except for short-term sales to others). No bid shall be accepted which is less than the fair market value, as determined by the Secretary, of the coal subject to the lease. Prior to his determination of the fair market value of the coal subject to the lease, the Secretary shall give opportunity for and consideration to public comments on the fair market value. Nothing in this section shall be construed to require the Secretary to make public his judgment as to the fair market value of the coal to be leased, or the comments he receives thereon prior to the issuance of the lease."

SEC. 3. The last sentence of section 2(a) of the Mineral Lands Leasing Act (30 U.S.C. 201(a)) is amended to read as follows:

"(2) (A) The Secretary shall not issue a lease or leases under the terms of this Act to any person, association, corporation, or any subsidiary, affiliate, or persons controlled by or under common control with such person, association, or corporation, where any such entity holds a lease or leases issued by the United States to coal deposits and has held such lease or leases for a period of ten years when such

Federal Coal
Leasing
Amendments Act
of 1975.
30 USC 181 note.
30 USC 181 note.

Fair market
value.

entity is not, except as provided for in section 7(b) of this Act, producing coal from the lease deposits in commercial quantities. In computing the ten-year period referred to in the preceding sentence, periods of time prior to the date of enactment of the Federal Coal Leasing Amendments Act of 1975 shall not be counted.

“(B) Any lease proposal which permits surface coal mining within the boundaries of a National Forest which the Secretary proposes to issue under this Act shall be submitted to the Governor of each State within which the coal deposits subject to such lease are located. No such lease may be issued under this Act before the expiration of the sixty-day period beginning on the date of such submission. If any Governor to whom a proposed lease was submitted under this subparagraph objects to the issuance of such lease, such lease shall not be issued before the expiration of the six-month period beginning on the date the Secretary is notified by the Governor of such objection. During such six-month period, the Governor may submit to the Secretary a statement of reasons why such lease should not be issued and the Secretary shall, on the basis of such statement, reconsider the issuance of such lease.

Land-use plans.

“(3) (A) (i) No lease sale shall be held unless the lands containing the coal deposits have been included in a comprehensive land-use plan and such sale is compatible with such plan. The Secretary of the Interior shall prepare such land-use plans on lands under his responsibility where such plans have not been previously prepared. The Secretary of the Interior shall inform the Secretary of Agriculture of substantial development interest in coal leasing on lands within the National Forest System. Upon receipt of such notification from the Secretary of the Interior, the Secretary of Agriculture shall prepare a comprehensive land-use plan for such areas where such plans have not been previously prepared. The plan of the Secretary of Agriculture shall take into consideration the proposed coal development in these lands: *Provided*, That where the Secretary of the Interior finds that because of non-Federal interest in the surface or because the coal resources are insufficient to justify the preparation costs of a Federal comprehensive land-use plan, the lease sale can be held if the lands containing the coal deposits have been included in either a comprehensive land-use plan prepared by the State within which the lands are located or a land use analysis prepared by the Secretary of the Interior.

Proposed plans;
hearing.

“(ii) In preparing such land-use plans, the Secretary of the Interior or, in the case of lands within the National Forest System, the Secretary of Agriculture, or in the case of a finding by the Secretary of the Interior that because of non-Federal interests in the surface or insufficient Federal coal, no Federal comprehensive land-use plans can be appropriately prepared, the responsible State entity shall consult with appropriate State agencies and local governments and the general public and shall provide an opportunity for public hearing on proposed plans prior to their adoption, if requested by any person having an interest which is, or may be, adversely affected by the adoption of such plans.

“(iii) Leases covering lands the surface of which is under the jurisdiction of any Federal agency other than the Department of the Interior may be issued only upon consent of the other Federal agency and upon such conditions as it may prescribe with respect to the use and protection of the nonmineral interests in those lands.

