"(b)(1) If the sums appropriated for any fiscal year for grants under section 107 are not sufficient to pay in full the total amount of the grants determined pursuant to subsection (a)(1)(A), the amount which applicants described in such subsection are eligible to receive under section 107 for such fiscal year shall be ratably reduced.

"(2) If any additional funds become available for making payments under section 107 for any fiscal year to which subsection (a) or paragraph (1) of this subsection applies, such additional amounts shall be allocated by first increasing grants reduced under paragraph (1) of this subsection on the same basis as they were reduced and by then allocating the remainder in accordance with subsection (a). Waiver.

“(1) must be a current recipient of grants under section 105 or 107, and

“(2) must be accredited by a nationally recognized accrediting agency listed by the Secretary of Education pursuant to the last sentence of section 1201(a) of the Higher Education Act of 1965 (20 U.S.C. 1141(a)), except that such requirement may be waived if the Secretary determines that there is a reasonable expectation that such college will be fully accredited within eighteen months. In any case where such a waiver is granted, grants under this section shall be available only for planning and development of proposals for construction.

“(c)(1) Except as provided in paragraph (2), grants for construction under this section shall not exceed 80 per centum of the cost of such construction, except that no tribally controlled community college shall be required to expend more than \$400,000 in fulfillment of the remaining 20 per centum. For the purpose of providing its required portion of the cost of such construction, a tribally controlled community college may use funds provided under the Act of November 2, 1921 (25 U.S.C. 13), popularly referred to as the Snyder Act.

Waiver.

“(2) The Secretary may waive, in whole or in part, the requirements of paragraph (1) in the case of any tribally controlled community college which demonstrates that neither such college nor the tribal government with which it is affiliated have sufficient resources to comply with such requirements. “(d) If, within twenty years after completion of construction of a facility which has been constructed in whole or in part with a grant made available under this section—

“(1) the facility ceases to be used by the applicant in a public or nonprofit capacity as an academic facility, unless the Secretary determines that there is good cause for releasing the institution from this obligation, and

“(2) the tribe with which the applicant is affiliated fails to use the facility for a public purpose approved by the tribal govern-

ment in furtherance of the general welfare of the community served by the tribal government, title to the facility shall vest in the United States and the applicant (or such tribe if such tribe is the successor in title to the facility) shall be entitled to recover from the United States an amount which bears the same ratio to the present value of the facility as the amount of the applicant's contribution (excluding any funds provided under the Act of November 2, 1921 (25 U.S.C. 13)) bore to the original cost of the facility. Such value shall be determined by agreement of the parties or by action brought in the United States district court for the district in which such facility is located.

“(e) No construction assisted with funds under this section shall be used for religious worship or a sectarian activity or for a school or department of divinity.

Religious activities.

“(f) For the purposes of this section—

Definitions.

“(1) the term ‘construction’ includes reconstruction or renovation (as such terms are defined in the first sentence of subparagraph (B) of section 742(2) of the Higher Education Act of 1965 (20 U.S.C. 1132e-1(2)(B))); and

“(2) the term ‘academic facilities’ has the meaning provided such term under section 742(1) of the Higher Education Act of 1965 (20 U.S.C. 1132e-1(1)).”