“(B) Each land-use plan prepared by the Secretary (or in the case of lands within the National Forest System, the Secretary of

Agriculture pursuant to subparagraph (A)(i) shall include an assessment of the amount of coal deposits in such land, identifying the amount of such coal which is recoverable by deep mining operations and the amount of such coal which is recoverable by surface mining operations.

“(C) Prior to issuance of any coal lease, the Secretary shall consider effects which mining of the proposed lease might have on an impacted community or area, including, but not limited to, impacts on the environment, on agricultural and other economic activities, and on public services. Prior to issuance of a lease, the Secretary shall evaluate and compare the effects of recovering coal by deep mining, by surface mining, and by any other method to determine which method or methods or sequence of methods achieves the maximum economic recovery of the coal within the proposed leasing tract. This evaluation and comparison by the Secretary shall be in writing but shall not prohibit the issuance of a lease; however, no mining operating plan shall be approved which is not found to achieve the maximum economic recovery of the coal within the tract. Public hearings in the area shall be held by the Secretary prior to the lease sale.

Hearings.

“(D) No lease sale shall be held until after the notice of the proposed offering for lease has been given once a week for three consecutive weeks in a newspaper of general circulation in the county in which the lands are situated in accordance with regulations prescribed by the Secretary.

Notice,
publication in
newspaper.

“(E) Each coal lease shall contain provisions requiring compliance with the Federal Water Pollution Control Act (33 U.S.C. 1151-1175) and the Clean Air Act (42 U.S.C. 1857 and following).”

Compliance.
33 USC 1251 *et*
seq.

SEC. 4. Subject to valid existing rights, section 2(b) of the Mineral Lands Leasing Act (30 U.S.C. 201(b)) is amended to read as follows:

Exploration
license,
regulations.

“(b)(1) The Secretary may, under such regulations as he may prescribe, issue to any person an exploration license. No person may conduct coal exploration for commercial purposes for any coal on lands subject to this Act without such an exploration license. Each exploration license shall be for a term of not more than two years and shall be subject to a reasonable fee. An exploration license shall confer no right to a lease under this Act. The issuance of exploration licenses shall not preclude the Secretary from issuing coal leases at such times and locations and to such persons as he deems appropriate. No exploration license will be issued for any land on which a coal lease has been issued. A separate exploration license will be required for exploration in each State. An application for an exploration license shall identify general areas and probable methods of exploration. Each exploration license shall contain such reasonable conditions as the Secretary may require, including conditions to insure the protection of the environment, and shall be subject to all applicable Federal, State, and local laws and regulations. Upon violation of any such conditions or laws the Secretary may revoke the exploration license.

Conditions.

Revocation.

“(2) A licensee may not cause substantial disturbance to the natural land surface. He may not remove any coal for sale but may remove a reasonable amount of coal from the lands subject to this Act included under his license for analysis and study. A licensee must comply with all applicable rules and regulations of the Federal agency having jurisdiction over the surface of the lands subject to this Act. Exploration licenses covering lands the surface of which is under the jurisdiction of any Federal agency other than the Department of the Interior may be issued only upon such conditions as it may prescribe with respect to the use and protection of the nonmineral interests in those lands.

- Data.** “(3) The licensee shall furnish to the Secretary copies of all data (including, but not limited to, geological, geophysical, and core drilling analyses) obtained during such exploration. The Secretary shall maintain the confidentiality of all data so obtained until after the areas involved have been leased or until such time as he determines that making the data available to the public would not damage the competitive position of the licensee, whichever comes first.
- Penalty.** “(4) Any person who willfully conducts coal exploration for commercial purposes on lands subject to this Act without an exploration license issued hereunder shall be subject to a fine of not more than \$1,000 for each day of violation. All data collected by said person on any Federal lands as a result of such violation shall be made immediately available to the Secretary, who shall make the data available to the public as soon as it is practicable. No penalty under this subsection shall be assessed unless such person is given notice and opportunity for a hearing with respect to such violation.”
- Notice and hearing.**
- Repeal.** SEC. 5. (a) Subject to valid existing rights, subsections 2(c) and 30 USC 201-1 2(d) of the Act of August 31, 1964 (78 Stat. 710; 30 U.S.C. 201-1) note. are hereby repealed.
- Logical mining unit.** (b) Section 2 of the Mineral Lands Leasing Act is amended by the 30 USC 201. addition of the following new subsection at the end thereof:
30 USC 202a. “(d) (1) The Secretary, upon determining that maximum economic Hearing. recovery of the coal deposit or deposits is served thereby, may approve the consolidation of coal leases into a logical mining unit. Such consolidation may only take place after a public hearing, if requested by any person whose interest is or may be adversely affected. A logical mining unit is an area of land in which the coal resources can be developed in an efficient, economical, and orderly manner as a unit with due regard to conservation of coal reserves and other resources. A logical mining unit may consist of one or more Federal leaseholds, and may include intervening or adjacent lands in which the United States does not own the coal resources, but all the lands in a logical mining unit must be under the effective control of a single operator, be able to be developed and operated as a single operation and be contiguous.
- Reserves.** “(2) After the Secretary has approved the establishment of a logical mining unit, any mining plan approved for that unit must require such diligent development, operation, and production that the reserves of the entire unit will be mined within a period established by the Secretary which shall not be more than forty years.
- “ (3) In approving a logical mining unit, the Secretary may provide, among other things, that (i) diligent development, continuous operation, and production on any Federal lease or non-Federal land in the logical mining unit shall be construed as occurring on all Federal leases in that logical mining unit, and (ii) the rentals and royalties for all Federal leases in a logical mining unit may be combined, and advanced royalties paid for any lease within a logical mining unit may be credited against such combined royalties.
- “ (4) The Secretary may amend the provisions of any lease included in a logical mining unit so that mining under that lease will be consistent with the requirements imposed on that logical mining unit.
- “ (5) Leases issued before the date of enactment of this Act may be included with the consent of all lessees in such logical mining unit, and, if so included, shall be subject to the provisions of this section.
- Regulation.** “ (6) By regulation the Secretary may require a lessee under this Act to form a logical mining unit, and may provide for determination of participating acreage within a unit.

"(7) No logical mining unit shall be approved by the Secretary if the total acreage (both Federal and non-Federal) of the unit would exceed twenty-five thousand acres.

"(8) Nothing in this section shall be construed to waive the acreage limitations for coal leases contained in section 27(a) of the Mineral Lands Leasing Act (30 U.S.C. 184(a))."

SEC. 6. Section 7 of the Mineral Lands Leasing Act (30 U.S.C. 207) is amended to read as follows:

"SEC. 7. (a) A coal lease shall be for a term of twenty years and for so long thereafter as coal is produced annually in commercial quantities from that lease. Any lease which is not producing in commercial quantities at the end of ten years shall be terminated. The Secretary shall by regulation prescribe annual rentals on leases. A lease shall require payment of a royalty in such amount as the Secretary shall determine of not less than 12½ per centum of the value of coal as defined by regulation, except the Secretary may determine a lesser amount in the case of coal recovered by underground mining operations. The lease shall include such other terms and conditions as the Secretary shall determine. Such rentals and royalties and other terms and conditions of the lease will be subject to readjustment at the end of its primary term of twenty years and at the end of each ten-year period thereafter if the lease is extended.

Terms and conditions.

Regulation.
Royalty.

"(b) Each lease shall be subject to the conditions of diligent development and continued operation of the mine or mines, except where operations under the lease are interrupted by strikes, the elements, or casualties not attributable to the lessee. The Secretary of the Interior, upon determining that the public interest will be served thereby, may suspend the condition of continued operation upon the payment of advance royalties. Such advance royalties shall be no less than the production royalty which would otherwise be paid and shall be computed on a fixed reserve to production ratio (determined by the Secretary). The aggregate number of years during the period of any lease for which advance royalties may be accepted in lieu of the condition of continued operation shall not exceed ten. The amount of any production royalty paid for any year shall be reduced (but not below 0) by the amount of any advance royalties paid under such lease to the extent that such advance royalties have not been used to reduce production royalties for a prior year. No advance royalty paid during the initial twenty-year term of a lease shall be used to reduce a production royalty after the twentieth year of a lease. The Secretary may, upon six months' notification to the lessee cease to accept advance royalties in lieu of the requirement of continued operation. Nothing in this subsection shall be construed to affect the requirement contained in the second sentence of subsection (a) relating to commencement of production at the end of ten years.

Advance royalties.

"(c) Prior to taking any action on a leasehold which might cause a significant disturbance of the environment, and not later than three years after a lease is issued, the lessee shall submit for the Secretary's approval an operation and reclamation plan. The Secretary shall approve or disapprove the plan or require that it be modified. Where the land involved is under the surface jurisdiction of another Federal agency, that other agency must consent to the terms of such approval."

Operation and reclamation plan, submittal to Secretary.

SEC. 7. The Mineral Lands Leasing Act is amended by inserting after section 8 the following new section 8A:

"SEC. 8A. (a) The Secretary is authorized and directed to conduct a comprehensive exploratory program designed to obtain sufficient data and information to evaluate the extent, location, and potential for developing the known recoverable coal resources within the coal lands

Exploratory program.
30 USC 208-1.

subject to this Act. This program shall be designed to obtain the resource information necessary for determining whether commercial quantities of coal are present and the geographical extent of the coal fields and for estimating the amount of such coal which is recoverable by deep mining operations and the amount of such coal which is recoverable by surface mining operations in order to provide a basis for—

“(1) developing a comprehensive land use plan pursuant to section 2;

“(2) improving the information regarding the value of public resources and revenues which should be expected from leasing;

“(3) increasing competition among producers of coal, or products derived from the conversion of coal, by providing data and information to all potential bidders equally and equitably;

“(4) providing the public with information on the nature of the coal deposits and the associated stratum and the value of the public resources being offered for sale; and

“(5) providing the basis for the assessment of the amount of coal deposits in those lands subject to this Act under subparagraph (B) of section 2(a)(3).

“(b) The Secretary, through the United States Geological Survey, is authorized to conduct seismic, geophysical, geochemical, or stratigraphic drilling, or to contract for or purchase the results of such exploratory activities from commercial or other sources which may be needed to implement the provisions of this section.

“(c) Nothing in this section shall limit any person from conducting exploratory geophysical surveys including seismic, geophysical, chemical surveys to the extent permitted by section 2(b). The information obtained from the exploratory drilling carried out by a person not under contract with the United States Government for such drilling prior to award of a lease shall be provided the confidentiality pursuant to subsection (d).

“(d) The Secretary shall make available to the public by appropriate means all data, information, maps, interpretations, and surveys which are obtained directly by the Department of the Interior or under a service contract pursuant to subsection (b). The Secretary shall maintain a confidentiality of all proprietary data or information purchased from commercial sources while not under contract with the United States Government until after the areas involved have been leased.

“(e) All Federal departments or agencies are authorized and directed to provide the Secretary with any information or data that may be deemed necessary to assist the Secretary in implementing the exploratory program pursuant to this section. Proprietary information or data provided to the Secretary under the provisions of this subsection shall remain confidential for such period of time as agreed to by the head of the department or agency from whom the information is requested. In addition, the Secretary is authorized and directed to utilize the existing capabilities and resources of other Federal departments and agencies by appropriate agreement.

“(f) The Secretary is directed to prepare, publish, and keep current a series of detailed geological, and geophysical maps of, and reports concerning, all coal lands to be offered for leasing under this Act, based on data and information compiled pursuant to this section. Such maps and reports shall be prepared and revised at reasonable intervals beginning eighteen months after the date of enactment of this Act. Such maps and reports shall be made available on a continuing basis to any person on request.

Information,
availability to
public.

Maps and
reports,
publication.

“(g) Within six months after the date of enactment of this Act, the Secretary shall develop and transmit to Congress an implementation plan for the coal lands exploration program authorized by this section, including procedures for making the data and information available to the public pursuant to subsection (d), and maps and reports pursuant to subsection (f). The implementation plan shall include a projected schedule of exploratory activities and identification of the regions and areas which will be explored under the coal lands exploration program during the first five years following the enactment of this section. In addition, the implementation plan shall include estimates of the appropriations and staffing required to implement the coal lands exploration program.

Implementation
plan, transmittal
to Congress.

“(h) The stratigraphic drilling authorized in subsection (b) shall be carried out in such a manner as to obtain information pertaining to all recoverable reserves. For the purpose of complying with subsection (a), the Secretary shall require all those authorized to conduct stratigraphic drilling pursuant to subsection (b) to supply a statement of the results of test boring of core sampling including logs of the drill holes; the thickness of the coal seams found; an analysis of the chemical properties of such coal; and an analysis of the strata layers lying above all the seams of coal. All drilling activities shall be conducted using the best current technology and practices.”

SEC. 8. The Mineral Lands Leasing Act is further amended by adding after section 8A the following new section 8B:

“SEC. 8B. Within six months after the end of each fiscal year, the Secretary shall submit to the Congress a report on the leasing and production of coal lands subject to this Act during such fiscal year; a summary of management, supervision, and enforcement activities; and recommendations to the Congress for improvements in management, environmental safeguards, and amount of production in leasing and mining operations on coal lands subject to this Act. Each submission shall also contain a report by the Attorney General of the United States on competition in the coal and energy industries, including an analysis of whether the antitrust provisions of this Act and the antitrust laws are effective in preserving or promoting competition in the coal or energy industry.”

Report to
Congress.
30 USC 208-2.

SEC. 9. (a) Section 35 of the Mineral Lands Leasing Act, as amended (30 U.S.C. 191) is further amended by deleting “52½ per centum thereof shall be paid into, reserved” and inserting in lieu thereof: “40 per centum thereof shall be paid into, reserved”, and is further amended by striking the period at the end of the proviso and inserting in lieu thereof the following language: “: *Provided further*, That an additional 12½ per centum of all moneys received from sales, bonuses, royalties, and rentals of public lands under the provisions of this Act and the Geothermal Steam Act of 1970 shall be paid by the Secretary of the Treasury as soon as practicable after December 31 and June 30 of each year to the State within the boundaries of which the leased lands or deposits are or were located; said additional 12½ per centum of all moneys paid to any State on or after January 1, 1976, shall be used by such State and its subdivisions as the legislature of the State may direct giving priority to those subdivisions of the State socially or economically impacted by development of minerals leased under this Act for (1) planning, (2) construction and maintenance of public facilities, and (3) provision of public services: *Provided further*, That such funds now held or to be received, by the States of Colorado and Utah separately from the Department of the Interior oil shale test leases known as ‘C-A’; ‘C-B’; ‘U-A’ and ‘U-B’ shall be used by such States and subdivisions as the legislature of each State may direct

30 USC 1001
note.

giving priority to those subdivisions socially or economically impacted by the development of minerals leased under this Act for (1) planning, (2) construction and maintenance of public facilities, and (3) provision of public services.”

30 USC 191.

(b) In the first sentence of section 35 of the Mineral Lands Leasing Act, before the words “shall be paid into the Treasury of the United States” insert “and the Geothermal Steam Act of 1970, notwithstanding the provisions of section 20 thereof.”; before the words “from lands within the naval petroleum reserves” insert “and the Geothermal Steam Act of 1970”; and, in the second sentence, before the words “not otherwise disposed of” insert “and the Geothermal Steam Act of 1970”.

Study.

30 USC 201 note.

30 USC 201.

SEC. 10. The Director of the Office of Technology Assessment is authorized and directed to conduct a complete study of coal leases entered into by the United States under section 2 of the Act of February 25, 1920 (commonly known as the Mineral Lands Leasing Act). Such study shall include an analysis of all mining activities, present and potential value of said coal leases, receipts of the Federal Government from said leases, and recommendations as to the feasibility of the use of deep mining technology in said leased area. The Director shall submit the results of his study to the Congress within one year after the date of enactment of this Act.

Submittal to Congress.

SEC. 11. (a) Section 27(a)(1) of the Mineral Lands Leasing Act (30 U.S.C. 184(a)(1)), is amended to read as follows:

“(1) No person, association, or corporation, or any subsidiary, affiliate, or persons controlled by or under common control with such person, association, or corporation shall take, hold, own or control at one time, whether acquired directly from the Secretary under this Act or otherwise, coal leases or permits on an aggregate of more than forty-six thousand and eighty acres in any one State and in no case greater than an aggregate of one hundred thousand acres in the United States: *Provided*, That any person, association, or corporation currently holding, owning, or controlling more than an aggregate of one hundred thousand acres in the United States on the date of enactment of this section shall not be required on account of this section to relinquish said leases or permits: *Provided, further*, That in no case shall such person, association, or corporation be permitted to take, hold, own, or control any further Federal coal leases or permits until such time as their holdings, ownership, or control of Federal leases or permits has been reduced below an aggregate of one hundred thousand acres within the United States.”

Repeal.

30 USC 184 note.

(b) Subject to valid existing rights, section 27(a)(2) of the Mineral Lands Leasing Act (30 U.S.C. 184(a)(2)) is hereby repealed.

SEC. 12. (a) Section 3 of the Mineral Leasing Act for Acquired Lands (30 U.S.C. 352) is amended by striking out “(b) set apart for military or naval purposes, or (c)” and insert in lieu thereof “or (b)”.

(b) Such section 3 is further amended by inserting the following after the first sentence thereof: “Coal or lignite under acquired lands set apart for military or naval purposes may be leased by the Secretary, with the concurrence of the Secretary of Defense, to a governmental entity (including any corporation primarily acting as an agency or instrumentality of a State) which produces electrical energy for sale to the public if such governmental entity is located in the State in which such lands are located.”

Repeal.

30 USC 204 note.

SEC. 13. (a) Subject to valid existing rights, section 4 of the Mineral Lands Leasing Act (30 U.S.C. 204) is hereby repealed.

(b) Subject to valid existing rights, section 3 of the Mineral Lands Leasing Act (30 U.S.C. 203) is amended to read as follows:

“SEC. 3. Any person, association, or corporation holding a lease of coal lands or coal deposits under the provisions of this Act may with the approval of the Secretary of the Interior, upon a finding by him that it would be in the interest of the United States, secure modifications of the original coal lease by including additional coal lands or coal deposits contiguous to those embraced in such lease, but in no event shall the total area added by such modifications to an existing coal lease exceed one hundred sixty acres, or add acreage larger than that in the original lease. The Secretary shall prescribe terms and conditions which shall be consistent with this Act and applicable to all of the acreage in such modified lease.”

Lease
modifications.

Terms and
conditions.

SEC. 14. Section 39 of the Mineral Lands Leasing Act (30 U.S.C. 209) is amended by adding the following sentence at the end thereof: “Nothing in this section shall be construed as granting to the Secretary the authority to waive, suspend, or reduce advance royalties.”

SEC. 15. Section 27 of the Mineral Lands Leasing Act of 1920 (30 U.S.C. 184) is amended by adding at the end thereof the following new subsection:

“(1) (1) At each stage in the formulation and promulgation of rules and regulations concerning coal leasing pursuant to this Act, and at each stage in the issuance, renewal, and readjustment of coal leases under this Act, the Secretary of the Interior shall consult with and give due consideration to the views and advice of the Attorney General of the United States.

Consultation.

“(2) No coal lease may be issued, renewed, or readjusted under this Act until at least thirty days after the Secretary of the Interior notifies the Attorney General of the proposed issuance, renewal, or readjustment. Such notification shall contain such information as the Attorney General may require in order to advise the Secretary of the Interior as to whether such lease would create or maintain a situation inconsistent with the antitrust laws. If the Attorney General advises the Secretary of the Interior that a lease would create or maintain such a situation, the Secretary of the Interior may not issue such lease, nor may he renew or readjust such lease for a period not to exceed one year, as the case may be, unless he thereafter conducts a public hearing on the record in accordance with the Administrative Procedures Act and finds therein that such issuance, renewal, or readjustment is necessary to effectuate the purposes of this Act, that it is consistent with the public interest, and that there are no reasonable alternatives consistent with this Act, the antitrust laws, and the public interest.

Notification.

Hearing.

5 USC 551 prec.
note.

“(3) Nothing in this Act shall be deemed to convey to any person, association, corporation, or other business organization immunity from civil or criminal liability, or to create defenses to actions, under any antitrust law.

“(4) As used in this subsection, the term ‘antitrust law’ means—
“(A) the Act entitled ‘An Act to protect trade and commerce against unlawful restraints and monopolies’, approved July 2, 1890 (15 U.S.C. 1 et seq.), as amended;

“Antitrust law.”

“(B) the Act entitled ‘An Act to supplement existing laws against unlawful restraints and monopolies, and for other purposes’, approved October 15, 1914 (15 U.S.C. 12 et seq.), as amended;

“(C) the Federal Trade Commission Act (15 U.S.C. 41 et seq.), as amended;

“(D) sections 73 and 74 of the Act entitled ‘An Act to reduce taxation, to provide revenue for the Government, and for other purposes’, approved August 27, 1894 (15 U.S.C. 8 and 9), as amended; or

“(E) the Act of June 19, 1936, chapter 592 (15 U.S.C. 13, 13a, 13b, and 21a).”.

30 USC 201 note.

30 USC 181 note.

30 USC 351 note.

Sec. 16. Nothing in this Act, or the Mineral Lands Leasing Act and the Mineral Leasing Act for Acquired Lands which are amended by this Act, shall be construed as authorizing coal mining on any area of the National Park System, the National Wildlife Refuge System, the National Wilderness Preservation System, the National System of Trails, and the Wild and Scenic Rivers System, including study rivers designated under section 5(a) of the Wild and Scenic Rivers Act.

16 USC 1276.

CARL ALBERT

Speaker of the House of Representatives.

LEE METCALF

Acting President of the Senate pro tempore.

IN THE SENATE OF THE UNITED STATES,

August 3, 1976.

The Senate having proceeded to reconsider the bill (S. 391) entitled “An Act to amend the Mineral Leasing Act of 1920, and for other purposes”, returned by the President of the United States with his objections, to the Senate, in which it originated, it was

Resolved, That the said bill pass, two-thirds of the Senators present having voted in the affirmative.

Attest:

FRANCIS R. VALEO

Secretary.

I certify that this Act originated in the Senate.

FRANCIS R. VALEO

Secretary.

IN THE U.S. HOUSE OF REPRESENTATIVES

August 4, 1976.

The House of Representatives having proceeded to reconsider the bill (S. 391) entitled “An Act to amend the Mineral Leasing Act of 1920, and for other purposes”, returned by the President of the United States with his objections, to the Senate, in which it originated, and passed by the Senate on reconsideration of the same, it was

Resolved, That the said bill pass, two-thirds of the House of Representatives agreeing to pass the same.

Attest:

EDMUND L. HENSHAW, JR.
Clerk.

LEGISLATIVE HISTORY:

HOUSE REPORT No. 94-681 accompanying H.R. 6721 (Comm. on Interior and Insular Affairs).

SENATE REPORT No. 94-296 (Comm. on Interior and Insular Affairs).

CONGRESSIONAL RECORD:
